(v) NC/PD. All civilian positions on vessels operated by the Coast and Geodetic Survey.

(Sec. 6.1 (a) E. O. 9830, 12 F. R. 1259)

2. Section 24.93 is hereby added to Part 24 as follows:

§ 24.93 *Agricultural Statistician, P-1580-1*—(a) *Educational requirement.* (1) A full four-year course in an accredited college or university leading to a bachelor's degree with 24 semester hours in agricultural economics, or general agriculture, and 6 semester hours in statistics; or

(2) Completion of 30 semester hours of college work in an accredited college or university including or supplemented by 6 semester hours in statistics and 24 semester hours in agricultural economics or scientific agriculture; plus additional statistical experience or appropriate agricultural experience which, when combined with the specialized course work, will total 4 years of education and experience and will give the applicant technical knowledge comparable to that which would have been acquired through successful completion of a 4-year college course.

(b) *Duties.* Agricultural Statisticians assist in collecting, analyzing, summarizing, and interpreting statistical data relating to agriculture and food; crops and livestock products; marketing of agricultural products; agricultural costs, prices, and income; farm labor; farm finance, insurance and taxation; the value of farm crops and livestock products.

(c) *Knowledge and training requisite for performance of duties.* These duties require a knowledge of agricultural products and marketing, and statistical techniques.

The only method by which persons may obtain the knowledge required to perform adequately the duties is through the successful completion of the subjects shown above. The student receives in such training competent instruction in the technical and theoretical subjects that he will have to apply and works in well-equipped laboratories. The scientific information thus obtained cannot be acquired by individual study because the necessary facilities for laboratory experimentation are not available. The requisite studies represent information from a variety of fields, and the student cannot cover the material except through a careful correlation of such material through directed classroom study and reading. AUTHORITY: §§ 35.1 to 35.10 issued under sec. 9 (e) (1), Pub. Law 759, 80th Cong.

§ 35.1 *Coverage.* The following regulations will apply to any person who leaves or has left a position other than a temporary position in the Executive Branch of the Federal or the District of Columbia Government subsequent to June 24, 1948, the effective date of the Selective Service Act of 1948, to enter on active duty with the armed forces of the United States.

§ 35.2 *Military furlough or separations.* Each such employee entering the armed forces shall be either furloughed or separated for military service at the option of the agency. In either case, the employee shall be considered as having been on military furlough at the time he returns to duty. Either of these actions shall not be construed as taking away any of the benefits provided by law or the regulations in this part. Agencies will be required to keep adequate records to carry out the spirit and intent of the act as provided herein.

§ 35.3 *Job classification and job identity requirements*—(a) *All positions subject to the provisions of the Classification Act of 1923, as amended (Departmental and Field).* It shall be the responsibility of the head of the agency concerned, or his designee, to determine whether the job classification sheet for the position which the employee leaves is current and actually reflects the duties performed by him. In the event the job classification sheet does not accurately reflect the duties and responsibilities of the employee entering on military duty, the agency shall rewrite the job classification sheet to conform therewith and have the position allocated to its proper service, class and grade, and an official personnel action shall be taken to place the employee in that position, effective not later than the date of his separation. Each employee entering on military duty shall be given a job description showing his current duties and responsibilities and the service, class, and grade to which his position has been allocated. Evidence to this effect shall be recorded in the employee's Official Personnel Folder.

If the position of an employee while absent on military duty is reallocated, an official personnel action shall be taken placing him in the position that has been reallocated, unless it is clearly shown that he is not qualified for the position.

(b) *All positions not subject to the provisions of the Classification Act of 1923, as amended.* It shall be the responsibility of the head of the agency concerned or his designee to identify positively the position which an employee leaves by title, grade, salary, organizational location, and, if necessary, for positive identification by position description. Each employee entering on military duty shall be given a statement positively identifying the position which he is leaving. A copy of this statement shall be placed in the employee's Official Personnel Folder.

§ 35.4 *Promotions.* Any employee absent on military duty shall be considered for any and all promotions or other personnel actions for which he would normally have been considered had he not been absent on military duty. Agencies will be held responsible for maintaining adequate records to assure such consideration during the time he is absent. Any such promotion shall be effected as of the date it would have been made notwithstanding the absence for military duty.

§ 35.5 *Reorganization.* In event of any reorganization within an agency which affects the position of any employee absent on military duty, the head of the agency or his designee is responsible for determining the position of comparable grade to which the employee shall be assigned and for recording the same on official records.

§ 35.6 *Abolition of the agency or transfer of functions.* If any functions of any agency are transferred to another agency or to a continuing or successor agency, the employee absent on military duty may be reassigned to another position of comparable grade in the agency. If this is not done, the head of the receiving agency or his designee shall be responsible for taking official action transferring the employee to said agency. In event the agency is abolished and the functions are not transferred to any other agency, it shall be the responsibility of the head of the agency which is being abolished or his designee to furnish to the Civil Service Commission a list of all employees absent in the armed forces and to note the Official Personnel Folders accordingly. This list shall contain, in addition to the names of the employees, the date of birth, position, grade, and salary, and the organizational unit, of the agency in which they were employed.

§ 35.7 *Restoration after service in the armed forces.* (a) Any person who leaves a position other than a temporary position in the employ of the United States Government, its territories, or possessions, or political subdivisions thereof, or the District of Columbia, for induction into the armed forces of the United States subsequent to June 24, 1948, and (1) receives a certificate of satisfactory completion of training and service, and (2) makes application for reemployment within 90 days after he is relieved from duty in the armed forces or from hospitalization continuing after discharge for not more than one year, shall (i) if still qualified to perform the duties of such position be restored to that position if it exists, or, if it does not exist, to a position of like seniority, status, and pay; or (ii) if not qualified to perform the duties of such position because of disability sustained during service in the armed forces, but is qualified to perform the duties of any other position in the agency, be restored to such other position in such a way as to provide him like seniority, status, and pay, or the nearest approximation thereof consistent with the circumstances in his case.

(b) Any person who, subsequent to June 24, 1948, leaves a position other than a temporary position to enlist in the armed forces of the United States or the Coast Guard (other than in a reserve component) for not more than three years shall, if such enlistment is his first enlistment after June 24, 1948, be entitled upon the expiration of his enlistment or honorable discharge prior thereto (including any extension thereof by law, but not including any voluntary extension) to all the reemployment rights and benefits as in the case of inductees.

(c) Any person who subsequent to June 24, 1948, is ordered or called to active duty in the armed forces of the United States, the Coast Guard, or the Public Health Service shall, if relieved from active duty not later than three years after the date of entrance thereon or as soon thereafter as he is able to obtain his release, be entitled to all the reemployment rights and benefits as in the case of inductees.

(d) Any person so restored shall be restored to the position to which he was promoted or would have been promoted had he remained continuously in his civilian employment.

(e) Where a person has been promoted to another position or assigned to another position because of reorganization within an agency, the reemployment rights and benefits shall extend to the position to which promoted or assigned.

(f) If upon appeal of any person, the Civil Service Commission finds that (1) his agency is no longer in existence and its functions have not been transferred; or (2) for any reason it is not feasible for the person to be restored by his employing agency or by the District of Columbia, the Commission shall determine whether there is a position in any other agency in the executive branch of

the Government or in the Government of the District of Columbia for which he is qualified and which is vacant or held by a temporary employee. When it is so determined, he shall be restored to such position as directed by the Commission.

(g) In case two or more persons are entitled to be restored to the same position, the person who left such position first shall have the prior right to be restored thereto. The second person shall be assigned to a comparable position of like seniority, status, and pay for which he is qualified, provided there is such a position not occupied by an employee with equal or greater retention preference. If such an assignment is impossible, the second veteran should be offered restoration to the next best available position.

§ 35.8 *Restoration of legislative branch employees.* In any case in which it is not possible for an employee of the legislative branch of the Government to be restored in that branch and he is eligible to acquire a status for transfer to the classified civil service under the act of November 26, 1940, the Civil Service Commission shall, upon his appeal, determine whether there is a position in the executive branch for which he is qualified and is either vacant or held by a person having a temporary appointment. In any case in which it is so determined, such person shall be restored by the agency in which such position exists.

§ 35.9 *Time of restoration.* Restoration shall be made as soon as possible, and in no event later than 30 days after the veteran's application is received in the agency.

§ 35.10 *Appeal to the Civil Service Commission.* In case any agency in the executive branch of the Government or the Government of the District of Columbia fails or refuses to restore a veteran in accordance with his rights, the veteran shall be notified thereof in writing and of his right to appeal to the Civil Service Commission. A copy of the notice shall be sent to the Commission. The veteran shall have a right of appeal to the Civil Service Commission within 10 days from the date of receipt of notice of failure or refusal to comply with the provisions of the law. Appeals filed after the lapse of 10 days may be considered when the veteran shows good reason for not filing the appeal within that time. Upon finding that the veteran is entitled to restoration, the Commission shall issue an order specifically requiring such agency or the Government of the District of Columbia to restore the veteran in accordance with his rights and to compensate him for any loss of salary suffered by reason of such refusal or failure to comply with such provisions. Such compensation shall be less any amounts received by him through other employment, unemployment compensation, or readjustment allowances. An affidavit of the employee, subject to verification of any amounts claimed to have been received, shall be required for the employing agency to determine the compensation due. The same requirements as to restoration and compensation shall apply when the Commission determines that a person shall be restored in an agency different than the one he left to enter the armed forces.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 978—MILK IN NASHVILLE, TENN., MARKETING AREA

ORDER AMENDING ORDER REGULATING HANDLING

Findings and determinations. The findings and determinations hereinafter set forth are supplementary to and in addition to the previous findings and determinations made in connection with the issuance of this order; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, governing the formulation of marketing agreements and orders (7 CFR, Supps., 900.1 et seq.), a public hearing was held on June 15, 1948, upon proposed amendments to the tentative marketing agreement and to the order regulating the handling of milk in the Nashville, Tennessee, milk marketing area. The recommended decision (13 F. R. 4324) was made by the Assistant Administrator of the Production and Marketing Administration on July 23, 1948, and the decision (13 F. R. 5281) was made by the Secretary on September 3, 1948. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as hereby amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activity, specified in a marketing agreement upon which a hearing has been held.

(b) *Additional findings.* (1) It is hereby found that a pro rata assessment on handlers at a rate not to exceed 4 cents per hundredweight with respect to all receipts by the handler, during each delivery period, of (i) milk from producers (including such handler's own production) and (ii) other source milk received at a fluid milk plant, upon which payment is required pursuant to § 978.9 of this order, will provide the funds necessary for the maintenance and functioning of the market administrator in the administration of this order and such assessment is approved.

(2) It is necessary, in the public interest, to make the amendments hereafter set forth effective by not later than October 1, 1948, so as to reflect current marketing conditions. Any delay beyond October 1, 1948, in the effective date of such amendments to the order, will disrupt orderly marketing. The changes effected by this order amending the order do not require substantial or extensive preparation by persons affected prior to the effective date. The time intervening between the date of issuance of this order and its effective date affords persons affected a reasonable time to prepare for its effective date. In view of the foregoing, it is impractical, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (sec. 4 (c), Administrative Procedures Act, Pub. Law 404, 79th Cong. 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as hereby amended) of more than 50 percent of the volume of milk covered by this order, as hereby amended, which is marketed within the Nashville, Tennessee, marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order is the only practical means, pursuant to the declared policy of the act, of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order amending the order is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of the approval of this order amending the order, and who during the determined representative period (June 1948) were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that, on and after the effective date hereof, the handling of milk in the Nashville, Tennessee, marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order as hereby amended; and the aforesaid order is hereby amended as follows:

1. Delete § 978.1 (m) and substitute therefor the following:

(m) "Other source milk" means all skim milk and butterfat received in any form from a producer-handler or from a source other than producers or other handlers, except any nonfluid milk product which is received and disposed of in the same form.

2. Delete the semicolon (;) at the end of § 978.4 (f) (1) (ii) and add the following: ": *Provided*, That, if the receipts of skim milk from producers and from other handlers are less than 105 percent of the amount of Class I and Class II skim milk disposed of by such handler to any person other than by transfer or diversion pursuant to paragraph (d) of this section, the pounds of skim milk in other source milk shall be subtracted from the remaining pounds of skim milk in Class III milk, and the pounds of skim milk in other source milk which are in excess of the remaining pounds of skim milk in Class III milk shall be subtracted pro rata from the pounds of skim milk in Class I and Class II milk;"

3. Delete the period (.) at the end of § 978.4 (f) (2) and add the following: ", except that the proviso in subparagraph (1) (ii) of this paragraph shall not apply."

4. Delete § 978.7 (b) (3) and (5) and substitute therefor the following:

§ 978.7 *Determination of uniform prices.* • • •

(b) *Computation of the uniform price.* • • •

(3) (i) Add an amount equivalent to the cash balance on hand in the producer-settlement fund established by the provisions of subparagraph (5) (i) of this paragraph, less the total amount of contingent obligations to handlers pursuant to § 978.8 (d):

(ii) For each of the delivery periods of September, October, and November, beginning September 1949, add an amount equivalent to one-third of the total of the three amounts representing the cash balance established, during the delivery periods of April, May, and June immediately preceding, as a fall season production incentive pursuant to subparagraph (5) (ii) of this paragraph.

• • • • •

(5) (i) Subtract not less than 4 cents nor more than 5 cents for the purpose of retaining in the producer-settlement fund a cash balance to provide against errors in reports and payments or delinquencies in payment by handlers;

(ii) For each of the delivery periods of April, May, and June, beginning April 1949, subtract 45 cents, for the purpose of establishing in the producer-settlement fund a cash balance for distribution pursuant to subparagraph (3) (ii) of this paragraph. This result shall be known as the "uniform price" per hundredweight for such delivery period for producer milk containing 4.0 percent butterfat, f. o. b. fluid milk plant.

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 222—CONSUMER INSTALMENT CREDIT

AUTOMOBILE APPRAISAL GUIDES

§ 222.101 *Automobile Appraisal Guides.* Part 222 as issued effective September 20, 1948 (13 F. R. 4865), provides in § 222.9 (d) that the credit value of any automobile shall be based on the lower of either (1) the cash price or (2) the estimated average retail value stated in one of the designated automobile appraisal guides.

The Board of Governors of the Federal Reserve System has now designated the appraisal guides that are to be used initially for this purpose. The guides designated and the territories in which they are to be used are listed below.

A dealer is not required to use any particular automobile appraisal guide, but may use quotations from the current edition of any of the publications that are designated for use in his territory.

The automobile models for which designations will initially apply are limited to used cars of model years 1938 to 1948, inclusive. In the case of these cars, the maximum credit value on and after September 20, 1948, will be the specified percentage (now 66⅔ percent) of whichever is the lower of (1) the cash purchase price or (2) the "appraisal guide value" (as determined from any designated guide). For those automobiles which do not have an "appraisal guide value" (new automobiles, used 1949 models, and used cars of 1937 and older models) the maximum credit value will be the specified percentage of the cash purchase price.

The "appraisal guide value" to be used for the purposes of Part 222 does not include any added value for cars equipped with a radio or heater, but it may include the added value specified in the appraisal guide for cars having an overdrive or automatic transmission as extra equipment.

PART 226—SURETY COMPANIES ACCEPTABLE ON FEDERAL BONDS

TERMINATION OF AUTHORITY OF FIREMAN'S FUND INSURANCE CO., SAN FRANCISCO, CALIF., TO QUALIFY AS SURETY ON FEDERAL BONDS AND ISSUANCE OF CERTIFICATE OF AUTHORITY TO COMPANY TO QUALIFY AS A REINSURING COMPANY ONLY

SEPTEMBER 17, 1948.

Notice is hereby given that the certificate of authority issued by the Secretary of the Treasury to the Fireman's Fund Insurance Company, San Francisco, California, under the provisions of the act of Congress approved August 13, 1894 (28 Stat. 279–80), as amended by the act of March 23, 1910 (36 Stat. 241) (U. S. Code Title 6, sections 6–13), to qualify as sole surety on recognizances, stipulations, bonds and all other undertakings permitted or required by the laws of the United States to be given with one or more sureties, terminates on this date.

The Fireman's Fund Insurance Company received its initial authority from the Secretary of the Treasury to do business with the United States on April 21, 1948, and remained continuously so qualified until this date, and the company has requested permission from the Treasury to voluntarily retire from the execution of any business in favor of the United States.

The company has stated that it has not executed any bonds in favor of the United States since receiving the certificate of authority issued by the Secretary of the Treasury, but that it desires to be qualified as a reinsuring company only on bonds and other obligations executed in favor of the United States, and a new certificate of authority has this date been issued to the Fireman's Fund Insurance Company, San Francisco, California to qualify as a reinsuring company only on bonds and other obligations written in favor of the United States.

The underwriting limitation of $2,060,000.00 established for the Fireman's Fund Insurance Company, San Francisco, California on Treasury Form No. 356, dated April 27, 1948, effective April 21, 1948, under the company's certificate of authority to act as an acceptable surety on Federal bonds will continue in force with respect to the Fireman's Fund Insurance Company as a reinsuring company only, until otherwise advised.

Section 226.1 *Surety companies acceptable on Federal bonds; acceptable reinsurance companies* is hereby amended by deleting from the list set forth therein "Fireman's Fund Insurance Company, San Francisco, California" appearing under the sub-heading *California* and adding in lieu thereof under the sub-heading *Companies Authorized to do a Reinsurance Business Only* "Fireman's Fund Insurance Company, San Francisco, California."

Chapter XXIV—Department of State, Disposal of Surplus Property

[Dept. Reg. 108.74; FLC Reg. 8, Order 6]

PART 8508—DISPOSAL OF SURPLUS PROPERTY LOCATED IN FOREIGN AREAS

IMPORTATION INTO UNITED STATES

SEPTEMBER 20, 1948.

Foreign Liquidation Commissioner Regulation 8, Order 6, of July 17, 1948 (Department Regulation 108.72, 13 F. R. 4101) is hereby revised and amended to read as herein set forth.

The President has requested the Secretary of State to act, with regard to permitting the importation of surplus property, upon determinations as made by the Secretary of Commerce. The Secretary of Commerce has informed the Secretary of State that certain materials which have been or may be declared to the Foreign Liquidation Commissioner as surplus property located in foreign areas are in critically short supply and urgently needed in the domestic economy and are qualified for importation into the United States during the periods hereinafter specified.

It is hereby ordered, (a) That § 8508.15 of FLC Regulation 8 shall not apply to prevent the importation of surplus property specified in paragraphs numbered (1) through (12) of Schedule A attached hereto if such property is in transit to a point in the United States on or before December 31, 1948, (b) That § 8508.15 shall not apply to prevent the importation of surplus property specified in paragraphs numbered (13) and (14) of Schedule A attached hereto, except as to such items as may be deleted therefrom by subsequent amendment of this order, if such property is in transit to a point in the United States on or before December 31, 1948. Any amendment which may be issued for the purpose of deleting items from paragraphs numbered (13) and (14) of Schedule A shall not be effective until thirty (30) days after publication. For the purpose of this order "in transit to a point in the United States" shall mean the property involved has been delivered to or accepted by a carrier which has issued a through bill of lading thereon to a point in the United States.

(58 Stat. 765, 59 Stat. 533, 60 Stat. 168, 754; 50 U. S. C. App. and Supp. App. 1611–46)

This order shall become effective when published in the FEDERAL REGISTER.

Approved: September 20, 1948.

ROBERT A. LOVETT,
Acting Secretary of State.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—ORGANIZATION, PRACTICE AND PROCEDURE

AUTHORITY DELEGATED TO SECRETARY UPON SECURING APPROVAL OF LAW AND ENGINEERING DEPARTMENTS

In the matter of § 1.144 of the Commission's rules and regulations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 15th day of September 1948;

The Commission having under consideration an amendment of § 1.144 of its rules which delegates authority to the Secretary, upon securing approval of the Law and Engineering Departments, to act in certain named instances; and

[1] Copies of *Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, Part II,* January 1, 1945, Edition, are available for sale by the Superintendent of Documents, Washington 25, D. C.

It appearing, that §§ 3.30 (a) and 3.205 (a) of the Commission's rules and regulations provide, respectively, that each standard or FM broadcast station shall be considered located in the State and city where the main studio is located; and

It further appearing, that in these cases where approval has been given to the location of such a station's main studio outside the corporate limits or the borders of the city or borough which the station is designed to serve (i. e. at the transmitter site) it has been necessary in order to permit identification of such stations as a station located in such borough or city for request for a waiver of said §§ 3.30 (a) or 3.205 (a) to be made to and granted by the Commission; and

It further appearing, that it would be in the interest of good administration that said § 1.144 of the Commission's rules and regulations be amended to permit the Secretary, upon receiving the approval of the Law and Engineering Departments, to take action upon such requestsg for waiver of §§ 3.30 (a) or 3.205 (a) of the Commission's rules and regulations; and

It further appearing, that the amendment herein is procedural and that publication of general notice of proposed rule making pursuant to the provisions of section 4 (a) of the Administrative Procedure Act is not required;

It is ordered, That § 1.144 of the Commission's rules and regulations be amended to add the following section:

§ 1.144 *Authority delegated to Secretary upon securing approval of Law and Engineering Departments.* * * *

(j) Applications and requests for waiver of §§ 3.30 (a) and 3.205 (a) of the Commission's rules and regulations to permit identification of a broadcast station as a station located in a borough or city which the station is designed to serve where the location of the main studio has been approved at a transmitter site which is situated at a point outside the borders or corporate limits of such borough or city.

(Sec. 4 (i), 48 Stat. 1066; 47 U. S. C. 154 (i))

It is further ordered, That the foregoing amendment is effective immediately.

Released: September 15, 1948.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[P. & S. Docket No. 457]

MARKET AGENCIES OPERATING AT SALT LAKE UNION STOCK YARDS, NORTH SALT LAKE, UTAH

NOTICE OF PETITION FOR MODIFICATION

Pursuant to the provisions of the Packers and Stockyards Act, 1921, as amended (7 U. S. C. 181 et seq.), the Secretary of Agriculture on August 29, 1935 issued an order prescribing reasonable rates and charges for stockyard services rendered by the respondents.

By petition filed with the Hearing Clerk on September 9, 1948, the respondents have requested authority to modify the definition of cattle and calves in their tariff and to file a new schedule of rates and charges, as follows:

DEFINITIONS

Calves are animals of the bovine species, weighed in drafts, the average weight of the animals in which is less than 400 pounds.

Cattle are animals of the bovine species, weighed in drafts, the average weight of the animals in which is 400 pounds or over.

SELLING AND BUYING COMMISSIONS

Cattle, regardless of mode of arrival:	
1 head and 1 head only	$1.50
2 head or more (each)	1.00
Calves, regardless of mode of arrival:	
1 head and 1 head only	.75
2 head or more (each)	.50
Hogs, truck-ins:	
1 head and 1 head only	.75
2 head or more (each)	.40
Commission charges on hogs arriving by truck shall not exceed car load rate on any one consignment.	
Hogs, rail arrivals:	
Single deck car	30.00
Double deck car	35.00
Sheep, truck-ins (per head)	.25
Commission charges on sheep arriving by truck shall not exceed car load rate on any one consignment.	

SELLING AND BUYING COMMISSIONS—Con.

Sheep, rail arrivals:	
Single deck car	$30.00
Double deck car	35.00
125 lambs make one deck in a car; 100 ewes make one deck in a car.	

The corresponding definitions and rates and charges now set forth in respondents' tariff on file with the Secretary are as follows:

DEFINITIONS

Calves are animals of the bovine species, weighed in drafts, the average weight of the animals in which is 450 pounds or under.

Light weight cattle are animals of the bovine species, weighed in drafts, the average weight of the animals in which is over 450 pounds and not over 800 pounds.

Cattle are animals of the bovine species, weighed in drafts, the average weight of the animals in which is over 800 pounds.

SELLING AND BUYING COMMISSIONS

STRAIGHT CAR—SINGLE OWNERSHIP

Cattle and calves:	
Single deck	$15.00
Double deck	20.00
Swine:	
Single deck	14.00
Double deck	20.00
Sheep:	
Single deck	12.00
Double deck	17.00

OTHER MODES OF ARRIVAL

Cattle and calves:	
Calves:	
Consignments of 1 head	.50
Consignments of more than 1 head:	
1 to 20 head, inclusive (per head)	.35
Each head over 20 (per head)	.25
Light weight cattle:	
Consignments of 1 head	.75
Consignments of more than 1 head:	
1 to 20 head, inclusive (per head)	.50
Each head over 20 (per head)	.40

SELLING AND BUYING COMMISSIONS—Con.

OTHER MODES OF ARRIVAL—continued

Cattle and calves—Continued	
Cattle:	
Consignments of 1 head	$1.00
Consignments of more than 1 head:	
1 to 40 head, inclusive (per head)	.75
Each head over 40 (per head)	.65
Swine:	
Pigs:	
Consignments of 1 head	.30
Consignments of more than 1 head:	
1 to 40 head, inclusive (per head)	.20
Each head over 40 (per head)	.05
Hogs:	
Consignments of 1 head	.40
Consignments of more than 1 head:	
1 to 40 head, inclusive (per head)	.25
Each head over 40 (per head)	.15
Sheep:	
Consignments of 1 head	.35
Consignments of more than 1 head:	
For the first 10 head in each 300 head (per head)	.25
For the next 50 head in each 300 head (per head)	.15
For the next 60 head in each 300 head (per head)	.06
For the next 130 head in each 300 head (per head)	.03
For the next 50 head in each 300 head (per head)	.01

NOTE: The commissions charged for selling a consignment of animals arriving in a straight car of single ownership shall not exceed what they would have been had the animals arrived in any other manner.

The proposed modification, if granted, is calculated to result in additional revenue to the respondents and, therefore, public notice should be given of the filing of such petition in order that all interested persons may have an opportunity to be heard in the matter.

Now, therefore, notice is hereby given to the public and to all interested persons of the filing of such petition for modification. All interested persons who desire

to be heard upon the matter requested in said petition for modification shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of publication of this notice.

Done at Washington, D. C., this 17th day of September 1948.

UNITED STATES STANDARDS FOR GRADES OF CANNED FIELD PEAS AND CANNED BLACK-EYE PEAS [1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., 2d Sess., approved June 19, 1948), that the United States Department of Agriculture is considering the issuance, as hereinafter proposed, of United States Standards for Grades of Canned Field Peas and Canned Black-Eye Peas. These standards, if made effective, will be the first issue by the Department for these products.

The industry has requested that before the standards are made effective they have a full opportunity to try out the proposed standards during the present season in order to submit such views, arguments, and data as may be beneficial to the establishment or modification of the proposed grades.

In view of the foregoing, therefore, all persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards should file the same in quadruplicate with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than April 1, 1949.

The proposed standards are as follows:

§ 52.538 (a) *Canned field peas and canned black-eye peas.* (1) "Canned field peas" means canned field peas as defined in the definitions and standards of identity for canned vegetables (21 CFR, Cum. Supp. 52.990) issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(2) "Canned black-eye peas" means canned black-eye peas as defined in the definitions and standards of identity for canned vegetables (21 CFR, Cum. Supp., 52.990), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(3) "Canned peas" means canned field peas or canned black-eye peas.

(4) "Snaps" means pieces of immature unshelled pods.

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

(b) *Styles of canned peas.* (1) "Canned peas without snaps" means canned peas which do not contain immature unshelled pods or pieces thereof.

(2) "Canned peas with snaps" means canned peas which do not contain whole immature unshelled pods and contain not less than 5 percent by weight of pieces of immature unshelled pods.

(3) "Unit" means an individual field pea or black-eye pea or pieces of unshelled immature pod of either.

(c) *Grades of canned peas.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned peas that possess similar varietal characteristics; possess a normal flavor and odor, are fairly young and tender, practically free from defects, possess at least a typical color and score not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade C" or "U. S. Standard" is the quality of canned peas that possess similar varietal characteristics; possess a normal flavor and odor; possess a typical color, are nearly mature and fairly tender, are fairly free from defects and score not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "U. S. Grade D" or "Substandard" is the quality of canned peas that fail to meet the requirements of U. S. Grade C or U. S. Standard.

(d) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container of canned peas be filled with field peas or black-eye peas as full as practicable without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

(e) *Ascertaining the grade.* (1) The grade of canned peas may be ascertained by considering, in addition to the foregoing requirements of the respective grade, the following factors: color, absence of defects, and maturity. The relative importance of each factor is expressed numerically, on the scale of 100. The maximum number of points that may be given each factor is:

	Points
(i) Color	20
(ii) Absence of defects	40
(iii) Maturity	40
Total score	100

(2) "Normal flavor and normal odor" means that the canned peas are free from objectionable flavors and objectionable odors of any kind.

(f) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "15 to 20 points" means 15, 16, 17, 18, 19, or 20 points).

(1) *Color.* (i) Canned peas that possess a good typical color may be given a score of 15 to 20 points. "Good typical color" means that the canned peas possess a color that is typical of fairly young and tender field peas or black-eye peas of similar varietal characteristics and that there may be present not more than 5 percent, by weight, of field peas or black-eye peas which are of markedly different varietal colors.

(ii) Canned peas that possess a typical color may be given a score of 10 to 14 points. "Typical color" means that the canned peas possess a color that is typical of nearly mature and fairly tender field peas or black-eye peas of similar varietal characteristics or that is variable due to the presence of fairly young and tender field peas or black-eye peas and that there may be present not more than 5 percent by weight of field peas or black-eye peas which are of markedly different varietal colors.

(iii) Canned peas that are definitely off-color for any reason or fail to meet the requirements of subparagraph (1) (ii) of this paragraph may be given a score of 0 to 9 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from extraneous vegetable matter, from loose skins and pieces of skins, loose cotyledons and pieces of cotyledons, unstemmed units, mashed and broken units, and units blemished by pathological injury, insect injury, or other means.

(a) "Extraneous vegetable matter" has the following meanings with respect to the different styles of canned peas:

Canned peas without snaps. "Extraneous vegetable matter" means hulls or pieces of hulls, unshelled pods or pieces of unshelled pods, leaves, detached stems, and other similar vegetable matter.

Canned peas with snaps. "Extraneous vegetable matter" means hulls or pieces of hulls, leaves, detached stems, and other similar vegetable matter.

(b) "Mashed and broken" means seriously crushed or broken to the extent that the appearance of the unit is seriously affected.

(c) "Blemished" means discolored or spotted to such an extent that the appearance or eating quality of the unit is seriously affected.

(ii) Canned peas that are practically free from defects may be given a score of 35 to 40 points. "Practically free from defects" means that for each 12 ounces drained weight of units there may be present not more than 2 pieces of extraneous vegetable matter and not more than 1 unstemmed pod or unstemmed piece of pod, and the combined weight of all loose skins and pieces of skins, loose cotyledons and pieces of cotyledons, and mashed or broken units does not exceed 5 percent, and the weight of blemished units does not exceed 2 percent of the drained weight of the canned peas.

(iii) If the canned peas are fairly free from defects, a score of 30 to 34 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that for each 12 ounces drained weight of units there may be present not more than 4 pieces of extraneous vegetable matter and not more than 2 unstemmed pods or unstemmed pieces of pods, and the combined weight of all loose skins and pieces of skins, loose cotyledons and pieces of cotyledons, and mashed and broken units does not exceed 10 percent, and the weight of blemished units does not exceed 6 percent of the drained weight of the canned peas.

(iv) Canned peas that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 29 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Maturity.* (i) This factor refers to the degree of development and maturity of the field peas or black-eye peas and the tenderness of the units.

(a) "Tough strings" means strings or pieces of strings at least ½ inch in length which will support a ½-pound weight for not less than 5 seconds.

(b) "Broken skin" means that the skin is so broken that its edges are separated to a width of not less than $\frac{1}{16}$ inch.

(ii) Canned peas that are fairly young and tender may be given a score of 35 to 40 points. "Fairly young and tender" means that the field peas or black-eye peas are in fairly early stages of maturity, are tender, and not more than 20 percent, by weight, have broken skins, and in canned peas with snaps, the pieces of pods are full-fleshed and not fibrous, and not more than 6 percent, by count, possess tough strings.

(iii) If the field peas or black-eye peas are nearly mature and fairly tender, a score of 30 to 34 points may be given. Canned peas that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Nearly mature and fairly tender" means that the field peas or black-eye peas may be firm and nearly but not hard and not more than 35 percent, by weight, have broken skins, and in canned peas with snaps, the pieces of pods may have lost, to a considerable extent, their fleshy structure, and not more than 12 percent, by count, possess tough strings or may be noticeably fibrous.

(iv) Canned peas that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 29 points, and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(g) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned peas without snaps or canned peas with snaps, the grade for such lot will be determined by averaging the total scores of all containers if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total score, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(h) *Score sheet for canned field peas and canned black-eye peas.* The following score sheet may be used to summarize the factors determining the various grades:

Container size	
Container code or marking	
Label	
Net weight (in ounces)	
Vacuum (in inches)	
Drained weight (in ounces)	
Style	

Factors	Score points	
I. Color	20	(A) 15–20 (C) 10–14 (D) [1] 0–9
II. Absence of defects	40	(A) 35–40 (C) [1] 30–34 (D) [1] 0–29
III. Maturity	40	(A) 35–40 (C) [1] 30–34 (D) [1] 0–29
Total score	100	

Grade	
Normal flavor and odor

UNITED STATES STANDARDS FOR GRADES OF CANNED GRAPEFRUIT JUICE; CANNED ORANGE JUICE; CANNED BLENDED GRAPEFRUIT JUICE AND ORANGE JUICE; AND CANNED TANGERINE JUICE

NOTICE OF NON-ISSUANCE OF PROPOSED REVISED STANDARDS

Notices of proposed rule making were published in the FEDERAL REGISTER issues of July 21 and July 22, 1948, concerning the issuance of revised United States Standards for Grades of (a) Canned Grapefruit Juice (13 F. R. 4192), (b) Canned Orange Juice (13 F. R. 4154), (c) Canned Blended Grapefruit Juice and Orange Juice (13 F. R. 4151) and (d) Canned Tangerine Juice (13 F. R. 4196).

Each of these notices provided a period of 30 days within which interested persons could file with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., written data, views, or arguments for consideration in connection with the proposed revision of these standards.

On the basis of all such written data, views, and arguments, filed with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, and all relevant matters presented pursuant to such notices, it has been concluded not to issue the proposed revisions of the aforesaid standards at this time.

It is determined, therefore, pursuant to the authority contained in the Agricultural Appropriation Act, 1949 (Pub. Law 712, 80th Cong., approved June 19, 1948) that the revisions of the aforesaid United States Standards, as proposed in the aforementioned notices, will not be made effective at this time.

IRISH POTATOES IN EASTERN SOUTH DAKOTA PRODUCTION AREA

NOTICE OF PROPOSED RULE MAKING WITH RESPECT TO BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1948–1949 FISCAL YEAR

Consideration is being given to the following proposals submitted by the South Dakota Potato Committee, established under Marketing Agreement No. 103 and Order No. 79 (13 F. R. 1994), regulating the handling of Irish potatoes grown in the Eastern South Dakota production area, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 1946 ed. 601 et seq.; 61 Stat. 208, 707), as the agency to administer the terms and provisions of such marketing agreement and order:

(a) That the Secretary of Agriculture find that expenses not to exceed $2,000 will be necessarily incurred during the fiscal year ending June 30, 1949, for the maintenance and functioning of the said South Dakota Potato Committee established under the aforesaid marketing agreement and order; and

(b) That the Secretary of Agriculture fix, as the share of such expenses which each handler who first handles potatoes shall pay in accordance with the aforesaid marketing agreement and order during the aforesaid fiscal year, the following rate of assessment with respect to all potatoes handled by him as the first handler thereof during such period:

(1) With respect to each carload, or portion thereof, of such potatoes, the rate of assessment shall be $2.00;

(2) With respect to each truckload of not less than 201 100-pound bags of such potatoes, or the weight equivalent thereof, the rate of assessment shall be $1.50; and

(3) With respect to each truckload of less than 201 100-pound bags of such

potatoes, or the weight equivalent thereof, the rate of assessment shall be $1.00.

Consideration will be given to all data, views, and arguments which are submitted in connection with the aforesaid proposals and are forwarded, in triplicate, to the Director of the Fruit and Vegetable Branch, Production and Marketing Administration, Washington 25, D. C., so as to be received by him not later than 15 days after the publication of this notice in the FEDERAL REGISTER.

As used herein, "handler," "potatoes," "production area," "fiscal year," and "handled," shall have the same meaning as is given to each such term when used in said marketing agreement and order.

Done at Washington, D. C., this 20th day of September 1948.

HANDLING OF WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

NOTICE OF PROPOSED SALABLE, SURPLUS AND WITHHOLDING PERCENTAGES.

Notice is hereby given, pursuant to the provisions of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Congress, 60 Stat. 237), approved June 11, 1946, that the administrative rule herein set forth is proposed by the Secretary of Agriculture in accordance with the authority vested in him by § 984.4 of the marketing agreement and order (13 F. R. 4344) regulating the handling of walnuts grown in California, Oregon, and Washington, which marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 61 Stat. 208, 707).

Prior to the final issuance of such administrative rule, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Hearing Clerk, United States Department of Agriculture, Room 1844, South Building, Washington, D. C., and which are received at the office of said Hearing Clerk not later than 5:30 p. m., e. s. t., on the 12th day after the date of the publication of this notice in the FEDERAL REGISTER, except that, if said 12th day after publication should fall on a holiday or Sunday, such submission may be received at the office of the Hearing Clerk not later than 5:30 p. m., e. s. t., on the next following work day.

The aforementioned authorization for the issuance of such an administrative rule by the Secretary of Agriculture provides that, in taking such action, he shall give consideration to the ratio of the estimated trade demand to the sum of the estimated production of merchantable walnuts and the handler carryover (with appropriate adjustment for such handler carryover as may have theretofore contributed to surplus), the recommendation submitted to him by the Walnut Control Board (the administrative agency for operations under this regulatory program), and such other pertinent data as he deems appropriate.

The Walnut Control Board, at its meeting in Los Angeles on August 25, 1948, was of the opinion that the walnut crop was in good condition. The majority view of the Board was that the merchantable walnut pack will exceed the quantity which would result from applying the historical percentage of the crop which has been packed as merchantable walnuts (72 percent), to the August 1, official forecast of production of 1,430,000 bags of 100 pounds. The Board estimated the merchantable production at 1,087,000 bags.

Carryover stocks of merchantable walnuts by packers, as of August 1, 1948, were reported by the Board at 26,071 bags of which 7,905 bags had not been certified for shipment under the preceding marketing order program.

In considering the trade demand for the marketing year beginning August 1, 1948, the Board decided to include in its estimates shipments to Cuba along with those to the Continental United States, Alaska, Hawaii, Puerto Rico and the Canal Zone, but to exclude shipments to Canada. Shipments by packers to these outlets in the 1947 crop year totaled approximately 746,000 bags. Evidence presented at the Board meeting was to the effect that the 1948 walnut crop will be considerably later than average in maturing. It was stated that early season consumer demand up until the latter part of October cannot be fully satisfied because of the lateness of the crop and that outlets for a considerable volume of shipments will thus be lost. Competition, especially from pecans after early November, is expected to be strong.

It is anticipated that consumer purchasing power will continue at a high level. Stocks of walnuts held by the trade are very small, whereas at the beginning of the marketing season last year stocks were burdensome and tended to restrict demand. The Board estimated the trade demand at 810,000 bags. Opinion was expressed by some Board members that trade demand will considerably exceed this quantity.

The Board recommended that the Secretary fix the salable percentage of merchantable walnuts at 75 percent, and the surplus percentage at 25 percent. These percentages, under the formula laid down in the order, result in a withholding percentage of 33 percent. The Board computed that with these percentages, and its estimates of merchantable production, carryover on August 1, 1948, and trade demand, there will be a carryover by packers on August 1, 1949 of 30,970 bags which it considered normal. In its computations the Board estimated that Oregon intra-state shipments, not subject to surplus control, will total 6,500 bags. A summary of the Board's computation based on its estimates and recommendations follows:

	100 pound bags
Merchantable production estimate	1,087,000
Carryover, subject to surplus	7,905
Subtotal	1,094,905
Less: Oregon intra-state estimate	6,500
Total subject to surplus	1,088,405
25 percent surplus (272,101 bags)	816,304
75 percent salable	18,166
Carryover not subject to surplus	6,500
Oregon intra-state not subject to surplus	
Total available to trade	840,970
Less: Trade demand estimate	810,000
Computed handler carryover, Aug. 1, 1949	30,970

Consideration has been given to the Board's estimates and recommendation and to other pertinent data, and it is proposed to accept such estimates and recommendations.

Therefore, such proposed administrative rule is as follows:

§ 984.200 *Salable, surplus and withholding percentages for merchantable walnuts during the marketing year beginning August 1, 1948.* For merchantable walnuts, during the marketing year beginning August 1, 1948, the salable percentage shall be 75 percent, the surplus percentage shall be 25 percent, and the withholding percentage shall be 33 percent.

Issued at Washington, D. C. this 20th day of September 1948.

[SEAL] CLAUDE R. WICKARD,
Acting Secretary of Agriculture.

INTERSTATE COMMERCE COMMISSION

[49 CFR, Part 186]

[Ex Parte No. MC-44]

TARIFFS AND SCHEDULES

NOTICE OF PROPOSED RULE MAKING

At a session of the Interstate Commerce Commission, Division 2, held at its office in Washington, D. C., on the 7th day of September A. D. 1948.

It appearing, that there is a need for revision of the posting regulations contained in Rule 6 of Tariff Circular MP No. 3 (49 CFR 186.6) which were prescribed under sections 217 and 218 of the Interstate Commerce Act, and good cause appearing:

It is ordered, That the respondents herein and other interested parties may file, on or before October 31, 1948, with this Commission, written statements containing data, views or arguments concerning the proposed revised posting regulations set forth below.

It is further ordered, That any written statements filed as provided in the next preceding paragraph shall conform to the specifications provided in Rule 15 of this Commission's general rules of practice (49 CFR 1.15 Com. Supp.) and that an original signed copy and 5 additional copies shall be furnished for the use of the Commission.

It is further ordered, That no oral hearing be held with respect to the proposed posting regulations, but that, if deemed necessary or advisable, the matter may be assigned for informal conferences at which those interested may discuss the proposed revised rules with designated officials of this Commission.

It is further ordered, That all carriers of passengers by motor vehicle subject to sections 217 or 218 of the Interstate Commerce Act, be, and they are hereby, made respondents to this proceeding.

And it is further ordered, That a copy of this order be served upon each of the respondents, and that notice to the general public be given by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

By the Commission, Division 2.

Rules Proposed for Consideration, Governing the Posting of Tariffs and Schedules and Supplements Thereto by Motor Carriers of Passengers and Express

§ 186.6 *Posting regulations*—(a) *Posting tariffs and supplements.* Each carrier of passengers or express by motor vehicle subject to the provisions of section 217 of Part II of the Interstate Commerce Act, as amended, shall (except as provided in paragraph (b) of this section) post and keep posted, at every station, office or agency at which passengers or express, respectively, are received for transportation, and at which an agent or other representative is stationed for the sale of tickets or for the receipt of express shipments, all of the tariffs, including supplements thereto and revised pages thereof, which contain rates, fares or charges, including rules or other provisions affecting such rates, fares or charges for such transportation, which are applicable from, or at, such place of receipt, including tariffs issued by it and by its authorized agent and those issued by other carriers in which it concurs. Each such carrier shall also, in like manner and to a like extent, post all tariff publications containing proposed changes in, cancellations of, additions to, or reissues of the tariff publications described in the next preceding sentence hereof, such posting to be made, and maintained for a period of, not less than 30 days prior to the effective date of such tariff publications unless the filing of such tariff publications on shorter notice has been authorized by the Commission.

(b) *Discontinuance.* Any such carrier may discontinue the posting at any station, office or agency of any tariff (except the lists of tariffs required by paragraph (g) of this section) posted under the requirements of paragraph (a) of this section when investigation shows that such tariff has not been used at that station, office or agency, subject, however, to the requirements of paragraph (c) of this section.

(c) *Reposting after discontinuance.* Any such carrier within 10 days after receipt of a request for the reposting of a tariff, the posting of which has been discontinued under the authority of paragraph (b) of this section, shall post, and, except as may be otherwise authorized by paragraph (b) of this section, keep posted, said tariff under and in accordance with the requirements of paragraph (a) of this section, and shall notify the Commission that said tariff has been posted at that station or office in compliance with request of _____ Date made by _____.

(d) *Tariff file to be maintained at carrier's principal office.* Each such carrier shall provide, and maintain at its principal or general office a complete file of all tariffs for such transportation issued by it and its agents and by other carriers in which it concurs, applying from, or at any of its stations, offices or agencies.

(e) *Stamping date of receipt by agent on title page.* Each such carrier shall require its agent or other representative at each station, office or agency at which tariffs are required to be posted, upon receipt of a tariff, supplement or revised page thereto, for posting thereat immediately to indicate by stamping or writing on the title page thereof the date upon which such tariff, supplement or revised page thereto was received.

(f) *Tariff file at stations, offices or agencies to be accessible to the public.* (1) Each file of tariffs shall be kept and maintained in a complete and accessible form, shall be in charge of an agent or other representative of the carrier and shall be kept available upon request to the public during ordinary business hours on business days. Each carrier shall require and instruct such agent or other representative to afford inquirers opportunity to examine any of such tariffs without requiring the inquirer to assign any reason therefor, and upon request to lend assistance to seekers of information therefrom, with all promptness possible and consistent with proper performance of their other duties.

(2) Each such carrier of passengers shall also cause to be posted and maintained continuously in a conspicuous public place in each station, office or agency at which passengers are received for transportation, and at which an agent or representative is stationed for the sale of tickets, a notice printed in large, black type, and reading as follows:

NOTICE

A complete file of this company's tariffs is located at _____, in the city of _____. The tariffs naming rates, fares, rules and other provisions applying from or at this station are on file in this office, except as authorized by regulation of the Interstate Commerce Commission, and may be examined by any person upon request and without assigning any reason therefor. The agent or other representative on duty in the office will lend assistance, if requested, in securing information from such tariffs.

Written request may be made to the agent or other representative at this station or office and copy thereof mailed to the Interstate Commerce Commission, Washington, D. C., for the posting of any tariff naming rates, fares, rules or other provisions applying from or at this station or office which, under authority of the Posting Regulations of the Interstate Commerce Commission, is not posted at this place. Within 10 days of the receipt of request for the posting of any such tariff, that tariff will be posted and, except as may be otherwise authorized by such regulations, will be kept posted.

(g) *Tariff list to be filed with Commission.* Each such carrier shall also provide in a separate publication which must be kept up to date and filed with the Commission, a list of tariffs that are to be found in the files at each of its several stations, offices or agencies. Such publications must be kept on file and accessible upon request to the public at each of such several stations, offices or agencies as hereinbefore provided. They must be arranged according to a system of station, office or agency numbers and alphabetical list of stations, offices or agencies and comply with sections 1, 2 and 3 of this tariff circular to the extent that such sections are applicable.

(h) *Posting of tariffs containing proposed increased local fares.* Each such carrier of passengers which files tariffs, including supplements or revised pages thereto, which contain proposed increased fares for local one-way, or round-trip tickets for distances of 50 miles or less, or for multiple-ride tickets shall also post in a conspicuous public place in each station, or office, or agency where the tariffs containing the fares proposed to be increased are posted, and in a conspicuous place in all passenger vehicles in which tickets are honored at the fares proposed to be increased, a notice or poster printed in bold-face type, reading substantially as follows:

NOTICE OF INCREASED FARES

This carrier has filed with the Interstate Commerce Commission tariffs proposing increases in fares, effective _____ (Date)
for _____
(Here state briefly and generally kind of tickets and points or localities affected [1])

Information as to the proposed increases may be obtained at any place where tickets for such transportation are sold (other than on buses) or at this carrier's general office at _____
(Here give post office address and telephone number)

[1] Examples of how the application may be stated: One way and round trip Trenton to New York City. Multiple-trip tickets between Baltimore and Washington.

Such posting shall be made, and maintained for a period of not less than 30 days prior to the effective date of such tariff publications, unless the filing thereof on shorter notice has been authorized by the Commission.

NOTICES

CIVIL AERONAUTICS BOARD

[Docket No. 3416]

GOLDEN NORTH AIRWAYS, INC.

NOTICE OF HEARING

In the matter of the non-certificated operations of Golden North Airways, Inc.

This proceeding was instituted by an order of the Board dated July 12, 1948, (Orders Serial No. E-1782) directing Golden North Airways, Inc., to show cause why it should not be ordered to cease and desist from engaging in scheduled air transportation in violation of section 401 (a) of the Civil Aeronautics Act of 1938, as amended.

Notice is hereby given that pursuant to the Civil Aeronautics Act of 1938, as amended, particularly sections 205 (a), 401 (a), 1001, 1002 (b) and 1002 (c) thereof, hearing in the above-entitled proceeding is assigned to be held on September 27, 1948, at 10:00 a. m. (eastern standard time) in Room 2065, Temporary Building No. 4, Seventeenth Street and Constitution Ave., NW., Washington, D. C., before Examiner Curtis C. Henderson.

Without limiting the scope of the issues presented by this proceeding particular attention will be directed to the following matters and questions:

1. Is Respondent an "air carrier" engaged in "air transportation" within the meaning of the Civil Aeronautics Act of 1938, as amended, and accordingly subject to the provisions of such act and in particular section 401 (a) thereof?

2. If Respondent is an "air carrier" engaged in "air transportation" do its past and present operations in air transportation fall within those noncertificated operations authorized by § 292.1 of the Board's Economic Regulations?

3. Whether the Board should issue an order that Respondent cease and desist from engaging in scheduled air transportation in violation of section 401 (a) of the Civil Aeronautics Act of 1938, as amended?

Dated at Washington, D. C., September 17, 1948.

By the Civil Aeronautics Board.

KCOM BROADCASTING CO.

PUBLIC NOTICE CONCERNING PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on September 13, 1948, there was filed with it an application (BTC-677) for its consent under section 310(b) of the Communications Act to the proposed transfer of control of KCOM Broadcasting Co., (formerly Commercial Associates Inc.) permittee of station KCOM, Sioux City, Iowa, from the existing stockholders of the permittee to Dietrich Dirks. The proposal to transfer control arises out of a contract of August 11, 1948, pursuant to which the transferee will acquire 608 shares of treasury stock from the permittee and 42 additional shares of permittee's stock from C. M. Corbett, currently a stockholder in the permittee, for a total price of $65,000 in cash, which is the par value of the stock. Consummation of the transfer will result in ownership by the transferee of 66⅔% of the voting stock of the permittee. It is also agreed between the parties that the transferee will become General Manager of the permittee upon consummation of the stock transfer. Further information as to the arrangements may be found

[1] Section 1.321, Part 1, Rules of Practice and Procedure.

with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases, including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on September 13, 1948 that starting on September 14, 1948, notice of the filing of the application would be inserted in the Sioux City Journal-Tribune, a newspaper of general circulation at Sioux City, Iowa, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from September 14, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1082]

CLEVELAND ELECTRIC ILLUMINATING CO.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 17th day of September A. D. 1948.

The Boston Stock Exchange has made application to the Commission pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 for permission to extend unlisted trading privileges to the Common Stock, No Par Value, of Cleveland Electric Illuminating Company, Cleveland, Ohio.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is listed and registered on the Cleveland Stock Exchange and the New York Stock Exchange; that the area deemed to constitute the vicinity of the Boston Stock Exchange is the New England States exclusive of Fairfield County, Connecticut; that out of a total of 2,324,564 shares outstanding, 462,087 shares of this security are owned by 5,815 shareholders in the vicinity of the Boston Stock Exchange; and that in the vicinity of the Boston Stock Exchange there were 1,752 transactions in this security involving 121,325 shares from July 1, 1947 to June 30, 1948;

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public interest and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Boston Stock Exchange for permission to extend unlisted trading privileges to the Common Stock, No Par Value, of Cleveland Electric Illuminating Company be, and the same is, hereby granted.

By the Commission.

TRI-CONTINENTAL CORP.

FINDINGS AND ORDER GRANTING APPLICATION

At a regular session of the Securities Exchange Commision, held at its office in the city of Washington, D. C., on the 17th day of September A. D. 1948.

The Los Angeles Stock Exchange has made application to the Commission pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934 and Rule X-12F-1 for permission to extend unlisted trading privileges to the $1.00 par value common stock of Tri-Continental Corporation, 65 Broadway, New York, New York.

After appropriate notice and opportunity for hearing and in the absence of any request by any interested person for hearing on this matter, the Commission on the basis of the facts submitted in the application makes the following findings:

(1) That this security is listed and registered on the New York Stock Exchange; that the geographical area deemed to constitute the vicinity of the Los Angeles Stock Exchange is the States of California and Arizona; that out of a total of 2,429,318 shares outstanding, 86,139 shares of this security are owned by 533 shareholders in the vicinity of the Los Angeles Stock Exchange; and that in the vicinity of the Los Angeles Stock Exchange there were 610 transactions in this security involving 106,622 shares during the period from June 1, 1947 until May 31, 1948;

(2) That sufficient public distribution of, and sufficient public trading activity in, this security exist in the vicinity of the applicant exchange to render the extension of unlisted trading privileges thereto appropriate in the public interest and for the protection of investors; and

(3) That the extension of unlisted trading privileges on the applicant exchange to this security is otherwise appropriate in the public interest and for the protection of investors.

Accordingly it is ordered, Pursuant to section 12 (f) (2) of the Securities Exchange Act of 1934, that the application of the Los Angeles Stock Exchange for permission to extend unlisted trading privileges to the $1.00 par value common stock of Tri-Continental Corporation be, and the same is, hereby granted.

By the Commission.

REPUBLIC SERVICE CORP. ET AL.

MEMORANDUM OPINION AND ORDER APPROVING AN AMENDED JOINT PLAN OF REORGANIZATION

In the matter of Republic Service Corporation and its subsidiaries.

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 16th day of September A. D. 1948.

On April 9, 1948, the Commission issued its findings, opinion and order approving an amended joint plan of reorganization ("the plan") filed by Republic Service Corporation ("Republic"), a registered holding company, and by Irving H. Isaac, a preferred stockholder of Republic. On May 28, 1948, upon application filed by the Commission at the request of Republic, the United States District Court for the District of Delaware entered an order enforcing the plan. On August 20, 1948, the Court, upon petition of Republic, entered an order which, among other things, granted leave to Republic and Isaac to file with the Commission an amendment to the plan. On August 23, 1948, such amendment was filed.

On August 24, 1948, the Commission issued a notice of filing with respect to said amendment stating that any interested person might, not later than September 7, 1948, request the Commission in writing that a hearing be held on the amendment. No requests were received within the period specified. Having considered the amendment the Commission finds and orders as follows:

Under the plan of Republic previously approved by the Commission and the Court it was proposed, among other things, to organize a new corporation in the State of Pennsylvania with an authorized capital of 100,000 shares of $10 par value common stock. It was further proposed that the new corporation borrow $950,000 and that 70,324 shares of its common stock be distributed to the preferred stockholders of Republic in the ratio of 4 shares for each share of preferred stock held. The Collateral Trust Bonds of Republic were to be retired at their face amount plus accrued interest and Republic was to be dissolved.

Under the amendment to the plan, Republic proposes temporarily to defer activation of the new corporation in order that the stockholders of Republic may retain the benefit of certain capital loss carry-overs, under section 117 (e) of the Internal Revenue Code. Instead of setting up a new corporation now, it is proposed that Republic will amend its Certificate of Incorporation under section 77-A of the General Corporation Law of Delaware authorizing, among other things, the issuance of 100,000 shares of new common stock (to be known as "New Series Common Stock") par value of $10.00 per share. Republic will borrow $950,000 at an interest rate of not to exceed 3% per annum, and it will distribute 70,324 shares of New Series Common Stock to its preferred stockholders in the ratio of 4 shares for each share of preferred stock held. These transactions proposed to be effected by Republic are the same, in substance, as those previously proposed in the plan to be undertaken by the new corporation. Republic will have the same corporate structure as heretofore approved for the new corporation, and the new securities will be distributed on the same basis as heretofore approved. In all other respects, including the retirement of the Collateral Trust Bonds of Republic at their face amount plus accrued interest, as heretofore approved by the Commission and the United States District Court for the District of Delaware, the plan remains unchanged.

The amendment provides that prior to January 1, 1953, or after full use has been made of Republic's capital loss carry-over under section 117 (e) of the Internal Revenue Code Republic will organize the new corporation as previously proposed and Republic will thereupon either be merged with, or will transfer all its assets to, such new corporation. It is also contemplated that following the issuance of $950,000 principal amount of promissory notes, certain of Republic's subsidiaries will merge and the merged company will issue and sell first mortgage bonds, the proceeds of which will be used in part to retire Republic's notes. Since these transactions are not proposed to be effected at this time and details with respect thereto have not been submitted to us, jurisdiction as to such transactions will be reserved.

It appears that the proposed amendment will effect no material changes in the amended joint plan which we have previously approved and that the modifications will have no adverse effect on Republic's security holders. We, therefore, find pursuant to section 11 (e) and subject to the reservations of jurisdiction discussed below, that the amended joint plan, as amended, is necessary to effectuate the provisions of section 11 (b) and is fair and equitable to the persons affected.

It is therefore ordered, Pursuant to section 11 (e) and other applicable provisions of the act, that the amended joint plan, as amended, be, and hereby is, approved and that the applications and declarations filed in connection therewith be, and hereby are, granted and permitted to become effective, subject to the conditions contained in Rule U-24 and subject further to the reservation of jurisdiction with respect to the following matters: (1) The organization of the new corporation and its merger with Republic, (2) the merger of Republic's subsidiaries and the issuance and sale of first mortgage bonds by the merged company, (3) the reasonableness of all fees and expenses in connection with the amended joint plan and the fees and expenses in respect of which jurisdiction has previously been reserved, and (4) such further proceedings, supplemental findings and further action as may be necessary in connection with the amended joint plan, as amended, the transactions incident thereto, and the consummation thereof.

It is further ordered, That this order shall not be operative to authorize the consummation of any of the transactions proposed in the instant amendment until the United States District Court for the District of Delaware, upon application thereto, enters an order enforcing the amended joint plan, as amended.

It is further ordered and recited, In view of the requirements of sections 371 (f), 1808 (f), and Supplement R of the Internal Revenue Code, as amended, that the following described transactions, proposed in said amended joint plan, are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935 and are necessary or appropriate to effectuate the integration or simplification of the holding company system of which Republic is a member:

(1) Elimination from the authorized capital and cancellation of the outstanding $54{,}468\frac{13}{20}$ shares of common stock of Republic.

(2) Authorization of 100,000 and issuance of 70,324 shares of new stock of $10.00 par value per share, with full cumulative voting rights and preemptive rights to purchase or subscribe for additional stock of any class.

(3) Elimination of the 17,581 shares of Preferred Stock of Republic subject to the right of the holders thereof to exchange each share of Preferred Stock for four shares of new stock.

(4) Cancellation by Republic of $291,700 principal amount of First Lien Collateral Trust Twenty-five year 5% Bonds, Series A.

(5) Issuance and sale by Republic of one or more five year notes, not exceeding an aggregate principal amount of $950,000, at an interest rate not to exceed three per centum (3%) per annum.

(6) Payment and retirement by Republic of $1,763,800 principal amount of its First Lien Collateral Trust Twenty-five year 5% Bonds, Series A, due 1951 at unpaid principal amount, together with accrued unpaid interest to the payment date, and without premium.

(7) Distribution and transfer by Republic of 70,324 shares of new stock to the holders of the 17,581 shares of Preferred Stock of Republic on the basis of four shares of new stock for each share of Preferred Stock.

SOUTHERN NATIONAL GAS CO. ET AL.

NOTICE OF FILING OF AMENDMENT AND ORDER RECONVENING HEARING

In the matter of Southern Natural Gas Company, Birmingham Gas Company, and Alabama Gas Company,

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 15th day of September A. D. 1948.

On July 28, 1948, Southern Natural Gas Company ("Southern"), a registered holding company, and its two direct subsidiaries, Birmingham Gas Company ("Birmingham") and Alabama Gas Company ("Alabama"), filed a joint application-declaration with the Commission, pursuant to the Public Utility Holding Company Act of 1935, relating to a proposed merger of Alabama into Birmingham.

Southern owns all the common stock of Alabama. As of April 30, 1948, Southern owned 253,642 shares, or approximately 93%, of the common stock of Birmingham and the public owned 19,410.52 shares, or approximately 7%, of such stock. As originally filed, the application for merger proposed that the present common stock of Birmingham remain outstanding and that 448,371 shares of new stock of Birmingham be issued to Southern in exchange for its holdings of common stock of Alabama. Upon completion of the merger, as proposed, Southern would own 702,017.48, or approximately 97.3%, and the public would continue to own 19,410.52, or 2.7% of the total of 721,428 shares of Birmingham proposed to be outstanding.

After appropriate notice a public hearing was held with respect to the proposed merger and, by agreement of counsel, adjourned subject to further order of the Commission.

Notice is hereby given that an amendment to the instant filing was made on September 10, 1948, whereby, among other things, Southern is proposing the following additional transactions:

Southern proposes to offer to each public holder of common stock of Birmingham one share of common stock of Southern in exchange for each two shares of common stock of Birmingham delivered by such stockholder to Southern. This offer is at the option of the public holders of Birmingham's common stock and public holders who elect not to avail themselves of such exchange offer will retain, in accordance with the provisions of the merger plan as originally filed, their security interests in Birmingham. It is proposed that this offer of exchange will remain open for a period of six months from the date first made, subject to the right of Southern to extend it for such further period as it may elect until December 31, 1949. On September 3, 1948, the holders of the minority interest in common stock of Birmingham held a total of 18,838.52 shares; accordingly, the maximum number of shares of stock of Southern to be issued in connection with this offer will be 9,419 shares. Southern now has outstanding 1,409,212 shares of common stock out of a total of 1,500,000 shares thereof authorized. If the offer is accepted in full Southern will have outstanding 1,418,631 shares of common stock and Birmingham's common stock will be entirely owned by Southern.

It is ordered, That the hearing in this matter heretofore adjourned be reconvened before Harold B. Teegarden, the Hearing Officer presiding at the previous hearing, at 10 a. m., e. d. s. t., on September 24, 1948, in the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings should file with the Secretary of the Commission on or before September 20, 1948, his request or application therefor as provided by Rule XVII of the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the amendment and that upon the basis of the entire filing the following matters and questions, in addition to those heretofore raised in this proceeding and without prejudice as to the presentation of additional matters and questions upon further examination, are presented for consideration by the Commission:

1. Whether the interest in the resulting company which will be retained by the present public holders of Birmingham's common and preferred stocks represents fair and reasonable consideration for the interests in Birmingham presently held by the public;

2. Whether the offer by Southern to the public security holders of Birmingham is in all respects fair and reasonable and not detrimental to the interest of investors and consumers; and

3. Whether and, if so, in what manner the proposed transactions should be modified, either by amendment or by a condition of the Commission imposed in connection with the consummation thereof, with respect to persons now owning shares of Birmingham's common stock who do not exchange their holdings for stock of Southern.

It is further ordered, That notice of said reconvened hearing is hereby given to Southern, Birmingham, Alabama, and all interested persons, said notice to be given to Southern, Birmingham, and Alabama by registered mail and to all other persons by publication of this notice and order in the FEDERAL REGISTER and by a general release of the Commission distributed to the press and mailed to the persons on the mailing list of the Commission for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

NATIONAL POWER & LIGHT CO. AND MEMPHIS GENERATING CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 16th day of September A. D. 1948.

National Power & Light Company ("National"), a registered holding company, and its wholly owned subsidiary, Memphis Generating Company ("Memphis"), having filed a joint declaration pursuant to sections 12 (d) and 12 (f) of the Public Utility Holding Company Act of 1935 and Rules U-43, U-44 and U-46 of the rules and regulations promulgated thereunder regarding the following transactions:

National, which owns all of the outstanding capital stock of Memphis consisting of 44,000 shares of common stock having a par value of $100 per share, proposes to sell to Memphis 5,000 shares of such common stock for a cash consideration of $500,000. Memphis proposes to retire such 5,000 shares of stock and effect a reduction of its capital in the amount of $500,000.

National proposes to use the proceeds of the proposed sale, together with other funds, for the payment of a liquidating dividend of 25¢ per share on its outstanding 5,456,100 shares of common stock.

Said declaration having been filed on August 4, 1948, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and the rules and regulations thereunder are satisfied and that no adverse findings are necessary thereunder and deeming it appropriate in the public interest that said declaration be permitted to become effective forthwith; and further deeming it appropriate to grant the declarant's request that the order herein become effective upon the issuance thereof; and

Declarants having requested that the order of the Commission contain the findings and recitals required by the Internal Revenue Code, as amended, including section 1808 (f) and Supplement R thereof and the Commission deeming it appropriate to grant such request:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that said declaration be, and the same hereby is, permitted to become effective forthwith.

It is further ordered and recited, That (1) the sale and transfer by National and the acquisition for cancellation by Memphis in exchange for $500,000 in cash of 5,000 shares of the common stock of Memphis and (2) the payment by National to its common stockholders of a dividend of $0.25 per share in partial liquidation of its capital stock liability are necessary or appropriate to the integration or simplification of the holding company system of which Memphis and National are members and are necessary or appropriate to effectuate the provisions of section 11 (b) (2) of the Public Utility Holding Company Act of 1935.

By the Commission.

CONSOLIDATED ELECTRIC AND GAS CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 15th day of September A. D. 1948.

Consolidated Electric and Gas Company ("Consolidated"), a registered holding company, having filed a declaration with four amendents thereto, pursuant to the Public Utility Holding Company Act of 1935 and certain rules and regulations thereunder, regarding the following transactions:

The issuance and sale by Consolidated, at par, of one year promissory notes in the aggregate face amount of $5,000,000, bearing interest at the rate of 3½% per annum, these notes to be sold to Central Hanover Bank and Trust Company, New York, New York and Continental Illinois National Bank and Trust Company of Chicago, Chicago, Illinois, in the amount of $2,500,000 to each bank; Consolidated also proposing to pledge, as security for said notes, certain portfolio securities owned by it and its direct and wholly owned subsidiary, The Islands Gas and Electric Company ("Islands"); the proceeds from the sale of these notes to be used, together with other corporate funds, to retire bank notes of Consolidated now outstanding in the total aggregate amount of $5,200,000, maturing September 19, 1948;

The Commission having ordered a hearing with respect to said filing, which hearing was duly held with no person or representative of any group appearing in opposition to the transactions; Consolidated, prior to the date of the scheduled hearing, having filed an amendment to its declaration specifying in detail the future transactions to be undertaken by it for the payment and satisfaction of these new notes and the effect thereof upon the development and expeditious prosecution of a program to complete the conformance by Consolidated and its associate companies with the requirements of section 11 of the act; this amendment representing that Consolidated contemplates the following undertakings: (a) During the month of September 1948, the filing with this Commission of a declaration concerned with the sale of all of the common stock of Upper Peninsula Power Company now owned by Consolidated (it being estimated by representatives of Consolidated that the proceeds of this sale, together with funds expected to be received from the Federal Government as a refund of federal income and excess profits tax for the year 1943, will approximate $1,800,000 to $2,000,000); (b) the application of the net proceeds from the above-described sale of Upper Peninsula Power Company and the anticipated federal income and excess profits tax rebate to the reduction of the new notes; (c) the sale by Compania Electrica de Santo Domingo, C. par. A., one of the subsidiaries of Consolidated, of all the water properties of that company and the use of the proceeds to discharge its publicly held obligations; and (d) the recapitalization of certain subsidiaries of Consolidated and the sale of securities to the public by Consolidated to provide additional funds which are to be applied to the notes; additionally, the filing indicating that representatives of Consolidated have under consideration the merger or consolidation of Consolidated and Islands and the subsequent merger of Consolidated into Central Public Utility Corporation ("Central Public"), the parent of Consolidated, as soon as the tax problems attendant upon such mergers or consolidations can be satisfactorily settled;

The Commission finding, on the basis of the representations made in said filing including those with respect to the intention of Consolidated to take major steps looking toward the liquidation of the new notes which steps will be considered by the Commission on their merits when approval thereof is sought, that there is no reason for making any adverse findings with respect to the instant declaration and deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective, and further deeming it appropriate that this order become effective upon issuance;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that this declaration be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

REPUBLIC SERVICE CORP.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 15th day of September A. D. 1948.

Republic Service Corporation ("Republic"), a registered holding company, having filed an application pursuant to the provisions of section 6 (b) of the Public Utility Holding Company Act of 1935 for an exemption from the provisions of sections 6 (a) and 7 thereof with respect to the issue and sale of securities as follows:

Republic proposes to borrow, on or about October 1, 1948, the sum of $150,000 (including the renewal of $50,000 of present indebtedness) from Provident Trust Company of Philadelphia and to issue therefor its nine month promissory note bearing interest at the rate of 4% per annum. The stated purpose of the loan is to reimburse Republic's treasury for construction advances made to subsidiaries.

The note proposed to be issued will be subordinated in certain respects to $950,000 principal amount of five year secured notes proposed to be issued by Republic under its plan of reorganization (see Holding Company Act Release No. 8170). The $150,000 note will constitute approximately 9.1% of the principal amount of par value of the securities of Republic to be outstanding upon consummation of the reorganization. The company requests authorization, pursuant to the first sentence of section 6 (b) of the act, to issue such note;

Said application having been filed on August 25, 1948, and notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said application within the period specified, or otherwise, and not having ordered a hearing thereon;

The Commission finding with respect to said application that it is appropriate in the public interest and for the protection of investors and consumers that said application be granted and deeming it appropriate to grant the request that this order become effective forthwith upon issuance:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24 that said application, as amended, be, and the same hereby is, granted, such order to become effective forthwith.

By the Commission.

NEW YORK STATE ELECTRIC & GAS CORP. AND GENERAL PUBLIC UTILITIES CORP.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 17th day of September 1948.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by General Public Utilities Corporation ("GPU"), a registered holding company, and its subsidiary, New York State Electric & Gas Corporation ("New York State"). Applicants-declarants have designated sections 9, 10 and 12 of the act and Rule U-43 promulgated thereunder as applicable to the proposed transaction.

Notice is further given that any interested person may not later than September 29, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said joint application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 29, 1948, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said joint application-declaration which is on file in the office of the Commission for a statement of the transaction therein proposed which is summarized as follows:

GPU proposes to purchase from New York State 2,725 shares of the noncumulative no par value (voting) preferred stock of Staten Island Edison Corporation, a subsidiary of New York State, for a net cash price of $272,500. The 2,725 shares of preferred stock of Staten Island Edison Corporation constitute all the outstanding shares of such stock. GPU owns all of the outstanding (non-voting) common stock of Staten Island Edison Corporation.

Applicants-declarants state that the Public Service Commission of the State of New York has jurisdiction over the proposed acquisition by GPU of the preferred stock of Staten Island Edison Corporation. A copy of the order of that Commission permitting GPU to acquire the preferred stock of Staten Island Edison Corporation has been filed as an exhibit to the joint application-declaration.

Applicants-declarants request that the Commission find, in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including section 1808 (f) thereof, that the sale, transfer, and delivery by New York State to GPU of the 2,725 shares of the preferred stock of Staten Island Edison Corporation are necessary or appropriate to the simplification of the GPU holding company system and are necessary and appropriate to effectuate the provisions of section 11 (b) of the act.

By the Commission.

UNITED STATES TARIFF COMMISSION

[Investigation No. 117]

ALMONDS

NOTICE OF INVESTIGATION

The United States Tariff Commission on this 17th day of September 1948, under and by virtue of section 336 of Title III of the Tariff Act of 1930 and pursuant to the rules and regulations of the Commission, hereby gives notice of an investigation, for the purposes of said section 336, of the differences in costs of production of, and of all other facts and conditions enumerated in said section with respect to, the following articles described in paragraph 756 of Title I of said tariff act, namely,

Almonds, shelled, and almonds, blanched, roasted, or otherwise prepared or preserved.

being wholly or in part the growth or product of competing foreign countries, and of and with respect to like or similar articles wholly or in part the growth or product of the United States.

All parties interested shall be given opportunity to be present, to produce evidence, and to be heard at a public hearing in said investigation to be held at the office of the Commission in Washington, D. C., or at such other place or places as the Commission may designate, on a date hereafter to be fixed and publicly announced.

I certify that this investigation was ordered by the United States Tariff Commission on the 16th day of September 1948.

AUTHORITY: §§ 257.201 to 257.225 issued under sec. 4 (a), 55 Stat. 498, as amended, sec. 5 (a), Pub. Law 806 80th Cong.; sec. 1 (b), Pub. Law 897 80th Cong.; 15 U. S. C. 713 a—8 (a).

§ 257.201 *Administration.* The program will be administered in the field by PMA through State PMA committees, county agricultural conservation committees (hereinafter referred to as county committees) and PMA Commodity offices. The program will be under the general supervision and direction of the Manager of CCC. Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and grade of the soybeans, the amount of the loan or purchase, and the value of the soybeans delivered under the program. All loan and purchase documents will be completed and approved by the county committee, which will retain copies of all such documents. The county committee may designate in writing certain employees of the county agricultural conservation association to approve forms on behalf of the committee.

The county committee will furnish the borrower with the names of local lending agencies approved for making disbursement on loan documents or with the address of the PMA Commodity office to which loan documents may be forwarded for disbursement.

§ 257.202 *Availability of loans and purchase agreements*—(a) *Area.* (1) Loans shall be available on eligible soybeans in eligible storage in any area; except that loans on farm-stored soybeans will not be made in any State if the State PMA Committee determines that, due to insect infestation or damage due to other reasons, farm storage of soybeans is not feasible.

(2) Purchase agreements shall be available on eligible soybeans in all areas.

(b) *Time.* Loans and purchase agreements shall be available through December 31, 1948. Notes and chattel mortgages, note and loan agreements, and purchase agreements, must be signed by the producer and delivered or mailed to the county committee prior to January 1, 1949.

(c) *Source.* Loans shall be made available to producers direct by PMA Commodity offices and by lending agencies under lending agency agreements with CCC. Purchase agreements shall be available through the offices of the county committees.

§ 257.203 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which the CCC has entered into a Lending Agency Agreement (Form PMA–97) or other form prescribed by the CCC.

§ 257.204 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing the soybeans in 1948, as landowner, landlord, tenant, or sharecropper.

§ 257.205 *Eligible soybeans.* Eligible soybeans shall be soybeans which meet the following requirements:

(a) The soybeans must be produced in the continental United States in 1948 by an eligible producer.

(b) The beneficial interest in the soybeans must be in the producer tendering the soybeans for a loan or purchase and must always have been in him, or must have been in him and a former producer whom he succeeded before the soybeans were harvested.

(c) The soybeans must grade No. 4 or better with respect to factors other than moisture and have a moisture content not in excess of 14 percent. The soybeans must not grade weevily, musty, sour, heating, hot, or have any commercially objectionable odor, or otherwise be of low quality.

(d) To be eligible for a farm storage loan, soybeans must have been stored in the granary or bin at least 30 days prior to its inspection for measurement, sampling, and sealing unless otherwise approved by the State PMA Committee.

§ 257.206 *Eligible storage.* Eligible storage for soybeans shall meet the following requirements:

(a) Eligible farm storage shall consist of farm bins and granaries which, as determined by the county committee, are of such substantial and permanent construction as to afford safe storage of the soybeans for a period of two years, permit effective fumigation for the destruction of insects and afford protection against thieves, rodents, other animals, and weather.

(b) Eligible warehouse storage shall consist of (1) public grain warehouse for which a Uniform Grain Storage Agreement (CCC Form H Revised) for the 1948 crop has been executed, or (2) warehouses operated by eastern common carriers under tariffs approved by the Interstate Commerce Commission. A list of approved warehouses will be furnished State offices and county committees.

§ 257.207 *Approved forms.* The approved forms consist of the loan and purchase documents which, together with the provisions of this bulletin govern the rights and responsibilities of the producer, and should be read carefully. Any fraudulent representation made by a producer in obtaining a loan or purchase agreement or in executing any of the loan or purchase documents will render him subject to criminal prosecution. Loan and purchase documents must have State and documentary revenue stamps affixed thereto where required by law. Loan and purchase documents executed by an administrator, executor or trustee will be acceptable only where legally valid.

(a) *Farm storage loans.* Approved forms shall consist of the producer's note on CCC Commodity Form A, secured by a chattel mortgage on CCC Commodity Form AA.

(b) *Warehouse storage loans.* Approved forms shall consist of note and loan agreements on CCC Commodity Form B, secured by negotiable warehouse receipts representing the soybeans stored in eligible warehouses. All soybeans pledged as security for a loan on a single CCC Commodity Form B must be stored in the same warehouse.

(c) *Purchase agreements.* The purchase agreement documents shall consist of the Purchase Agreement (Commodity Purchase 1) and Purchase Agreement Settlement (Commodity Purchase 4) signed by the producer and approved by the county committee, negotiable warehouse receipts, and such other forms as may be prescribed by CCC.

(d) *Warehouse receipts.* Soybeans in eligible warehouse storage must be represented by warehouse receipts which satisfy the following requirements:

(1) Warehouse receipts must be issued in the name of the producer, must be properly endorsed in blank so as to vest title in the holder, and must be issued by an approved warehouse.

(2) Each warehouse receipt must set forth in its written terms that the soybeans are insured for not less than market value against the hazards of fire, lightning, inherent explosion, windstorm, cyclone, and tornado, or in lieu of this statement, it must have stamped or printed thereon the word "Insured."

(3) The warehouse receipt, and the soybeans represented thereby, must be free of all liens for warehouse charges prior to July 15, 1948 or the date of the warehouse receipt, whichever is later.

(4) Each warehouse receipt, or the warehouseman's supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show the gross and net weight or bushels, class, subclass, test weight, and such other information as is required to determine the premiums and discounts specified in § 257.213 and by the Uniform Warehouse Receipts Act.

§ 257.208 *Determination of quantity.* A bushel will be 60 pounds of soybeans free of dockage and foreign material in excess of 2 percent, when determined by weight, or 1.25 cubic feet of soybeans testing 60 pounds per bushel when determined by measurement. A deduction of ¾ pound for each sack will be made in determining the net quantity of the soybeans when stored as sacked grain. In determining the quantity of soybeans in farm storage by measurement, fractional pounds of the test weight per bushel will be disregarded, and the quantity determined as above will be the following percentages of the quantity determined for 60-pound soybeans:

For soybean testing	*Percent*
60 pounds or over	100
59 pounds or over, but less than 60	98
58 pounds or over, but less than 59	97
57 pounds or over, but less than 58	95
56 pounds or over, but less than 57	93
55 pounds or over, but less than 56	92
54 pounds or over, but less than 55	90
53 pounds or over, but less than 54	88
52 pounds or over, but less than 53	87
51 pounds or over, but less than 52	85
50 pounds or over, but less than 51	83
49 pounds or over, but less than 50	82

§ 257.209 *Determination of foreign material and dockage.* Dockage and foreign material other than dockage, which, singly or in combination total 2 percent or less shall not be deducted from the gross weight of the soybeans. If the total weight of foreign material and dockage combined is in excess of 2 percent, the excess shall be deducted from the total weight of soybeans in the determination of the net number of bushels of soybeans. For purposes of this determination, dockage shall be computed in whole percentages. Less than 1.0% actual dockage shall be disregarded, and fractional percentages in excess of 1% shall be rounded to the next lower whole percent-

age. Foreign material percentages shall be stated in tenths.

§ 257.210 *Liens.* The soybeans must be free and clear of all liens and encumbrances except liens for warehouse charges from July 15, 1948, or the date of the warehouse receipt, whichever is later, or if other liens or encumbrances exist on the soy beans, proper waivers must be obtained.

§ 257.211 *Service fees*—(a) *Loans.* Where the soybeans under loan are farm stored, the producer shall pay a service fee of 1 cent per bushel on the number of bushels placed under loan or $3.00, whichever is greater; if the quantity of soybeans delivered in satisfaction of the loan exceeds the quantity of soybeans placed under loan, a service fee of 1 cent per bushel shall be charged the producer on the excess quantity delivered. Where the soybeans under loan are warehouse stored, the producer shall pay a service fee of ½ cent per bushel on the number of bushels placed under loan or $1.50, whichever is greater.

(b) *Purchase agreements.* At the time the producer signs a purchase agreement he shall pay a service fee of ½ cent per bushel on the number of bushels specified on Commodity Purchase 1 as the maximum quantity he may deliver, or $1.50, whichever is greater.

(c) *Service fees not to be refunded.* No refund of service fees will be made.

§ 257.212 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan or purchase to the extent of such indebtedness but not to exceed that portion of the proceeds remaining after amounts due prior lienholders. Indebtedness owing to the CCC shall be given first consideration after claims of prior lienholders.

§ 257.213 *Loan rates and purchase price*—(a) *Basic loan and purchase rate and specifications.* The basic loan and purchase rate per net bushel of eligible Class I (Yellow) and Class II (Green) soybeans, containing 14% moisture and grading No. 2 or better in accordance with U. S. Grain Standards, stored in eligible storage or delivered under a purchase agreement shall be $2.18 per bushel.

The basic rate of Class III (Brown), Class IV (Black), and Class V (Mixed) eligible soybeans shall be 20 cents per bushel less than the basic rate for Class I and Class II soybeans.

Mixtures of Classes I and II eligible soybeans which contain 5% (actual) or less of Classes III and IV soybeans and bi-colored soybeans, either singly or in combination, shall take the applicable rate for Classes I and II soybeans. If more than 5% of Classes III and IV and bi-colored soybeans, either singly or in combination, are contained in a mixture of eligible soybeans which otherwise would take the rate from Classes I and II soybeans, the mixture shall take the applicable rate for Classes III, IV, and V soybeans. Mixture of green soybeans in Class I and Yellow soybeans in Class II shall be disregarded for purposes of determining applicable loan and purchase rates.

(b) *Premiums and discounts.* Premiums and discounts from the basic loan and purchase rate shall be in accordance with the following schedule:

SCHEDULE OF PREMIUMS AND DISCOUNTS FROM BASIC LOAN AND PURCHASE PRICE FOR 1948 CROP SOYBEANS

[1] Round down to nearest pound (drop fractions)
[2] Round to nearest ½ percent.
[3] Round to nearest whole percentage (drop fractions of 0.5)

§ 257.214 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum and interest shall accrue from the date of disbursement on the loan, notwithstanding the printed provisions of the note.

§ 257.215 *Transfer of producer's equity*—(a) *Loans.* The right of the producer to transfer either his right to redeem the soybeans under loan or his remaining interest may be restricted by CCC.

(b) *Purchase agreements.* The producer may not assign his purchase agreement.

§ 257.216 *Safeguarding of the soybeans.* The producer obtaining a farm storage loan is obligated to maintain the farm storage structures in good repair and to keep the soybeans in good condition.

§ 257.217 *Insurance.* CCC will not require the producer to insure the soybeans placed under farm storage loan; however, if the producer does insure such soybeans, such insurance shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the soybeans involved in the loss.

§ 257.218 *Loss or damage to the soybeans.* The producer is responsible for any loss in quantity or quality of the soybeans placed under farm storage loan except that uninsured physical loss or damage occurring without fault, negligence, or conversion on the part of the producer, and resulting solely from an external cause other than insect infestation or vermin will be assumed by CCC, provided the producer has given the county committee immediate notice in writing of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 257.219 *Personal liability.* The making of any fraudulent representation by the producer in the loan documents, or in obtaining the loan, or the conversion or unlawful disposition of any portion of the soybeans by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 257.220 *Maturity and satisfaction*—(a) *Loans.* Loans mature on demand but not later than April 30, 1949. In the case of farm storage loans, the producer is required to pay off his loan on or before maturity, or to deliver the mortgaged soybeans in accordance with instructions of the county committee. Credit will be given for the total quantity so delivered, provided it was stored in the bin(s) in which the soybeans under loan were stored, at the applicable loan rate, according to grade and/or quality. If the settlement value of the soybeans delivered exceeds the amount due on the loan, the amount of the excess shall be paid to the producer. If the settlement value of the soybeans is less than the amount due on the loan, the amount of the deficiency, plus interest, shall be paid by the producer to CCC, or may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. In the event the farm is sold or there is a change of tenancy, the soybeans may be delivered before the maturity date of the loan upon prior approval by the county committee. In the case of warehouse storage loans, if the producer does not repay his loan by maturity, CCC shall have the right to sell or pool the soybeans in accordance with the provisions of the note and loan agreement and § 257.221.

(b) *Purchase agreement.* The producer who signs a purchase agreement (Commodity Purchase 1) shall not be obligated to deliver any soybeans to CCC. He may deliver any amount up to but not in excess of the number of bushels shown on Commodity Purchase 1. If the producer desires to deliver soybeans to CCC, he shall, within 30 days following April 30, 1949, the maturity date for soybean loans, or such earlier date as demand for payment of soybeans loans may be made, submit warehouse receipts representing eligible soybeans stored in eligible warehouse storage to the county committee for the quantity of such soybeans he elects to sell to CCC. In the case of soybeans stored in other than eligible warehouse storage, he shall notify the county committee of his intention to sell and request delivery instructions. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines more time is needed for delivery. Soybeans in other than eligible storage will be purchased on delivery at points designated by CCC. When delivery is completed payment shall be made by a sight draft drawn on CCC by the State PMA office on the basis of approved Commodity Purchase 4. The producer shall direct on such form to whom payment of the purchase price shall be made.

Eligible soybeans will be purchased on the basis of the weight, grade, and other quality factors shown on the warehouse receipts and accompanying documents, or, if such soybeans are delivered to a CCC bin site, on the basis of the weight, grade, and other quality factors determined by the county committee (in accordance with instructions for the determination of such factors under the loan program) and approved by the producer at the time of delivery.

(c) *Track-loaded soybeans.* A loading payment of 2 cents per bushel will be made to the producer on soybeans delivered on track at a country point.

§ 257.221 *Removal of the soybeans under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the soybeans and sell them either by separate contract or after pooling them with other lots of soybeans similarly held. The producer has no right of redemption after the soybeans are pooled, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled soybeans as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of soybeans even though part or all of such pooled commodity is disposed of at prices less than the current domestic price for such commodity. Any sum due the producer as a result of the sale of the soybeans or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 257.222 *Release of the soybeans under loan.* A producer may at any time obtain release of the soybeans remaining under loan by paying to the holder of the note or note and loan agreement the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local bank for collection. In such case, where CCC is the holder of the note, the local bank will be instructed to return the note if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon repayment of a farm storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county records. Partial release of the soybeans prior to maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan, plus charges and accrued interest, represented by the quantity of the soybeans to be released. In case of warehouse storage loans, each partial release must cover all the soybeans under one warehouse receipt number.

§ 257.223 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by CCC will be the principal sum remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to CCC and to the county committees on USDA—PMA CCC Form 500, Repayment Record, or such other form as CCC may prescribe, of all payments received on producer's notes held by them, and are required to remit promptly to CCC an amount equivalent to 1½ percent interest per annum, on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies shall submit notes and reports to the CCC field office serving the area.

§ 257.224 *Storage allowance*—(a) *Warehouse storage loans.* Under the loan program CCC will assume accrued warehouse charges on soybeans which are not redeemed.

(b) *Farm storage loans.* A farm storage payment of 7 cents per bushel will be paid to the producer (1) on soybeans delivered to CCC on or after the maturity date, or (2) on soybeans delivered to CCC prior to the maturity date pursuant to demand by CCC for repayment of the loan. If delivery is made prior to April 30, 1949, upon request by the producer and with the approval of CCC, the storage payment will be as follows:

6 cents per bushel if delivered in month of April 1949.
5 cents per bushel if delivered in month of March 1949.
4 cents per bushel if delivered in month of February 1949.
3 cents per bushel if delivered in month of January 1949.
2 cents per bushel if delivered in month of December 1948.

Earned storage shall be computed after delivery has been completed.

No storage payment will be made on soybeans delivered to CCC prior to April 30, 1949, pursuant to demand by CCC for the repayment of a loan if such demand for repayment was due to any fraudulent representation on the part of the producer or the fact that the soybeans were damaged, threatened with damage, abandoned, or otherwise impaired.

In the case of losses assumed by CCC under the loan program, CCC will pay the producer, with respect to the quantity lost, a storage payment of 7 cents per bushel, less 1 cent per bushel for each full month for the time between the date of the loss and the maturity of the loans.

(c) *Purchase agreements.* CCC will assume accrued warehouse charges on soybeans in eligible warehouse storage, provided that CCC will not assume any charges in excess of those provided under the Uniform Grain Storage Agreement, CCC Form H, revised, for the 1948 crop; or make a payment of 7 cents per bushel to the producer on soybeans in eligible warehouse storage if it is shown that all warehouse charges other than receiving charges have been paid by the producer up to the time he submits the warehouse receipt to the county committee. A payment of 7 cents per bushel will be made to the producer on soybeans delivered from other than eligible warehouse storage pursuant to delivery instructions issued by the county committee.

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 987—IRISH POTATOES IN MAINE

It is hereby ordered, That such handling of Irish potatoes grown in the State of Maine as is in the current of interstate or foreign commerce or which directly burdens, obstructs, or affects interstate or foreign commerce in such commodity shall, from and after the effective time hereof, be in conformity to and compliance with the terms and conditions of this order regulating the handling of Irish potatoes grown in the State of Maine.

AUTHORITY: §§ 987.0 to 987.17 issued under 48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 248; 61 Stat. 202, 707; 7 U. S. C. 601 et seq.; sec. 102, Reorg. Plan 1 of 1947; 12 F. R. 4534.

§ 987.0 *Findings and determinations*—(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 61 Stat. 202, 707) and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR Supps., 900.1 et seq.; 11 F. R. 7737; 12 F. R. 1159, 4904), a public hearing was held at Presque Isle, Maine, on April 26–29, 1948, upon a proposed marketing agreement and a proposed order regulating the handling of Irish potatoes grown in the State of Maine. Upon the basis of evidence introduced at such hearing, and the record thereof, it is found that:

(1) The terms and provisions of this order prescribe, so far as practicable, such different terms, applicable to different production areas, as are necessary in order to give due recognition to the difference in production and marketing of such Irish potatoes;

(2) This order is limited in its application to the smallest regional production area that is practicable, consistently with carrying out the declared policy of the act, and the issuance of several orders applicable to any subdivision of said production area specified herein would not effectively carry out the declared policy of the act; and

(3) This order and all of the terms and conditions of this order will tend to effectuate the declared policy of the act with respect to Irish potatoes produced in said production area, specified in this order, by establishing and maintaining such orderly marketing conditions therefor as will tend to establish prices to the producers thereof at a level that will give such Irish potatoes a purchasing power, with respect to the articles that the producers thereof buy, equivalent to the purchasing power of such Irish potatoes in the base period, August 1919–July 1929, and by protecting the interest of the consumer (i) by approaching the level of prices which it is declared in the act to be the policy of Congress to establish by a gradual correction of the current level of prices at as rapid a rate as the Secretary deems to be in the public interest and feasible in view of the current consumptive demand in domestic and foreign markets, and (ii) by authorizing no action which has for its purpose the maintenance of prices to producers of such Irish potatoes above the level which it is declared in the act to be the policy of Congress to establish, an (iii) by authorizing the establishment and maintenance of such minimum standards of quality, and such grading and inspection requirements as may be incidental thereto, as will tend to effectuate such orderly marketing of such Irish potatoes as will be in the public interest.

(b) *Additional findings.* It is necessary, in the public interest, to make the effective date not later than September 1948. Any delay beyond such effective date of this order will seriously jeopardize the possibility of attaining orderly marketing of the 1948 crop of Irish potatoes grown in the State of Maine, the marketing season for which starts in early September. Shipments of such potatoes normally become heavy in October and continue in volume through the following May. It is necessary to make this order effective by the aforesaid date so that the State of Maine Potato Committee, the administrative agency provided for in the order, can be organized and start functioning as soon as possible. In this manner, it will be possible for regulations to be formulated and issued before inception of volume shipments of the 1948 Maine potato crop. Growers and shippers will then be in a position to obtain the benefits of this program during the current marketing season. Compliance with this order will not require any preparation on the part of handlers and adequate notice will be given by the committee so that handlers will have sufficient time to make any necessary preparations for compliance with rules and regulations which may be issued thereafter. The nature and provisions of the order are well known to handlers of Irish potatoes grown in the State of Maine since the public hearing was held in April 1948, and the recommended decision and final decision were published in the FEDERAL REGISTER on August 5, 1948 and August 26, 1948, respectively. It is hereby found and determined, in view of these facts and circumstances, that good cause exists for making this order effective September 27, 1948, and that it would be contrary to the public interest to delay the effective date of the order for 30 days after its publication (See sec. 4 (c), Administrative Procedure Act, 5 U. S. C. 1001 et seq.).

(c) *Determinations.* It is hereby determined that: (1) A marketing agreement regulating the handling of Irish potatoes grown in the State of Maine production area, upon which the aforesaid public hearing was held, has been executed by handlers (excluding cooperative associations of producers who were not engaged in processing, distributing, or shipping the Irish potatoes covered by this order) who handled not less than 50 percent of the volume of such Irish potatoes covered by this order;

(2) This order regulates the handling of such Irish potatoes in the same manner as, and is made applicable only to persons in the respective classes of industrial and commercial activity specified in, the aforesaid marketing agreement;

(3) The issuance of this order is favored or approved (i) by at least two-thirds of the producers who participated in a referendum conducted by the Secretary of Agriculture and who, during the representative period (July 1, 1947–June 30, 1948) determined by the Secretary of Agriculture, were engaged, within the production area specified herein, in the production of Irish potatoes for market, and (ii) by producers, who participated in the aforesaid referendum, who, during the aforesaid representative period, produced for market, within the production area specified in this order, at least two-thirds of the volume of Irish potatoes produced by all producers who participated in the said referendum.

§ 987.1 *Definitions.* As used herein, the following terms have the following meanings:

(a) "Secretary" means the Secretary of Agriculture of the United States, or any other officer, or member of the United States Department of Agriculture, who is, or may hereafter be authorized to exercise the powers and to perform the duties of the Secretary of Agriculture.

(b) "Act" means Public Act No. 10, 73d Congress, as amended and reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, (7 U. S. C. 601 et seq.; 61 Stat. 202, 707).

(c) "Person" means an individual, partnership, corporation, association, legal representative, or any organized group or business unit.

(d) "Production area" means all territory included within the boundaries of the State of Maine.

(e) "Potatoes" means all varieties of Irish Potatoes grown within the State of Maine.

(f) "Handler" is synonymous with shipper and means any person (except a common or contract carrier of potatoes owned by another person) who ships potatoes in fresh form.

(g) "Ship" or "handle" means to transport, sell, or any other way to ship or place potatoes in the current of interstate or foreign commerce, or so as directly to burden, obstruct, or affect any such commerce.

(h) "Producer" means any person engaged in the production of potatoes for market.

(i) "Fiscal year" means the period beginning on July 1 of each year and ending June 30 of the following year.

(j) "Committee" means the administrative committee, called the State of Maine Potato Committee, established pursuant to § 987.2.

(k) "Varieties" means and includes all classifications or subdivisions of Irish potatoes according to those definitive characteristics now or hereafter recognized by the United States Department of Agriculture.

(l) "Seed potatoes" means and includes all potatoes officially certified and tagged, marked or otherwise appropriately identified, under the supervision of the official seed potato certifying agency of the State of Maine.

(m) "Table stock potatoes" means and includes all potatoes not included within the definition of "seed potatoes."

(n) "Wholesale pack" means a unit of fifty pounds net weight or more of potatoes contained in a bag, crate, or any other type of container.

(o) "Consumer pack" means a unit of less than fifty pounds net weight of potatoes contained in a bag, crate, or any other type of container.

(p) "Grade" means any one of the officially established grades of potatoes, and "size" means any one of the officially established sizes of potatoes, as defined and set forth in:

(1) The United States Standards for Potatoes issued by the Department of Agriculture on September 10, 1941, effective June 1, 1942 (12 F. R. 3651), or amendments thereto, or modifications thereof, or variations based thereon;

(2) United States Consumer Standards for Potatoes as issued by the United States Department of Agriculture on November 3, 1947, effective December 8, 1947 (12 F. R. 7281), or amendments thereto, or modifications thereof, or variations based thereon;

(3) State of Maine Standards for Potatoes issued by the State of Maine Commissioner of Agriculture on November 26, 1935, or amendments thereto, or modifications thereof, or variations based thereon.

(q) "Export" means shipment of potatoes beyond the boundaries of continental United States.

(r) "District" means each one of the geographical divisions of the production area hereby established as follows:

District No. 1. Township 11, Range 8, Townships 11, 12, 13, and 14, Range 7, Township 14, Range 6, Townships 14, 15, 16, Range 5, Townships 16, 17, Range 4, Township 17, Range 3, the towns of Van Buren, Cyr, Connor, Caswell, Hamlin, and all towns and townships north and west thereof in Aroostook County.

District No. 2. All the towns and townships in Aroostook County not included in Districts No. 1 and 3 hereof;

District No. 3. Mount Chase Plantation, Stacyville Plantation, the town of Patten and Township 2, Range 6, in Penobscot County, and Township 8, Range 5, Township 8, Range 4, Township 8, Range 3, Township C, Range 2, the town of Monticello, and all the towns and townships south thereof in Aroostook County;

District No. 4. All the remaining counties, towns, and townships in the State of Maine not included in Districts 1, 2, and 3 of this section.

§ 987.2 *Administrative committee*—(a) *Establishment and membership.* (1) The State of Maine Potato Committee consisting of 8 members, of whom five shall be producers and three shall be handlers, is hereby established. For each member of the committee there shall be an alternate who shall have the same qualifications as the member.

(2) (i) Persons selected as committee members or alternates to represent producers shall be individuals who are producers in the respective district for which selected, or officers or employees of a corporate producer in such district, and such persons shall be residents of the respective district for which selected.

(ii) Persons selected as committee members or alternates to represent handlers shall be individuals who are handlers in the State of Maine, or officers or employees of a corporate handler in the aforesaid State, and such persons shall be residents of the State of Maine.

(b) *Term of office.* The term of office of committee members and alternates shall be for one year beginning on the first day of July and continuing until the end of the then current fiscal year, and until their successors are selected and have qualified. Committee members and alternates shall serve during the fiscal year for which they are selected and have qualified, or during that portion thereof beginning on the date on which they qualify during the fiscal year and continuing until the end thereof, and until their successors are selected and have qualified.

(c) *Selection.* The Secretary shall select two producer members of the committee, with their respective alternates, from district number 2 and one producer member, with his respective alternate, from each of the other districts, as defined in § 987.1 (r), which members and alternates shall represent the respective district from which they are selected. The Secretary shall also select three handler members of the committee, with their respective alternates, from the production area at large.

(d) *Nomination.* The Secretary may select the members of the State of Maine Potato Committee and their respective alternates from nominations which may be made in the following manner:

(1) Nominations for initial members of the committee and their respective alternates may be submitted by producers, handlers, or groups thereof, and such nominations may be by virtue of elections conducted by groups of producers and by groups of handlers.

(2) In order to provide nominations for succeeding committee members and alternates:

(i) The State of Maine Potato Committee shall hold or cause to be held prior to May 1 of each year, after the effective date hereof, a meeting or meetings of producers in each of the districts designated in § 987.1 (r) and a meeting or meetings of handlers in the production area;

(ii) In arranging for such meetings the committee may, if it deems desirable, utilize the services and facilities of existing organizations and agencies;

(iii) At each such meeting at least two nominees shall be designated for each position as member and for each position as alternate member on the committee;

(iv) Nominations for committee members and alternate members shall be supplied to the Secretary in such manner and form as he may prescribe, not later than 30 days prior to the end of each fiscal year;

(v) Only producers may participate in designating nominees for producer committee members and their alternates and only handlers may participate in designating nominees for handler committee members and their alternates;

(vi) Each person who is both a handler and a producer may vote either as a handler or as a producer and may elect the group in which he votes; and

(vii) Regardless of the number of districts in which a person produces potatoes, each such person is entitled to cast only one vote on behalf of himself, his agents, subsidiaries, affiliates, and representatives, in designating nominees for committee members and alternates: *Provided*, That in the event a person is engaged in producing potatoes in more than one district, such person shall elect the district within which he may participate as aforesaid in designating nominees: *Provided further*, That an eligible voter's privilege of casting only one vote, as aforesaid, shall be construed to permit a voter to cast one vote for each position to be filled in the respective district in which he elects to vote.

(e) *Failure to nominate.* If nominations are not made within the time and in the manner specified by the Secretary pursuant to paragraph (d) (2) of this section, the Secretary may, without regard to nominations, select the committee members and alternates which selection shall be on the basis of the representation provided for herein.

(f) *Acceptance.* Any person selected by the Secretary as a committee member or as an alternate shall qualify by filing a written acceptance with the Secretary within ten days after being notified of such selection.

(g) *Vacancies.* To fill any vacancy occasioned by the failure of any person selected as a committee member or as an alternate to qualify, or in the event of the death, removal, resignation, or disqualification of any qualified member or alternate, a successor for his unexpired term may be selected by the Secretary from nominations made in the manner specified in paragraph (d) (2) of this section, or the Secretary may select such committee member or alternate from previously unselected nominees on the current nominee list from the district involved. If the names of nominees to fill any such vacancy are not made available to the Secretary within 30 days after such vacancy occurs, the Secretary may fill such vacancy without regard to nominations, which selection shall be made on the basis of the representation provided for herein.

(h) *Alternate members.* An alternate member of the committee shall act in the place and stead of the member for whom he is an alternate, during such member's absence. In the event of the death, removal, resignation, or disqualification of a member, his alternate shall act for him until a successor of such member is selected and has qualified.

(i) *Procedure.* (1) Six members of the committee shall be necessary to constitute a quorum and six concurring votes will be required to pass any motion or approve any committee action.

(2) The committee may provide for meeting by telephone, telegraph, or other means of communication and any vote cast at such a meeting shall be confirmed promptly in writing: *Provided*, That if any assembled meeting is held, all votes shall be cast in person.

(j) *Expenses and compensation.* Committee members or their respective alternates when acting as members, shall be reimbursed for expenses necessarily incurred by them in the performance of their duties and in the exercise of their powers hereunder, and shall receive compensation at a rate to be de-

termined by the committee, which rate shall not exceed $10.00 for each day, or portion thereof, spent in attending meetings of the committee.

(k) *Powers.* The committee shall have the following powers:

(1) To administer the provisions hereof in accordance with its terms;

(2) To make rules and regulations to effectuate the terms and provisions hereof;

(3) To receive, investigate, and report to the Secretary complaints of violation of the provisions hereof; and

(4) To recommend to the Secretary amendments hereto.

(l) *Duties.* It shall be the duty of the committee:

(1) To act as intermediary between the Secretary and any producer or handler;

(2) To select a chairman and such other officers as may be necessary, to select subcommittees of committee members, and to adopt such rules and regulations for the conduct of its business as it may deem advisable;

(3) To appoint such employees, agents, and representatives as it may deem necessary and to determine the salaries and define the duties of each such person;

(4) To investigate, from time to time, and to assemble data on the growing, harvesting, shipping, and marketing conditions with respect to potatoes, and to engage in such research and service activities which relate to the handling or marketing of potatoes as may be approved by the Secretary;

(5) To furnish to the Secretary such available information as he may request;

(6) To keep minutes, books, and records which clearly reflect all of the acts and transactions of the committee and such minutes, books, and records shall be subject to examination at any time by the Secretary or his authorized agent or representative;

(7) To make available to producers and handlers the committee voting record on recommended regulations and on other matters of policy;

(8) At the beginning of each fiscal year, to submit to the Secretary a budget of its expenses for such fiscal year, together with a report thereon;

(9) To cause the books of the committee to be audited by a competent accountant at least once each fiscal year, and at such other time as the committee may deem necessary or as the Secretary may request. The report of such audit shall show the receipt and expenditure of funds collected pursuant hereto; a copy of each such report shall be furnished to the Secretary and a copy of each such report shall be made available at the principal office of the committee for inspection by producers and handlers; and

(10) To consult, cooperate and exchange information with other potato marketing committees and other individuals or agencies in connection with all proper committee activities and objectives hereunder.

§ 987.3 *Expenses and assessments*—(a) *Expenses.* The committee is authorized to incur such expenses as the Secretary finds may be necessary to perform its functions hereunder during each fiscal year and for such other purposes as the Secretary may determine to be appropriate pursuant to the provisions hereof. The funds to cover such expenses shall be acquired by the levying of assessments, as herein provided, upon handlers.

(b) *Assessments.* (1) Each handler who first ships potatoes shall pay to the committee, upon demand, such handler's pro rata share of the expenses which the Secretary finds will be incurred by the committee for its maintenance and functioning during each fiscal year, and for such other purposes as the Secretary may determine to be appropriate pursuant to the provisions hereof. Such handler's pro rata share of such expense shall be equal to the ratio between the total quantity of potatoes handled by him as the first handler thereof, during the applicable fiscal year, and the total quantity of potatoes handled by all handlers as the first handlers thereof, during the same fiscal year. The Secretary shall fix the rate of assessment to be paid by such handlers.

(2) At any time during a fiscal year, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses of the committee. Such increase shall be applicable to all potatoes handled during the given fiscal year. In order to provide funds to carry out the functions of the committee, handlers may make advance payment of assessments.

(c) *Accounting.* (1) If, at the end of a fiscal year, it shall appear that assessments collected are in excess of expenses incurred, each handler entitled to a proportionate refund of the excess assessments shall be credited with such refund against the operations of the following fiscal year, unless he demands payment thereof, in which event such proportionate refund shall be paid to him.

(2) If, after reasonable effort by the committee, it is found impossible to return excess funds to handlers, such funds shall, with the approval of the Secretary, be turned over to an appropriate agency serving potato producers in the production area.

(3) The committee may, with the approval of the Secretary, maintain in its own name or in the name of its members, a suit against any handler for the collection of such handler's pro rata share of the expenses of the committee.

(d) *Funds.* All funds received by the committee pursuant to any provision hereof shall be used solely for the purposes herein specified and shall be accounted for in the following manner:

(1) The Secretary may at any time require the committee and its members to account for all receipts and disbursements; and

(2) Whenever any person ceases to be a committee member or alternate, he shall account for all receipts and disbursements and deliver all property and funds in his hands, together with all books and records in his possession, to his successor in office or to such person as the Secretary may designate, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in such successor or in such designated person the right to all the property, funds, or claims vested in such member or alternate.

§ 987.4 *Regulation*—(a) *Marketing policy.* At the beginning of each fiscal year the committee shall prepare and submit to the Secretary a report setting forth its proposed policy for the marketing of potatoes during such fiscal year. In the event it becomes advisable to deviate from such marketing policy, because of changed demand and supply conditions, the committee shall formulate a new marketing policy and shall submit a report thereon to the Secretary. The committee shall notify producers and handlers of the contents of such reports.

(b) *Recommendation for regulations.* (1) It shall be the duty of the committee to investigate supply and demand conditions for grade, size, and quality of potatoes of all varieties. In such investigations, the committee shall give due consideration to the following factors:

(i) Market prices of potatoes, including prices by grade, size and quality in wholesale or in consumer packs, or any other shipping unit;

(ii) Potatoes on hand in the market areas as manifested by supplies en route and on track at the principal markets;

(iii) Supply of potatoes, by grade, size and quality, in the State of Maine and other production areas;

(iv) The trend and level of consumer income; and

(v) Other relevant factors.

(2) The committee shall recommend regulation to the Secretary, in accordance herewith, whenever it finds, on the basis of the foregoing investigation, that such conditions make it advisable:

(i) To regulate, in any or all portions of the production area, the shipment of particular grades and sizes of any or all varieties of tablestock or seed potatoes, or both, during any period; or

(ii) To regulate the shipment of particular grades and sizes of potatoes differently for different varieties, for different portions of the production area, for consumer or wholesale packs (or any other shipping unit), for tablestock and seed, or any combination of the foregoing, during any period; or

(iii) To regulate the shipment of potatoes by establishing, in terms of grades, sizes, or both, minimum standards of quality.

(c) *Issuance of regulation.* (1) The Secretary shall limit the shipment of potatoes as hereinafter set forth, whenever he finds from the recommendations and information submitted by the committee, or from other available information, that it would tend to effectuate the declared policy of the act:

(i) To regulate, in any or all portions of the production area, the shipment of particular grades and sizes of any or all varieties of tablestock or seed potatoes, or both, during any period; or

(ii) To regulate the shipment of particular grades and sizes of potatoes differently for different varieties, for different portions of the production area, for consumer or wholesale packs, for tablestock and seed, or any combination of the foregoing, during any period; or

(iii) To regulate the shipment of potatoes by establishing, in terms of grade, sizes, or both, minimum standards of quality.

(2) The Secretary shall notify the committee of any such regulation and the committee shall give reasonable notice thereof to handlers.

(d) *Inspection and certification.* During any period in which the Secretary regulates the shipment of potatoes pursuant to the provisions of this section, each handler who first ships potatoes shall, prior to making shipment, cause each shipment to be inspected by an authorized representative of the Federal-State Inspection Service. Each such handler shall make arrangements with the inspecting agency to forward promptly to the committee a copy of such inspection certificate.

(e) *Exemptions.* (1) The committee may adopt, subject to approval of the Secretary, the procedures pursuant to which certificates of exemption will be issued to producers or handlers.

(2) The committee may issue certificates of exemption to any producer who applies for such exemption and furnishes adequate evidence to the committee: (i) That by reason of a regulation issued pursuant to this section he will be prevented from shipping as large a proportion of his production as the average proportion of production shipped by all producers in said applicant's immediate production area, and (ii) that the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation. Each certificate shall permit the producer to ship the amount of potatoes specified thereon. Such certificate shall be transferred with such potatoes at time of sale.

(3) The committee may issue certificates of exemption to any handler who applies for such exemption and furnishes adequate evidence to the committee; (i) that by reason of a regulation issued pursuant to this section he will be prevented from shipping as large a proportion of his storage holdings of ungraded potatoes, acquired during or immediately following the digging season, as the average proportion of ungraded storage holdings shipped by all handlers in said applicant's immediate shipping area, and (ii) that the grade, size, or quality of the applicant's potatoes have been adversely affected by acts beyond the applicant's control and by acts beyond reasonable expectation. Each certificate shall permit the handler to ship the amount of potatoes specified thereon. Such certificate may be transferred with such potatoes at time of sale.

(4) The committee shall be permitted at any time to make a thorough investigation of any producer's or handler's claim pertaining to exemptions.

(5) If any applicant for exemption certificates is dissatisfied with the determination by the committee with respect to his application, said applicant may file an appeal with the committee. Such an appeal must be taken promptly after the determination by the committee from which the appeal is taken. Any applicant filing an appeal shall furnish evidence satisfactory to the committee for a determination on the appeal. The committee shall thereupon reconsider the application, examine all available evidence, and make a final determination concerning the application. The committee shall notify the appellant of the final determination and shall furnish the Secretary with a copy of the appeal and a statement of considerations involved in making the final determination.

(6) The Secretary shall have the right to modify, change, alter, or rescind any procedure and any exemptions granted pursuant to this section.

(7) The committee shall maintain a record of all applications submitted for exemption certificates, a record of all exemption certificates issued and denied, the quantity of potatoes covered by such exemption certificates, a record of the amount of potatoes shipped under exemption certificates, a record of appeals for reconsideration of applications, and such information as may be requested by the Secretary. Periodic reports on such records shall be compiled and issued by the committee upon request of the Secretary.

§ 987.5 *Regulation of surplus*—(a) *Recommendation.* It shall be the duty of the committee to investigate supply and demand conditions of potatoes. Whenever the committee finds that a surplus of potatoes exists, it shall determine the extent of such surplus of potatoes of any grade, size, or quality thereof. If it is deemed advisable, the committee shall recommend the control and disposition of surplus potatoes and plans for equalizing the burden of surplus elimination or control among the producers and handlers thereof under uniform rules established by the committee and approved by the Secretary.

(b) *Issuance of regulations.* (1) Whenever the Secretary finds from the recommendations and information submitted by the committee, or from other available information, that the control and disposition of surplus potatoes will tend to effectuate the declared policy of the act, he shall control and dispose of such surplus potatoes and shall further provide for equalizing the burden of such surplus elimination or control among producers and handlers thereof.

(2) At any time during which the Secretary provides for the control and disposition of surplus potatoes, the committee is authorized to enter into contracts or agreements with any person, agency, or organization, for the purpose of facilitating the disposal of surplus potatoes.

§ 987.6 *Shipments for specified purposes.* (a) The Secretary upon the basis of recommendations of the committee, or upon the basis of other available information, may modify, suspend, or terminate regulations issued pursuant to § 987.3 or § 987.4, or both, in order to facilitate shipments of potatoes for the purposes specified below, whenever he finds that such actions tend to effectuate the declared policy of the act; adequate safeguards may be established, pursuant to paragraph (c) of this section, to prevent such shipments from entering channels of trade for other than the specified purpose:

(1) Shipments of potatoes for the purpose of having such potatoes graded, stored, or loaded;

(2) Shipments of potatoes for export;

(3) Shipments of potatoes for distribution by the Federal government, for distribution by relief agencies, or for consumption by charitable institutions;

(4) Shipments of potatoes for the purpose of having such potatoes manufactured or converted into specified products or by-products;

(5) Shipments of potatoes for livestock feed or for other specified purposes.

(b) Whenever the shipments of seed potatoes are not subject to the same regulations as shipments of table stock potatoes, issued pursuant to § 987.3 or § 987.4, or both, the committee, with the approval of the Secretary, may prescribe adequate safeguards, pursuant to paragraph (c) of this section, to prevent diversion of such shipments from seed potato channels.

(c) The committee, with the approval of the Secretary, may prescribe adequate safeguards, authorized by paragraphs (a) and (b) of this section, which safeguards may include requirements that:

(1) Handlers shall file applications with the committee to ship potatoes pursuant to this section;

(2) Handlers shall obtain Federal-State inspection provided by § 987.4 (d) and pay the pro rata share of expenses provided by § 987.3, in connection with potato shipments effected under the provisions of this section: *Provided,* That such inspection and payment of expenses may be required at different times than otherwise specified by the aforesaid sections; and

(3) (i) Handlers shall obtain Certificates of Privilege from the committee for shipments of potatoes effected or to be effected under the provisions of this section. The committee with the approval of the Secretary, shall prescribe rules governing the issuance and the contents of such Certificates of Privilege.

(ii) The committee shall make a weekly report to the Secretary showing the number of applications for such certificates, the quantity of potatoes covered by such applications, the number of such applications denied and certificates granted, the quantity of potatoes shipped under duly issued certificates, and such other information as may be requested by the Secretary. The committee may rescind or deny Certificates of Privilege to any shipper if evidence is obtained that potatoes shipped by him for the purposes stated above have entered the current of interstate or foreign commerce, or have directly burdened, obstructed, or affected such commerce contrary to the provisions hereof.

(d) The committee, with the approval of the Secretary, may establish, for any or all portions of the production area, minimum quantities below which shipments will be free from regulations issued pursuant to §§ 987.3 and 987.4.

(e) (1) The Secretary shall give prompt notice to the committee of any modification, suspension, or termination of regulations pursuant to this section,

or of any approval issued by him under the provisions of this section.

(2) The Secretary shall have the right to modify, change, alter, or rescind any safeguards prescribed and any certificates issued by the committee pursuant to the provisions of this section.

§ 987.7 *Reports.* Upon the request of the committee, with approval of the Secretary, every handler shall furnish to the committee, in such manner and at such time as may be prescribed, such information as will enable the committee to exercise its powers and perform its duties hereunder. The Secretary shall have the right to modify, change, or rescind any requests for reports pursuant to this section.

§ 987.8 *Compliance.* Except as provided herein, no handler shall ship potatoes, the shipment of which has been prohibited by the Secretary in accordance with provisions hereof, and no handler shall ship potatoes except in conformity to the provisions hereof.

§ 987.9 *Right of the Secretary.* The members of the committee (including successors and alternates), and any agent or employee appointed or employed by the committee, shall be subject to removal or suspension by the Secretary at any time. Each and every order, regulation, decision, determination or other act of the committee shall be subject to the continuing right of the Secretary to disapprove of the same at any time. Upon such disapproval, the disapproved action of the said committee shall be deemed null and void, except as to acts done in reliance thereon or in compliance therewith prior to such disapproval by the Secretary.

§ 987.10 *Effective time and termination*—(a) *Effective time.* The provisions hereof shall become effective at such time as the Secretary may declare above his signature attached hereto, and shall continue in force until terminated in one of the ways hereinafter specified.

(b) *Termination.* (1) The Secretary may, at any time, terminate the provisions hereof by giving at least one day's notice by means of a press release or in any other manner which he may determine.

(2) The Secretary may terminate or suspend the operation of any or all of the provisions hereof whenever he finds that such provisions do not tend to effectuate the declared policy of the act.

(3) The Secretary shall terminate the provisions hereof at the end of any fiscal year whenever he finds that such termination is favored by a majority of producers who, during the preceding fiscal year, have been engaged in the production for market of potatoes; *Provided*, That such majority has, during such year, produced for market more than fifty percent of the volume of such potatoes produced for market; but such termination shall be effective only if announced on or before June 30 of the then current fiscal year.

(4) The provisions hereof shall, in any event, terminate whenever the provisions of the act authorizing them cease to be in effect.

(c) *Proceedings after termination.* (1) Upon the termination of the provisions hereof, the then functioning members of the committee shall continue as trustees, for the purpose of liquidating the affairs of the committee, of all the funds and property then in the possession of or under control of the committee, including claims for any funds unpaid or property not delivered at the time of such termination. Action by said trusteeship shall require the concurrence of a majority of the said trustees.

(2) The said trustees shall continue in such capacity until discharged by the Secretary; shall, from time to time, account for all receipts and disbursements and deliver all property on hand, together with all books and records of the committee and of the trustees, to such person as the Secretary may direct; and shall upon request of the Secretary, execute such assignments or other instruments necessary or appropriate to vest in such person full title and right to all of the funds, property, and claims vested in the committee or the trustees pursuant thereto.

(3) Any person to whom funds, property, or claims have been transferred or delivered by the committee or its members, pursuant to this section, shall be subject to the same obligations imposed upon the members of the committee and upon the said trustees.

§ 987.11 *Effect of termination or amendment.* Unless otherwise expressly provided by the Secretary, the termination hereof or of any regulation issued pursuant hereto, or the issuance of any amendments to either thereof, shall not (a) affect or waive any right, duty, obligation, or liability which shall have arisen or which may thereafter arise in connection with any provision hereof or any regulation issued hereunder, or (b) release or extinguish any violation hereof or of any regulation issued hereunder, or (c) affect or impair any rights or remedies of the Secretary or of any other person with respect to any such violation.

§ 987.12 *Duration of immunities.* The benefits, privileges, and immunities conferred upon any person by virtue hereof shall cease upon the termination hereof, except with respect to acts done under and during the existence hereof.

§987.13 *Agents.* The Secretary may, by designation in writing, name any person, including any officer or employee of the Government, or name any bureau or division in the United States Department of Agriculture, to act as his agent or representative in connection with any of the provisions hereof.

§ 987.14 *Derogation.* Nothing contained herein is, or shall be construed to be, in derogation or in modification of the rights of the Secretary or of the United States to exercise any powers granted by the act or otherwise, or, in accordance with such powers, to act in the premises whenever such action is deemed advisable.

§ 987.15 *Personal liability.* No member or alternate of the committee, nor any employee or agent thereof, shall be held personally responsible, either individually or jointly with others, in any way whatsoever, to any handler or to any person for errors in judgment, mistakes, or other acts, either of commission or omission, as such member, alternate, or employee, except for acts of dishonesty.

§ 987.16 *Separability.* If any provision hereof is declared invalid, or the applicability thereof to any person, circumstance, or thing is held invalid, the validity of the remainder hereof, or the applicability thereof to any other person, circumstance, or thing, shall not be affected thereby.

§ 987.17 *Amendments.* Amendments hereto may be proposed, from time to time, by the committee or by the Secretary.

Issued at Washington, D. C. this 20th day of September 1948, to be effective on and after 12:01 a. m., e. s. t., September 27, 1948.

PART 959—IRISH POTATOES GROWN IN THE COUNTIES OF CROOK, DESCHUTES, AND KLAMATH IN OREGON, AND MODOC AND SISKIYOU IN CALIFORNIA

LIMITATION OF SHIPMENTS

§ 959.301 *Regulation No. 1*—(a) *Findings.* (1) Pursuant to Order No. 59 (7 F. R. 365) regulating the handling of potatoes grown in the Counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Administrative Committee established under said marketing order, and other available information, it is hereby found that such limitation of shipments of potatoes as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this order until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed., 1001 et seq.) in that (i) the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, (ii) shipments of potatoes from the production area have already begun, (iii) compliance

with this section will not require any special preparation on the part of handlers which cannot be completed by the effective date hereof, and (iv) a reasonable time is permitted, under the circumstances, for preparation for such date.

(b) *Order.* (1) Effective on and after September 27, 1948, and until suspended or modified pursuant to § 959.4 of Order No. 59, no handler shall ship any potatoes unless such potatoes meet the requirements of the U. S. No. 2 grade or better grade, as such grades are defined in the U. S. Standards for Potatoes, except that a mixture of varieties may be shipped: *Provided*, That no potatoes of the U. S. No. 2 grade or better grades, as defined in said U. S. Standards for Potatoes, which are less than 1½ inches in diameter, may be shipped in addition to the tolerance by weight for undersize as specified for the respective grade in said U. S. Standards for Potatoes.

(2) As used in this section, the terms "handler", "ship", "area", and "potatoes", shall have the same meaning as when used in said marketing order; and the term "U. S. No. 2 grade" shall have the same meaning as when used in the U. S. Standards for Potatoes (12 F. R. 3651). (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 22d day of September 1948.

SUBPART A—ORGANIZATION

§ 2300.1 *Central organization*—(a) *General.* The principal office of the Production and Marketing Administration is at Washington, D. C., in the Administration Building, United States Department of Agriculture.

(b) *Organization.* The Production and Marketing Administration is headed by an Administrator who is also President of Commodity Credit Corporation. Production programs and marketing and distribution programs assigned to the Production and Marketing Administration and functional and staff services relating to these programs are under the direction of and are coordinated by Assistant Administrators. Price support and supply programs and functional and staff services relating to these programs are under the direction of and coordinated by the Administrator. Administrative and other staff services incident to administering the preceding groups of programs are also under the direction of and coordinated by the Administrator. Reporting directly to the Administrator and each Assistant Administrator are one or more branches responsible for conducting the programs under the direction of the Administrator and Assistant Administrators. Commodity, administrative and other staff branches report to the Administrator who is assisted by the Deputy Administrator and the Assistant Administrators in directing and coordinating programs and activities of the branches in their respective program jurisdictions.

§ 2300.2 *Branches.* Responsibility for providing technical guidance and assistance in the formulation and administration of programs, policies and procedures, assigned to the Administration is vested in the following branches in Washington, and descriptions of their organization are set forth in Parts 2302 to 2330 of this chapter.

(1) Cotton Branch.
(2) Dairy Branch.
(3) Fats and Oils Branch.
(4) Fruit and Vegetable Branch.
(5) Grain Branch.
(6) Livestock Branch.
(7) Poultry Branch.
(8) Sugar Branch.
(9) Tobacco Branch.
(10) Agricultural Conservation Programs Branch.
(11) Audit Branch.
(12) Budget and Management Branch.
(13) Compliance and Investigation Branch.
(14) Fiscal Branch.
(15) Food Distribution Programs Branch.
(16) Information Branch.
(17) Marketing Facilities Branch.
(18) Marketing Research Branch.
(19) Price Support and Foreign Supply Branch.
(20) Shipping and Storage Branch.

§ 2300.3 *Field offices*—(a) *State Offices and State Committees.* The State Offices of Production and Marketing Administration are located in each of the 48 states with area representatives for the Insular activities of PMA in Alaska, Hawaii, Puerto Rico and the Virgin Islands. In each state there is a PMA State Committee consisting of from three to five farmer members, who are appointed by the Secretary, pursuant to section 8 of the Soil Conservation and Domestic Allotment Act, as amended (49 Stat. 1149, as amended; 16 U. (b) *County Offices and County Committees.* Local administration of production programs and other Production and Marketing Administration programs, requiring direct dealing with farmers, is carried out through the county Agricultural Conservation Association offices. A county committee, elected annually by farmers in accordance with Articles of Association issued by the Secretary, is in charge of the county ACA office. The committee selects a Secretary, who may be the County Agent. If not selected as Secretary, the County Agent is ex-officio a member of the committee without vote. Copies of the Articles of Association may be obtained at any county ACA office. There is a county ACA office and county committee serving each agricultural county in the United States.

Because of their size and number of farms, the following counties are served by two county ACA offices and county committees:

Iowa: Pottawattamie.
Minnesota: Otter Tail, Polk, St. Louis.

Groups of counties where one county ACA office serves more than one county are as follows:

Georgia: Camden and Charlton.
Illinois: Alexander and Pulaski, Hardin and Pope, Marshall and Putnam.
Michigan: Crawford and Otsego, Houghton and Keweenaw, Missaukee and Roscommon.
Nebraska: Arthur, Logan, and McPherson; Blaine, Grant, Hooker, and Thomas; Brown, Keya Paha, and Rock; Garfield, Loup, and Wheeler.
South Dakota: Brule and Buffalo, Hughes and Stanley, Jackson and Washabaugh, Ziebach and Armstrong.
Virginia: Arlington and Fairfax.

Most county ACA offices are located at the county seat; however, the exact address of any office may be obtained from the State PMA office for the State in which the county is located.

(c) *PMA Commodity Offices.* The Commodity Offices of the Production and Marketing Administration have general responsibility for the administration of the field aspects of price support and supply and related programs other than those involving direct dealings with the farmers and assigned to the State and county committees for administration. The locations of these offices are as follows:

Atlanta: 449 West Peachtree Street NE., Atlanta 3, Ga.
Chicago: 623 South Wabash Avenue, Chicago 5, Ill.
Dallas: 1114 Commerce Street, Dallas 2, Tex.
Kansas City: 300 Interstate Building, Kansas City 6, Mo.
Minneapolis: 328 McKnight Building, Minneapolis 1, Minn.
New Orleans: Masonic Temple Building, New Orleans 12, La.
New York: 67 Broad Street, New York 4, N. Y.
Portland: Tenth and Washington Streets, Portland 5, Oreg.
San Francisco: 30 Van Ness Avenue, San Francisco 2, Calif.

(d) *Branch field offices.* The locations of field offices of each of the following branches which maintain such offices in various locations throughout the continental U. S. A., territorial possessions, and certain foreign countries, are set forth in the description of the organization, functions and procedures of the branches of the Administration (Parts 2302 to 2330 of this chapter). These offices report directly to the appropriate branches.

Audit.	Fruit and Vegetable.
Budget and management.	Grain.
	Information.
Compliance and Investigation.	Livestock.
	Marketing Facilities.
Cotton.	Poultry.
Dairy.	Sugar.
Fats and Oils.	Tobacco.
Food Distribution Program.	

§ 2300.4 *Availability of information and records.* The places where information regarding the activities of the Administration may be obtained are indicated in the description of the organization of the central office and each branch (Parts 2301 to 2330 of this chapter). The records of the Administration are available for examination in accordance with the rules and the designation of records issued by the Secretary (Part 2100 of this chapter).

SUBPART B—FUNCTIONS AND PROCEDURES

§ 2300.11 *General functions.* The Production and Marketing Administration administers the Department of Agriculture's production, marketing and distribution, and price support and supply programs. These include production goals, conservation payments, marketing quotas; marketing service, regulatory and research activities, standards, grades, inspection and market news; school lunch; foreign government needs and supply; domestic price support, loan and other programs conducted for the Commodity Credit Corporation; export, diversion, new use, marketing agreements and orders, and other distribution programs.

§ 2300.12 *Commodity branch responsibilities, symbols and assignments*—(a) *Functions.* For commodities assigned, each commodity branch:

(1) Acts for the Administrator in formulating long-range and current policies and programs and in administering programs relating to domestic price support, production adjustment, international and other supply programs, domestic control and agricultural marketing agreement and order programs, assigned activities in connection with research and service programs authorized by the Research and Marketing Act of 1946 (60 Stat. 1082–1091), and marketing service, regulatory and research programs conducted under other authorities. Coordinates branch policy and program recommendations from Production and Marketing Administration State offices, other units of PMA, other bureaus within the Department of Agriculture, and other Government and industry organizations. Presents policies and programs of the branch to the Administrator and the Commodity Credit Corporation Board of Directors, and represents PMA and the Department with U. S. interagency and Federal-State groups or agencies, international agencies and other organizations.

(2) Provides technical direction and coordination in the execution of approved policies and programs carried out by PMA State offices and field Commodity Offices and directs and coordinates programs carried out by field offices of the branch. Reviews and evaluates program operations in the field for the purpose of appraising effectiveness of policies and programs and to determine possible program deficiencies.

(3) Represents the Production and Marketing Administration in maintaining and developing relationships with producer, trade and related groups for the purpose of furnishing technical information, obtaining policy and program recommendations and promoting harmonious relations and cooperation with these groups.

(4) Maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch. Provides or arranges for branch management services.

(b) *Branch symbols.* Branch symbols precede each commodity listed in paragraph (c) of this section. The key to these branch symbols is as follows:

CN—Cotton.
DA—Dairy.
FO—Fats and Oils.
FV—Fruit and Vegetable.
GR—Grain.
LS—Livestock.

review of purchase, loan, diversion, and disposition programs, policies, procedures and instructions for the Administrator; (iii) establishes and maintains liaison with other agencies and with claimants on supply program matters, and collaborates with other PMA branches and claimants to insure fulfillment of contractual and fiscal arrangements; (iv) coordinates requirements, and reviews, clears or approves allocations relating to international food programs; provides PMA representation on European recovery or other foreign supply programs, the Branch Director serving as Chief Liaison Officer on European Recovery for the Department of Agriculture; (v) determines domestic requirements and export policies in regard to non-food agricultural supplies, materials and equipment and carries out the Production and Marketing Administration responsibilities under the provisions of section 17 of the Surplus Property Act, (50 U. S. C. App. 1626) and (vi) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(2) The Shipping and Storage Branch (i) acts for the Administrator and collaborates with other Production and Marketing Administration officials in formulating policies, programs, and procedures relating to shipping and storage programs; (ii) directs the shipping and storage activities of PMA in Washington and the field; (iii) represents PMA in maintaining and developing relationships with transportation, warehousing and steamship officials for the purpose of furnishing technical information in connection with shipping and storage operations of the Production and Marketing Administration, and promoting harmonious relations with these groups; and (iv) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(3) The Fiscal Branch (i) formulates policies and procedures with respect to the fiscal and related activities of Production and Marketing Administration, Commodity Credit Corporation, its agents, and others, incident to programs financed with CCC or other funds; (ii) maintains control accounts and records and prepares fiscal reports on financial operations of PMA, CCC, its agents and others; (iii) maintains detailed accounts and records of administrative and program operations of PMA and CCC as assigned; (iv) has responsibility for real and personal property interests of the United States in facilities acquired by the Department of Agriculture under the Act of March 11, 1941 (22 U. S. C. 411–419), known as the Lease-Lend Act, accepts rentals and purchase monies in connection with these facilities, inspects and takes any necessary proprietary action relating to such property; and (v) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(c) *Marketing and distribution programs and activities.* (1) The Food Distribution Programs Branch (i) acts for the Administrator in formulating policies relating to school lunch, direct distribution, food preservation, food trade, and nutrition programs; (ii) directs programs of the branch in Washington and the field; (iii) represents Production and Marketing Administration in developing and maintaining relationships with Federal, state and local governmental agencies, and the food trade for the purpose of furnishing technical information and promoting harmonious relations and cooperation with these agencies and groups; and (iv) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(2) The Marketing Facilities Branch (i) acts for the Administrator in formulating policies and programs relating to the administration of section 201 of the Agricultural Adjustment Act of 1938 (7 U. S. C. 1291) and section 203 of the Agricultural Marketing Act of 1946 (7 U. S. C. 1622) involving adjustments in freight rates and services for farm products, the United States Warehouse Act (7 U. S. C. 241–273), inspection of facilities for storing PMA owned commodities, investigations for more efficient use of transportation equipment, improvements in marketing facilities and other marketing research projects and marketing services; (ii) directs programs of the branch in Washington and the field; (iii) represents PMA in developing and maintaining relationships with Federal, State, and local Governmental agencies and with warehousing and other industry groups for the purpose of furnishing technical information and promoting harmonious relationships and cooperation with these agencies and groups; and (iv) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(3) The Marketing Research Branch (i) conducts research which cuts across commodity lines including research on transportation methods, and development of new techniques and equipment; packing, packaging and processing; and wholesale and retail market and distribution practices; and (ii) maintains liaison with other branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to programs assigned to the branch, and provides or arranges for branch management services.

(d) *Administrative and other staff service activities.* (1) The Audit Branch (i) acts for the Administrator and collaborates with other Production and Marketing Administration officials in formulating audit policies, programs, and procedures of PMA and Commodity Credit Corporation; (ii) directs the audit and examination activities of PMA, CCC, and others, incident to programs financed with Commodity Credit Corporation or other funds, coordinates audit work among field and Washington offices of PMA, General Accounting Office and other Government agencies; (iii) conducts commercial type audits and examination of PMA and of individuals or organizations contracting with CCC or the Department of Agriculture under programs administered by PMA, including the preparation of reports and recommendations for the Administrator; (iv) conducts cost analyses of commercial organizations or individuals contracting with CCC or the Department of Agriculture under programs administered by PMA to provide financial data to enable PMA officials to re-negotiate or terminate contracts; and (v) maintains liaison with other staff branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to functions assigned to the branch, and provides or arranges for branch management services.

(2) The Budget and Management Branch (i) acts for the Administrator and collaborates with other Production and Marketing Administration officials in formulating plans and policies relating to administrative management policies and programs; (ii) provides the organizational units of PMA in Washington and the field with necessary administrative management assistance, including budget, personnel, administrative services, and organization and management analysis; (iii) administratively interprets policies and collaborates in the use of powers of Commodity Credit Corporation; and (iv) maintains liaison with other staff branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to functions assigned to the branch, and provides or arranges for branch management services.

(3) The Compliance and Investigation Branch (i) acts for the Administrator and collaborates with other Production and Marketing Administration officials in formulating policies, programs, and procedures for preventing and detecting fraud, violations and irregularities in PMA programs and operations; (ii) directs the compliance and investigation

activities of PMA in Washington and the field; (iii) investigates, prepares reports and makes recommendations respecting violations and irregularities in connection with PMA programs, collaborates in prosecution of court cases and in disposition of cases requiring administrative action; (iv) conducts investigation involving accounting operations, methods and services accounting systems incident to marketing agreement programs and others; and (v) maintains liaison with other staff branches of PMA and the Office of the Administrator in developing branch recommendations on management, program information, audit and investigatory policies and services as they affect or relate to functions assigned to the branch, and provides or arranges for branch management services.

§ 2300.14 *Field offices*—(a) *State offices and State Committees.* The Production and Marketing Administration State Offices (1) formulate State Committee recommendations with respect to current or proposed PMA policies and programs and within program limitations, interpret and adapt policies and programs to State and local requirements; (2) are responsible for the administration within the States of the agricultural conservation program, production adjustment programs, price support programs, Sugar Act payments and other programs as assigned; (3) direct and supervise the activities of County Agricultural Conservation Committees; and (4) work with State and local officials, farmers, and others in regard to assigned PMA programs.

(b) *County Offices and County Committees.* The County Offices (1) inform State Production and Marketing Administration Committees of local conditions to be considered in developing programs and make recommendations with respect to current and proposed programs; and (2) are responsible for the formulation and administration within the county of the agricultural conservation program, production adjustment programs, price support programs, Sugar Act payments and other programs and functions as assigned.

(c) *PMA Commodity Offices.* The Commodity Offices of the Production and Marketing Administration within assigned geographic areas, (1) execute loan, price support, subsidy, foreign supply and other CCC programs, including the purchase, sale, storage, transportation, preservation and disposition of commodities; (2) coordinate the work of the Commodity office with the complementary work of the PMA State and County Committees and the field offices of PMA's branches; establish and maintain working liaison with banks, warehousemen, vendors, carriers, related associations and other groups and individuals participating in CCC programs; and (3) render fiscal and accounting services for the field offices of PMA branches.

(d) *Branch field offices.* The branch field offices (1) recommend policy and plans for programs assigned to the branches and obtain suggestions and recommendations from State Production and Marketing Administration offices and other organizations and groups in the field, (2) carry out at field level, commodity programs of the commodity branches such as marketing research, inspection; market news, regulatory, and marketing agreement and order work, and administer the school lunch and direct distribution programs and other food distribution programs; (3) issue program information; provide personnel and administrative management services; conduct audits and examinations of records of PMA, develop means to facilitate the prevention and detection of fraud and irregularities in PMA programs and conduct investigations to ascertain compliance; and (4) are responsible for field contacts with individuals and organizations of producers, food industries, educational, civic and other organizations having an interest in production, marketing and consumption of agricultural commodities, and (5) maintain contacts with PMA State offices and other agencies of the Department of Agriculture and agencies of other departments—Federal, State and local.

§ 2300.15 *Procedures*—(a) *General.* The nature and requirement of all procedures, except those described in the succeeding paragraphs of this section and Part 2301 of this chapter, and the places for obtaining forms and instructions in connection with the administration of the programs assigned to the Production and Marketing Administration are contained in the statements of functions and procedures of each branch (Parts 2302 to 2330 of this chapter) and the Commodity Credit Corporation (6 CFR Part 200). Regulations, rules of practice and other procedures relating to certain programs of Production and Marketing Administration and Commodity Credit Corporation are published in the Code of Federal Regulations under titles, chapters, and parts, as follows:

AUTHORITY: §§ 2301.1 to 2301.13 issued under R. S. 161; 5 U. S. C. 22; E. O. 9577, June 29, 1945, 10 F. R. 8087, 3 CFR 1945 Supp.

SUBPART A—ORGANIZATION

§ 2301.1 *Central office*—(a) *Office of the Administrator.* The office of the Administrator is headed by an Administrator who is also President of the Commodity Credit Corporation. He is assisted by: a Deputy Administrator and two Assistant Administrators—for production, and for marketing—and a Labor Camp Disposal Officer.

§ 2301.2 *Delegations of authority*—(a) *Administrator.* The Administrator may, at his discretion, and consistent with applicable laws, rules, and regulations, delegate his authority, and provide for the redelegation thereof, to appropriate officers and employees of the Administration and may issue such orders supplementary thereto as he finds necessary. Authority has been delegated to the Deputy Administrator to act for and on behalf of the Administrator in his absence or inability to act. In the absence or inability to act of both the Administrator and the Deputy Administrator, one of the Assistant Administrators may act for and on behalf of the Administrator.

(b) *Deputy Administrator and Assistant Administrators.* Subject to the general control of the Administrator and except with respect to authorities which are restricted from redelegation, authority has been delegated to the Deputy Administrator and the Assistant Administrators to act with respect to activities for which they are responsible. Any or all of the authority so delegated may be redelegated except authority which is restricted from redelegation.

(c) *Labor Camp Disposal Officer.* Authority has been delegated to the Labor Camp Disposal Officer to act for the Administrator in the disposition of labor centers, homes, camps and facilities. The exercise of authority delegated to the Labor Camp Disposal Officer is subject to the limitations and requirements prescribed by the Administrator and of regulations of the Department of Agriculture, except insofar as they have been modified in their applicability to the Farmers Home Administration. In his discretion, the Labor Camp Disposal Officer may redelegate, upon such terms and conditions as he may prescribe, the powers and authority conferred upon him.

(d) *Branch Directors.* Delegations of final authority to and by Branch Directors are set forth in the description of the organization of each branch (Parts 2302 to 2330 of this chapter.)

§ 2301.3 *Availability of information and records.* Public information may be obtained from, and submittals and requests may be made to the Administrator, Production and Marketing Administration, United States Department of Agriculture, Administration Building, Washington 25, D. C., except as otherwise provided under § 2301.12. The records of the Office of the Administrator are available for examination in accordance with the rules and the designation of records issued by the Secretary (Part 2100 of this chapter).

SUBPART B—FUNCTIONS AND PROCEDURES

§ 2301.11 *Functions and responsibilities*—(a) *Administrator.* Under the general direction and supervision of the Secretary of Agriculture, in accordance with applicable laws, rules, and regulations, the Administrator establishes policies governing the administration of production, marketing and Commodity Credit Corporation programs assigned to the Production and Marketing Administration and acts for the Secretary in the formulation of long-range and current agricultural policies and programs including the coordination of state and county recommendations with recommendations from Washington Branches, other agencies of the Department of Agriculture and representatives of producer and trade groups, directs the administration of programs assigned to the Production and Marketing Administration and coordinates broad phases of policy and program execution, as carried out by Washington and the field offices of the Administration, directs the activities of the commodity branches, the PMA Commodity Offices, the Fiscal, Price Support and Foreign Supply, Shipping and Storage, Audit, Information, Compliance and Investigation, and the Budget and Management Branches, acts as President of the Commodity Credit Corporation, and directs the administrative policies essential to the operation of the PMA.

(b) *Deputy Administrator.* Under the general direction of the Administrator, the Deputy Administrator is assigned general responsibility for all activities of the Administration.

(c) *Assistant Administrators.* (1) An Assistant Administrator for Marketing is responsible for PMA marketing programs and for carrying out provisions of the Research and Marketing Act of 1946 (60 Stat. 1082–1091) as they relate to these programs; is responsible for administering the Government-owned alcohol plants pursuant to Public Law No. 890, 80th Congress, and the plants constructed under the Lend-Lease Plant Expansion Program (Public Law No. 11, 77th Congress); is responsible for programs designed to expand through trade channels the distribution of agricultural commodities that might otherwise become surplus; is responsible for providing in PMA a coordinating point for current market information and other services of assistance to producers and other groups in packaging, transportation, handling and merchandising problems in international trade; is responsible for review and coordination of co-operative arrangements; directs the activities of the Marketing Facilities, the Marketing Research and the Food Distribution Programs Branches; coordinates those activities of the commodity branches which relate to the above program assignments; maintains necessary contacts with Federal and State agencies and groups and with industry; and in collaboration with the appropriate staff branch directs the execution of administrative management policies and procedures essential to operation of the branches under the immediate supervision of the Assistant Administrator.

(2) An Assistant Administrator for Production is responsible for the production programs of PMA including agricultural conservation and adjustment, marketing quotas and other programs which deal directly with the farmers; directs the activities of the Agricultural Conservation Programs Branch and the Aerial Photographic Laboratory; coordinates and resolves problems of policy and procedure in the administration of State PMA offices; arranges for information to PMA branches on production and other programs carried out through PMA State and County Agricultural Conservation Committees and coordinates all performance work of the Administration including the development of uniform policies and procedures for checking performance of PMA programs administered by State and County Offices; is responsible for farming activities with respect to United States requirements, production, and distribution; and in collaboration with the appropriate staff branch directs the execution of administrative management policies and procedures essential to operation of the branch and PMA State and County Association Offices, under the immediate supervision of the Assistant Administrator.

(d) *Labor Camp Disposal Officer.* A labor camp disposal officer (1) exercises all the authorities, powers, functions and duties vested in the Administrator, Production and Marketing Administration by the Secretary of Agriculture (Part 1 of this title) to dispose of as provided in the Farmers' Home Administration Act of 1946, as amended (60 Stat. 1062; Pub. Law No. 40, 80th Cong., 1st Sess., approved Apr. 28, 1947) and in Pub. Law 298, 80th Cong., approved July 31, 1947, all labor supply centers, labor homes, labor camps and facilities formerly under the supervision or administration of the Farm Security Administration and transferred or made available to the War Food Administrator for use in the farm labor supply program pursuant to Pub. Law No. 45, 78th Cong., 1st Sess., approved Apr. 29, 1943 (57 Stat. 70), and in the custody or under the control of the Production and Marketing Administration on August 12, 1947, all similar centers, homes, camps, and facilities constructed or acquired by the War Food Administrator or the Department of Agriculture pursuant to subsequent similar laws or otherwise and used in the farm labor supply program, and any equipment pertaining thereto or used in the farm labor supply program: *Provided*, The labor camp disposal officer shall not dispose of any real estate without the prior approval of the Administrator, Production and Marketing Administration.

§ 2301.12 *Procedures.* The procedures of the Office of the Administrator relate to the internal management of the Administration, except as otherwise provided in this subpart.

§ 2301.13 *Aerial Photographs*—(a) *General.* The aerial photographic lab-

oratories, under the direction of the Assistant Administrator for Production, are responsible for formulation, coordination and direction of the aerial photographic and engineering programs and services of the Production and Marketing Administration, pursuant to the provisions of the Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1387). The laboratories derive ratio factors, compile mosaics, and furnish reproductions of aerial or other photographs, mosaics, and maps, as have been obtained in connection with its authorized work at the estimated cost of furnishing the reproduction.

(b) *To whom furnished.* Reproductions may be furnished to agencies of the Federal Government; State, county, municipal, or other non-Federal governmental agencies; farmers; corporations; or other persons.

(c) *Conditions.* Photographs will not be furnished to (1) purchasers outside the United States; (2) purchasers that intend to use them in suits against the United States Government, unless approval is obtained from the Solicitor of the Department of Agriculture; (3) purchasers other than Federal Agencies if the photographs cover classified areas and approval of the War or Navy Departments is not secured; and (4) purchasers who intend to use the photographs for advertising, or otherwise to indicate directly or by implication that the Department endorses any commercial product. Photographs made from materials of other Federal agencies will not be furnished without their approval.

(d) *Terms of sale.* Standard Form 1080 is used in securing collections from Federal agencies. Collections in advance will not be required from non-Federal agencies where legislative requirements prohibit advance payment by the ordering agencies. All other collections are made prior to delivery of the materials.

(e) *Obtaining aerial photographic reproductions.* Prices and other information regarding aerial photographs will be furnished upon request by county Agricultural Conservation Association or State PMA offices. Orders for photographs of any areas in the following States should be addressed to: Western Aerial Photographic Laboratory, Production and Marketing Administration, U. S. Department of Agriculture, 145 Motor Avenue, Salt Lake City, Utah; Washington, Oregon, California, Idaho, Nevada, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico, North Dakota and Kansas. Orders for photographs of any areas in the remaining states should be addressed to: Eastern Aerial Photographic Laboratory, Office of the Chief, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C.

Dated: September 20, 1948.

Subchapter B—Immigration Regulations

PART 110—PRIMARY INSPECTION AND DETENTION

REVOCATION OF DESIGNATION OF ROOSEVELT FLYING SERVICE BASE (CURRIE COMMON PARK), WEST PALM BEACH, FLA., AS AN AIRPORT OF ENTRY FOR ALIENS

Section 110.3, *Airports of entry*, Chapter I, Title 8, Code of Federal Regulations, is amended by deleting "West Palm Beach, Fla., Roosevelt Flying Service Base (Currie Common Park)" from the list in paragraph (a) of permanent airports of entry for aliens.

Notice of the proposed revocation of the designation of the Roosevelt Flying Service Base (Currie Common Park), West Palm Beach, Florida, as an airport of entry for aliens was published in the FEDERAL REGISTER dated August 14, 1948 (13 F. R. 4712), pursuant to section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003).

The revocation of the designation of this airport is made because the base is no longer available for the use of aircraft.

The revocation made hereby shall be effective as of the close of business on August 31, 1948. The delayed effective date requirements of section 4 (c) of the Administrative Procedure Act are dispensed with because the revocation of the designation of this base as an airport of entry for customs purposes has been made effective on that date (13 F. R. 4443).

TITLE 15—COMMERCE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

[Distribution Order D-1]

PART 338—MATERIALS ORDERS

DISTRIBUTION OF ARMY ANHYDROUS AMMONIA

Section 338.60, Distribution Order D-1, is amended to read as follows:

§ 338.60 *Distribution Order D-1*—(a) *Purpose.* This section explains how the Department of Commerce, acting through the Office of Domestic Commerce, will direct the distribution of Army anhydrous ammonia for the balance of the fertilizer year, October 1, 1948 to June 30, 1949. "Army anhydrous ammonia" means anhydrous ammonia made available by the Department of the Army for the commercial production of nitrogenous fertilizer materials for domestic use, pursuant to the following provision in section 205 of Title II of Public Law 793, 80th Congress (Foreign Aid Appropriation Act, 1949), approved June 28, 1948:

• • • In addition, the Department of the Army shall make available, for the commercial production of nitrogenous fertilizer materials for domestic use, 10 per centum of the total anhydrous ammonia produced in for the Department of the Army, said anhydrous ammonia to be distributed as directed by the Department of Commerce, which shall give preference, in distributing said anhydrous ammonia, to producers of ammonium sulphate who were producing ammonium sulphate during the six months preceding the enactment of this Act or who shall have ceased to produce, or shall be faced with an imminent shutdown in the production of, ammonium sulphate for want of anhydrous ammonia, to the extent necessary to permit such producers to operate • • •

This section does not deal with anhydrous ammonia made available by the Department of the Army for production of nitrogenous fertilizer materials for export, under Public Law 606, 80th Congress. Such distribution is handled under the provisions of Direction 4A to Allocations Regulation 2.

DISTRIBUTION POLICIES

(b) *ODC distribution policies.* While the expected quantity of Army anhydrous ammonia is substantial, it represents only a small part of the total domestic supply and will meet only a small part of the total demand for use in fertilizer production. ODC distribution of this limited quantity of Army anhydrous ammonia will be based upon the requirements of Public Law 793, as quoted above.

Distribution will be made on a quarterly basis, beginning with the fourth calendar quarter of 1948.

(c) *Statutory preference distribution to certain producers of ammonium sulphate.* For the purposes of this section, the term "producer of ammonium sulphate" means a person regularly engaged in the business of producing and selling a commercial fertilizer product composed chiefly of ammonium sulphate and containing not less than 20.5% of nitrogen; and the term "selling" ("or sale") does not include transactions with plants affiliated with a producer.

(1) As required by Public Law 793 preference in distribution will be given to the following classes of producers of ammonium sulphate, who will be authorized by ODC to purchase Army anhydrous ammonia to the extent necessary to permit such producers to operate:

(i) Those who were producing ammonium sulphate during the six-month period December 28, 1947–June 28, 1948;

(ii) Those who were producing ammonium sulphate on or prior to June 28, 1948 and ceased commercial production for want of anhydrous ammonia or are faced with an imminent shutdown in the production of ammonium sulphate for want of anhydrous ammonia.

This statutory preference distribution will be made upon the basis of applications submitted as explained in paragraph (g) of this section and subject to the conditions set out in paragraph (e) of this section.

(2) An application from a producer of ammonium sulphate eligible under subparagraph (1) of this paragraph will be approved only for the minimum quantity of anhydrous ammonia needed to continue or return the particular plant to the production and sale of ammonium sulphate.

(i) Ordinarily, approval will be limited to the quantity which the ODC estimates will, together with other available supplies of anhydrous ammonia, provide for production during the calendar quarter of 75% of the largest quantity of ammonium sulphate produced in the plant during any consecutive two months in the year July 1, 1947–June 30, 1948.

(ii) However, if the applicant conclusively demonstrates to the ODC that the quantity of anhydrous ammonia provided for in subdivision (i) of this subparagraph will not permit him to continue or return to commercial production and sale of ammonium sulphate without serious financial loss, the ODC may make available an additional quantity sufficient to permit operation without such loss.

(iii) In the event that, subsequent to an allocation to it of Army anhydrous ammonia under sub-paragraphs (2) (i) or (ii) of this paragraph, a plant obtains anhydrous ammonia for export purposes under Direction 4A to Allocations Regulation 2, the unshipped balance of the Army anhydrous ammonia previously allocated will be correspondingly reduced.

(d) *Distribution of balance.* Any balance of the Army anhydrous ammonia not required for the statutory preference distribution under paragraph (c) of this section will be distributed, to the extent available, to the commercial producers of primary nitrogen who are supplying nitrogen for the civilian export program of 1948–49 either as anhydrous ammonia or in the form of other nitrogenous fertilizer materials.

(1) The following classes of nitrogen producers who are participating in the 1948–49 export program will be eligible for a distribution:

(i) Primary producers of anhydrous ammonia who manufacture solid nitrogenous fertilizer materials or who regularly sell anhydrous ammonia.

(ii) Primary producers of by-product sulphate who will use anhydrous ammonia for increasing their output of ammonium sulphate.

(2) The distribution of Army anhydrous ammonia for the balance of the current fertilizer year (July 1, 1948 to June 30, 1949) will be made to the above classes of nitrogen producers in quantities proportionate to the amounts of nitrogen which they are to supply for the export program during the current fertilizer year under Direction 4A to Allocations Regulation 2.

CONDITIONS

(e) *Conditions.* Every distribution made under this section is made subject to the condition that the applicant agrees:

(1) To comply with the sales terms for Army anhydrous ammonia established by the Department of the Army as to price, payment, point of delivery, etc.

(2) To unload, promptly after arrival, the tank car(s) used to ship the Army anhydrous ammonia to the applicant's plant.

(3) In the case of producers of ammonium sulphate receiving preference distribution under paragraph (c) of this section, to use the Army anhydrous ammonia only at the plant covered by the application and only for the production and sale of ammonium sulphate for domestic fertilizer use.

(4) In the case of producers of primary nitrogen, receiving distribution under paragraph (d) of this section, to use or sell the tonnage of Army anhydrous ammonia or an equivalent quantity for the production of a corresponding additional quantity of solid nitrogenous fertilizer materials suitable for direct application to domestic crops.

(5) To comply with any further conditions established by the ODC, in approving the application, in order to further the objectives of section 205 of Public Law 793.

APPLICATION PROCEDURE

(f) *How to apply for distribution.* Distribution of Army anhydrous ammonia under this section will be made on a calendar quarterly basis starting with the fourth calendar quarter of 1948. Applications are to be made by letter, in duplicate, and must be received by ODC not later than the 10th day of October for the fourth quarter of 1948. For subsequent quarters applications must be received not later than 30 days prior to the first day of the quarter.

(g) *How producers of ammonium sulphate make application for preference distribution.* A producer of ammonium sulphate who is eligible for statutory preference distribution as explained in paragraph (c) of this section, and who agrees to comply with the conditions of paragraph (e) of this section, may submit an application to the ODC on a plant basis. In his application he must supply the following information:

(1) The total tonnage of ammonium sulphate produced at that plant during (i) the period July 1, 1947, to June 30, 1948, and (ii) the highest consecutive two months in the period.

(2) The total tonnage of ammonium sulphate sold as such from that plant during the period July 1, 1947, to June 30, 1948, excluding sales to affiliated plants.

(3) The types and total tonnages of other fertilizers and fertilizers materials, if any, produced at the plant during the period July 1, 1947, to June 30, 1948.

(4) The names and locations of other domestic commercial fertilizer or fertilizer materials plants, if any, currently owned or operated by the applicant or affiliated companies or being constructed by either.

(5) The total tonnages, and names of suppliers, of anhydrous ammonia, used by the applicant (including any used under toll agreement) during the period July 1, 1947 to June 30, 1948 (i) at the plant for which application is being made and (ii) at all other domestic commercial fertilizer or fertilizer materials plants, if any, owned or operated by the applicant or affiliated companies.

(6) The quantities of anhydrous ammonia covered by contracts, commitments, position or other arrangements of any kind he has or expects to have with commercial suppliers of anhydrous ammonia for the quarterly period covered by his application for all domestic commercial fertilizer or fertilizer materials plants owned or operated by the applicant or affiliated companies; the names of such suppliers; the minimum and maximum tonnages of anhydrous ammonia expected to be received during the quarterly period (state months) for the applicant plant; the quantities of anhydrous ammonia on hand at the first day of the quarterly period at the applicant plant.

(7) In addition, persons applying under paragraph (c) (2) (ii) of this section should specify the minimum quantity of ammonium sulphate production needed to avoid operation at a serious financial loss during the quarterly period and should support this with appropriate data as to costs, income and operating rates.

(8) Certify his application in substantially the following form:

The undersigned applicant certifies, subject to the penalties of section 35A of the United States Criminal Code, that the applicant is familiar with the provisions of Distribution Order D-1, as amended September 21, 1948; that the applicant is a producer of ammonium sulphate as defined in that order; that the applicant agrees to comply with the conditions of paragraph (e) of that order and will use any Army anhydrous ammonia made available to him only for the purposes for which it is made available; and that all information supplied in or in connection with this application is true and correct to the best of his knowledge and belief.

(h) *How a producer of primary nitrogen makes application.* Any producer of primary nitrogen who is participating in the 1948–49 export program may make an application for Army anhydrous ammonia under paragraph (d) of this section. In his application he must:

(1) State that he wishes to participate in the distribution of the balance of Army anhydrous ammonia, and

(2) Certify his application in substantially the following form:

The undersigned applicant certifies, subject to the penalties of section 35A of the United States Criminal Code, that the applicant is familiar with the provisions of Distribution Order D-1 as amended September 21, 1948; that the applicant is a producer of primary nitrogen; that the applicant agrees to comply with the applicable conditions of paragraph (e) of that order and will use any Army anhydrous ammonia made available to him only for the purpose for which it is made available; and that all information

supplied in or in connection with this application is true and correct, to the best of his knowledge and belief.

(i) *ODC action on application.* The ODC will notify each applicant, in writing, as to whether his application has been approved or denied. In approved cases, the ODC will notify the applicant how to place his orders with the Department of the Army and will issue appropriate directives to the Department of the Army.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Everett Foot Cushion Laboratories, etc., Docket 5258, August 11, 1948]

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 11th day of August A. D. 1948.

In the matter of George N. Bouthillette, an individual doing business under the trade names of Everett Foot Cushion Laboratories, and Everett Foot Cushion Company.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence introduced before a trial examiner of the Commission theretofore duly designated by it, recommended decision of the trial examiner, and brief in support of the complaint (no brief having been filed on behalf of respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, George N. Bouthillette, individually and trading under his own or any other name or designation, and his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondent's device formerly designated "Arch-Aidant" and now designated "Re-Zil-Arch", or any device of substantially similar construction, do forthwith cease and desist from directly or indirectly:

1. Representing that respondent's device stops foot trouble; relieves foot pains caused by fallen arches, callouses or other foot ailments; is scientifically constructed or designed; conforms to the shape or needs of the arch; exercises or massages the foot; strengthens the foot structure; relieves fallen arches, callouses, corns, cramped toes, tender heels, perspiration, leg pains, backache, poor circulation or metatarsal trouble.

2. Using the term "Arch-Aidant" or any other term of similar import to designate or describe said device, or otherwise representing that said device is of general aid to the arch of the foot.

3. Using the word "Laboratories" or any other word or term of similar import in respondent's trade name, or otherwise representing that he owns or operates a laboratory.

4. Representing as earnings or profits of respondent's sales agents any amount which is not a true representation of the average net earnings consistently made by such agents in the ordinary course of business under normal conditions and circumstances.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Crown Manufacturers Association of America et al., Docket 4602, August 4, 1948]

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 4th day of August A. D. 1948.

In the matter of Crown Manufacturers Association of America, an unincorporated association; L. C. McAuliffe, D. W. Hutchinson, E. J. Costa, and Louis B. Monfort, all individually and as officers and directors of the Crown Manufacturers Association of America; Joseph C. Feagley, and Benno Cohn, both individually and as directors of the Crown Manufacturers Association of America; and Arco Crown Cork & Cap Co., Inc.; the Armstrong Cork Company, a corporation; Bond Manufacturing Corporation, Inc.; Crown Cork & Seal Company, Inc.; Carvin Bottle Cap Corporation; Consolidated Cork Corporation; Ferdinand Gutmann & Company, a corporation; Hoosier Crown Corporation; W. H. Hutchinson & Son, Inc.; Benjamin Kraus, an individual trading under the name and style of Bamberger, Kraus & Co.; Mitchell & Smith, Inc.; Mundet Cork Corporation; and Western Stopper Company, Inc., all individually and as members of the Crown Manufacturers Association of America; and Chicago Crown Company, a corporation.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers thereto filed by the respondents, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, the recommended decision of the trial examiner and exceptions thereto filed by counsel supporting the complaint, and oral arguments of counsel; and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the corporate respondents Arco Crown Cork & Cap Co., Inc., Armstrong Cork Company, Bond Crown & Cork Company (formerly Bond Manufacturing corporation, Inc.), Crown Cork & Seal Company, Inc., Penn Cork & Closures, Inc. (formerly Carvin Bottle Cap Corporation), Consolidated Cork Corporation, Ferdinand Gutmann & Company, Hoosier Crown Corporation, W. H. Hutchinson & Son, Inc., Mitchell & Smith, Inc., Mundet Cork Corporation, and Western Crown Cork & Seal Corporation (formerly Western Stopper Company, Inc.), their respective officers, agents, representatives, and employees, and the individual respondents L. C. McAuliffe, E. J. Costa, Joseph C. Feagley, and Benno Cohn, and their respective agents, representatives, and employees, in or in connection with the offering for sale, sale, or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of crown bottle caps or cork discs used in the manufacture of crown bottle caps, do forthwith cease and desist from entering into, continuing, cooperating in, or carrying out any planned common course of action, understanding, agreement, combination, or conspiracy between any two or more of said respondents, or between any one or more of said respondents and others not parties hereto, to do or perform any of the following acts or things:

1. Fixing, establishing, or maintaining prices, terms, or conditions of sale for crown bottle caps or cork discs used in the manufacture of crown bottle caps, or adhering, or promising to adhere, to any prices, terms, or conditions of sale so fixed, established, or maintained.

2. Holding or participating in any meeting, discussion, or exchange of information among themselves or under the auspices of respondent Crown Manufacturers Association of America, or any other medium or agency, concerning proposed or future prices, terms, or conditions for sale of crown bottle caps.

3. Adopting or maintaining uniform standards governing the color, decoration, or appearance of crown bottle caps for the purpose or with the effect of establishing or maintaining, or assisting in the establishing or maintaining, of uniform prices for crown bottle caps.

4. Exchanging or distributing among the corporate respondents, or any of them, price lists or schedules or other information showing current or future prices, terms, or conditions of sale, for the purpose, or which have the tendency or effect, of fixing or maintaining uniform prices or terms of sale for crown bottle caps.

5. Quoting or selling crown bottle caps at prices calculated or determined pursuant to or in accordance with any freight-equalization plan, system, or formula which results in uniform delivered prices at any given destination, or which deprives purchasers of an opportunity to obtain some advantage in price or more favorable terms or conditions from one of the corporate respondents than from another.

6. Using or maintaining respondent Crown Manufacturers Association of America, or any other central agency, as an instrument or medium for promoting, aiding, or rendering more effective any cooperative or concerted efforts to suppress or eliminate competition by or through any of the means or methods set forth in the immediately preceding paragraphs numbered 1 to 5, inclusive, of this order.

It is further ordered, That respondent Crown Manufacturers Association of America, an unincorporated trade association, and its officers, agents, representatives, and employees, do forthwith cease and desist from knowingly advising, assisting, participating or cooperating with the aforesaid respondents, or any of them, in doing any of the things forbidden in the paragraphs numbered 1 to 5, inclusive, of this order.

It is further ordered, For reasons appearing in the findings as to the facts in this proceeding, that the complaint herein be, and it hereby is, dismissed as to the respondents D. W. Hutchinson, Louis B. Monfort, Benjamin Kraus, formerly trading under the name and style of Bamberger, Kraus & Co., and Chicago Crown Company.

It is further ordered, That the respondents against which this order is directed shall, within sixty (60) days after service of the same upon them, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission, Commissioner Mason not participating because of absence.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

JACQUES KREISLER MANUFACTURING CORPORATION ET AL.

§ 3.45 (c) *Discriminating in price—Indirect discrimination—Cumulative discounts.* In connection with the sale and distribution of jewelry products in commerce, discriminating directly or indirectly in price by charging, accepting, or receiving from different purchasers of jewelry products of like grade and quality net prices which differ as much as, or more than, two and one-half percent of the highest of such net prices; prohibited, subject to the provision, however, that the foregoing shall not be construed to prevent respondents from defending

any alleged violation of the order by showing that different prices make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from differing methods or quantities in which the products were sold or delivered. (Sec. 2 (a), 49 Stat. 1526; 15 U. S. C., sec. 13 (a)) [Cease and desist order, Jacques Kreisler Manufacturing Corporation et al., Docket 5446, August 11, 1948]

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 11th day of August A. D. 1948.

In the matter of Jacques Kreisler Manufacturing Corporation, a corporation; Jacques Kreisler, President, and Tobias Stern, Secretary and Treasurer, of Jacques Kreisler Manufacturing Corporation.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, a stipulation as to the facts, and a supplemental stipulation as to the facts, both entered into by counsel for respondents and the Chief Trial Counsel for the Commission, which stipulations provide, among other things, that without further evidence or other intervening procedure the Commission may proceed upon the complaint and said stipulations to make its report, stating its findings as to the facts and its conclusion based thereon, and enter its order disposing of this proceeding; and the Commission having made its findings as to the facts and conclusion that respondents have violated subsection (a) of section 2 of "An act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914 (the Clayton Act), as amended by Act approved June 19, 1936 (the Robinson-Patman Act):

It is ordered, That respondents, Jacques Kreisler Manufacturing Corporation, a corporation, and Jacques Kreisler and Tobias Stern as officers of the corporate respondent, their representatives, agents, and employees, directly or through any corporate or other device, in or in connection with the sale and distribution of jewelry products in commerce, as "commerce" is defined in the aforesaid Clayton Act as amended, do forthwith cease and desist from:

Directly or indirectly discriminating in price by charging, accepting, or receiving from different purchasers of jewelry products of like grade and quality net prices which differ as much as, or more than, 2½ per cent of the highest of such net prices; provided, however, that the foregoing shall not be construed to prevent respondents from defending any alleged violation of this order by showing that different prices make only due allowance for differences in the cost of manufacture, sale, or delivery resulting from differing methods or quantities in which the products were sold or delivered.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 141—TESTS AND METHODS OF ASSAY FOR ANTIBIOTIC DRUGS

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN- OR STREPTOMYCIN-CONTAINING DRUGS

MISCELLANEOUS AMENDMENTS

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and 61 Stat. 11; 21 U. S. C., Sup. 357) the regulations for tests and methods of assay of antibiotic drugs (12 F. R. 2215, 4023) and certification of batches of penicillin- or streptomycin-containing drugs (12 F. R. 2231, 4023, 8152; 13 F. R. 439) are amended as indicated below:

1. Section 141.21 *Crystalline penicillin tablets*, is amended by deleting paragraphs (c) and (d) and substituting therefor the following new paragraph:

(c) *Moisture.* Proceed as directed in § 141.5 (a).

2. Part 141 is amended by adding the following new sections:

§ 141.30 *Ephedrine penicillin*—(a) *Potency.* Proceed as directed in § 141.1.
(b) *Sterility.* Proceed as directed in § 141.2.
(c) *Pyrogens.* Proceed as directed in § 141.3.
(d) *Toxicity.* Proceed as directed in § 141.4.
(e) *Moisture.* Proceed as directed in § 141.5 (a).
(f) *pH.* Proceed as directed in § 141.5 (b).
(g) *Clarity.* Proceed as directed in § 141.5 (c).
(h) *Microscopical tests for crystallinity.* Proceed as directed in § 141.5 (d).
(i) *Penicillin G content.* Proceed as directed in § 141.5 (f) using an accurately weighed sample of approximately 80 milligrams and the following formula for calculating the percent of ephedrine penicillin G:

$$\text{Percent of ephedrine penicillin G} = \frac{\text{Milligrams N-ethyl piperidine penicillin precipitate} \times 223.2}{\text{Weight of sample in milligrams}}$$

(j) *Penicillin K content.* Proceed as directed in § 141.5 (g).

§ 141.31 *Ephedrine penicillin tablets*—(a) *Potency.* Proceed as directed in § 141.21 (a).
(b) *Moisture.* Proceed as directed in § 141.5 (a).
(c) *Microorganism count.* Proceed as directed in § 141.21 (b).

3. In § 146.25 *Penicillin in oil and wax*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$8.00" and substituting therefor "$4.00."

4. In § 146.26 *Penicillin ointment*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$8.00" and substituting therefor "$4.00."

5. In § 146.36 *Penicillin vaginal suppositories*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$2.00" and substituting therefor "$1.00."

6. a. In § 146.39 *Crystalline penicillin tablets*, paragraph (a) *Standards of identity, strength, quality, and purity*, third sentence, is amended to read: "The potency of each tablet is not less than 50,000 units; its moisture content is not more than 1.0 percent; its content of viable microorganisms is not more than 50 per gram. The penicillin used conforms to the requirements of § 146.24 (a) for crystalline penicillin, except subparagraphs (2), (4), and (7) of § 146.24 (a)."

b. In § 146.39 paragraph (c) *Labeling* is amended to read as follows:

(c) *Labeling.* Each package of crystalline penicillin tablets shall bear, on its label or labeling as hereinafter indicated, the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark;

(ii) The number of units in each tablet of the batch;

(iii) The statement "Warning—Not for injection"; and

(iv) The statement "Expiration date _____", the blank being filled in with the date which is 36 months after the month during which the batch was certified.

(2) On the outside wrapper or container:

(i) The statement "Caution: To be dispensed only by or on the prescription of a _____", the blank being filled in with the word "physician" or "dentist" or both, as the case may be; and

(ii) A reference specifically identifying a readily available medical publication containing directions and precautions (including contraindications and possible sensitization) adequate for the use of such tablets; or a reference to a brochure, or other printed matter containing such directions and precautions, and a statement that such brochure and printed matter will be sent on request.

c. In § 146.39, subparagraph (2) of paragraph (d) *Request for certification; samples*, is amended to read:

(2) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request results of the tests and assays listed after each of the following made by him on an accurately representative sample of:

(i) The batch; average potency per tablet, average moisture, microorganism count.

(ii) The penicillin used in making the batch; potency, toxicity, moisture, pH, penicillin K content (unless it is crystalline penicillin G), crystallinity and heat stability, and the penicillin G content, if it is crystalline penicillin G.

d. In § 146.39, subparagraph (3) of paragraph (d) *Requests for certification; samples*, is amended to read:

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch; one tablet for each 5,000 tablets in the batch, but in no case less than 20 tablets or more than 100 tablets, collected by taking single tablets at such intervals throughout the entire time of tableting that the quantities tableted during the intervals are approximately equal.

(ii) The crystalline penicillin used in making the batch; 10 packages, containing approximately equal portions of not less than 60 milligrams each, packaged in accordance with the requirements of § 145.24 (b).

e. In § 146.39, paragraph (d) is further amended by adding the following new subparagraph after § 146.39 (d) (3):

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii) of this paragraph, is required if such result or sample has been previously submitted.

f. In § 146.39, paragraph (e) is amended to read:

(e) *Fees.* The fee for the services rendered with respect to each batch of tablets crystalline penicillin under the regulations in this part shall be:

(1) $1.00 for each tablet in the sample submitted in accordance with paragraph (d) (3) (i) of this section, $4.00 for each package in the sample submitted in accordance with paragraph (d) (3) (ii) of this section; and

(2) If the Commissioner considers that investigations, other than examination of such tablets and packages, are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

7. In § 146.41 *Crystalline penicillin and epinephrine in oil*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$8.00" and substituting therefor "$4.00."

8. In § 146.45 *Procaine penicillin in oil*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$8.00" and substituting therefor "$4.00."

9. In § 146.46 *Crystalline penicillin for inhalation therapy*, subparagraph (2) of paragraph (d) *Request for certification; samples*, is amended to read:

(2) Such person shall submit in connection with his request accurately representative samples of the batch; one immediate container for each 5,000 immediate containers in the batch, but in no case less than 40 immediate containers or more than 100 immediate containers, except if the immediate container is packaged to contain more than 50,000 units, in which case not less than 20 immediate containers nor more than 50 immediate containers, collected by taking single immediate containers at such intervals throughout the entire time of packaging the batch that the quantities packaged during the intervals are approximately equal.

10. Part 146 is amended by adding the following new sections:

§ 146.48 *Ephedrine penicillin (penicillin ephedrine salt), ephedrine penicillin G (penicillin G ephedrine salt)*—(a) *Standards of identity, strength, quality, and purity.* Ephedrine penicillin is the crystalline ephedrine salt of a kind of penicillin, or a mixture of two or more such salts prepared from ephedrine U. S. P. and penicillin, but the quantity of any salt of penicillin K therein is not more than 30 percent; ephedrine penicillin G is ephedrine penicillin which contains not less than 85 percent by weight of the ephedrine salt of penicillin G. Each such drug is so purified and dried that:

(1) Its potency is not less than 1,000 units per milligram;
(2) It is sterile;
(3) It is nontoxic;
(4) It is nonpyrogenic;
(5) Its moisture content is not more than 1.5 percent;
(6) Its pH in aqueous solution of 5,000 to 10,000 units per milliliter is not less than 5 and not more than 7.5; and
(7) Its solution in water for injection U. S. P., dextrose injection 5 percent U. S. P., or physiological salt solution U. S. P., prepared by adding 5,000 to 10,000 units per milliliter, is of such clarity that it is substantially free of any turbidity or undissolved material.

(b) *Packaging.* In all cases the immediate containers shall be tight containers as defined by the U. S. P., shall be sterile at the time of filling and closing, shall be so sealed that the contents cannot be used without destroying the seal, and shall be of such composition as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling.* Each package of ephedrine penicillin shall bear on its outside wrapper or container and the immediate container as hereinafter indicated, the following:

(1) The batch mark;
(2) The weight of the drug and the number of units in the immediate containers;
(3) The statement "Expiration date _____", the blank being filled in with the date which is 12 months after the month during which the batch was certified; and
(4) The statement "For manufacturing use only".

(d) *Requests for certification, check tests and assays; samples.* (1) In addition to complying with the requirements of § 146.2, a person who requests certification of a batch of ephedrine penicillin shall submit with his request a statement showing the batch mark, the number of packages of each size in the batch, the weight of the drug and the number of units in each package, and (unless it was previously submitted) the date on which the latest assay of the drug comprising the batch was completed. Such request shall be accompanied or followed by the results of tests and assays made by him on the batch for potency, sterility, toxicity, pyrogens, moisture, pH, clarity, crystallinity, penicillin K content (unless it is ephedrine penicillin G), and the penicillin G content if it is ephedrine penicillin G.

(2) Such person shall submit with his request a sample containing 10 approximately equal portions of at least 300 milligrams each taken from different parts of such batch. Each such portion shall be packaged in a separate container and in accordance with the requirements of paragraph (b) of this section.

(3) In connection with the contemplated requests for certification of batches of another drug in the manufacture of which ephedrine penicillin is to be used, the manufacturer of a batch which is to be so used may request the Commissioner to make check tests and assays on a sample of such batch taken as prescribed by subparagraph (2) of this paragraph. From the information required by subparagraph (1) of this paragraph may be omitted results of tests and assays not required for the batch when used in such other drug. The Commissioner shall report to each manufacturer results of such check tests and assays as are so requested.

(e) *Fees.* The fee for the services rendered with respect to each batch under the regulations in this part shall be:

(1) $4.00 for each immediate container in the sample submitted in accordance with paragraph (d) (2) and (3) of this section; and

(2) If the Commissioner considers that investigations other than the examination of such immediate containers are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed under subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

§ 146.49 *Ephedrine penicillin tablets*—(a) *Standards of identity, strength, quality, and purity.* Ephedrine penicillin tablets are tablets composed of ephedrine penicillin and one or more buffer substances, with or without one or more suitable and harmless diluents, binders, and lubricants. The potency of each tablet is not less than 30,000 units. Its moisture content is not more than 1.5 percent, and its content of viable microorganisms is not more than 50 per gram. When a tablet is dissolved as directed the potency of such solution is not less than 4,000 units per milliliter after it has been

kept for one day at a temperature of 15° C. (59° F.). Such solution is isotonic, and has a pH of 6.0, ±0.2. The ephedrine penicillin used conforms to the requirements of § 146.48 (a) for ephedrine penicillin except subparagraphs (2), (4), and (7) of § 146.48 (a). Each buffer substance and preservative used, if their names are recognized in the U. S. P. or N. F., conforms to the standards prescribed therefor by such official compendium.

(b) *Packaging.* Unless each tablet is enclosed in foil or plastic film and such enclosure is a tight container as defined by the U. S. P., except the provision that it shall be capable of tight reclosure, the immediate container shall be a tight container as so defined. The immediate container may also contain a desiccant separated from the tablets by a plug of cotton or other like material. The composition of the immediate container, or of the foil or film enclosure, shall be such as will not cause any change in the strength, quality, or purity of the contents beyond any limit therefor in applicable standards, except that minor changes so caused which are normal and unavoidable in good packaging, storage, and distribution practice shall be disregarded.

(c) *Labeling.* Each package of tablets ephedrine penicillin shall bear, on its label or labeling as hereinafter indicated, the following:

(1) On the outside wrapper or container and the immediate container:

(i) The batch mark;

(ii) The number of units in each tablet of the batch;

(iii) The statement "Expiration date ---------", the blank being filled in with the date which is 12 months after the month during which the batch was certified;

(iv) A statement giving the method of dissolving the tablets, and a statement that distilled water U. S. P. should be used;

(v) The potency per milliliter after the tablet has been dissolved therein;

(vi) The statement "Warning—Not for injection or oral use", and unless it is intended solely for veterinary use and is conspicuously so labeled, a statement "To be administered only by a ---------", the blank being filled in with the word "physician" or "dentist" or "veterinarian" or with any combination of two or all of these words, as the case may be; and

(vii) The conditions under which the solution should be stored including a reference to its instability when stored under other conditions, and a statement "Prepare a fresh solution each 24 hours".

(2) On the outside wrapper or container, unless it is intended solely for veterinary use and is conspicuously so labeled:

(i) The statement "Caution: To be dispensed only by or on the prescription of a ----------", the blank being filled in with the word "physician" or "dentist" or "veterinarian" or with any combination of two or all of these words, as the case may be; and

(ii) A reference specifically identifying a readily available medical publication containing directions and precautions (including contraindications and possible sensitization) adequate for the use of the tablets; or a reference to a brochure or other printed matter containing such directions and precautions, and a statement that such brochure and printed matter will be sent on request.

(3) If intended solely for veterinary use, directions and precautions adequate for the use of such tablets, including:

(i) Clinical indications;

(ii) Dosage and administration;

(iii) Contraindications; and

(iv) Untoward effects that may accompany administration.

If two or more such immediate containers are in such package, the number of circulars or other labeling shall not be less than the number of such containers.

(d) *Request for certification; samples.* (1) In addition to complying to the requirements of § 146.2, a person who requests certification of a batch of ephedrine penicillin tablets shall submit with his request a statement showing the batch mark, the number of packages of each size in such batch, the batch mark and (unless it was previously submitted) the date on which the latest assay of the ephedrine penicillin used in making such batch was completed, the number of units in each tablet, the quantity of each ingredient used in making the batch, the date on which the latest assay of the drug comprising the batch was completed, and a statement that each ingredient used in making the batch conforms to the requirements prescribed therefor, if any, by this action.

(2) Except as otherwise provided in subparagraph (4) of this paragraph, such person shall submit in connection with his request results of the tests and assays listed after each of the following, made by him on an accurately representative sample of:

(i) The batch, average potency per tablet, average moisture, microorganism count; and

(ii) The ephedrine penicillin used in making the batch; potency, toxicity, moisture, pH, penicillin K content (unless it is ephedrine penicillin G), crystallinity, and the penicillin G content if it is ephedrine penicillin G.

(3) Except as otherwise provided by subparagraph (4) of this paragraph, such person shall submit in connection with his request, in the quantities hereinafter indicated, accurately representative samples of the following:

(i) The batch; one tablet for each 5,000 tablets in the batch, but in no case less than 20 tablets or more than 100 tablets, collected by taking single tablets at such intervals throughout the entire time of tableting that the quantities tableted during the intervals are approximately equal;

(ii) The ephedrine penicillin used in making the batch; six packages, each containing approximately equal portions of not less than 300 milligrams, packaged in accordance with the requirements of § 146.48 (b); and

(iii) In case of an initial request for certification, each buffer substance, diluent, binder, and lubricant used in making the batch; one package of each, each containing approximately 5 grams.

(4) No result referred to in subparagraph (2) (ii) of this paragraph, and no sample referred to in subparagraph (3) (ii) of this paragraph, is required if such result or sample has been previously submitted.

(e) *Fees.* The fee for services rendered with respect to each bath of ephedrine penicillin tablets under the regulations in this part shall be:

(1) $1.00 for each tablet in the sample submitted in accordance with paragraph (d) (3) (i) of this section, $4.00 for each package in the sample submitted in accordance with paragraph (d) (3) (ii) and (iii) of this section; and

(2) If the Commissioner considers that investigations, other than examination of such tablets and packages, are necessary to determine whether or not such batch complies with the requirements of § 146.3 for the issuance of a certificate, the cost of such investigations.

The fee prescribed by subparagraph (1) of this paragraph shall accompany the request for certification unless such fee is covered by an advance deposit maintained in accordance with § 146.8 (d).

11. In § 146.101 *Streptomycin sulfate, streptomycin hydrochloride, streptomycin phosphate, streptomycin trihydrochloride calcium chloride*, subparagraph (1) of paragraph (e) *Fees* is amended by deleting "$15.00" and substituting therefor "$10.00."

That part of this order which provides for the marketing of two new penicillin products, ephedrine penicillin and ephedrine penicillin tablets, shall become effective upon publication in the FEDERAL REGISTER.

Notice and public procedure are not necessary prerequisites to the promulgation of this part of this order and would be contrary to the public interest, and I so find, since it was drawn in collaboration with interested members of the affected industry, and since it would be against public interest to delay the marketing of two new penicillin products, ephedrine penicillin and ephedrine penicillin tablets.

That part of this order which provides for reducing the cost (fees) for certification of streptomycin- and the following penicillin-containing drugs: Penicillin in oil and wax, penicillin ointment, penicillin vaginal suppositories, crystalline penicillin and epinephrine in oil, procaine penicillin in oil, and crystalline penicillin for inhalation therapy; for modification of the specification for crystalline penicillin tablets and a decrease in the number of tablets required for tests and assays and certification, shall become effective 30 days after the date of its publication in the FEDERAL REGISTER.

Notice and public procedure are not necessary prerequisites to the promulgation of this part of this order and would be contrary to the public interest, and I so find.

PART 19—DEFINITIONS AND STANDARDS OF IDENTITY FOR CHEESE AND CHEESE PRODUCTS

FINAL ORDER WITH RESPECT TO CREAM CHEESE, NEUFCHATEL CHEESE, AND COTTAGE CHEESE; TENTATIVE ORDER WITH RESPECT TO CREAMED COTTAGE CHEESE

Correction

In Part 19 of Title 21, appearing as Federal Register Document 48-8353 in the issue for Friday, September 17, 1948, at page 5422, the original document has been corrected as follows:

On page 5423, column 1, under § 19.515, paragraph (b) (2), line 10, the paragraph should end with the words "cream cheese"—the words "when the milk or skim milk was concentrated or dried" should be stricken.

On page 5423, column 1, under § 19.515, paragraph (b) (3), the period at the end of the paragraph should be deleted and the words "when the milk or skim milk was concentrated or dried" should be added.

As corrected, subparagraphs (2) and (3) of § 19.515 (b) read as follows:

§ 19.515 *Cream cheese; identity; label statement of optional ingredients.*
• • •

(b) • • •

(2) In the preparation of cream cheese one or any mixture of two or more of the optional ingredients gum karaya, gum tragacanth, carob bean gum, gelatin, or algin may be used; but the quantity of any such ingredient or mixture is such that the total weight of the solids contained therein is not more than 0.5 percent of the weight of the finished cream cheese.

(3) The dairy ingredients referred to in subparagraph (1) of this paragraph are milk, skim milk, concentrated milk, concentrated skim milk, and nonfat dry milk solids. If concentrated milk, concentrated skim milk, or nonfat dry milk solids is used, water may be added in a quantity not in excess of that removed when the milk or skim milk was concentrated or dried.

Chapter VIII—Office of the Housing Expediter

[Controlled Housing Reg.[1], Amdt. 39]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§ 825.1) is amended in the following respects:

1. Schedule B is amended by incorporating item 31 as follows:

31. Provisions relating to the City of Petersburg, Virginia, a portion of the Petersburg, Defense-Rental Area.

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents are hereby increased, effective September 24, 1948, in the amount of 15 percent for all housing accommodations in the City of Petersburg, Virginia, a part of the Petersburg Defense-Rental Area, for which the maximum rents are determined under sections 4 (a) and 4 (b) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or section 5 of this regulation in cases in which section 5 of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date; *Provided, however*, That no increase is hereby authorized of maximum rents which have been adjusted under section 5 (a) (16) of this regulation or which have been adjusted on or after August 22, 1947 under section 5 (a) (12) of this regulation. All provisions of this regulation insofar as they are applicable to the Petersburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

This amendment shall become effective September 24, 1948.

Issued this 24th day of September 1948.

J. WALTER WHITE,
Acting Housing Expediter.

Statement To Accompany Amendment 39 to the Controlled Housing Rent Regulation and Amendment 39 to Controlled Rooms in Rooming Houses and Other Establishments

The Local Advisory Board for the Petersburg Defense-Rental Area, State of Virginia, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in the City of Petersburg, Virginia, a portion of the Petersburg Defense-Rental Area, on freeze date rents and on those rents adjusted by orders on the basis of the rents generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 15 percent, and is, therefore, issuing this amendment to effectuate such portion of the recommendation.

PART 176—DRAWBACK ON DISTILLED SPIRITS AND WINES

FIBERBOARD CASES

SEPTEMBER 17, 1948.

1. On June 10, 1948, notice of proposed rule-making, regarding construction of fiberboard cases for use in packing distilled spirits bottled especially for export, was published in the FEDERAL REGISTER (13 F. R. 3120).

2. After consideration of all such relevant matter as was presented by interested persons regarding the proposal, the following amendment of § 176.27 of Regulations 28 (26 CFR, Part 176), approved August 29, 1940, is hereby adopted.

3. The purpose of this amendment is to enumerate the federal specifications which shall be applicable to the construction of fiberboard cases suitable for packing distilled spirits bottled especially for export; to eliminate provisions which may be inconsistent therewith; and to restate requirements for liners and partitions, and the sealing of cases for shipment. Copies of Federal Specifications LLL–B–631 and LLL–B–636 may be procured from the Superintendent of Documents, Washington 25, D. C., for the sum of five cents each.

§ 176.27 *Fiberboard cases*—(a) *Requirements.* Spirits bottled especially for export may be placed in cases (boxes) constructed of solid fiberboard, single and double wall corrugated fiberboard, one-piece style, meeting the applicable requirements of rule 41, Consolidated Freight Classification; rule 18, Official Express Classification; Federal Specifications LLL–B–631 for corrugated sheets except that B-flute corrugated sheets specified therein may not be used; and Federal Specifications LLL–B–636 for solid fiber boxes: *Provided*, That the cases need not be subjected to the drop test requirements of such federal specifications. In addition, the requirements of paragraphs (b) and (c) of this section shall apply.

(b) *Liners and partitions.* The top, bottom, and sides of the cases shall be lined with double-faced corrugated board conforming to the requirements of paragraph (a) of this section. Except as otherwise provided herein, the cases shall also contain partitions separating each bottle. Such partitions shall be tightly fitting, touching the top, bottom, and all sides of the case, and made of the same board as the liners for the top, bottom, and sides. The interior packing of pads, liners, or partitions is not required where the bottles are placed in individual double-faced corrugated cartons meeting the requirements of paragraph (a) of this section. Exclusive of liners, interior packing other than the type specified herein may be used where equal protection to the spirits will be afforded.

(c) *Securing cases for shipment.* The top and bottom of the case shall be secured by gluing the entire inner surface of the inner flaps to the top and bottom liners, and the entire inner surface of the outer flaps to the inner flaps with silicate of soda, or an equally efficient adhesive: *Provided*, That containers sealed with automatic sealing machines are not required to have the inner flaps glued to the top and bottom pads or liners. In lieu of gluing, the top and bottom of the case may be secured with metal fastenings or staples, or stitching wire made of steel, treated to resist rust, and not less than ½ of an inch long. The staples or stitches shall be spaced not more than 2 inches apart, shall pass through all the pieces to be fastened, and shall be clinched on the inside. (Sec. 3179 (b), I. R. C., and sec. 309 (a), (b), (c), (d) of the Tariff Act of 1930, as amended, (19 U. S. C. Supp. V, 1309 (a), (b), (c), (d)))

4. This Treasury decision shall be effective on the 31st day after the date of publication in the FEDERAL REGISTER.

PART 188—BOTTLING OF DISTILLED SPIRITS (OTHER THAN ALCOHOL) IN BOND

FIBERBOARD CASES

SEPTEMBER 17, 1948.

1. On June 10, 1948, notice of proposed rule-making, regarding construction of fiberboard cases for use in packing bottled-in-bond distilled spirits, was published in the FEDERAL REGISTER (13 F. R. 3121).

2. After consideration of all such relevant matter as was presented by interested persons regarding the proposal, the following amendment of § 188.89 of Regulation 6 (26 CFR, Part 188), approved September 19, 1940, is hereby adopted.

3. The purpose of this amendment is to enumerate the federal specifications which shall be applicable to the construction of fiberboard cases suitable for packing distilled spirits bottled in bond; to eliminate requirements which may be inconsistent therewith; and to restate requirements for liners and partitions, and the sealing of cases for shipment. Copies of Federal Specifications LLL–B–631 and LLL–B–636 may be procured from the Superintendent of Documents, Washington 25, D. C., for the sum of five cents each.

§ 188.89 *Fiberboard cases*—(a) *Requirements.* Spirits bottled in bond may be placed in cases (boxes) constructed of solid fiberboard, single and double wall corrugated fiberboard, one-piece style, meeting the applicable requirements of rule 41, consolidated Freight Classification; rule 18, Official Express Classification; Federal Specifications LLL–B–631 for corrugated boxes, except that B-flute corrugated sheets specified therein may not be used; and Federal Specifications LLL–B–636 for solid fiber boxes: *Provided*, That the cases need not be subjected to the drop test requirements of such Federal specifications. In addition, the requirements of paragraphs (b) and (c) of this section shall apply.

(b) *Liners and partitions.* The top, bottom, and sides of the cases shall be lined with double-faced corrugated board conforming to the requirements of paragraph (a) of this section. Except as otherwise provided in this section, the cases shall also contain partitions separating each bottle. Such partitions shall be tightly fitting, touching the top, bottom, and all sides of the case, and made of the same board as the liners for the top, bottom, and sides. The interior packing of pads, liners, or partitions is not required where the bottles are placed in individual double-faced corrugated cartons meeting the requirements of paragraph (a) of this section. Exclusive of liners, interior packing other than the type specified herein may be used where equal protection to the spirits will be afforded.

(c) *Securing cases for shipment.* The top and bottom of the case shall be secured by gluing the entire inner surface of the inner flaps to the top and bottom liners, and the entire inner surface of the outer flaps to the inner flaps with silicate of soda, or an equally efficient adhesive: *Provided*, That containers sealed with automatic sealing machines are not required to have the inner flaps glued to the top and bottom pads or liners. In lieu of gluing, the top and bottom of the case may be secured with metal fastenings or staples, or stitching wire made of steel, treated to resist rust, and not less than ½ of an inch long. The staples or stitches shall be spaced not more than 2 inches apart, shall pass through all the pieces to be fastened, and shall be clinched on the inside. (Secs. 2905, 3176, I. R. C. (26 U. S. C. 2905, 3176))

4. This Treasury decision shall be effective on the 31st day after the date of publication in the FEDERAL REGISTER.

PART 139—STANDARD TIME ZONE BOUNDARIES

STANDARD TIME ZONE INVESTIGATION

At a session of the Interstate Commerce Commission, Division 2, held at its

office in Washington, D. C., on the 17th day of September A. D. 1948.

It appearing, that by report and order dated October 24, 1918, (51 I. C. C. 273; 49 CFR 139), the Commission defined the limits of the various time zones throughout the United States created by the act of Congress entitled "An Act to Save Daylight and to Provide Standard Time," approved March 19, 1918 (40 Stat. 450; 15 U. S. C. 261–265), and that said limits were restated and redefined in the sixteenth supplemental report and order in this investigation, dated May 19, 1928, (142 I. C. C. 279; 49 CFR Part 139), and were modified by the twenty-first supplemental report and order in this proceeding, dated August 14, 1936, (218 I. C. C. 221; 49 CFR Part 139);

It further appearing, that upon request of the representatives of certain organizations of employees of the Wabash Railroad Company for a modification of the orders entered herein, the proceeding was reopened for reconsideration;

And it further appearing, that a full investigation of the matters and things involved has been made, and that the said division, on the date hereof, has made and filed its twenty-ninth supplemental report in the above-entitled proceeding, containing its findings of fact and conclusions thereon, which said twenty-ninth supplemental report is hereby referred to and made a part hereof:

It is ordered, That the said order of October 24, 1918, as subsequently amended, as restated in the said order of May 19, 1928, and further amended by the said order of August 14, 1936, and corresponding sections of the Code of Federal Regulations (49 CFR Part 139), are hereby amended as follows:

Section 139.3 *Boundary line between eastern and central zones*—(g) *Operating exceptions*—(1) *Lines east of boundary excepted from eastern zone*, is amended by changing the following operating exception:

Name of railroad	From—	To—
Wabash	Ohio-Indiana State line (west of Blakesley, Ohio).	Detroit, Mich.
so as to read: Wabash	Ohio-Indiana State line (west of Blakesley, Ohio).	Oakwood Junction, Mich.

It is further ordered, That the changes and additions required hereby shall become effective at 2 o'clock ante meridian September 26, 1948;

And it is further ordered, That notice to the general public shall be given by depositing a copy of this order in the office of the Secretary of the Commission for public inspection, and by filing a copy with the Director, Division of the Federal Register.

By the Commission, Division 2.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 984]

HANDLING OF WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

NOTICE OF PROPOSED PACK SPECIFICATIONS AND MINIMUM STANDARDS; AND INFORMATION TO BE CONTAINED IN CERTIFICATES

Notice is hereby given, pursuant to the provisions of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 60 Stat. 237) approved June 11, 1946, that the administrative rules herein set forth are proposed by the Walnut Control Board (the administrative agency for operations under this regulatory program) in accordance with the authority vested in it by § 984.3 of the marketing agreement and order (13 F. R. 4344) regulating the handling of walnuts grown in California, Oregon, and Washington, which marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.; 61 Stat. 208, 707).

Prior to the final issuance of such administrative rules, consideration will be given to any data, views, or arguments pertaining thereto which are submitted, in writing and in duplicate, to the Walnut Control Board, 213 Wholesale Terminal Building, Los Angeles 21, California, and which are received by it not later than 1:00 p. m., P. s. t., on the 10th day after the date of the publication of this notice in the FEDERAL REGISTER, except that, if such 10th day should fall on a holiday or a Sunday, such submission may be received not later than 1:00 p. m., P. s. t., on the next following working day.

Such proposed administrative rules are as follows:

§ 984.101 *Pack specifications for merchantable (unshelled) walnuts, including minimum standards of quality and maturity*—(a) *Size grade specifications.* (1) Mammoth Size: Walnuts of which not over 12 percent by count pass through a round opening 9/64 inches in diameter;

(2) Jumbo Size: Walnuts of which not over 12 percent by count pass through a round opening 8 2/64 inches in diameter;

(3) Large Size: Walnuts of which not over 12 percent by count pass through a round opening 7/64 inches in diameter;

(4) Medium Size: Walnuts of which at least 88 percent by count pass through a round opening 7/64 inches in diameter and of which not over 12 percent by count pass through a round opening 7/64 inches in diameter;

(5) Number 1 Size: Walnuts of which not over 12 percent by count pass through a round opening 7/64 inches in diameter. This size is customarily obtained when lots of walnuts are graded for removal of "Baby Size";

(6) Baby Size: Walnuts of which at least 88 percent by count pass through a round opening 7/64 inches in diameter and of which not over 10 percent by count pass through a round opening 6/64 inch in diameter.

(b) *External appearance and condition*—(1) *Specifications and tolerances.* Merchantable walnuts must be free of excessively dirty nuts, nuts affected by adhering hulls, dark spots, and nuts having perforated or broken or split shells, except that the following tolerances (by count) shall be permitted within the packs specified:

(i) First Quality Grade: 10 percent for splits and an additional 5 percent for defects other than splits;

(ii) Second and Third Quality Grades: 10 percent for splits and an additional 10 percent for defects other than splits;

(iii) External defects: In determining the percentage of externally defective walnuts in a lot, all walnuts affected as follows shall be considered as not free from defects:

(a) Excessively dirty nuts: Walnuts with shells coated or caked with adhering dirt or other foreign matter so as to seriously damage the appearance. Walnuts with slightly chalky deposits on the shells shall not be considered excessively dirty;

(b) Adhering hull: Walnuts the shells of which have adhering to them any portion of the hull;

(c) Dark spots: Discoloration or stains contrasting with the color of the remainder of the shell which results in unclean or unsightly appearance or render a given pack of walnuts unattractive;

(d) Perforated shells: Walnuts with improperly developed areas on the shell resembling abrasions and usually including small holes penetrating the shell wall, if an area of surface aggregating more than three-eighths of an inch in diameter is affected;

(e) Broken shells: Walnuts with any material portion of the shell missing or with the halves completely broken apart or separated;

(f) Split shells or splits: Walnuts with the shell halves completely separated but held together by the kernel.

(c) *Internal or kernel quality*—(1) *Quality grade specifications and tolerances.* The quality grade of any lot of walnuts, within the limits of tolerances specified for external appearance and condition, shall be the highest quality grade to which such lot is eligible under the following specifications: Within a 5 percent tolerance, no quality grade shall be given any lot of walnuts unless the kernels are well dried (firm and crisp). A kernel, as referred to herein, means all of the non-fibrous content of one individual walnut, i. e., two halves, four quarters, etc.

The color chart referred to in these specifications as the WCB color chart is the chart adopted June 15, 1944 by the then Program Committee, War Food Order 82, and is available for inspection at the office of the Walnut Control Board, 213 Wholesale Terminal Building, Los Angeles 21, California.

(i) *First Quality Grade Walnuts.* First Quality Grade Walnuts shall contain not less than 90 percent (by count) of nuts the kernels of which are free from defects, except that not less than 95 percent (by count) shall be free from insect damage. At least 50 percent of the kernels in any lot shall be light in color in accordance with the WCB color chart; only sound kernels shall be scored "light". In determining the percentage of sound kernels in a lot of walnuts for qualification as of "First Quality Grade," all walnuts the kernels of which show the following defects shall not be considered as sound:

(a) Insect damage: Kernels affected in any way by codling moth larvae, ants, moths, beetles, or any other insects;

(b) Moldy kernels: Kernels showing on their surface mold readily discernible to the eye, except that kernels bearing a few loose filaments of white or light gray mold which are easily blown off shall not be considered moldy;

(c) Shriveled kernels: Kernels which are noticeably shrunken, leathery or tough as distinguished from kernels which are fully developed. A kernel with one-eighth or more of its surface affected by shriveling shall be considered as noticeably shrunken and scored as unsound. Kernels which are thin in cross section but which otherwise are normally developed shall not be considered shriveled: *Provided*, That with respect to walnuts produced in the States of Oregon and Washington, kernels shriveled one-eighth or more but less than one-half shall be scored one-half sound. However, in any 100 nuts not more than 10 such nuts may be combined to make 5 percent sound; each additional such nut shall count as 1 percent defective;

(d) Blanks: Walnuts with kernels so shrunken or improperly matured as to be inedible or worthless;

(e) Rancid kernels: Kernels which have a decomposed appearance or a rancid taste;

(f) Black kernels: Kernels as dark or darker in color than those illustrated in row "E" of the WCB color chart.

(ii) *Second Quality Grade Walnuts.* Second Quality Grade Walnuts shall contain not less than 86 percent (by count) of kernels practically free from defects, except that 90 percent of the kernels shall meet the minimum specifications established herein for "Third Quality Grade." At least 30 percent of the kernels in any lot shall be light in color in accordance with the WCB color chart; only sound kernels shall be scored "light".

In determining the percentage of sound kernels in a lot of walnuts for qualification as of "Second Quality Grade," all walnuts showing the defects described under "First Quality Grade," shall not be considered as sound, except that:

(a) Partially moldy kernels: Kernels affected by a slight covering of white or gray mold which does not affect more than one-fourth of the surface of the kernel shall be classed as sound;

(b) Shriveled kernels: The provisions under "First Quality Grade" for scoring shriveled kernels in walnuts produced in the States of Oregon and Washington shall apply to California walnuts in scoring for shriveling under "Second Quality Grade";

(iii) *Third Quality Grade Walnuts.* Third Quality Grade Walnuts shall contain not less than 90 percent (by count) of passable kernels. In determining the percentage of passable kernels in a lot of walnuts, all walnuts, the kernels of which show the following defects, shall not be considered passable;

(a) Insect damage: Kernels affected in any way by codling moth larvae, ants, moths, beetles, or any other insects;

(b) Moldy kernels: Kernels on which there is fruiting mold of any description, or mold mycelia affecting more than one-fourth of the surface of the kernel;

(c) Shriveled kernels: Kernels which are edible but so shriveled as to be one-half or less than half the normal size. Each shriveled kernel shall be classed as half sound, that is, two such kernels shall be counted as one sound and one defective kernel;

(d) Blanks: Walnuts with kernels so shrunken or improperly matured as to be inedible or worthless;

(e) Rancid: Kernels which have a decomposed appearance or a rancid taste.

(d) *Minimum standards.* The specifications for (1) Baby Size, (2) Third Quality Grade with respect to internal or kernel quality, and (3) External Appearance and Condition, applicable to Second and Third Quality Grades, as herein prescribed including respective tolerances, shall be the minimum standards of quality and maturity prescribed pursuant to § 984.3 of the marketing agreement and order (13 F. R. 4344).

§ 984.102 *Certification of merchantable walnuts*—(a) *Information to be contained in certificates for shipment:* Every certificate issued for each lot of merchantable walnuts handled or to be handled for shipment, shall contain, in addition to the information required by § 984.3 (b) of Order No. 84, regulating the handling of walnuts grown in California, Oregon and Washington, the following information: Crop year of production of each lot; if shipment is made by rail the car number; if shipment is made by truck the name of the transportation company; and on all copies except those submitted to the Walnut Control Board, the shipping mark or consignee's name.

(b) *Information to be contained in certificates for surplus.* Every certificate issued for each lot of surplus walnuts shall contain in addition to the information required by § 984.3 (b) of Order No. 84 regulating the handling of walnuts grown in California, Oregon and Washington, the following information: Handler's lot number; brand, if any; crop year of production; and the location where the surplus walnuts are withheld and stored.

Issued at Washington, D. C., this 20th day of September 1948.

NOTICES

CIVIL AERONAUTICS BOARD

[Docket No. 3088]

EASTERN AIR LINES, INC.; REMOVAL OF WINSTON-SALEM-GREENSBORO RESTRICTION

NOTICE OF HEARING

In the matter of the application of Eastern Air Lines, Inc., for amendment of its certificates for routes Nos. 5 and 6 so as to remove restrictions preventing service to Greensboro/High Point and Winston-Salem on the same flight.

Notice is hereby given, pursuant to the Civil Aeronautics Act of 1938, as amended, that the above application is assigned for hearing on October 11, 1948, at 10:00 a. m. (eastern standard time) in Room 2015, Temporary Building No. 5, 16th Street and Constitution Avenue, NW, Washington, D. C., before Examiner Ralph L. Wiser.

Without limiting the scope of the issues to be considered, particular attention will be directed to the following matters;

1. Whether the proposed amendments of certificates are required, in whole or in part, by the public convenience and necessity.

2. Whether the applicant is a citizen of the United States and is fit, willing, and able to perform the proposed new transportation properly and to conform to the provisions of the act and the rules, regulations, and requirements of the Board thereunder.

Notice is further given that any person, other than the parties of record, desiring to be heard in this proceeding shall file with the Board on or before October 11, 1948, a statement setting forth the issues of fact and law raised in this proceeding which he desires to controvert.

Dated at Washington, D. C., September 20, 1948.

By the Civil Aeronautics Board.

[Docket No. G-1122]

ATLANTIC SEABOARD CORP.

NOTICE OF APPLICATION

SEPTEMBER 20, 1948.

Notice is hereby given that on September 9, 1948, an application was filed with the Federal Power Commission by Atlantic Seaboard Corporation (Applicant), a Delaware corporation having its principal place of business at Charleston, West Virginia, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of a 1600 H. P. compressor station, consisting of two 800 H. P. gas engine compressing units, complete with appurtenant auxiliary equipment, structures, land and improvements, to be known as the Huff Creek Compressor Station and located near Hanover, West Virginia, at a point approximately 46 miles east of Boldman, Kentucky, on Applicant's present 20-inch pipeline.

Applicant states that the installation of the proposed facilities will permit the delivery of approximately 8,000 Mcf per day additional natural gas at Rockville, Maryland, through Applicant's present 20-inch pipeline north from Boldman, Kentucky. Applicant's deliveries at Rockville, Maryland, are to Washington Gas Light Company, among others, for distributing in the City of Washington, D. C., whose estimated peak day demand for the winter 1948-49 is in excess of Applicant's installed capacity.

The estimated total over-all capital cost of construction of the proposed facilities is $480,000, to be financed from cash on hand, and a loan of $120,000 from Applicant's parent company, the Columbia Gas System, Inc.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reason for such request.

The application of Atlantic Seaboard Corporation is on file with the Commission and open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of § 1.8 or § 1.10, whichever is applicable, of the rules of practice and procedure.

[Docket No. G-1104]

TEXAS GAS TRANSMISSION CORP.

NOTICE OF APPLICATION

SEPTEMBER 20, 1948.

Notice is hereby given that on August 19, 1948, an application was filed with the Federal Power Commission by Texas Gas Transmission Corporation (Applicant), a Delaware corporation with its principal office at Owensboro, Kentucky, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of the following described facilities, which are more particularly described in the application on file with the Commission and open to public inspection:

Approximately 4½ miles of 6⅝-inch O. D. natural-gas transmission pipeline starting at a point of connection with the local distribution system of Western Kentucky Gas Company, and extending in a general southwesterly direction to a connection with Applicant's main 10-inch natural-gas transmission pipeline which connection is approximately 7 miles northwest of Applicant's connection with the Tennessee Gas Transmission natural-gas pipeline system at Portland, Tennessee.

The application states that the proposed described connection is needed in order to supply the increasing domestic and commercial demands of the area of Franklin, Kentucky, which is served by the Western Kentucky Gas Company distribution system. The Applicant states that it is the only source of natural gas supply for that distribution system and that Applicant's predecessor company rendered this service for many years. Applicant further states that it has been advised that Western Kentucky Gas Company now serves 956 customers in Franklin, classified as 817 domestic and 139 commercial and that no industrial customers are served and none is expected to be served. Of the said domestic customers, 400 use gas for house-heating.

The application states that the peak day sales in 1947 by Applicant to Western Kentucky Gas Company for Franklin totaled 1,047 Mcf and that it is estimated that 1948 peak day sales will total 1,370 Mcf, increasing thereafter to an estimated peak day sale of 2,000 Mcf in 1952. Applicant estimates that actual peak day sales for Franklin on the 1947 peak day were 203 Mcf less than the actual requirements. Applicant states that the expected increase in the supply of natural gas delivered by Tennessee Gas Transmission Corporation to Applicant will provide sufficient quantities of gas for service in the Franklin area, and that the proposed described construction is needed in order to provide sufficient operating gas pressures for the distribution system in Franklin. Applicant states that during 8 days of the 1947 winter season pressures were reduced from 45 pounds to 6 pounds at the Franklin town border and as a consequence 25% of the consumers therein were wholly without gas.

The estimated total over-all capital cost of the construction of the proposed facilities is $63,087, which will be financed by Applicant from funds on hand.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such a request.

The application of Texas Gas Transmission Corporation is on file with the Commission and open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of § 1.8 or § 1.10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947).

INTERSTATE COMMERCE COMMISSION

[S. O. 825]

UNLOADING OF LUMBER AT DODSON, MO., ON K. C. P. S. Co.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 20th day of September A. D. 1948.

It appearing, that one car of lumber at Dodson, Mo., on Kansas City Public Service Company, has been on hand for an unreasonable length of time and that the delay in unloading said car is impeding its use; in the opinion of the Commission an emergency exists requiring immediate action: It is ordered, that:

(a) *Lumber at Dodson, Mo., be unloaded.* The Kansas City Public Service Company, its agents or employees, shall unload immediately ATSF 149167 containing lumber, now on hand rejected at Dodson, Mo., consigned to R. L. Sweet Lumber Co.

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., September 22, 1948, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations, or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify the Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

TITLE 7—AGRICULTURE

Chapter I—Production and Marketing Administration (Standards, Inspections, Marketing Practices)

PART 52—PROCESSED FRUITS, AND VEGETABLES, PROCESSED PRODUCTS THEREOF, AND CERTAIN OTHER PROCESSED FOOD PRODUCTS

REVISION OF UNITED STATES STANDARDS FOR GRADES OF CANNED GREEN BEANS AND CANNED WAX BEANS [1]

On July 9, 1948, a notice of rule making was published in the FEDERAL REGISTER (13 F. R. 3816) regarding a proposed revision of the United States Standards for Grades of Canned Green Beans and Canned Wax Beans (7 CFR, 1947 Supp., 52.165). After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice, the following revised United States Standards for Grades of Canned Green Beans and Canned Wax Beans are hereby promulgated under the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., approved June 19, 1948):

§ 52.165 *Canned green beans and canned wax beans*—(a) *Identity.* (1) "Canned green beans" means canned green beans as defined in the definitions and standard of identity for canned green beans (21 CFR, Cun. Supp., 51.10; 13 F. R. 3725), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(2) "Canned wax beans" means canned wax beans as defined in the definitions and standard of identity for canned wax beans (21 CFR, Cum. Supp., 51.15; 13 F. R. 3725), issued pursuant to the Federal Food, Drug, and Cosmetic Act.

(3) "Canned beans" means canned green beans or canned wax beans.

(4) "Whole green beans" or "whole wax beans" means canned beans consisting of whole pods, including pods which after removal of either or both ends are less than 2¾ inches in length, or transversely cut pods not less than 2¾ inches in length.

(5) "Unit" means an individual green bean or wax bean, or portion of either, in canned beans.

(b) *Styles of canned beans.* (1) "Whole" means canned beans that are not arranged in any definite position in the container.

(2) "Whole vertical pack" means canned beans that are packed parallel to the sides of the container.

(3) "Whole asparagus style" means canned beans consisting of pods that are cut at both ends, are of substantially equal lengths, and are packed parallel to the sides of the container.

(4) "Sliced lengthwise" or "French style" means canned beans consisting of pods that are sliced lengthwise.

(5) "Cut" or "cuts" means canned beans consisting of pods that are cut transversely into pieces less than 2¾ inches, but not less than ¾ inch, in length, and may contain shorter end pieces which result from cutting.

(6) "Short cut" or "short cuts" means canned beans consisting of pieces of pods of which not less than 75 percent are less than ¾ inch in length and not more than 1 percent are more than 1¼ inches in length.

(7) "Mixed" or "mixture" means a mixture of two or more of the following forms of canned beans: "whole;" "sliced lengthwise;" "cuts;" or "short cuts."

(c) *Grades of canned beans.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not materially affected in appearance by sloughing of the epidermis; are very young and tender; and are of such quality with respect to clearness of liquor, uniformity of color, and absence of defects as to score not less than 90 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not materially affected in appearance by sloughing of the epidermis; possess a reasonably uniform typical color; are young and reasonably tender; are reasonably free from defects; and are of such quality with respect to clearness of liquor as to

score not less than 75 points when scored in accordance with the scoring system outlined in this section.

(3) "U. S. Grade C" or "U. S. Standard" is the quality of canned green beans or canned wax beans that possess similar varietal characteristics; possess a normal flavor and odor; are not seriously affected in appearance by sloughing of the epidermis; possess a fairly uniform typical color; are nearly mature and fairly tender; possess a fairly good liquor; are fairly free from defects; and score not less than 60 points when scored in accordance with the scoring system outlined in this section.

(4) "U. S. Grade D" or "Substandard" is the quality of canned beans that fail to meet the requirements of "U. S. Grade C" or "U. S. Standard."

(5) "U. S. Grade D—Below standard in quality, good food—not high grade" or "Substandard—Below standard in quality, good food—not high grade" or "U. S. Grade D—Below standard in quality, excessive number very short pieces" or "Substandard—Below standard in quality, excessive number very short pieces" or "U. S. Grade D—Below standard in quality, excessive number blemished units" or "Substandard—Below standard in quality, excessive number blemished units" or "U. S. Grade D—Below standard in quality, excessive number unstemmed units" or "Substandard—Below standard in quality, excessive number unstemmed units" or "U. S. Grade D—Below standard in quality, excessive foreign material" or "Substandard—Below standard in quality, excessive foreign material," is the quality of canned beans that fall below the standard of quality of canned green beans (21 CFR Cum. Supp., 51.11; 13 F. R. 3726) or the standard of quality of canned wax beans (21 CFR Cum. Supp., 51.16; 13 F. R. 3728), as the case may be.

(d) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purpose of these grades. It is recommended that each container of canned beans be filled with green beans or wax beans, as the case may be, as full as practicable without impairment of quality and that the product and packing medium occupy not less than 90 percent of the total capacity of the container.

(e) *Recommended drained weight.* The drained weight recommendations in Table No. I of this section are not incorporated in the grades of the finished product since drained weight, as such, is not a factor of quality for the purpose of these grades. The drained weight of green beans or wax beans, as the case may be, is determined by emptying the contents of the container upon a circular sieve of proper diameter containing 8 meshes to the inch (0.097-inch square openings) and allowing to drain for 2 minutes. A sieve 8 inches in diameter is used for No. 3 size cans (404 x 414) and smaller, and a sieve 12 inches in diameter is used for containers larger than the No. 3 size can.

TABLE NO. I—RECOMMENDED DRAINED WEIGHTS, IN OUNCES, OF GREEN BEANS AND WAX BEANS

Container size or designation	Styles of canned beans			
	Whole	Whole vertical pack or whole asparagus style	Short cuts and cuts less than 1½ inches	French style and cuts 1½ inches and longer
No. 1 E	6⅛		6⅜	
No. 1 tall	9⅜		9¾	
No. 200	8⅛		8⅜	
No. 303	9⅛		9⅝	
No. 2	11½	12½	12	11½
No. 2½	16¾	18	17½	16¾
No. 10	61		65	63

(f) *Types of canned beans.* The type of canned beans is not incorporated in the grades of the finished product, since the type of canned beans is not a factor of quality for the purpose of these grades. The type of canned beans is dependent upon the type of beans packed in the container and is described as round type or flat type.

(1) "Round type canned green beans" are canned beans consisting of round type green beans having a width not greater than 1½ times the thickness of the bean. "Round type canned wax beans" are canned beans consisting of round type wax beans having a width not greater than 1½ times the thickness of the bean.

(2) "Flat type canned green beans" are canned beans consisting of flat type green beans having a width greater than 1½ times the thickness of the bean. "Flat type canned wax beans" are canned beans consisting of flat type wax beans having a width greater than 1½ times the thickness of the bean.

(g) *Sizes of green beans or wax beans in canned beans.* The size of green beans or wax beans is not a factor of quality of canned beans for the purpose of these grades. The size of a green bean or wax bean is determined by measuring the shorter diameter of the bean transversely to the long axis at the thickest portion of the pod. The designations of the various sizes of round type and flat type green beans or wax beans packed as canned beans are shown in Table No. II of this section.

TABLE NO. II—SIZES OF GREEN BEANS AND WAX BEANS IN CANNED BEANS

Size of beans (inches in thickness)	Round type beans in various styles of canned beans			Flat type beans in whole, cut, or short cut beans	
	Number designation	Whole beans—word designation	Cut or short cut beans—word designation	Number designation	Word designation
Less than 14/64 inch in thickness	Size 1	Tiny	Small	Size 2	Small.
14/64 inch to, but not including, 18/64 inch in thickness	Size 2	Small	do	Size 3	Medium.
18/64 inch to, but not including, 21/64 inch in thickness	Size 3	Medium	do	Size 4	Medium large.
21/64 inch to, but not including, 24/64 inch in thickness	Size 4	Medium large	Medium	Size 5	Large.

27/64 inch or more in thickness	Size 6	Extra large	Extra large	Size 6	Extra large.

(h) *Ascertaining the grade.* (1) The grade of canned beans may be ascertained by considering, in addition to the requirements of the respective grade, the following factors: Clearness of liquor, color, absence of defects, and maturity. The relative importance of each factor is expressed numerically on the scale of 100. The maximum number of points that may be given each factor is:

	Points
(i) Clearness of liquor	10
(ii) Color	15
(iii) Absence of defects	35
(iv) Maturity	40
Total score	100

(2) "Normal flavor and normal odor" means that the canned beans are free from objectionable flavors and objectionable odors of any kind.

(i) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "32 to 35 points" means 32, 33, 34, or 35 points).

(1) *Clearness of liquor.* (i) Canned beans that possess a practically clear liquor may be given a score of 9 to 10 points. "Practically clear liquor" means that the liquor may possess a slight tint of yellow-green to green color and that not more than a trace of suspended material and sediment is present.

(ii) If the canned beans possess a reasonably clear liquor, a score of 7 to 8 points may be given. "Reasonably clear liquor" means that the liquor may be cloudy and contain a small quantity of sediment.

(iii) If the canned beans possess a fairly good liquor, a score of 5 to 6 points may be given. "Fairly good liquor" means that the liquor may be dull in color, but not off-color; may be cloudy; or may possess a noticeable accumulation of sediment.

(iv) Canned beans that possess a liquor that is definitely off-color for any reason, is excessively cloudy, or contains a seriously objectionable quantity of

sediment may be given a score of 0 to 4 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Color.* (i) Canned beans that possess a practically uniform bright typical color may be given a score of 14 to 15 points. "Practically uniform bright typical color" means that the canned beans possess a color that is bright and typical of very young and tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 5 percent, by count, which vary markedly from this color.

(ii) If the canned beans possess a reasonably uniform typical color, a score of 12 to 13 points may be given. "Reasonably uniform typical color" means that the canned beans possess a color that is typical of young and reasonably tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 10 percent, by count, which vary markedly from this color.

(iii) Canned beans that possess a fairly uniform typical color may be given a score of 10 to 11 points. Canned beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly uniform typical color" means that the canned beans possess a color that is typical of nearly mature and fairly tender green beans or wax beans, as the case may be, of similar varietal characteristics with not more than 15 percent, by count, which vary markedly from this color.

(iv) Canned beans that are definitely off-color or fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 9 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from extraneous vegetable matter, loose seed and pieces of seed, unstemmed units, ragged-cut units, split units, small pieces of pods, units damaged by mechanical injury, and units blemished by scars, pathological injury, insect injury, or blemished by other means.

(*a*) "Blemished unit" means any unit in which the aggregate area affected exceeds the area of a circle ⅛ inch in diameter.

(*b*) "Seriously blemished" means blemished to such an extent that the appearance or eating quality of the unit is seriously affected.

(*c*) "Extraneous vegetable matter" means leaves, detached stems, and other similar vegetable matter.

(*d*) "Ragged-cut unit" means a section of a pod that has a very ragged edge, or a section of a pod that is partially cut.

(*e*) "Practically intact" means that not more than 5 percent, by weight, of the units in a container are split into two parts.

(*f*) "Small pieces of pods" means pieces of pods less than ½ inch in length.

(*g*) "Damaged by mechanical injury" means broken or damaged to such an extent that the appearance or eating quality of the unit is seriously affected.

(ii) Canned beans that are practically free from defects may be given a score of 32 to 35 points. "Practically free from defects" has the following meanings with respect to the following styles of packs of canned green beans or canned wax beans:

(*a*) *Whole or cut.* "Practically free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury; and

Not more than 40 small pieces of pods in cut style, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(*b*) *Sliced lengthwise.* "Practically free from defects" means that the pods are well sliced; the combined weight of all defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems; and

Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished.

(*c*) *Short cuts.* "Practically free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury; and

Not more than 40 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(*d*) *Mixed when not containing pods that are sliced lengthwise.* "Practically free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 3 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter, exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 5 ragged-cut units, 5 units damaged by mechanical injury, or any combination of not more than 5 ragged-cut units and units damaged by mechanical injury; and

Not more than 40 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(*e*) *Mixed when containing pods that are sliced lengthwise.* "Practically free from defects" means that the pods that are sliced lengthwise are well sliced and that all other units are practically intact; and with respect to each mixture that the combined weight of all other defects and defective units does not exceed 10 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 1 piece of extraneous vegetable matter exclusive of detached stems;

Not more than 4 unstemmed units or 4 detached stems, or any combination of not more than 4 unstemmed units and detached stems;

Not more than 2 percent, by count, of blemished units, and of such 2 percent not more than one-half thereof may consist of units that are seriously blemished; and

Not more than 40 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 15 percent, by count, of the total units are less than ½ inch long.

(iii) If the canned beans are reasonably free from defects, a score of 27 to 31 points may be given. "Reasonably free from defects" has the following meanings with respect to the following styles of canned beans:

(*a*) *Whole or cut.* "Reasonably free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury; and

Not more than 60 small pieces of pods in cut style, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(*b*) *Sliced lengthwise.* "Reasonably free from defects" means that the pods are reasonably well sliced; and the combined weight of all defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems; and

Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished.

(*c*) *Short cuts.* "Reasonably free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury; and

Not more than 60 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(*d*) *Mixed when not containing pods that are sliced lengthwise.* "Reasonably free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 4 percent of the drained weight of the units; the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished.

(*e*) *Mixed when containing pods that are sliced lengthwise.* "Reasonably free from defects" means that the pods that are sliced lengthwise are reasonably well sliced and that all other units are practically intact; and with respect to each mixture that the combined weight of all other defects and defective units does not exceed 15 percent of the drained weight of the units; and that for each 12 ounces, drained weight, of units there may be present:

Not more than 2 pieces of extraneous vegetable matter, exclusive of detached stems;

Not more than 5 unstemmed units or 5 detached stems, or any combination of not more than 5 unstemmed units and detached stems;

Not more than 4 percent, by count, of blemished units, and of such 4 percent not more than one-half thereof may consist of units that are seriously blemished;

Not more than 10 ragged-cut units, 10 units damaged by mechanical injury, or any combination of not more than 10 ragged-cut units and units damaged by mechanical injury; and

Not more than 60 small pieces of pods, provided that where the number of units per 12 ounces drained weight exceed 240, not more than 25 percent, by count, of the total units are less than ½ inch long.

(iv) If the canned beans are fairly free from defects, a score of 22 to 26 points may be given. Canned beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" has the following meanings with respect to the following styles of canned beans:

(*a*) *Whole or cut.* "Fairly free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[1] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]

There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2]

There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished; and

There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long in cut style, provided that where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(*b*) *Sliced lengthwise or French style.* "Fairly free from defects" means that the pods are fairly well sliced and the combined weight of all other defects and defective units does not exceed 20 percent, drained weight, of the units and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]

There are not more than 6 unstemmed units per 12 ounces, drained weight, of the units;[2] and

There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished.

(*c*) *Short cuts.* "Fairly free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[1] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units;[2]

There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;[2] and

There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished.

(*d*) *Mixed when not containing pods that are sliced lengthwise.* "Fairly free from defects" means that the units are practically intact; the weight of all loose seed and pieces of seed does not exceed 5 percent of the drained weight of the units;[1] the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

[2] Determined as outlined in the standards of quality of canned green beans (21 CFR, Cum. Supp., 51.11; 13 F. R. 3726) and canned wax beans (21 CFR, Cum. Supp., 51.16; 13 F. R. 3728) promulgated under the Federal Food, Drug, and Cosmetic Act.

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units; [2]

There are not more than 6 unstemmed units per 12 ounces, drained weight, of units; [2]

There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished; and

There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long: *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(c) *Mixed when containing pods that are sliced lengthwise.* "Fairly free from defects" means that the pods that are sliced lengthwise are fairly well sliced and that all other units are practically intact; and with respect to each mixture that the combined weight of all other defects and defective units does not exceed 20 percent of the drained weight of the units, and that:

The combined weight of all extraneous vegetable matter does not exceed 0.6 ounce per 60 ounces, drained weight, of the units; [2]

There are not more than 6 unstemmed units per 12 ounces, drained weight, of units;

There are not more than 8 percent, by count, of blemished units,[2] and of such 8 percent not more than one-half thereof may consist of units that are seriously blemished; and

There are not more than 60 units per 12 ounces, drained weight, of units which are less than ½ inch long: *Provided*, That where the number of units per 12 ounces drained weight exceeds 240, not more than 25 percent, by count, of the total units are less than ½ inch long.[2]

(v) Canned beans that fail to meet the requirements of subdivision (3) (iv) of this paragraph may be given a score of 0 to 21 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(vi) Canned beans that fall below the standard of quality of canned green beans (21 CFR, Cum. Supp., 51.11; 13 F. R. 3726) or the standard of quality of canned wax beans (21 CFR, Cum. Supp., 5116; 13 F. R. 3728), as the case may be, shall not be graded above U. S. Grade D—Below standard in quality, good food—not high grade, or Substandard—Below standard in quality, good food—not high grade, or U. S. Grade D—Below standard in quality, excessive number very short pieces, or Substandard—Below standard in quality, excessive number very short pieces, or U. S. Grade D—Below standard in quality, excessive number blemished units, or Substandard—Below standard in quality, excessive number blemished units, or U. S. Grade D—Below standard in quality, excessive number unstemmed units, or Substandard—Below standard in quality, excessive number unstemmed units, or U. S. Grade D—Below standard in quality, excessive foreign material, or Substandard—Below standard in quality, excessive foreign material, as the case may be, regardless of the total score for the product (this is a limiting rule).

(4) *Maturity.* (i) The factor of maturity refers to the degree of development of pods and seeds and the tenderness of the pods.

(a) "Trimmed pod" means any pod from which there has been trimmed off as far as the end of the space formerly occupied by seed, any portion of the pod from which seed have become separated.

(b) "Tough strings" means strings or pieces of string at least ½ inch in length which will support a ½ pound weight for not less than 5 seconds.

(c) "Fibrous material" means the properly prepared, dried cellulose material obtained from deseeded pods, including strings broken or unbroken.

(ii) Canned beans that are very young and tender may be given a score of 35 to 40 points. "Very young and tender" means that the units are full-fleshed for the variety, tender and not fibrous; the seeds are in the early stages of maturity; and not more than 2 percent, by count, of the units possess tough strings.

(iii) If the canned beans are young and reasonably tender, a score of 29 to 34 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard, regardless of the total score for the product (this is a limiting rule). "Young and reasonably tender" means that the units may, to some extent, have lost their fleshy structure; the seeds may have passed the early stages of maturity and have not reached the late stages of maturity; are not fibrous; and not more than 5 percent, by count, of the units may possess tough strings.

(iv) If the canned beans are nearly mature and fairly tender, a score of 23 to 28 points may be given. Canned green beans or canned wax beans that fall into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Nearly mature and fairly tender" means that the units may have lost, to a considerable extent, their fleshy structure, and that:

The trimmed pods contain not more than 25 percent by weight, of seed and pieces of seed; [2]

The deseeded pods contain not more than 0.15 percent, by weight, of fibrous material;[2] and

Not more than 10 percent, by count, of the units may possess tough strings except that in case there are present units at least $\frac{25}{64}$ inch or more in diameter, there are not more than 12 strings or pieces of strings in 12 ounces, drained weight, which will support a ½ pound weight for not less than 5 seconds.[2]

(v) Canned beans that fail to meet the requirements of subdivision (iv) of this subparagraph may be given a score of 0 to 22 points and shall not be graded above U. S. Grade D or Substandard, regardless of the total score for the product (this is a limiting rule).

(vi) Canned beans that fall below the standard of quality of canned green beans (21 CFR Cum. Supp., 51.11; 13 F. R. 3726) or the standard of quality of canned wax beans (21 CFR Cum. Supp., 51.16; 13 F. R. 3728), as the case may be, shall not be graded above U. S. Grade D—Below standard in quality, good food—not high grade, or Substandard—Below standard in quality, good food—not high grade, regardless of the total score for the product (this is a limiting rule).

(j) *Tolerance for certification of officially drawn samples.* When certifying samples that have been officially drawn and which represent a specific lot of canned green beans or canned wax beans, the grade for such lot will be determined by averaging the total score of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores, and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(k) *Score sheet for canned green beans or canned wax beans.* The following score sheet may be used to summarize the factors determining the various grades:

Container size	
Container code or marking

(l) *Effective time and supersedure.* It is hereby found and determined that it is essential that these revised United States Standards for Grades of Canned Green Beans and Canned Wax Beans (which are the fourth issue) become effective on October 2, 1948, in order that such effective date shall coincide with the effective date of the mandatory order (13 F. R. 3724) issued by the Federal Security Administrator, pursuant to the Federal Food, Drug, and Cosmetic Act (Secs. 401, 701; 52 Stat. 1046, 1055; 21 U. S. C. 341, 371), prescribing definitions and standards of identity and quality of canned green beans and canned wax beans which are incorporated by references in these revised United States Standards. It is hereby further found, in view of the foregoing, that it is impracticable and contrary to the public interest to postpone the effective date of these standards until 30 days after publication hereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.); and a reasonable time is permitted, under the circumstances, for preparation for such effective date. (Fub. Law 712, 80th Cong.)

Issued at Washington, D. C., this 21st day of September 1948, to become effective on and after 12:01 a. m., e. s. t., October 2, 1948.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Lemon Reg. 293]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENT

§ 953.400 *Lemon Regulation 293*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., September 26, 1948, and ending at 12:01 a. m., P. s. t., October 3, 1948, is hereby fixed as follows:

(i) District 1: 300 carloads;

(ii) District 2: Unlimited movement.

[Grapefruit Reg. 58]

PART 955—GRAPEFRUIT GROWN IN ARIZONA; IN IMPERIAL COUNTY, CALIFORNIA; AND IN THAT PART OF RIVERSIDE COUNTY, CALIFORNIA, SITUATED SOUTH AND EAST OF THE SAN GORGONIO PASS

LIMITATION OF SHIPMENTS

§ 955.319 *Grapefruit Regulation 58*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 55 (7 CFR, Cum. Supp., 955.1 et seq.) regulating the handling of grapefruit grown in the State of Arizona; in Imperial County,

California; and in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation of the Administrative Committee established under the said marketing agreement and the said order, and upon other available information, it is hereby found that the limitation of shipments of such grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) During the period beginning at 12:01 a. m., P. s. t., September 26, 1948, and ending at 12:01 a. m., P. s. t., November 14, 1948, no handler shall ship:

(i) Any grapefruit grown in the State of Arizona; in Imperial County, California; or in that part of Riverside County, California, situated south and east of the San Gorgonio Pass, which grade U. S. Combination or lower than U. S. Combination (as such grades are defined in the revised United States Standards for Grapefruit (California and Arizona), 12 F. R. 1975): *Provided*, That any such grapefruit which grade U. S. Combination grade may be shipped if all such grapefruit are fairly well colored; or

(ii) From the State of California or the State of Arizona to any point outside thereof in the United States or in Canada, any grapefruit, grown as aforesaid, which are of a size smaller than $3\frac{11}{16}$ inches in diameter ("diameter" to be measured midway at a right angle to a straight line running from the stem to the blossom end of the fruit), except that a tolerance of 5 percent, by count, of grapefruit smaller than such minimum size shall be permitted which tolerance shall be applied in accordance with the provisions for the application of tolerances, specified in the said revised United States Standards for Grapefruit (California and Arizona): *Provided*, That in determining the percentage of grapefruit in any lot are smaller than $3\frac{11}{16}$ inches in diameter, such percentage shall be based only on the grapefruit in such lot which are of a size $4\frac{2}{16}$ inches in diameter and smaller.

(2) As used in this section "handler" and "ship" shall have the same meaning as is given to each such term in said marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 7 CFR, Cum. Supp., 955.1)

PART 2—ORGANIZATION, FUNCTIONS, AND PROCEDURES OF AGENCIES DEALING WITH THE PUBLIC

QUARTERMASTER GENERAL; RESPONSIBILITY AND ORGANIZATION OF OFFICE

1. Subpart E, Army Air Forces, which includes § 2.171, is rescinded.

2. Sections 2.163 and 2.164 of Subpart D, are rescinded and the following substituted therefor:

§ 2.163 *Responsibility.* The Quartermaster General is the senior quartermaster staff officer of the Department of the Army and commands all troops or activities assigned to his control. The Quartermaster General will be responsible for:

(a) Providing administrative and technical advice and recommendations relating to quartermaster matters for the use of the Secretary of the Army, the Assistant Secretary of the Army, and the Chief of Staff, United States Army.

(b) Preparing fiscal estimates for and administering quartermaster funds.

(c) Developing, designing, procuring, storing, disposing, maintaining, and supplying those items of equipment and supplies assigned to the Quartermaster Corps.

(d) Commanding quartermaster class II installations and activities.

(e) Formulating plans, policies, and programs for industrial mobilization with reference to quartermaster matériel, supplies, resources, and facilities to support Department of the Army plans for industrial mobilization.

(f) Supervising matters preliminary to Department of the Army approval of standardization of quartermaster matériel and equipment.

(g) Making assignment of quartermaster personnel contained in bulk allotments assigned to The Quartermaster General.

(h) Formulating and establishing, in coordination with the other Army agencies, quartermaster procedures and standards.

(i) Effecting mobilization assignments and training quartermaster units assigned to his control and technically training quartermaster personnel, and establishing and operating schools and facilities for the technical training of quartermaster personnel, in accordance with established policies.

(j) Administering the Food Service Program.

(k) Providing for the proper disposition of the remains of deceased personnel of the Departments of the Army and the Air Force.

(l) Providing for the proper disposition of the remains of oversea American deceased personnel of World War II.

(m) The administration of general and general distribution depots as assigned by higher authority.

(n) Providing facilities and services for the Departments of the Air Force and Navy and other governmental agencies as directed by higher authority.

§ 2.164 *Organization.* The major subdivisions of the Office of The Quartermaster General and their functions are as follows:

(a) *Executive.* Renders decisions as to action to be taken or makes recommendations to The Quartermaster General; prepares and issues instructions; supervises the offices of Management, General Counsel, and Technical Information; establishes staff doctrine governing the operation of the Office of The Quartermaster General and issues instructions; coordinates the activities of the Office of The Quartermaster General; and keeps The Quartermaster General informed as to the progress, adequacy, and effectiveness of operations.

(1) *Office of Management.* Provides a management consulting service to the Office of The Quartermaster General and to quartermaster field installations; develops management programs, office procedures, and reporting procedures; exercises technical supervision over management offices at field installations; and

Chapter VI—Public Housing Administration

PART 610—LOW-RENT HOUSING AND SLUM CLEARANCE PROGRAM: PROCEDURES

REQUIREMENTS FOR URBAN LOW-RENT HOUSING AND SLUM CLEARANCE; PERSONNEL POLICY

Section 610.411[1] is hereby amended, effective October 1, 1948 to read as follows:

§ 610.411 *Personnel policy.* To effect efficient administration, the local housing authority shall establish, adopt, and file with the PHA, a statement of personnel policy consistent with pertinent local public practices. This shall include the job titles and classifications, wage rates, weekly hours of work, working conditions, training program, method of hiring, qualification standards, leave regulations, separation policy, statement as to eligibility of employees for participation in a retirement plan (if any), and policy concerning payment of employees in travel status. Leave regulations shall be consistent with pertinent local public practice. However, local public practice to the contrary notwithstanding, maximum allowances to employees for annual leave shall not exceed 26 days for each year of service or for sick leave 15 days for each year of service, and such leave as is not used shall not accumulate to an amount in excess of 60 days annual leave or 90 days sick leave: *Provided, further,* That cash payments in lieu of accumulated annual leave that is not actually taken shall not be allowed, except that upon termination or furlough without prejudice, the employee may be paid for any accumulated annual leave standing to his credit. The local housing authority shall maintain complete records with respect to employees' leave and shall make such records available upon request of authorized representatives of the government. APPLICABILITY

§ 33.1 *Telephone companies subject to the regulations in this part.* (a) This Uniform System of Accounts for Class C Telephone Companies is prescribed for the use of telephone companies (including radiotelephone companies) having average annual operating revenues exceeding $25,000 but not exceeding $50,000, subject to the provisions of the Communications Act of 1934, in the keeping and recording of their accounts; and each and every such carrier or each and every receiver or operating trustee of any such carrier is required to keep all accounts in conformity therewith.

(b) Telephone companies or their receivers or operating trustees having average annual operating revenues not exceeding $25,000 shall keep all the accounts of this system of accounts until a statement is filed, under oath, showing to the satisfaction of the Commission that their average annual operating revenues for the 3 years immediately preceding the filing of the statement did not exceed $25,000: *Provided, however,* That such carriers shall keep the accounts of this system of accounts if after filing the statement their average annual operating revenues exceed $25,000.

(c) Nothing herein contained shall be construed as prohibiting or excusing any such carrier or receiver or operating trustee of any such carrier from subdividing the accounts hereby prescribed in the manner ordered by any State commission having jurisdiction or to the extent necessary to secure the information required in the prescribed reports to such commission.

(d) The said Uniform System of Accounts for Class C Telephone Companies hereby prescribed shall become effective on the first day of January, 1939.

(e) Class C companies shall keep all of the accounts prescribed in this system of accounts that are applicable to their affairs. Companies that desire more detailed accounting may adopt the accounts prescribed for class A or class B telephone companies contained in the Uniform System of Accounts for Telephone Companies, Issue of June 19, 1935, as amended or as hereafter amended. Companies that exercise this option shall promptly notify the Commission of such action.

(f) No uniform system of accounts is prescribed by the Commission for class D companies. However, it is recommended that such companies keep all the accounts prescribed in this system of accounts or the accounts recommended for class D companies as listed in § 33.94.

NOTE: In order that frequent changes may be avoided, companies operating established telephone plants shall adopt the scheme of accounts indicated by the average of their annual operating revenues for the 3 years immediately preceding the effective date of this system of accounts. If at the close of any calendar year the average of their annual operating revenues for the latest 3 years exceeds $50,000, the system of accounts for class B or class A telephone companies, as appropriate, shall be adopted. New companies shall estimate the amount of their annual operating revenues and shall adopt the scheme of accounts appropriate for the amount of such estimated revenues.

DEFINITIONS

§ 33.5 *Restrictive use of certain terms.* When used in this system of accounts, unless otherwise indicated:

(a) "Accounts" or "these accounts" means the accounts prescribed in this system of accounts.

(b) "Affiliated companies" means companies that directly, or indirectly through one or more intermediaries, control, are controlled by, or are under common control with, the accounting company.

(c) "Amortization" means the gradual extinguishment of an amount in an account by prorating such amount over a fixed period, over the life of the asset or liability to which it applies, or over the period during which it is anticipated the benefit will be realized.

(d) "Book amount", as applied to securities issued or assumed by the company, means (1) the amount duly authorized for inclusion in account 2100, "Capital stock," for stock having no par value and (2) the face amount of all other securities.

(e) "Book cost" means the amount at which property is recorded in an account without the deduction of amounts in related reserves or other accounts.

(f) "Commission" means the Federal Communications Commission.

(g) "Company" or "the company" means the accounting company.

(h) "Cost" means the amount of money actually paid (or the then current money value of any consideration other than money given) for property or services.

(i) "Cost of removal" means the cost of demolishing, dismantling, tearing down, or otherwise removing telephone plant, including the cost of transportation and handling incidental thereto.

(j) "Debt expense" means all expenses incurred in connection with the issuance and sale of evidences of debt, such as fees for drafting mortgages and trust deeds; fees and taxes for issuing or recording evidences of debt; cost of engraving and printing bonds, certificates of indebtedness, and other commercial paper; fees to trustees; specific costs of obtaining governmental authority; fees for legal services; fees and commissions to underwriters, brokers, and salesmen; fees and expenses of listing on exchanges; and other like costs.

(k) "Depreciation," as applied to depreciable telephone plant, means the loss in service value not restored by current maintenance, incurred in connection with the consumption or prospective retirement of telephone plant in the course of service from causes known to be in current operation, against which the company is not protected by insurance, and the effect of which can be forecast with a reasonable approach to accuracy. Among the causes to be given consideration are wear and tear, decay, action of the elements, inadequacy, obsolescence, changes in the art, changes in demand, and the requirements of public authorities.

(l) "Face amount," as applied to securities issued or assumed by the company, means the amount of principal set forth in the documents themselves.

(m) "Investment advances" means advances, represented by notes or by book accounts only, with respect to which it is mutually agreed or intended between the creditor and the debtor that they shall be settled by the issuance of capital stock or funded debt or shall not be subject to current cash settlement.

(n) "Net book cost," as applied to telephone plant, means the book cost less amounts in related depreciation and amortization reserves. As applied to other property, it means the book cost less amounts in related reserves for loss in value.

(o) "Net salvage value" means the salvage value of property retired after deducting the cost of removal.

(p) "Retired," as applied to plant, means removed, sold, abandoned, destroyed, or otherwise withdrawn from telephone service.

(q) "Salvage value" means the amount received for property retired, if sold, or, if retained for reuse, the amount at which the material recovered is chargeable to account 1680, "Material and supplies."

(r) "Service life" means the period between the date when telephone plant is placed into service and the date of its retirement.

(s) "Service value" means (1) the difference between the book cost and the salvage value of station apparatus or station wiring and (2) the difference between the book cost and the net salvage value of other telephone plant.

(t) "Stock expense," as applied to capital stock, means all expenses incurred in connection with the issuance, sale, or resale of capital stock, such as fees and commissions (including the cash value of securities) paid to promoters, underwriters, brokers, and salesmen; fees for legal services; cost of soliciting subscriptions for capital stock, including fees, commissions, and advertising; cost of obtaining governmental authority and filing notices thereunder; fees and taxes for issuance of capital stock and listing on exchanges; and cost of preparing, engraving, printing, issuing, and distributing prospectuses and stock certificates in connection with both original and additonal capital stock issues.

INSTRUCTIONS—GENERAL

§ 33.11 *Classification of companies.* For the purpose of this system of accounts, telephone companies having average annual operating revenues not exceeding $50,000 shall be divided into two classes as follows:

Class C. Companies having average annual operating revenues exceeding $25,000 but not exceeding $50,000.

Class D. Companies having average annual operating revenues not exceeding $25,000.

§ 33.12 *Records.* (a) The accounts prescribed herein shall be kept by the double-entry method. The company's records shall be kept with sufficient particularity to show fully the facts pertaining to all entries in these accounts. When the full information is not recorded in the general books, the entries therein shall be supported by other records, in which the full details shall be shown, and the general book entries shall contain sufficient reference to the detail records to permit ready identification. The detail records shall be filed in such manner as to be readily accessible for examination by representatives of the Commission.

(b) Attention is directed to the following extracts from section 220 of the Communications Act of 1934:

(d) In case of failure or refusal on the part of any such carrier to keep such accounts, records, and memoranda on the books and in the manner prescribed by the Commission, or to submit such accounts, records, memoranda, documents, papers, and correspondence as are kept to the inspection of the Commission or any of its authorized agents, such carrier shall forfeit to the United States the sum of $500 for each day of the continuance of each such offense.

(e) Any person who shall willfully make any false entry in the accounts of any book

of accounts or in any record or memoranda kept by any such carrier, or who shall willfully destroy, mutilate, alter, or by any other means or device falsify any such account, record, or memoranda, or who shall willfully neglect or fail to make full, true, and correct entries in such accounts, records, or memoranda of all facts and transactions appertaining to the business of the carrier, shall be deemed guilty of a misdemeanor, and shall be subject, upon conviction, to a fine of not less than $1,000 nor more than $5,000 or imprisonment for a term of not less than one year nor more than three years, or both such fine and imprisonment: *Provided*, That the Commission may in its discretion issue orders specifying such operating, accounting, or financial papers, records, books, blanks, or documents which may, after a reasonable time, be destroyed, and prescribing the length of time such books, papers, or documents shall be preserved.

(c) The Interstate Commerce Commission's order of November 3, 1919, as amended, prescribing "Regulations to Govern the Destruction of Records of Telephone, Telegraph, and Cable Companies (Including Wireless Companies)," shall remain in effect until further amended or revised. (This paragraph has been superseded since the issuance of this system of accounts by Part 42 (Preservation of Records) of the Rules and Regulations of the Commission.)

(d) Companies may subdivide any accounts prescribed herein provided such subdivisions do not impair the integrity of the prescribed accounts; and companies may keep clearing, temporary, or experimental accounts if they wish, in addition to the prescribed accounts.

(e) Each company shall keep its books of account on a monthly or other appropriate uniform basis so that for each accounting period all transactions applicable thereto, as nearly as can be ascertained, will be entered in the books. Each company shall close its books of account at the end of each calendar year, unless otherwise authorized by the Commission.

(f) All charges to the accounts prescribed in this system of accounts for telephone plant, operating revenues, operation and maintenance expenses, and other operating-revenue deductions shall be just and reasonable, and any payments by the company in excess of such just and reasonable charges shall be included in account 7100, "Other miscellaneous deductions from income."

§ 33.13 *Interpretation of item lists.* Lists of items following the texts of the several accounts are for the purpose of indicating the application of the prescribed accounting in specific cases. The lists are not to be considered as comprising all the items includible in the several accounts but merely as representative of them. On the other hand, the appearance of an item in a list warrants the inclusion of such item in the account concerned only when the text of the account warrants its inclusion, inasmuch as the same item frequently appears in more than one list. The proper entry in each instance must be determined by the texts of the accounts.

§ 33.14 *Submission of questions.* Responsible officials of the company shall submit all questions involving interpretation of the prescribed accounting to the Commission for consideration and decision. There shall also be submitted to the Commission for consideration and decision questions with respect to spreading over a number of years relatively large revenue, expense, or income items which if included in the accounts for a single year would seriously distort those accounts; also questions with respect to the disposition of relatively large items that relate to transactions that occurred prior to the current calendar year but were not recorded in the books of account in a prior year. Ordinary delayed items should be charged or credited to the same accounts to which they would have been charged or credited had they not been delayed.

§ 33.15 *Book cost of securities owned.* (a) Securities of others acquired by the company shall be initially recorded in these accounts at cost.

(b) The book cost of such securities shall be reduced to a nominal value if there is no reasonable prospect of a substantial value, but fluctuations in market value shall not be recorded in the accounts. Amounts by which such securities are (or may be) thus reduced shall be charged to account 7100, "Other miscellaneous deductions from income." The company shall maintain a complete record of the facts on which it bases such adjustments.

INSTRUCTIONS—BALANCE-SHEET ACCOUNTS

§ 33.21 *Capital stock.* (a) All transactions relating to capital stock of the accounting company shall be recorded by class of stock. Stocks are of the same class only when they are issued under identical terms as to all of the following: Par value, stated value, preferences in distribution of dividends and assets, voting rights, and conditions under which they may be retired. If the stocks of a company are of two or more classes, the records of the company shall be so kept as to distinguish the amounts applicable to each class in each of the following accounts:

Account	
1700	Subscriptions to capital stock.
1850	Discount on capital stock.
1860	Capital-stock expense.
1900	Reacquired securities.
2100	Capital stock.
2130	Obligations for stock conversion.
2150	Premium on capital stock.
2180	Capital-stock subscriptions and installments.

(b) When, by compliance with the laws of the State under which it is incorporated, a company is authorized to issue shares of capital stock, a memorandum entry in account 2100, "Capital stock," shall be made showing the number of shares, the par or the stated value of each share, and the total authorized capitalization.

(c) When stock having a par value is sold for cash, the recording entry shall be as follows:

(1) When sold at par:	Debit	Credit
Account 1600, "Cash"	$....	
Account 2100, "Capital stock"		$....
For the sale of ..... shares of ..... stock at its par value of ..... per share.		
(2) When sold at less than par:	Debit	Credit
Account 1600, "Cash"	$....	
Account 1850, "Discount on capital stock"	$....	
Account 2100, "Capital stock"		$....
For the sale of ..... shares of ..... stock having a par value of ..... per share at ..... per share.		
(3) When sold at more than par:	Debit	Credit
Account 1600, "Cash"	$....	
Account 2100, "Capital stock"		$....
Account 2150, "Premium on capital stock"		$....
For the sale of ..... shares of ..... stock having a par value of ..... per share at ..... per share.		

(d) When stock having a par value is sold through a legally enforceable subscription, the recording entries shall be as follows:

(1) When sold at par:	Debit	Credit
Account 1700, "Subscriptions to capital stock"	$....	
Account 2180, "Capital-stock subscriptions and installments"		$....
For subscriptions to .....shares of.....stock at its par value of.....per share.		

NOTE: When the subscription price is less than par or more than par, the entries shall follow those outlined under subparagraphs (2) and (3) of paragraph (c) of this section, with appropriate substitution of account 1700, "Subscriptions to capital stock," for account 1600, "Cash," and of account 2180, "Capital-stock subscriptions and installments," for account 2100, "Capital stock."

(2) When cash is received on account of a subscription to capital stock, the recording entry shall be as follows:	Debit	Credit
Account 1600, "Cash"	$....	
Account 1700, "Subscriptions to capital stock"		$....
For receipt of cash on subscription of.....		
(3) When a subscription has been fully paid the recording entry shall be:	Debit	Credit
Account 2180, "Capital-stock subscriptions and installments"	$....	
Account 2100, "Capital stock"		$....
For the issuance of ..... shares of ..... stock on fully paid subscription of		

(e) When stock is sold on a partial or installment payment plan to subscribers with whom there is no legally enforceable subscription contract, and who are entitled to be reimbursed for the principal amount of their payment, with or without interest, in the event they fail to complete payments for the stock and receive certificates therefor, the entries shall be as follows:

(1) When cash is received:	Debit	Credit
Account 1600, "Cash"	$....	
Account 2180, "Capital-stock subscriptions and installments"		$....
For receipt against subscription of....shares of.... stock at....per share.		

(2) When the installment payments are completed and the stock is issued, the recording entry shall be as indicated in subparagraphs (1), (2), or (3) of paragraph (c) of this section, with appropriate substitution of account 2180, "Capital-stock subscriptions and installments," for account 1600, "Cash."

(f) Before recording journal entries which it is proposed to enter in the company's books to record the issuance or assumption by the company of no-par capital stock or appropriations of surplus for transfer to no-par capital-stock accounts, the plan of accounting shall be presented to the Commission for consideration and approval. Such plan shall be accompanied by a statement giving complete information with respect to the basis upon which the amounts to be recorded have been determined and by a copy of the authorization issued by the regulatory body approving the issuance of no-par stock.

(g) All stock expense shall be charged to account 1860, "Capital-stock expense."

(h) When par-value capital stock that has been issued by the accounting company is reacquired, the par value of the amount reacquired shall be recorded in account 1900, "Reacquired securities," until such time as the stock is retired or canceled. The difference between (1) the amount paid therefor plus the expenses incurred in connection with their reacquisition and (2) the par value plus the premium or less the discount and less

the expense originally entered in respect thereto and not charged off shall be charged or credited, as appropriate, to account 2900, "Surplus."

(i) When no-par capital stock that has been issued by the accounting company is reacquired, the accounting shall be the same as for capital stock having a par value, except that the proportionate amount at which the particular class of no-par capital stock is included in account 2100, "Capital stock," shall be used in lieu of the par value in all entries.

§ 33.22 *Long-term debt.* (a) All transactions relating to long-term debt of the accounting company shall be recorded by class of debt. Long-term debt issues are of the same class only when issued under identical terms as to all the following: Principal amount, interest dates payable and rate of interest, maturity date, redemption price, priority of underlying security, and conditions set forth in the evidence of indebtedness issued in respect thereof.

(b) If the long-term debt is of two or more classes, the records of the company shall be so kept as to distinguish between the amounts applicable to each class in each of the following accounts:

Account	
1850	Unamortized debt discount and expense.
1900	Reacquired securities.
2200	Funded debt.
2230	Receivers' certificates.
2290	Other long-term debt.
2300	Unamortized premium on long-term debt.

(c) When long-term debt is issued, if the amount of money (or the then current value of any consideration other than money) received therefor is greater than the principal amount of such long-term debt plus the interest accrued and plus the debt expense incurred in connection with the issuance and sale, the excess shall be included in account 2500, "Unamortized premium on long-term debt."

(d) When long-term debt is issued, if the amount of money (or the then current value of any consideration other than money) received therefor is less than the principal amount of such long-term debt plus the interest accrued and plus the debt expense incurred in connection with the issuance and sale, the difference shall be included in account 1880, "Unamortized debt discount and expense."

(e) When long-term debt that has been issued by the accounting company is reacquired, the principal amount thereof shall be included in account 1900, "Reacquired securities," until such long-term debt is resold, or is retired and canceled. Any difference between (1) the amount paid to reacquire the securities, plus the expenses incurred in connection with the reacquisition, and (2) the face value of the securities, plus the accrued interest thereon, shall be included in account 2900, "Surplus." Concurrently, the proportionate amount which is included in account 2500, "Unamortized premium on long-term debt," or in account 1880, "Unamortized debt discount and expense," applicable to the class of securities which was reacquired, shall be written out of such accounts and shall be included in account 2900, "Surplus."

INSTRUCTIONS—TELEPHONE PLANT ACCOUNTS

§ 33.31 *Purpose of telephone plant accounts.* (a) The telephone plant accounts are the accounts in which is recorded the cost of property (both tangible and intangible) used in telephone operations and physical property held for imminent use in telephone service under a definite plan for such use. The cost of plant shall be recorded in accounts 1001 to 1077, inclusive, in accordance with the texts of those accounts.

(b) Telephone plant contributed to the company shall be included in the telephone plant accounts at its original cost of construction less the amounts of estimated depreciation and amortization applicable to such plant. Amounts so included in the plant accounts shall be credited to account 2800, "Contributions of telephone plant."

(c) Telephone plant constructed or acquired through the expenditure of money or its equivalent contributed to the company shall be included in the telephone plant accounts at the cost of construction or acquisition, and the amount of money or its equivalent contributed shall be credited to account 2800.

(d) The cost of individual items of work equipment, such as hand and other portable tools that are likely to be lost or stolen or that have relatively small value ($10.00 or less) or short life, shall be included in the telephone plant accounts only when the investment in such property is relatively large and the correctness of the accounting therefor is verified by current inventory. When not so verified the cost of such items shall be charged to the operation and maintenance expense (or clearing) account appropriate for the use of such items.

§ 33.32 *Telephone plant acquired.* (a) When property that comprises a substantially complete operating unit or system is acquired, the amount paid for the property (together with the preliminary expenses incurred in connection with the acquisition) shall be charged to account 1076, "Telephone plant acquired."

(b) The amount paid for the property plus the preliminary expenses shall then be credited to account 1076 and distributed to the telephone plant and other appropriate accounts in such manner as the Commission may approve or direct. Copies of journal entries recording the distribution of amounts in account 1076 shall be submitted to the Commission within 60 days from the date of acquisition.

NOTE: In connection with the acquisition of substantially complete operating units or systems the company shall procure from the grantor (and the grantor shall deliver) all existing records, or certified copies thereof, relating to the property acquired.

§ 33.33 *Cost of construction.* (a) The cost of construction of property chargeable to the telephone plant accounts shall include the cost of labor, material and supplies, transportation, contract work, relief and pensions, protection, injuries and damages, privileges and permits, taxes, special machine service, interest during construction, insurance, construction services, and other analogous elements in connection with such work.

(b) The following is a description of the major items referred to in the foregoing paragraph:

(1) "Cost of labor" includes the pay and expenses of employees directly engaged in or being trained for construction work, of foremen in direct charge thereof, and an equitable portion of the cost of local plant administration, general plant supervision and engineering, and of the pay and the office and other expenses of general officers and general office employees devoting part of their time to supervisory, administrative, or clerical functions in connection with construction work.

(2) "Cost of materials and supplies" includes the purchase price at the point of free delivery plus the costs of inspection, loading and transportation, and an equitable proportion of supply expense. In determining the cost of material used, proper allowance shall be made for unused material, for material recovered from temporary structures used in performing the work involved, and for discounts allowed and realized in the purchase of material.

(3) "Cost of transportation" includes the cost of transporting employees, material and supplies, tools, and other work equipment. It includes amounts paid therefor to other companies or individuals and the cost of the company's own motor vehicle service or other transportation service.

(4) "Cost of contract work" includes amounts paid for work performed under contract by other companies, firms, or individuals, engineering and supervision applicable to such work, costs incident to the award of contracts, and the inspection of such work. The cost of construction work performed by affiliated companies and other details relating thereto shall be available from the work in progress or other supporting records.

(5) "Cost of protection" includes the cost of protecting the company's property from fire or other casualties and the cost of preventing damages to others or the property of others.

(6) "Cost of injuries and damages" includes expenditures or losses on account of injuries to persons and damages to the property of others.

(7) "Cost of privileges and permits" includes payments for and expenses incurred in securing privileges, permits, or rights in connection with construction work, such as for the use of private property, streets, or highways. The cost of such privileges and permits shall be included in the cost of the work for which the privileges or permits are secured, except for cost includible in account 1002, "Franchises," and account 1007, "Right of way."

(8) "Taxes" includes taxes on physical property during construction and before the facilities are completed ready for service, assessed separately from taxes on operating property or under conditions that permit separate identification or allocation of the amount chargeable

to construction. It includes the portion, applicable to construction costs, of taxes imposed under the Social Security Act and similar State statutes.

(9) "Special machine service" includes the cost of labor expended, materials and supplies consumed, and other expenses incurred in the maintenance, operation, and use of special machines (other than transportation equipment), such as trenching machines, earth-boring machines, etc., and other labor-saving machines; also expenditures for rental, maintenance, and operation of such machines owned by others. When a construction job requires the purchase of special machines, the cost thereof, less the appraised or salvage value at the time of their release from the job, shall be included in the cost of the project.

(10) "Interest during construction" includes the amount of interest applicable to the construction period upon all moneys, including the company's own funds, used in the acquisition or construction of telephone plant and shall be charged to the accounts appropriate for the cost of the property acquired or constructed and credited to account 7600, "Interest charged to construction—Cr."

(11) "Insurance" includes premiums paid or amounts credited to account 2790, "Other reserves," for the protection against loss and damages (in connection with the construction of telephone plant) due to fire or other casualty, injury to or death of employees or others, damages to property of others, defalcations of employees and agents, and the nonperformance of contractual obligations of others.

(12) "Construction services" includes the cost of telephone, water, light, power, office space, equipment, and analogous items allocated to the construction project and similar items furnished by the company through its regular operating facilities.

§ 33.34 *Expenditures on property leased for telephone use.* (a) Except as provided in paragraph (d) of this section, the cost of initial repairs and rearrangements to adapt property leased from others to telephone use shall be charged to the prepaid rents subdivision of account 1800, "Prepayments," and shall be amortized over the life of the lease or the life of the property, whichever is the shorter, through credits to that account and concurrent debits to the rent subdivision of account 4190, "Other operation expenses."

(b) Except as provided in paragraph (d) of this section, the cost of additions and betterments to property leased from others shall be charged to separate subdivisions of the telephone plant accounts appropriate for the class of property leased. When such cost is included in the telephone plant accounts, depreciation charges therefor shall include the amortization of such improvements, computed on the basis of the expected service life to the lessee.

(c) If, in the case of the lease of a substantially complete operating unit or system, replacements of units of property installed by the lessor become necessary, the company shall make application to the Commission for instructions regarding the accounting procedure to be followed, and shall submit full particulars of the nature and extent of the replacements.

(d) When expenditures on property leased from others for use in telephone operations are of relatively minor cost or relatively short life, or if the period of the lease is less than 1 year, the cost shall be charged to the account chargeable with the cost of repairs of such plant.

§ 33.35 *Telephone plant retired.*—(a) *Depreciable telephone plant.* For the purpose of avoiding undue refinement, the accounting for retirements and replacements of depreciable telephone plant shall be as follows:

(1) *Units of property.* This group includes major items of property, a list of which is shown in § 33.81. The book cost of any such item retired shall be credited to the appropriate plant account and charged to account 2600, "Depreciation reserve," whether or not it is replaced. Account 2600 shall also be charged with the cost of removing such plant (except station apparatus and station wiring) and shall be credited with the amount received for any materials recovered and sold, or the cost (estimated if not known) of the materials if returned to stores. The cost of property installed in place of the property retired shall be charged to the appropriate telephone plant account.

(2) *Minor items.* This group includes any part or element that is not designated as a unit of property. The accounting for such items shall be as follows:

(i) When a minor item of property that does not replace a similar item is added to telephone plant, the cost thereof shall be charged to the appropriate plant account except that, if the items are of minor cost or few in number, the cost may be charged to the maintenance accounts.

(ii) When a minor item is retired and replaced independently of the unit of property of which it is a part, the cost of replacement shall be charged to the appropriate maintenance account and no entry shall be made in the telephone plant or depreciation reserve accounts. The removal and replacement of poles shall be handled as additions and retirements of property and not as maintenance.

(iii) When a minor item is retired and not replaced the book cost shall be credited to the appropriate telephone plant account and charged to account 2600, "Depreciation reserve" (see particularly paragraph (b) of the text of that account), except that, if the book cost of a minor item of property is accounted for through the retirement of a unit of property, no separate credit to the telephone plant account shall be made when such an item is retired.

NOTE: For example, a pole is a unit and, if the cost of attachments such as pole steps, guys, etc., is included in the cost of poles, either by spreading the cost on an average basis over all the poles or as a part of the cost of the pole to which they are attached, no separate credit to the plant account need be made when such an attachment is retired, even though not replaced. Any labor in connection with the removal of such attachments should be charged to the appropriate maintenance account, and any salvage for material recovered should be credited to the appropriate maintenance account.

(b) *Station wiring.* When stations are removed from customers' premises, the book cost of station installations and inside, drop, and block wires (whether such wires are removed or not) thereby retired from service shall be charged to account 2600, "Depreciation reserve," and credited to account 1032, "Station wiring." When stations are reinstalled on premises where station installations and existing inside, drop, and block wires had been previously retired in accordance with the provisions of this section, charge account 1032 and credit account 2600 with the actual or average amount at which the station installations and inside, drop, and block wires had previously been charged to account 2600. The cost of removing station apparatus and inside, drop, and block wires shall be charged to account 4030, "Station removals and changes." The cost of reinstalling station apparatus and inside, drop, and block wires shall likewise be charged to account 4030.

(c) *Land.* The book cost of land retired shall be credited to account 1011, "Land." If the land is sold, the difference between the book cost and the sale price (less commissions and other expenses of making the sale) of the land shall be credited or debited, as appropriate, to account 2900, "Surplus." If the land is retained by the company and held for sale, its cost shall be charged to account 1400, "Miscellaneous physical property." The accounting for leaseholds retired shall be as provided for in the texts of account 2700, "Amortization reserve," and account 5100, "Amortization of intangible property."

(d) *Book cost of retirements.* The book cost of telephone plant retired shall be the amount at which such property is included in the telephone plant accounts when such amount can be determined from the company's records. Ordinarily, such records shall be used in the retirement of land, buildings, complete central offices, furniture, and other items of plant for which individual cost records are maintained. When the actual book cost cannot be determined from the records, it shall be estimated. When it is impracticable to determine the book cost of each item due to the relatively large number or small cost of such items, an average book cost of the items may be used in determining the book cost of the items retired with proper allowance for items of different size and character. This method of average book cost may be applied in retirement of such items as telephones, bell boxes, station installations, poles, crossarms, wire, cable, cable terminals, conduit, and nonmultiple private-branch-exchange switchboards.

(e) The accounting for the retirement of property recorded in the accounts for organization, franchises, patent rights, and other intangible property shall be as provided for in the texts of account 2700, "Amortization reserve," and account 5100, "Amortization of intangible property."

(f) When telephone plant is sold together with the telephone traffic associated therewith, the book cost of the plant shall be credited to the appropriate plant accounts, and the estimated amounts carried with respect thereto in the depreciation and amortization reserve accounts shall be charged to such reserve accounts. The difference, if any, between (1) the net amount of such debit and credit items and (2) the consideration received (less commissions and other expenses of making the sale) for the property shall be debited or credited, as appropriate, to account 2900, "Surplus."

NOTE: In connection with the sale of a substantially complete operating unit or system the company shall deliver to the purchaser all existing records, or certified copies thereof, relating to the property sold.

INSTRUCTIONS—OPERATING-REVENUE ACCOUNTS

§ 33.41 *Purpose of operating-revenue accounts.* (a) The operating-revenue accounts (3010 to 3090, inclusive) are designed to show the amounts of money which the company becomes lawfully entitled to receive, less uncollectible revenues, from the furnishing of telephone service (including operations incidental thereto). Credits to the various revenue accounts shall be based upon the actual amounts chargeable for services rendered by the company. It is not required that undetermined amounts of revenue at pay stations lost through fire, theft, or collection of slugs or coins having no legal tender value shall be included in the operating-revenue accounts.

(b) In addition to monthly service charges, the operating-revenue accounts appropriate for the class of service involved shall be credited with:

(1) Amounts charged for connection, restoration, and termination of service, and for inside moves, outside moves, instrument changes, and similar service requirements.

(2) Amounts of initial nonrecurring charges for special or auxiliary plant or equipment furnished in rendering service to a customer, except that charges for the cost of providing plant or equipment the ownership of which rests with or will revert to the customer shall be credited to the accounts charged with the cost of such plant or equipment.

(3) Amounts of service charges for supplemental or auxiliary equipment furnished in rendering service to a customer—for example, extension stations, auxiliary receivers, auxiliary signals, code calling and conference equipment, etc.

(c) The classification of operating revenues provides separate accounts for local revenue and for toll revenue. In case it is necessary to apportion the revenue between these accounts, the company shall be prepared when so required by the Commission to furnish the basis used in making such apportionment.

(d) Discounts allowed customers for prompt payment, corrections of overcharges, authorized refunds of overcollections theretofore credited, authorized refunds and adjustments on account of failures in service, and other corrections, shall be charged to the revenue account previously credited with the amounts involved.

INSTRUCTIONS—OPERATING-EXPENSE ACCOUNTS

§ 33.51 *Maintenance expenses.* Maintenance expenses include the cost of the labor (including the wages or salaries of foremen and others in direct charge) and material used, and the amount of other expenses incurred, in the work of repairs and similar activities, such as the following:

(a) Testing for, locating, and clearing crosses, breaks, grounds, and other line troubles, including routine work intended to prevent such troubles, as, for example, pulling up slack, tightening guys, resetting guy stubs, trimming trees, straightening poles and crossarms, and cleaning and adjusting apparatus.

(b) Replacing minor or short-lived parts of structures, equipment, or facilities such as:

Dry batteries.
Bolts.
Nuts.
Crossarm braces.
Pole steps.
Generator brushes.
Cross-connecting wires.

(c) Replacing minor parts of exchange or toll lines when made necessary by faulty adjustments, excessive strains, mechanical injuries, or other minor casualties.

(d) Rearranging and changing location of plant, including rearranging circuits, reassociation of party lines, rearranging grouping of trunks and calling circuits, rerunning jumper wires and connecting on distributing frames, underlining switchboard jacks, removing and reinstalling station apparatus and station wiring, etc.

(e) Repairing material for reuse. (See also paragraph (c) of account 1680, "Material and supplies.")

(f) Restoring the condition of property damaged by storms, flood, fire, or other casualties (see note below), and inspecting and testing after repairs have been made.

NOTE: The replacement of major items of property shall be accounted for as provided in paragraph (a) of § 33.35; extensive losses may be accounted for as provided in paragraph (d) of § 33.65.

§ 33.52 *Prepaid expenses.* When payment of an expense is made in advance of the period to which it applies, it is necessary that a means be provided for charging in each month or period the proper portion of the expense. For example, if an insurance premium amounting to $240 is paid on a policy running 2 years into the future, the payment should be recorded as follows:

	Debit	Credit
Account 1800, "Prepayments"	$240	
Account 1600, "Cash"		$240

Each month an entry should be made as follows:

	Debit	Credit
Account 4190, "Other operation expenses"	$10	
Account 1800, "Prepayments"		$10

At the end of 2 years the entire amount charged to account 1800, "Prepayments," will have been charged to operating expenses.

§ 33.53 *Accrued expenses.* Certain expenses, such as taxes, are paid in a single amount at a specified date although the expense is applicable to more than one accounting period. In order to account properly for such expenses it is necessary that the amount shall be so recorded as to include in the statements for the month or other accounting period all amounts properly applicable thereto. This is accomplished by charging the proper portion of the item to expenses each month and crediting a corresponding amount to the appropriate liability account. When payment for the expense item is made, the liability account will be charged with such payment. For example, assuming that income taxes for the year are estimated at $1,200, an entry should be made each month as follows:

	Debit	Credit
Account 5500, "Income taxes"	$100	
Account 2400, "Accrued liabilities"		$100

Any differences between the estimated and the actual tax liability should be adjusted through account 5500 in the current accounts. Assuming that the actual tax liability is determined to be $1,250, instead of $1,200 as estimated, the adjusting entry would be:

	Debit	Credit
Account 5500, "Income taxes"	$50	
Account 2400, "Accrued liabilities"		$50

When the tax is paid, the amount of the payment should be charged to accrued taxes as follows:

	Debit	Credit
Account 2400, "Accrued liabilities"	$1,250	
Account 1600, "Cash"		$1,250

If the actual tax liability is determined to be less than that estimated, the adjusting entry would credit account 5500 and charge account 2400 with the excess of the estimate over the actual tax liability.

INSTRUCTIONS—CLEARING ACCOUNTS

§ 33.61 *Clearing accounts.* (a) Clearing accounts are authorized for use as a medium for distributing certain items that affect more than one primary account and that cannot be appropriately allocated as they are incurred. Examples are items of transportation expenses that are incurred by the use of automobiles for both construction and operating purposes.

(b) The balances in the clearing accounts shall be distributed to the appropriate accounts as at the close of the calendar year unless amounts included therein appropriately affect the accounting for future periods. Undistributed balances shall be included in the balance sheet under account 1890, "Other deferred charges," or account 2590, "Other deferred credits," as appropriate.

(c) The company's records shall be so maintained that an analysis of undistributed items in clearing accounts at the close of the calendar year may be shown in the reports to the Commission.

INSTRUCTIONS—DEPRECIATION ACCOUNTING

§ 33.65 *Depreciation accounting.* (a) All telephone plant shall be considered depreciable and subject to charges for depreciation expense except plant the cost of which is included in accounts

1001, "Organization," 1002, "Franchises," 1005, "Miscellaneous intangible property," and 1011, "Land."

(b) Depreciation charges shall be computed and accounted for on the straight-line method, that is, on a plan under which the service value of property is charged to account 5000, "Depreciation expense," and to clearing accounts (if kept) and credited to the depreciation reserve account uniformly throughout its service life.

(c) Except as provided in paragraph (f) of § 33.35, when a unit of depreciable plant is retired from service, the book cost of the plant retired shall be credited to the appropriate telephone plant accounts and charged to account 2600, "Depreciation reserve." The cost of removal shall likewise be charged to account 2600 (except the cost of removal of station apparatus and station wiring) and the salvage value of the plant retired credited thereto.

(d) Extraordinary charges to account 2600 under the provisions of paragraph (c) of this section for retirement of plant destroyed by storms, floods, etc., or for other causes, when such charges cause undue depletion of the depreciation reserve, may, when so authorized by the Commission, be credited to account 2600 and charged to account 1890, "Other deferred charges."

(e) For illustration of the application of the straight-line method, assume that depreciable telephone plant costing $100,000 has an estimated service life of 30 years, and an estimated net salvage value of 10 percent, or $10,000, and a service value of 90 percent, or $90,000. The annual depreciation rate would be 3 percent computed by dividing 90 percent by the service life of 30 years. The annual depreciation charge would be $3,000, or 3 percent of $100,000. The monthly charge for depreciation expense would be one-twelfth of the annual charge, or $250.

The journal entries to record the monthly depreciation charge as computed above would be as follows:

	Debit	Credit
Account 5000, "Depreciation expense"	$250	
Account 2600, "Depreciation reserve"		$250

(f) The procedure for recording the retirement of plant is illustrated by the following example. The accounting here described and illustrated shall be performed regardless of whether the unit retired has been in service more or less than the average number of years of the group to which it belongs.

The entries to record the retirement of a switchboard that cost $800 for materials and $200 for labor of installation (a total of $1,000), and cost $20 for removal, are as follows:

	Debit	Credit
Account 2600, "Depreciation reserve"	$1,000	
Account 1021, "Central office equipment". Book cost of switchboard removed from plant.		$1,000
Account 2600, "Depreciation reserve"	20	
Account 1600, "Cash" (or accounts payable)		20
Wages paid for removing switchboard.		

If the switchboard is sold upon retirement, say for $100, the following entry is necessary:

	Debit	Credit
Account 1600, "Cash"	$100	
Account 2600, "Depreciation reserve"		$100

If the switchboard is held for later sale, the following entry is necessary:

	Debit	Credit
Account 1680, "Material and supplies"	$100	
Account 2600, "Depreciation reserve"		$100
Estimated salvage value of switchboard retired and held for sale.		

If the switchboard is reusable and is held for reuse in telephone service, the following entry is necessary:

	Debit	Credit
Account 1680, "Material and supplies"	$800	
Account 2600, "Depreciation reserve"		$800
Material cost of switchboard retired and held for reuse, as provided in subparagraph (1) of paragraph (c) of account 1680.		

INSTRUCTIONS—WORK-ORDER SYSTEM

§ 33.71 *Work-order system recommended.* (a) It is recommended that each telephone company record all changes such as installations, additions, retirements, or replacements of telephone plant by means of a work-order or job-order system. Projects of less than $200 may be covered by standing work orders.

(b) The work order proper should include the following particulars:

(1) A work-order number.

(2) The description and the location of the work to be done (or the purchase to be made), the dates between which such work (or purchase) is to be accomplished, the date the work is begun and the date it is finished, together with maps, plans or diagrams, specifications, etc., applicable to the project.

(3) The accumulated charges applicable to each particular job or project and the total cost of the completed project; also the cost of removal. (When any project involves charges to more than one account, the work order should be kept so as to show the amount chargeable to each account. Every charge or credit on work orders should refer to the voucher, journal, or other source from which the entry therein was made.)

(c) The cost of completed projects should be promptly transferred to the telephone plant accounts to which they are chargeable.

PRESCRIBED ACCOUNTS

§ 33.75 *Accounts prescribed to be kept.*

BALANCE-SHEET ACCOUNTS

ASSET SIDE

Investments

§ 33.1000 *Telephone plant.* This account shall include the cost of telephone plant used in telephone service and physical property held for imminent use in telephone service under a definite plan for such use at the date of the balance sheet as classified under accounts 1001 to 1077, inclusive.

§ 33.1100 *Telephone plant under construction.* (a) This account shall include the cost of construction of telephone plant not ready for service at the date of the balance sheet.

(b) When any telephone plant, the cost of which is included in this account, is completed and ready for service, the cost thereof shall be credited to this account and charged to the telephone plant accounts.

NOTE: It is not required that this account shall include the cost of construction work which will be completed and ready for service within a short period, such as the installation of station apparatus, and other work to be completed within a period of 1 or 2 months.

§ 33.1200 *Plant adjustments.* (a) This account shall include the difference between the cost and the book cost of telephone plant at the effective date of this system of accounts other than differences attributable to contributions of plant includible in account 2800, "Contributions of telephone plant."

(b) This account shall include also such amounts as may be approved or directed by the Commission for inclusion herein with respect to acquisitions of telephone plant.

(c) The amounts recorded in this account with respect to each property acquisition shall be disposed of, written off, or provision shall be made for the amortization thereof, as follows:

(1) Debit amounts may be charged to surplus in whole or in part, or amortized over a reasonable period through charges to account 7100, "Other miscellaneous deductions from income," without further direction or approval by this Commission. Should a carrier desire the disposition of debit amounts in any manner other than as herein provided, it shall request that the Commission (i) approve recommended disposition or (ii) direct appropriate disposition according to the circumstances involved in each transaction.

(2) Credit amounts shall be disposed of in such manner as this Commission may approve or direct.

NOTE A: Disposition as herein provided is for accounting purposes only and shall not be construed as determining or controlling the amount or disposition of the items in a rate or other proceeding nor shall anything contained in paragraph (c) of this section be construed as precluding the Commission from subsequently requiring disposition of such amounts through charges to surplus or from altering a previously determined amortization period.

NOTE B: When these matters involve a carrier subject to both Federal and State regulation, the cooperative procedure heretofore agreed to between Federal and State Commissions shall be invoked. (See FCC Rules and Regulations, Part 1, Appendix No. 2.)

§ 33.1300 *Investments in securities.* (a) This account shall include the book cost (see sec. 33.15) of securities issued or assumed by other companies, other than securities held in fund accounts or as temporary investments, and of investment advances to other companies.

(b) The records supporting the entries in this account shall be so maintained as to show separately the book cost of each security owned by the company.

(c) This account shall be so maintained that in the annual reports to the Commission the securities pledged as collateral security for any of the company's debt, or as security for the performance of contracts, may be shown separately from the securities unpledged.

(d) This account shall be subdivided as follows:

Investments in securities of affiliated companies.
Investments in securities of others.
Investment advances to affiliated companies.
Investment advances to others.

§ 33.1400 *Miscellaneous physical property.* This account shall include the amount of the company's investment in physical property other than property the investment in which is includible in accounts 1000, "Telephone plant," 1100, "Telephone plant under construction," and 1200, "Plant adjustments." It shall include the amount of all assessments for the construction of public improvements levied against miscellaneous physical property.

§ 33.1500 *Fund accounts.* (a) This account shall include the amount of cash, the book cost (see § 33.15) of securities issued by other companies, the par or stated value of securities issued or assumed by the company, and other assets that are held by trustees or by the company's treasurer in a distinct fund for the purpose of redeeming outstanding obligations or for other specific purposes not provided for elsewhere.

(b) A separate subaccount, with a title what will designate the obligation in support of which the fund was created, shall be maintained for each fund.

NOTE: Securities actually issued or asumed by the company that have been reacquired by it shall be either retired or carried in account 1900, "Reacquired securities," unless it is required by provision of a mortgage, or by the decision of a trustee not subject to control by the accounting company, that they be retained alive in sinking or other funds. When so retained they shall be considered as actually outstanding, but not otherwise.

Current Assets

§ 33.1600 *Cash.* This account shall include the amount of cash and other current funds on hand or on deposit in banks. It shall include, also, the amounts of cash on special deposit, other than in fund accounts, to pay dividends and interest, and for other purposes; and amounts advanced to officers, employees, and others as working funds or petty cash funds from which certain expenditures are to be made.

§ 33.1620 *Temporary investments.* (a) This account shall include the book cost (see § 33.15) of securities acquired for the purpose of temporarily investing cash, such as time drafts receivable and time loans, bankers' acceptances, United States Treasury certificates, and other similar investments of a temporary character.

(b) This account shall be subdivided as follows:

Securities of affiliated companies.
Securities of others.

§ 33.1640 *Notes receivable.* (a) This account shall include the book cost (see § 33.15) of demand or time notes, bills, and drafts receivable, or other similar evidences (except interest coupons) of money receivable on demand or within 1 year from date of issue.

(b) This account shall be subdivided as follows:

Notes receivable from affiliated companies.
Notes receivable from officers and employees.
Notes receivable from others.

§ 33.1650 *Due from customers and agents.* This account shall include amounts owed to the company by customers for services rendered or billed and amounts due from agents and others authorized to collect operating revenues. The amount of notes held as security for customers' accounts may be carried in this account pending collection.

NOTE: If the company elects to reserve amounts for uncollectible revenues, the amount of such reservations shall be credited to a subaccount hereunder designated account 1650–B, "Reserve for uncollectible revenues—Cr."

§ 33.1660 *Accounts receivable.* (a) This account shall include amounts currently due from others not provided for in account 1650, "Due from customers and agents," or account 1670, "Interest and dividends receivable," such as those for traffic settlements, and other items not covering telephone service to customers.

(b) This account shall be subdivided as follows:

Accounts receivable from affiliated companies.
Accounts receivable from officers and employees.
Accounts receivable from others.

§ 33.1670 *Interest and dividends receivable.* This account shall include the amount of interest receivable accrued to the date of the balance sheet on bonds, notes, and other commercial paper owned and on loans made, and the amount of declared dividends receivable on stocks owned.

§ 33.1680 *Material and supplies.* (a) This account shall include the cost of material and supplies on hand, including plant supplies, tools, fuel, stationery, directory paper stock, and other supplies. So far as practicable, transportation charges shall be included as part of the cost of the particular material to which they relate.

(b) So far as practicable, cash and other discounts on materials shall be deducted in determining the cost of the particular material to which they relate or credited to the account in which the material is charged.

(c) Material recovered in connection with construction, maintenance, or retirement of property shall be accounted for in this account as follows:

(1) Reusable material, at cost, estimated if not known. (The cost of repairing such material shall be charged to account 4010, "Maintenance labor," and account 4020, "Maintenance materials and supplies," as appropriate.)

(2) Scrap and nonusable material, at the estimated sale price.

(d) Inventories of materials and supplies shall be taken at least annually and the necessary adjustments shall be made to bring this account into harmony with the actual inventories. In effecting the adjustments, differences shall be equitably apportioned among the accounts to which material costs have been charged since the preceding inventory or shall be included in account 4190, "Other operation expenses," unless account 9100, "Supply expense—Clearing," is used, in which case the differences shall be included in account 9100.

NOTE: When material and supplies are purchased for immediate use, their cost may be charged directly to such telephone plant or other account as is appropriate.

§ 33.1690 *Other current assets.* (a) This account shall include the book cost (see § 33.15) of all current assets that are not includible in accounts 1600 to 1680, inclusive.

(b) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries, including a description of each class of assets, may be shown.

Other Assets

§ 33.1700 *Subscriptions to capital stock.* (a) This account shall include the amount of any balance owing from subscribers upon legally enforceable subscriptions to capital stock.

(b) The records supporting the entries in this account shall be so maintained that the company can furnish the name and address of each subscriber, the amount and kind of capital stock subscribed for, the date of subscription, the date that each payment is due and the date that each is paid, the nature of each payment (whether cash or other consideration), and any other information that is necessary to make the history of the subscription complete.

Prepayments and Deferred Charges

§ 33.1800 *Prepayments.* (a) This account shall include the amount of rents, taxes, insurance, directory expenses, and like expenses paid for in advance of the period to which they apply. As the periods covered by such prepayments expire, this account shall be credited and the proper operating-expense or other accounts shall be charged with the amount applicable to the period. (See sec. 33.52.)

(b) This account shall be subdivided as follows:

Prepaid rents.
Prepaid taxes.
Prepaid insurance.
Prepaid directory expenses.
Other prepayments.

§ 33.1850 *Discount on capital stock.* (a) This account shall include the excess of (1) the book amount of capital stock of the company sold or resold plus dividends accrued over (2) the amount of money (or the then current money value of any consideration other than money) received from the stock.

(b) Amounts included herein may, if the company desires to write them off, be credited to this account and charged to account 2900, "Surplus."

(c) When capital stock is reacquired, any amounts included herein applicable to the reacquired stock shall be credited to this account and charged to account 2900. Any difference between (1) the amount paid to reacquire the stock and (2) its book amount shall be charged or credited, as appropriate, to account 2900.

(d) A separate subaccount with appropriate title shall be maintained for the discount applicable to each class and series of capital stock.

NOTE: No amounts shall be included in this account to represent discount on no-par capital stock unless the articles of incorporation or other controlling document prescribes a stated value for such stock.

§ 33.1860 *Capital-stock expense.* (a) This account shall include the amount

of stock expenses that have not been written off in accordance with paragraphs (b) and (c) of this section.

(b) Amounts included herein may, if the company desires to write them off, be credited to this account and charged to account 2900, "Surplus."

(c) When capital stock is reacquired, any amounts included herein applicable to the reacquired stock shall be credited to this account and charged to account 2900, "Surplus."

(d) A separate subaccount with appropriate title shall be maintained for the stock expenses applicable to each class and series of capital stock. (See § 33.21.)

§ 33.1880 *Unamortized debt discount and expense.* (a) This account shall include the excess of (1) the amount of principal of bonds and other forms of long-term debt of the company sold or resold plus interest accrued and plus debt expenses incurred in connection with the issuance and sale or resale, over (2) the amount of money (or the then current money value of any consideration other than money) received for the bonds or other forms of long-term debt.

(b) Amounts included in this account shall be amortized under such a plan as will equitably distribute the amounts over the life of the securities to which the amounts apply. The amortization shall be on a uniform basis, and the amounts thereof shall be charged to account 7400, "Amortization of debt discount and expense."

(c) Amounts included herein may, if the company desires to write them off, be credited to this account and charged to account 2900, "Surplus."

(d) When any bonds or other forms of long-term debt are reacquired, any amounts included herein applicable to the reacquired securities shall be credited to this account and charged to account 2900. Any difference between (1) the amount paid to reacquire the securities plus expenses incurred in connection with the reacquisition and (2) the amount of principal of the securities shall be charged or credited, as appropriate, to account 2900.

(e) A separate subaccount with appropriate title shall be maintained for the discount and expense applicable to each class and series of long-term debt.

§ 33.1890 *Other deferred charges.* (a) This account shall include the amount of all deferred charges not provided for elsewhere, including uncleared balances in clearing accounts.

(b) This account shall include also amounts representing extraordinary losses due to destruction of plant by storms, floods, etc., transferred from account 2600, "Depreciation reserve," under the provisions of paragraph (d) of section 33.65; and the cost of extensive retirements of station apparatus and inside, drop, and block wires.

(c) Charges provided for in paragraph (b) of this section shall be included in this account only after the permission of the Commission has been obtained, and the amounts shall be distributed over such a period as the Commission may approve or direct. The application to the Commission for such permission and approval or direction shall give full particulars concerning the plant abandoned or retired or the extensive retirements of apparatus or wires, the amounts chargeable to operating expenses, and the period over which in the judgment of the company the amount of such charges should be distributed.

(d) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries, including a description of each class of deferred charges, may be shown.

Reacquired Securities

§ 33.1900 *Reacquired securities.* (a) This account shall include the book amount of capital stock and the amount of principal of bonds and other forms of long-term debt issued or assumed by the company that have been reacquired by it and are held under conditions that do not permit the company to treat them as retired or canceled but do permit their resale. It shall not include the cost of securities that are held by trustees or those that are includible in account 1500, "Fund accounts."

(b) Any difference between the amounts includible herein and the amounts paid for such securities (including expenses incurred in connection with their purchase) shall be included in account 2900, "Surplus." (See also accounts 1850, 1860, 1880, 2150, and 2500 for the accounting for the discount, expense, and premium applicable to such securities.)

(c) The records supporting the entries in this account shall be so maintained as to show the amount herein applicable to each class and series of capital stock and long-term debt reacquired, and to indicate whether such reacquirements were predicated on refinancing, retiring, or reselling the issues.

LIABILITY SIDE

Noncorporate Proprietorship

§ 33.2010 *Proprietary capital.* (a) This account should be restricted to the amount considered by the noncorporate holder of the proprietary interest to be the permanent investment in the business, subject to change only by additional investment or by the withdrawal of portions of such amount not representing net income. When so maintained, account 2020, "Undistributed profits," shall also be maintained and the entries therein shall be made in accordance with the text of that account.

(b) When account 2020, "Undistributed profits," is not maintained, this account shall be charged with the withdrawals from the business by any holder of proprietary interest and shall be charged or credited, as appropriate, with all items that are includible in account 2900, "Surplus," when a company is incorporated.

(c) When the company is owned by a partnership, a separate subaccount shall be maintained hereunder with respect to each partner.

NOTE: Amounts received by any noncorporate holder of proprietary interest as just and reasonable compensation for services performed shall be excluded from this account and charged to the appropriate operating-expense account or other accounts.

§ 33.2020 *Undistributed profits.* (a) This account shall include the amount of undistributed profits of a noncorporate proprietorship when account 2010 is restricted to the amount of the permanent investment in the business.

(b) This account shall be charged or credited with all items that are includible in account 2900, "Surplus," for an incorporated company.

Stock

§ 33.2100 *Capital stock.* (a) This account shall include the total book amount of capital stock issued by the company.

(b) A separate subaccount with appropriate title shall be maintained for each class and series of capital stock.

§ 33.2130 *Obligations for stock conversion.* This account shall include the amount of the company's liability under agreements to exchange its capital stock for the outstanding securities of other companies that have not been surrendered for exchange.

NOTE: If prior to their actual conversion the securities outstanding have been given all the rights and privileges of the capital stock of the company's own issue, such securities shall be included in account 2100, "Capital stock."

§ 33.2150 *Premium on capital stock.* (a) This account shall include the excess of (1) the amount of money (or the then current money value of any consideration other than money) received for capital stock of the company sold or resold over (2) the book amount of the stock plus dividends accrued. It shall include also assessments against stockholders representing payments required in excess of the book amount.

(b) When capital stock is reacquired, any amounts included herein applicable to the reacquired stock shall be charged to this account and credited to account 2900, "Surplus."

(c) A separate subaccount with appropriate title shall be maintained for the premium applicable to each class and series of capital stock.

NOTE: Amounts received in excess of the stated value of no-par capital stock, or assessments upon such stock, shall be included in account 2100, "Capital stock," unless the articles of incorporation or other controlling document prescribes a stated value for such stock, in which case the amounts received in excess of such stated value shall be included in this account.

§ 33.2180 *Capital-stock subscriptions and installments.* (a) This account shall include the book amount of capital stock for which legally enforceable subscriptions have been received but for which at the date of the balance sheet stock certificates have not been issued.

(b) This account shall include also the amounts received on subscriptions to capital stock of the company sold on a partial or installment-payment plan to subscribers with whom there is no legally enforceable subscription contract, and who are entitled to be reimbursed for the principal amount of their payment in the event they fail to complete payments for the stock and receive certificates therefor.

(c) This account shall be charged and account 2100, "Capital stock," shall be credited when the subscriber has paid his subscription in full and stock certificates are issued representing the shares subscribed.

(d) In the event that the subscriptions or installment payments are applicable to stock that has been previously sold and reacquired by the company, this account shall be charged and account 1500, "Reacquired securities," shall be credited with the book amount of the stock.

(e) The records supporting the entries in this account shall be so maintained that the company can furnish the name and address of each subscriber, the amount and kind of capital stock subscribed, the date of subscription, the date that each payment is due and the date that each is paid, the nature of each payment (whether cash or other consideration), and any other information that is necessary to make the history of the subscription complete.

NOTE A: Accrued dividends on the stock certificates issued to subscribers shall be accounted for through the account appropriate for dividends.

NOTE B: Any discount or premium shall be included in the discount account or the premium account, as appropriate.

Long-Term Debt

§ 33.2200 *Funded debt.* (a) This account shall include the total amount of principal of unmatured funded debt maturing more than one year from date of issue, issued or assumed by the company and not retired or canceled.

(b) A separate subaccount with appropriate title shall be maintained for each class and series of funded debt.

§ 33.2230 *Receivers' certificates.* This account shall include the amount of principal of unmatured certificates of indebtedness issued by receivers in possession of property and acting under the orders of a court.

§ 33.2250 *Advances from affiliated companies.* (a) This account shall include the amount of principal of notes owed to affiliated companies and the amount of open book accounts representing advances from affiliated companies, not subject to current cash settlement. Interest payable accrued on such notes and open accounts shall be included in this account when such interest is not subject to current cash settlement.

(b) The records supporting the entries in this account shall be so maintained that the company can furnish information as to the kind and amounts of advances received from each affiliated company, the purpose of each advance, the length of time for which each advance is made, and how and when it is expected to be repaid.

§ 33.2290 *Other long-term debt.* (a) This account shall include the amount of all long-term debt not provided for elsewhere, such as real-estate mortgages executed or assumed (other than as security for bonds), assessments for public improvements, notes and certificates of indebtedness not owned by affiliated companies, and other obligations maturing more than 1 year from date of issuance or assumption.

(b) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries, including a description of each class of long-term debt, may be shown.

Current and Accrued Liabilities

§ 33.2300 *Notes payable.* (a) This account shall include the amount of principal of notes, drafts, acceptances, and other evidences of indebtedness (except interest coupons), issued or assumed by the company, that are payable on demand or by their terms are payable within a time not exceeding 1 year from the date of issuance.

(b) The records supporting the entries in this account shall be so maintained that the company can furnish complete details as to each note, such as the date issued, the consideration received, and the date payable.

(c) This account shall be subdivided as follows:

Notes payable to affiliated companies.
Notes payable to others.

§ 33.2320 *Accounts payable.* (a) This account shall include the amounts currently owed to others not provided for in other accounts, such as those for wages, traffic settlements, material and supplies, repairs to telephone plant, and matured rents.

(b) This account shall be subdivided as follows:

Accounts payable to affiliated companies.
Accounts payable to others.

§ 33.2340 *Customers' deposits.* This account shall include the amount of cash deposited with the company by customers as security for the payment for telephone service. Deposits refunded shall be debited to this account, and amounts applied to uncollectible bills shall be credited to the account of the customer and debited to this account.

§ 33.2350 *Matured long-term debt.* This account shall include the amount of long-term debt and receivers' certificates, including any obligation for premiums, matured and unpaid without specific agreement for extension of maturity. It shall include bonds drawn or called for redemption but not presented.

§ 33.2360 *Advance billing and payments.* This account shall include the amount of advance billing creditable to revenue accounts in future months; also advance payments made by prospective customers prior to the establishment of service. Amounts included in this account shall be credited to the appropriate revenue accounts in the months in which the service is rendered, or cleared from this account as refunds are made.

§ 33.2390 *Other current liabilities.* This account shall include the amount of all current liabilities not provided for elsewhere, including matured interest and declared dividends.

§ 33.2400 *Accrued liabilities.* This account shall include the amount of interest on indebtedness of the company and on receivers' certificates (other than interest includible in account 2250, "Advances from affiliated companies"), rents, taxes, and other liabilities accrued to the date of the balance sheet but not due until after that date. (See also § 33.53.)

Deferred Credits

§ 33.2500 *Unamortized premium on long-term debt.* (a) This account shall include the excess of (1) the amount of money (or the then current money value of any consideration other than money) received for bonds or other forms of long-term debt of the company sold or resold over (2) the face amount of the bonds or other forms of long-term debt plus interest accrued and plus debt expenses incurred in connection with the issuance and sale or resale.

(b) Amounts included in this account shall be amortized under such a plan as will equitably distribute the amounts over the life of the securities to which the amounts apply. The amortization shall be on a uniform basis, and the amounts thereof shall be credited to account 7500, "Amortization of premium on long-term debt—Cr."

(c) When any bonds or other forms of long-term debt are reacquired, any amounts included herein applicable to the reacquired securities shall be charged to this account and credited to account 2900, "Surplus." Any difference between (1) the amount paid to reacquire the securities plus expenses incurred in connection with the reacquisition and (2) the face amount of the securities shall be charged or credited, as appropriate, to account 2900.

(d) A separate subaccount with appropriate title shall be maintained for the unamortized premium applicable to each class and series of long-term debt.

§ 33.2550 *Other deferred credits.* (a) This account shall include the amounts of all deferred credits, not provided for elsewhere, that cannot be entirely cleared or disposed of until additional information has been received or that are being held for credit to other accounts in the future.

(b) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries, including a description of each class of deferred credits, may be shown.

Reserves

§ 33.2600 *Depreciation reserve.* (a) This account shall be credited with the amounts charged to account 5000, "Depreciation expense," and to clearing accounts for currently accruing depreciation of telephone plant. (See also § 33.65.) It shall be credited also with amounts transferred from surplus to provide for past deficiencies in the reserve.

(b) At the time of retirement of depreciable telephone plant, this account shall be charged with the book cost of the property retired plus the cost of removal (except the cost of removal of station apparatus and station wiring) and shall be credited with the salvage value and insurance recovered, if any. It shall be credited with amounts representing extraordinary losses due to de-

struction of plant by storms, floods, etc., transferred to account 1890, "Other deferred charges," when so authorized by the Commission.

§ 33.2700 *Amortization reserve.* (a) This account shall be credited with the amounts charged to account 5100, "Amortization of intangible property," for the amortization of organization, leaseholds, franchises, patent rights, and similar intangible property. It shall be credited or charged, as appropriate, with such amounts as may be approved or directed by the Commission for inclusion in account 5200, "Amortization of plant adjustments," or account 2900, "Surplus," under a plan to amortize amounts in account 1200, "Plant adjustments."

(b) When any leasehold included in account 1011, "Land," or any franchise, patent, or similar intangible expires, is relinquished, or is otherwise retired from service, this account shall be charged with the amount included herein with respect to the property going out of service. The difference between (1) the book cost of the property so retired and (2) the sum of (i) the amount chargeable to this account and (ii) the proceeds realized at retirement shall be charged or credited, as appropriate, to account 2900, "Surplus."

§ 33.2790 *Other reserves.* This account shall include the amounts of reserves not provided for elsewhere, such as those for depreciation of miscellaneous physical property and for pensions, accident and death benefits, savings, relief, hospital, or other purposes.

Contributions of Telephone Plant

§ 33.2800 *Contributions of telephone plant.* (a) This account shall include the amounts of money or its equivalent contributed directly or indirectly for or in connection with the construction or acquisition of telephone plant. The records shall be so kept that the amount and description of each contribution and the name of each contributor will be readily available. (See also § 33.31.)

(b) The credits to this account shall not be transferred to any other account without the approval of the Commission.

(c) The records supporting the entries to this account shall be so kept that the company can furnish information as to the purpose of each donation, the conditions, if any, upon which it was made and the amounts of donations from (1) states, (2) municipalities, (3) customers, and (4) others.

Surplus

§ 33.2900 *Surplus.* (a) This account shall include the balance in the surplus account of the company. (See also accounts 2010, "Proprietary capital," and 2020, "Undistributed profits.")

(b) It shall be credited with the credit balance of income for the year, credits from the reacquisition of the company's securities, profit on plant sold together with the traffic associated therewith, unclaimed dividends, and other gains realized not properly includible in current income.

(c) It shall be charged with the debit balance of income for the year, dividends declared, amortization of intangible property not provided for elsewhere, amounts appropriated to cover past accrued depreciation or amortization not provided for, decline in the value of investments, debits on the reacquisition of the company's securities, unamortized capital-stock and debt discount and expense written off, loss on plant sold together with the traffic associated therewith, reversal of amounts previously credited to surplus, penalties and fines paid on account of violations of statutes pertaining to regulation, and other losses realized not properly deductible from current income.

(d) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries may be shown.

TELEPHONE PLANT ACCOUNTS

§ 33.1001 *Organization.* This account shall include the cost of organizing and incorporating the company.

ITEMS

(See § 33.13)

1. Amounts paid for legal services.
2. Amounts paid for privileges of incorporation.
3. Office expenses incident to organizing the company.
4. Stock and minute books and corporate seal.

NOTE A: This account shall not include any discounts on securities issued, nor shall it include costs incident to negotiating loans or selling bonds or other evidences of debt or expenses in connection with the authorization, issuance, sale, or resale of capital stock. (See also accounts 1850, 1860, 1880, 2150, and 2500.)

NOTE B: This account shall not include any organization costs of companies retiring as a result of merger, consolidation, or reorganization.

§ 33.1002 *Franchises.* (a) This account shall include amounts paid for governmental franchises, consents, certificates, and similar rights running for more than 1 year that are necessary in the conduct of the company's telephone operations. It shall include amounts paid in cash and the cost of plant, material, supplies, and equipment given as the initial consideration for such franchises, the cost of advertising, the governmental election costs assumed by the company, and similar expenses incurred in procuring such franchises. (See also paragraph (b) (7) of § 33.33.)

(b) If a franchise, consent, or certificate is acquired by assignment, the charge to this account with respect thereto shall be (1) the amount paid therefor by the company to the assignor or (2) the amount paid by the original grantee plus the expense of acquisition to such grantee, whichever is the lower amount. Any excess of (1) over (2) shall be charged to account 2900, "Surplus."

(c) When any franchise, consent, or certificate expires or is sold, relinquished, or otherwise retired from service, the amount included in this account with respect to the property going out of service shall be credited hereto and the accounting shall be completed as provided in account 2700, "Amortization reserve."

NOTE: Franchise taxes payable annually or more frequently shall be charged to account 5400, "Operating taxes."

§ 33.1005 *Miscellaneous intangible property.* (a) This account shall include the cost of patent rights and other intangible property, not provided for elsewhere, devoted to telephone service and having a life of more than 1 year from the date placed into service.

(b) The records supporting the entries in this account shall be so maintained that, in the annual reports to the Commission, a complete analysis of the entries, including a description of each class of intangible property, may be shown.

NOTE: The cost of intangible property having a life of 1 year or less from the date placed into service shall be charged to account 4190, "Other operation expenses."

§ 33.1007 *Right of way.* This account shall include amounts paid for land and for leaseholds, easements, and similar rights in land having a term of more than 1 year acquired for the location of poles, cable, wire, and conduit plant; also permits to erect poles and to place conduit when the expected period of occupancy exceeds the estimated life of the initial plant installed. It shall include the related portion of the pay and expenses of right-of-way agents and other costs of acquiring such land, rights, and permits. (See also paragraph (b) (7) of § 33.33.)

NOTE: The cost of intangible property having a life of 1 year or less from the date placed into service shall be charged to account 4190, "Other operation expenses."

NOTE B: Payments to municipalities or other governmental agencies (exclusive of franchise taxes) as consideration for a franchise or right to conduct the company's telephone operations, whether or not the right to occupy city property, streets, and highways is obtained thereunder, shall be accounted for as franchise payments. (See also account 1002.)

§ 33.1011 *Land.* (a) This account shall include the cost of land and of leaseholds, easements, and similar rights in land having a term of more than 1 year used for general and central office buildings, garages, shops, and for storage and other telephone purposes other than right of way. It shall also include special assessments upon land for the construction of public improvements.

(b) When land, together with the buildings thereon, is acquired, the cost shall be fairly apportioned between the land and the buildings and accounted for accordingly. If the plan of acquisition contemplates the removal of the buildings, the total cost of the land and buildings shall be accounted for as the cost of the land, and the salvage value of the buildings when disposed of shall be deducted from the cost of the land so determined.

ITEMS

(See § 33.13)

1. Assessments for the construction of public improvements.
2. Clearing or defending title against claims relating to period prior to purchase.
3. Commissions and fees to brokers, agents, and others.
4. Condemnation proceedings, including court costs and special counsel fees.
5. Conveyancer and notarial fees.
6. Examination and registration of titles.
7. Grading of land not in connection with buildings.
8. Relocating property of others in acquisition of land.
9. Sidewalks on public streets abutting company's property.
10. Taxes assumed, accrued prior to date of acquisition.
11. Taxes on land during period of construction.
12. Voiding leases to secure possession of land acquired.

NOTE: Annual or more frequent payments for the use of land shall be charged to the account appropriate for rent.

§ 33.1012 *Buildings.* This account shall include the cost in place of buildings and all permanent fixtures, machinery, appurtenances, and appliances installed as a part thereof. It shall include costs incident to the construction or purchase of a building and to securing possession and title. (See also paragraph (b) of account 1011, "Land.")

ITEMS

(See § 33.13)

1. Awnings.
2. Boilers, furnaces, and fixtures, and machinery for heating, lighting, ventilating, and plumbing.
3. Commissions and fees to brokers, agents, architects, and others.
4. Drainage and sewerage systems.
5. Electric wiring.
6. Fences and hedges.
7. Fire-extinguisher systems.
8. Garages, shops, and stables.
9. General, and central office buildings.
10. Grading, excavating, and preparing grounds for buildings, including the laying out of grounds after construction.
11. Linoleum and similar floor covering, excluding carpets and rugs.
12. Additions and betterments to leased buildings. (See also § 33.34.)
13. Partitions, movable and other.
14. Platforms, storage and loading.
15. Refrigeration systems.
16. Retaining walls.
17. Screens, door and window.
18. Sheds.
19. Sidewalks, pavements, and driveways on building grounds.

35. Test boards.
36. Testing and routining central office equipment prior to assignment to service.
37. Testing equipment and tools, central office.
38. Ticket holders.
39. Water stills for battery service.

§ 33.1031 *Station equipment.* (a) This account shall include the cost of equipment and apparatus such as telephone sets, private branch exchanges, booths and special fittings, and other apparatus not includible in account 1021, "Central office equipment."

(b) The following subdivision of this account is recommended:

Station apparatus.
Private branch exchanges.
Booths and special fittings.

ITEMS

(See § 33.13)

Station apparatus

1. Batteries, station.
2. Battery boxes.
3. Bell boxes.
4. Coin collectors.
5. Cord, special.
6. Desk sets, hand sets, and wall sets, including those used at main, extension, private-branch-exchange, and private-line stations, etc.
7. Dials.
8. Extension bells.
9. Messenger and similar signaling devices.
10. Public pay station operators' chairs.
11. Public pay station operators' headsets and breastplate transmitters.
12. Station switching and signaling devices, including apparatus cabinets, keys, key cabinets, and devices used with intercommunicating systems.
13. Telegraph equipment.
14. Teletypewriter equipment.

Private branch exchanges

15. Switchboards—manual and dial, with associated wiring and equipment other than that listed above under station apparatus.
16. PBX operators' chairs.
17. PBX operators' headsets and breastplate transmitters.

Booths and special fittings

18. Booths and booth fittings, excluding station apparatus.
19. Public-telephone signs.

§ 33.1032 *Station wiring.* This account shall include the cost of installing station apparatus (together with the cost of materials used in the installation) and the cost installed of inside, drop, and block wires. (See also paragraph (b) of § 33.35.)

ITEMS

(See § 33.13)

Station installations and inside wires

1. Cost of installing apparatus and the cost installed of—
(a) The wires (or small cables) from the station apparatus to the point near the entrance to the building where the drop or block wire or cable terminates, or to the junction boxes where the house cable or other cable terminates.
(b) The wires (or small cables) used to connect station apparatus in the same building, such as main stations with extension stations, and stations of intercommunicating systems.
(c) The wires (or small cables) used to connect private-branch-exchange switchboards or their distributing frames with terminal stations located in the same building.
(d) Clamps, cleats, connecting blocks, ground wires, ground rods, nails, station protectors, screws, and other material used in the installation of station apparatus and inside wires.

Drop and block wires

19. Strain insulators and thimbles.
20. Towers.

Underground conduit

21. Cable racks.
22. Conduit.
23. Excavation.
24. Handholes.
25. Manholes.
26. Paving.
27. Permits and privileges for construction.
28. Pipe.
29. Riser pipe.
30. Service boxes.
31. Tile.

Cable

32. Bonds and grounds.
33. Cable—block, feeder, main, subsidiary.
34. Cable—house, including riser and distributing cables extending to floor-terminal boxes, cross-connection boxes at wall outlets, etc., where connection is made with inside wires.
35. Cable clamps and hangers.
36. Cable rings.
37. Cable terminals or boxes.
38. Cross-connection wires and fuses installed in the first equipment for service of cable terminals or boxes.
39. Floor-terminal boxes and cross-connection boxes at wall outlets.
40. Fuse boxes.
41. Loading coils and cases therefor.
42. Main-frame-terminating cable extending to outside cable.
43. Negative returns.
44. Permits and privileges for construction.
45. Pole seats and balconies.
46. Protective covering for buried cable.
47. Protectors and arresters.
48. Safety straps.
49. Sleeves.
50. Strand, suspension.
51. Tree guards.
52. Trolley guards.

Aerial wire

53. Bridle rings.
54. Bridle wire.
55. Ground wire, clamps, and rods.
56. Insulators and thimbles.
57. Loading coils and cases therefor.
58. Permits and privileges for construction.
59. Protectors and arresters.
60. Repeating coils.
61. Tie wires.
62. Transposition brackets.
63. Transposition of the circuits in initial construction work and any additions or betterments resulting from transposing or retransposing existing circuits.
64. Wire.

§ 33.1050 *Other radiotelephone plant.* This account shall include the cost of radiotelephone plant not provided for elsewhere.

NOTE: This account shall not include the cost of any wire telephone plant or the cost of any radiotelephone plant that can be included in accounts 1001 to 1045, inclusive.

§ 33.1061 *Furniture and office equipment.* This account shall include the cost of general furniture and equipment in offices, storerooms, shops, and other quarters.

ITEMS

16. Wagons.
17. Winches, power.

NOTE A: The cost of chairs, desks, tables, etc., in garages and shops shall be charged to account 1061, "Furniture and office equipment."

NOTE B: The cost of testing equipment and tools regularly used in central offices shall be carried to account 1021, "Central office equipment."

§ 33.1076 *Telephone plant acquired.* This account shall be charged temporarily with the cost of acquisition (i. e., the amount of money actually paid or the then current money value of any consideration other than money exchanged for telephone plant, together with the preliminary expenses incurred in connection with the acquisition) of telephone plant pending determination of the amounts to be charged to the appropriate telephone plant accounts and to other accounts. (See also § 33.32.)

§ 33.1077 *Telephone plant sold.* This account shall be credited temporarily with the selling price of substantially complete operating units or systems pending determination of the amounts to be credited to the appropriate telephone plant accounts and to other accounts. (See also paragraph (f) of § 33.35.)

INCOME ACCOUNTS

TELEPHONE OPERATING INCOME

§ 33.3000 *Operating revenues.* This account shall include the total revenues for the accounting period that are provided for in the operating-revenue accounts, 3010 to 3090, inclusive.

§ 33.4000 *Maintenance and operation expenses.* This account shall include the total expenses for the accounting period that are provided for in the operating-expense accounts, 4010 to 4190, inclusive.

§ 33.5000 *Depreciation expense.* This account shall include the amount of depreciation charges applicable to the accounting period for all classes of depreciable telephone plant, except amounts charged to clearing accounts (if kept). The depreciation charges shall be computed in accordance with § 33.65.

NOTE: Depreciation on miscellaneous physical property shall be charged to account 6100, "Income from miscellaneous physical property," and credited to account 2790, "Other reserves."

§ 33.5100 *Amortization of intangible property.* This account shall be charged each month with the amount necessary to cover the cost applicable to organization and to such portions of the lives of limited-term franchises, patents, leaseholds, and similar intangible property included in the telephone plant accounts, as have expired during the month. Amounts so charged shall be credited to account 2700, "Amortization reserve."

§ 33.5200 *Amortization of plant adjustments.* This account shall be charged or credited, as the case may be, with such amounts as the Commission may approve or direct to be included herein under a plan to amortize amounts in account 1200, "Plant adjustments." Such amounts shall be credited or charged, as appropriate, to account 2700, "Amortization reserve."

§ 33.5300 *Rent for lease of telephone plant.* This account shall include rents paid for the lease from others of telephone plant comprising substantially complete operating units or systems.

§ 33.5400 *Operating taxes.* (a) This account shall include all Federal, State, county, municipal, and other taxing-district taxes, including franchise taxes payable annually or more frequently, other than taxes includible in account

5500, "Income taxes," relating to telephone plant, operations, and privileges. Taxes accrued through this account prior to their payment shall be credited to account 2400, "Accrued liabilities."

(b) Amounts for which the company is liable on its own behalf for taxes imposed under the Social Security Act and similar State statutes shall be equitably apportioned among this account, the telephone plant accounts, and account 7000, "Miscellaneous taxes."

NOTE A: Special assessments for street and other improvements and special benefit taxes, such as water taxes and the like, shall be included in the operating-expense accounts or the investment accounts, as appropriate.

NOTE B: Discounts allowed for the prompt payment of taxes shall be credited to the account to which the taxes are charged.

NOTE C: Interest on tax assessments that are not paid when due shall be included in account 7300, "Other interest charges."

§ 33.5500 *Income taxes.* This account shall include the amount of Federal, State, and local government taxes on net income applicable to telephone operations, including additional assessments of such taxes. Taxes accrued through this account prior to their payment shall be credited to account 2400, "Accrued liabilities."

NOTE: Income taxes that are not applicable to telephone operations shall be included in account 7000, "Miscellaneous taxes."

§ 33.5600 *Rent from lease of telephone plant.* This account shall include rents received from the lease to others of telephone plant comprising substantially complete operating units or systems.

OTHER INCOME

§ 33.6000 *Interest and dividend income.* This account shall include all interest and dividend income, such as dividends from stock owned by the company, interest on securities, notes, and other evidences of indebtedness owned by the company, interest on bank balances, certificates of deposit, open accounts, and other analogous items, including such income from sinking and other funds.

§ 33.6100 *Income from miscellaneous physical property.* This account shall include all revenues from and expenses (including depreciation and insurance) of physical property the cost of which is includible in account 1400, "Miscellaneous physical property."

§ 33.6900 *Other income — Miscellaneous.* This account shall include all items not provided for elsewhere that are properly creditable to income. It shall include all expenses incurred in connection with such items.

MISCELLANEOUS DEDUCTIONS FROM INCOME

§ 33.7000 *Miscellaneous taxes.* This account shall include all taxes not provided for elsewhere, such as taxes on miscellaneous physical property and on nontelephone operations and income.

§ 33.7100 *Other miscellaneous deductions from income.* This account shall include all items not applicable to telephone operations and not provided for elsewhere, such as contributions for charitable or social- or community-welfare purposes, and uncollectible amounts previously credited to accounts 6000, 6100, and 6900.

FIXED CHARGES

§ 33.7200 *Interest on long-term debt.* This account shall include the current accruals of interest on all classes of long-term debt. The records shall be so kept that the interest on each class of long-term debt may be shown separately in the reports to the Commission.

NOTE: This account shall not include charges for interest on long-term debt issued or assumed by the company and held by or for it, whether pledged as collateral or held in its treasury, in special deposits, or in sinking or other funds.

§ 33.7300 *Other interest charges.* (a) This account shall include all interest charges not provided for elsewhere. It shall include the amount of discount, premium, and expense on notes maturing 1 year or less from date of issue.

(b) A list of representative items of indebtedness follows, the interest on which is chargeable to this account (see § 33.13):

1. Assessments for public improvements, past due.
2. Bond coupons, matured and unpaid.
3. Capital-stock and funded-debt subscriptions, receipts for installments on.
4. Claims and judgments.
5. Customers' deposits.
6. Funded debt matured, with respect to which a definite agreement as to extension has not been made.
7. Notes payable on demand or maturing 1 year or less from date of issue.
8. Open accounts.
9. Tax assessments, past due.

NOTE: Interest payable on notes or other evidences of indebtedness maturing serially shall be charged to account 7200, "Interest on long-term debt," if any portion of the obligation matures more than 1 year from date of issue.

§ 33.7400 *Amortization of debt discount and expense.* (a) This account shall include the portion of the unamortized debt discount and expense on outstanding long-term debt that is applicable to the accounting period, determined in accordance with the text of account 1880, "Unamortized debt discount and expense."

(b) Amounts charged to this account shall be credited to account 1880.

§ 33.7500 *Amortization of premium on long-term debt—Cr.* (a) This account shall include the portion of the unamortized premium on outstanding long-term debt that is applicable to the accounting period, determined in accordance with the text of account 2500, "Unamortized premium on long-term debt."

(b) Amounts credited to this account shall be charged to account 2500.

§ 33.7600 *Interest charged to construction—Cr.* This account shall be credited with such amounts as are charged to the telephone plant accounts for interest on funds expended for construction purposes, as provided in paragraph (b) (10) of § 33.33.

§ 33.7900 *Other fixed charges.* This account shall include all items of fixed charges not provided for elsewhere that are properly chargeable to income, such as taxes paid by the company under tax-free covenants on indebtedness.

DISPOSITION OF NET INCOME

§ 33.8000 *Reservations of income.* This account shall include all reservations of income. Amounts charged to this account shall be credited to the appropriate reserve accounts.

OPERATING-REVENUE ACCOUNTS

§ 33.3010 *Local service revenues.* This account shall include all revenues from the furnishing of telephone service within the local service area. (See § 33.41.)

ITEMS

(See § 33.13)

1. Revenues from customers for local and rural service.
2. Revenues from private-branch-exchange service.
3. Charges for extension stations and extension bells.
4. Charges for extra mileage in circuits to customers' stations.
5. Charges for extra directory insertions.
6. Installation and cancellation charges when billed against customers.
7. Charges for local messages from public telephones.
8. Charges for switching calls for farmer lines.
9. Amounts charged customers for moves and changes.
10. Charges for toll terminals and local loops (including those furnished for use in connection with lines of other companies) and charges for instruments and equipment when furnished in connection with such lines and loops.
11. Other revenues accruing from local service operations.

§ 33.3030 *Toll service revenues.* (a) This account shall include toll service revenues from the transmission of messages, including such revenues from messages transmitted entirely over the company's own lines and amounts representing divisions of toll service revenues received (1) from messages transmitted partly over the company's lines and partly over the lines of other companies, (2) as compensation for originating or terminating toll messages of other companies, and (3) as compensation for switching toll messages between lines of other companies.

(b) This account shall include toll service revenues from private line services and facilities furnished between different local service areas under contracts providing exclusive service either continuously or during stated periods, including (1) revenues from services involving only the use of the company's own lines and (2) amounts representing divisions of toll private line service revenues when such service involves the use of lines of other companies. It shall include toll private line service revenues from lines furnished for telephone, telegraph, teletypewriters, public address, radio-program transmission, and remote control.

(c) This account shall include revenues from guarantees at toll stations and from messenger service in notifying persons of toll calls.

ITEMS

(See § 33.13)

1. Revenues from messages transmitted wholly over the company's lines between points in different local service areas, whether from subscribers or from public telephones.
2. Company's proportion of revenues on messages transmitted partly over the company's lines and partly over lines of other companies (sometimes termed mileage).
3. Compensation allowed the company by others for switching or handling toll messages or for originating or terminating such messages.
4. Revenues from toll lines leased to telegraph companies or others.
5. Messenger service in connection with toll calls.
6. Other revenues from toll line operations.

§ 33.3060 *Miscellaneous operating revenues.* This account shall include all operating revenues not provided for in accounts 3010 and 3030.

ITEMS

(See § 33.13)

1. Revenues from messenger service not includible in account 3030.
2. Revenues from advertisements in directories.
3. Commissions from telegraph companies for making collections and for other services (not transmission charges).
4. Rents from property used in part in the company's telephone operations, such as rent of offices, storerooms, instruments, equipment and lines furnished apart from telephone service rendered by the company, pole-line space for attachments, space in conduits, etc. (Rent received for lease of a substantially complete operating unit or system is includible in account 5600, "Rent from lease of telephone plant.")
5. Profits realized from custom work performed for others incident to the telephone company's operations.
6. Revenues from the sale of new directories of the company's own issue and of directories purchased from others.
7. Unclaimed refunds or overcharges on telephone service.
8. Other miscellaneous operating revenues.

§ 33.3090 *Uncollectible operating revenues—Dr.* (a) This account shall include amounts credited to the operating-revenue accounts which have proved impracticable of collection.

(b) This account may include charges based on estimates, to provide a reserve for uncollectible accounts due from customers and agents. Amounts thus charged shall be credited to account 1650–B, "Reserve for uncollectible revenues—Cr.," which is a subaccount of account 1650, "Due from customers and agents." When the reserve method is followed, uncollectible revenues shall be written off against the reserve.

(c) When revenue that has been written off through this account is later collected, the amount of the collection shall be credited to this account, or to the reserve if one has been established.

(d) This account shall include, in a separate subdivision thereof, credits arising from charges to accounts 2340, "Customers' deposits," and 2360, "Advance billings and payments," that may lawfully be written off as unrefundable because of failure to locate the rightful owner or for some similar reason.

OPERATING-EXPENSE ACCOUNTS

MAINTENANCE

§ 33.4010 *Maintenance labor.* This account shall include the cost of all labor employed in repairing or maintaining all classes of telephone plant, including plant-supervision expense distributed on basis of labor. (See also § 33.51.)

§ 33.4020 *Maintenance materials and supplies.* This account shall include the cost of all materials and supplies used in repairing or maintaining all classes of telephone plant, including replacement of dry batteries and supply expense distributed on basis of material used. (See also § 33.51.)

§ 33.4030 *Station removals and changes.* (a) This account shall include the cost of removing or changing the location of stations and inside, drop, and block wires, and the cost of station disconnections, reconnections, and reinstallations.

(b) In cases where stations are reinstalled at premises from which they were previously removed, this account shall include the cost of all labor, materials, and expense necessary in connection with the reuse of the existing inside, drop, and block wires. (See also paragraph (b) of § 33.35.)

NOTE: Amounts charged to subscribers for moves and changes shall be credited to account 3010, "Local service revenues."

§ 33.4090 *Other maintenance expenses.* This account shall include all items of maintenance expense not provided for elsewhere, such as transportation expense and contract work that cannot be segregated as to labor and supplies. This account shall also include the cost of permits and privileges for maintenance work when not includible in other accounts.

NOTE: Transportation expense in connection with construction should be included as a part of construction costs.

OPERATION

§ 33.4110 *Operators' wages.* This account shall include the wages of chief operators, supervisors, local and toll switchboard operators, information operators, and all other operators employed in central offices; also the pay of operators employed at public telephone stations.

§ 33.4120 *Other traffic expenses.* This account shall include the cost of power purchased, the cost of labor and supplies used in operating the power plant, the cost of charging batteries, the pay and expenses of messengers, and other expenses in connection with the operation of central offices and public telephones.

§ 33.4150 *Office salaries.* This account shall include the salaries of the general officers of the company and the salaries of other employees that are not chargeable to any of the preceding expense accounts.

§ 33.4160 *General services and licenses.* This account shall include all amounts paid for services received under a license agreement, or a general service contract or arrangement providing for the furnishing of general managerial, accounting, engineering, financial, legal, or other general services.

§ 33.4190 *Other operation expenses.* (a) This account shall include all expenses of operation not properly chargeable to other accounts.

(b) This account shall be so maintained that in the annual reports to the Commission an analysis of the items included herein may be shown.

ITEMS

(See § 33.13)

1. Accidents and damages.
2. Advertising.
3. Appraisals of telephone plant.
4. Directors' fees.
5. Directory expense.
6. House service.
7. Insurance.

12. Public telephone commissions.
13. Postage.
14. Regulatory commission expense.
15. Relief and pensions.
16. Rents for general offices, central offices, pole attachments, etc. (Rent paid for lease of a substantially complete operating unit or system is chargeable to account 5300, "Rent for lease of telephone plant.")
17. Stationery and printing.
18. Travel and incidental expenses of general officers.

CLEARING ACCOUNTS

NOTE A: Clearing accounts are used as a medium for distributing certain items that affect more than one primary account and that cannot be appropriately allocated as they are incurred. Examples are items of transportation expenses or other work equipment expenses that are incurred by the use of automobiles and other equipment for construction and for operating purposes. The use of these clearing accounts and of any additional clearing accounts is optional with the company. Companies that do not keep clearing accounts shall take such measures and establish such procedures as will insure proper allocation or distribution of charges to the appropriate account. Any additional clearing accounts used shall be assigned a title descriptive of the charges thereto and shall be cleared so as to distribute the charges equitably.

NOTE B: If these clearing accounts are not kept, the items provided for therein that are chargeable to operating expenses shall be included in the following accounts:

(a) Depreciation of equipment, in account 5000, "Depreciation expense."

(b) Repairs to equipment, in the appropriate maintenance account.

(c) Other items, in the appropriate maintenance or operation-expense account.

§ 33.9000 *Vehicle and other work equipment expense—Clearing.* (a) This account, when used, shall include the expense of operating and maintaining automobiles, trucks, and other work equipment (except storeroom equipment), including the expense of garages, shops, small tools, tool rooms, and stables, and the amount of depreciation charges applicable to the accounting period for plant in account 1064, "Vehicles and other work equipment."

(b) This account shall be cleared by adding to the cost of work performed such amounts as will distribute the total expense equitably.

ITEMS

(See § 33.13)

1. Depreciation of transportation and garage equipment.
2. Insurance.
3. License fees for vehicles and drivers.
4. Rents for equipment, garages, or stables.
5. Repairs of equipment.
6. Supplies, such as gas, oil, tires, tubes, tire chains, grease, etc.

§ 33.9100 *Supply expense—Clearing.* (a) This account, when used, shall include the expenses incurred in connection with the purchase, storage, handling, and distribution of material and supplies that are not allocated to other accounts as they are incurred; and the amount of depreciation expense applicable to the accounting period for the equipment of storerooms.

(b) This account shall be cleared by adding to the cost of material and supplies a loading charge that will distribute the total expense equitably.

ITEMS

(See § 33.13)

1. Depreciation of equipment of storerooms.
2. Discounts on material, cash and other, when impracticable to be deducted from the cost of the particular material to which they relate.
3. Overages and shortages in material and supplies that cannot be assigned to specific accounts.
4. Insurance.
5. Losses in material and supplies due to depreciation, breakage, leakage, evaporation, and fire and other casualties.
6. Pay and expenses of purchasing agents, superintendents and supervisors of supplies, managers of stores, storekeepers, clerks, and laborers.
7. Rents for storerooms and storage yards.
8. Repairs of equipment.
9. Transportation charges that cannot be added to the cost of the particular material.

LIST OF UNITS OF PROPERTY

§ 33.81 *Units of property.* The following list of units of property shall be used in connection with the accounting provided in § 33.35. Additions to or revisions of this list will be issued, when necessary, by the Commission, to which any applications for such additions or revisions shall be presented by the company.

Buildings (Account 1012)

A complete building.
An entire roof with or without supporting members.

NOTE A: A building of irregular shape having more than one roof level may have several isolated roofs, each of which shall be considered an entire roof. In the case of buildings to which lateral extensions have been made, even though having but one roof level, that part of the roof covering an entire section built at one time shall be considered an entire roof.

A complete fire escape.
A complete metal window (i. e., box, frame, and sash).
A boiler, furnace, hot-water heater, or automatic stoker.
A coal- or ash-conveying system.
An elevator complete with operating mechanism.
A gas-burner system.
A house-lighting or power board.
An oil-burner system.
An oil tank.
The floor covering for one room.
A motor, generator, engine, turbine, pump, compressor, ventilating fan, air washer, elevator drum, or similar item of equipment, with or without associated wiring, control equipment, etc.

NOTE B: In addition to the above-listed units of property, material (i. e., portions of buildings, equipment, fixtures, etc.) installed and retired, and the labor and incidental costs involved in connection with work of the following character, shall be handled through the telephone plant and depreciation reserve accounts:

(1) Changes in the type of operation of elevator systems, e. g., a change from manual to signal control of cars, from manual to power operation of doors, from low speed to high speed, from direct to alternating current, from hydraulic to electric operation, from one type of signaling or dispatching system to another.

(2) Relocations of toilet rooms, battery rooms, kitchens, terminal rooms, machine rooms, transformer vaults, etc.

(3) Structural changes such as: (a) Reinforcements of floors, roofs, bearing walls, footings, and foundations; (b) additions or relocations of elevator shafts, stairways, fire exits, and vaults, but excluding switchboard cable holes and slots; and (c) building alterations required for fire protection and other safety measures.

(4) Changes in the type of electric current supply, or of ventilating, air conditioning, or similar systems.

(5) Building enlargements.

(6) Replacements of the following character:

(a) Replacements of plumbing or heating pipes (with or without associated valves) except when necessitated by minor repairs or minor relocations of fixtures.

(b) Replacements of all or substantially all of the lighting fixtures (with or without associated wiring and conduit) in one operating or equipment room or, in the case of office space, on one floor of a building.

(c) General replacements (throughout a building or throughout an entire portion erected at one time) of items such as supply, return, or air valves in heating systems; hot or cold water valves or faucets; and plumbing, heating, or drainage traps.

Central office equipment (Account 1021)

Switchboards, desks, and testboards:
Switchboards (i. e., local, toll, dial system "A," cordless "B," call distributing "B," observing, teletypewriter, etc.)—A complete section or lower unit.
Desks (i. e., operating, observing, testing, etc.)—A complete section.
Test boards, or test and control boards (board type)—A complete section.
Testboards, or test and control boards (rack type):
All the equipment in one bay.
A complete upper unit.
A complete lower unit.
A complete installation of rack framework for one board.
Test panels—A complete panel.
Test cabinets—A cabinet complete with equipment.
Distributing frames:
Main distributing frames (including wall type)—A complete installation for one central office (in multiunit offices, for one operating unit).
Intermediate distributing frames—A complete installation for one central office (in multiunit offices, for one operating unit),
Mezzanine balconies—A complete installation for one frame.
Racks:
Relay rack equipment:
A panel or unit complete with equipment.
All the equipment in one bay, exclusive of any panels or units.
Coil rack equipment—All the equipment on one shelf.
Message and traffic register rack equipment—All the equipment in one bay.
Iron framework—A complete line of rack with or without enclosing cabinet or case.
Cable:
All of the cables in one run used for the same purpose, such as between:
(1) Main frame and intermediate frame for subscribers' lines.
(2) Main frame and intermediate frame for outgoing trunk multiple.
(3) Intermediate frame and connector frame or final frame for subscribers' lines.
(4) Intermediate frame and answering jacks.
(5) Intermediate frame and switchboard for outgoing trunk multiple jacks.
(6) Intermediate frame and switchboard for subscribers' multiple jacks.
Iron framework—A complete installation of rack for one cable run.
Power equipment:
Frame or rack mounted equipment:
A panel or shelf complete with equipment, such as fuses, meters, control equipment, etc.
Iron framework—A complete line of frame or rack for one fuse board, one power switchboard, etc.
A generator, motor, motor generator set, gas engine, rectifier, ringing machine, harmonic converter, pole changer, interrupter, power filter, or choke coil.
Storage batteries:
A complete battery with or without rack, cabinet, or counter electric motive force cells.
All positive or all negative plates in an entire battery (i. e., in all cells of a 24-volt battery, in all cells of a Morse battery, etc.).
All tanks or all jars of an entire battery.
A complete battery rack or cabinet, storage or dry.
A complete group of bus bars, cable, or wiring (with or without conduit) such as between:
Battery and fuse panel.
Power switchboard and machines.
Telephone repeater equipment (including testing equipment):
A complete floor mounted rack type set.
Relay rack mounted equipment:
A panel or unit complete with equipment.
All the equipment in one bay, exclusive of any panels or units.
Coil rack mounted equipment—All the equipment on one shelf.
Iron framework—A complete line of rack.
Carrier equipment (telephone, telegraph, repeater, and testing equipment):
A complete floor mounted rack type set.
Relay rack mounted equipment:
A panel or unit complete with equipment.
All the equipment in one bay, exclusive of any panels or units.
A line filter.
A complete test table.
Iron framework—A complete line of rack.
Telegraph equipment (printer and manual):
Telegraph testboards—A complete section or bay.
Duplex, single-line telegraph, and polar repeaters—A table or bay complete with equipment.
Metallic telegraph repeaters:
A complete floor mounted rack type set.
A panel or unit complete with equipment.
Voice frequency carrier equipment—A panel or unit complete with equipment.
Voice frequency carrier battery supply apparatus:

A complete bay of equipment.
A complete test table.
Iron framework—A complete line of rack.
Telephotograph equipment:
Table-mounted sending or receiving equipment:
A table complete with equipment.
A complete optical system.
A complete mechanical system.
A complete fork box.
A complete amplifier-modulator box.
Rack-mounted sending or receiving equipment:
A panel complete with equipment.
All the equipment in one bay.
Iron framework—A complete line of rack.
Power equipment:
A complete power board.
A complete storage battery.
Photographic equipment:
A copying camera or a copying, enlarging, and reducing camera, each with or without associated stands, illuminators, and copy boards.
A print machine.
A drying cabinet.
A developing, fixing, and washing tank.
Radio equipment:
A complete transmitter.
A complete receiving set.
Miscellaneous equipment:
A calculagraph, a master clock, or a secondary clock.
Electrically driven calculagraph and clock systems—A complete installation.
Mechanical or pneumatic tube ticket distributing system—A complete installation.
Each complete tool or portable test set the original cost of which was charged to the telephone plant account, such as a plug remover and attacher, cam aligning fixture, multiple bank resetting gage, or shaft-straightening tool, a relay adjusting set, line finder set, or wagon type set.
Each complete item of furniture or other miscellaneous equipment the original cost of which was charged to the telephone plant account, such as a desk or table equipped with central office equipment, an operator's chair, a complete switchboard platform, an operator's telephone set cabinet, a rotary file or directory cabinet, a ticket cabinet or rack, a tarpaulin with or without cabinet, a portable service-observing cabinet, or a holding-time recorder.
Loud speaker equipment—A complete installation.
Aisle-lighting equipment—A complete installation on one floor.
Rolling ladders—A complete installation, for one side of one frame or rack.
Message and traffic register cabinets—A cabinet complete with equipment.
Teletypewriter sets—Units specified under the caption "Station equipment. (Account 1031.)"
Panel dial system equipment:
A complete equipment frame such as line-finder frame, line-switch frame, selector frame, link frame, routine test frame, decoder frame, sender frame, or floor alarm board.
Pulse-machine equipment—A complete pulse machine.
Pulse-machine control apparatus—A complete installation controlling a set of pulse machines.
Step-by-step dial system equipment:
A complete equipment frame, such as a line-finder frame, line-switch frame, selector frame, connector frame, or repeater frame.
Key-indicator equipment or key-pulsing equipment—A complete equipment frame, such as a link or sender frame.

NOTE: When work of the following character is performed as a special job in a central office or at a multiple or dial private branch exchange for the purpose of improving or changing the type of the equipment, the material installed and retired and the labor and incidental costs involved shall be handled through the telephone plant and depreciation reserve accounts:

(1) Conversions of one or more switchboard positions, or dial-system frames, from one type to another, such as from subscribers' to toll, subscribers' to rural, inward toll to combined line and recording, manual B to call indicator B, or from panel B switchboard incoming frame to interoffice incoming frame.

(2) Conversions of circuits from one type to another, such as conversions of cord circuits from two-party ringing to four-party selective ringing, semiselective ringing to selective ringing, or from manual recall to flashing recall, and conversions of panel-sender circuits from noncoin to coin and from two digit to three digit.

(3) Replacements of items of one type with items of a different type for such reasons as improving signaling or transmission characteristics, changing operating methods or increasing capacity of the office, e. g.:

(a) Replacements of all the relays or repeating coils of one type in a central office with relays or coils of an improved type for the purpose of improving the signaling or transmission characteristics.

(b) Replacements of items of equipment in dial offices because of a change in the method of operation to multiple registration.

(c) Replacements of items of power equipment because of a change in power purchased from direct current to alternating current.

(d) Modifications of the trunk and cord circuits of multiple manual private-branch-exchange boards necessitated by a cutover of a central office district to dial operation.

(e) Replacements of protectors of one size with protectors of a smaller size on a main distributing frame so that more protectors may be installed in the same space.

(f) Replacements of 20 pair terminal strips on a main distributing frame with 50 pair strips to increase the capacity of the frame.

(g) Replacement of jack strips having 10 jacks per strip with strips having 20 jacks per strip to increase the capacity of a switchboard.

(h) Replacement of keys of one type with keys of a different type to permit more keys to be placed in the same position.

Station equipment (Account 1031)

Station apparatus:
A complete station.
A desk stand, with or without transmitter, receiver, or dial.
A hand set (i. e., transmitter, receiver, and handle).
A hand set mounting, with or without dial.
A wall set, with or without transmitter, receiver, or dial.
A bell box or other subscriber set, such as extension bell, signal horn, etc.
A coin collector, with or without transmitter, receiver, or dial.
A complete apparatus cabinet.
A complete key cabinet or key box.
An intercommunicating system key.

NOTE: The original cost less salvage of the following items of station apparatus not designated units of property shall be charged to the depreciation reserve account when lost, destroyed, junked, or otherwise disposed of:

A hand-set handle.
A transmitter.
A receiver.
A dial.
A dial mounting.
A switching key (individually mounted type).
Teletypewriter equipment:
A complete station.
A printer or teletypewriter.
A printer or teletypewriter table or stand.
A base (printer or reperforator).
A cover (printer or reperforator).
A printer unit or typing unit.
A keyboard unit.
A distributor unit.
A transmitter unit.
A perforator unit.
A reperforator unit.
A relay box with equipment.
A motor or motor unit (excluding the motor of a motor generator set).
A motor generator set.
A rectifier unit.
A loop switchboard.
A station signaling set.
Manual telegraph equipment:
A complete station.
A loop switchboard.
Program-supply and public-address equipment:
A microphone transmitter.
A microphone transmitter mounting.
An amplifier.
A loud-speaking receiver.
A horn.
An observer's telephone set.
A complete dynamotor, motor generator, rectifier, or storage battery.
A complete control cabinet, resistor cabinet, or junction box.
A battery cabinet.
Rack mounted equipment:
All the equipment in one bay.
A panel complete with equipment.
Iron framework—A complete line of rack.
Portable equipment—A complete item of portable equipment, with or without the carrying case (e. g., an amplifier, a transmitter mixing panel, an oscillator, or an equalizer).
Radio receiving sets and equipment associated therewith—A complete installation.
Private branch exchanges:
A complete cordless or nonmultiple switchboard, with or without local storage batteries or cables classified as PBX equipment.
An apparatus cabinet as used with certain nonmultiple boards.
A complete section of an order-receiving table.
An order turret (not including the turrets forming part of an order-receiving table).
An attendant's cabinet complete with equipment.
A code sending set or code call unit.
A complete teletype switchboard.
An operator's chair.
Multiple private-branch-exchange equipment and private dial-system equipment (except as provided below)—Units specified under the caption "Central office equipment (Account 1021)"
An equipment cabinet complete with batteries and switching equipment mounted therein, as generally used with a dial-system installation of small capacity.
Local storage battery plants of the type used to serve several nonmultiple boards or of the type used with certain small multiple PBX installations—an entire battery with or without cabinet or control apparatus.
Local automatic power plants of the type used to serve a small dial or a small multiple PBX:
A control cabinet, with or without charging or ringing equipment.
An entire battery, with or without cabinet or counter E. M. F. cells.
Booths and special fittings:
A booth compartment, with or without special fittings or associated furniture and fixtures such as chairs, directory racks, directory tables, and counters.
An attendant's desk including equipment or a switchboard.

Station wiring (Account 1032)

(See paragraph (b) of sec. 33.35.)

Poles, conduit, cable, and wire (Account 1045)

Poles:
A pole (i. e., line pole, brace pole, guy stub, or pole forming part of A or H fixture), a pole stub, or a pole butt, with or without associated anchors, guys, steps, etc.
A crossarm (i. e., wooden crossarm, guard arm, or cable crossarm, including extension arms), with or without associated braces and other hardware.
A special fixure (i. e., a bridge fixture, a tower or other special river-crossing or long-span fixture), with or without associated anchors, guys, etc.
Underground conduit:
A section of conduit:
(1) Between two manholes, handholes, or service boxes.
(2) Between a manhole, handhole, or service box and a pole or building.
(3) Between a central office cable vault and an office manhole.
(4) Underground dips—between two poles; between a pole and a building; between two buildings; or units (1) and (2) above.
A manhole, handhole, or service box.

NOTE: When a manhole is reconstructed, i. e., enlarged or changed in design, the investment representing portions of the manhole removed, whether or not replaced, should be written off to the depreciation reserve account.

Cable:
A span of cable, with or without associated suspension strand, clamps, rings, etc. (The term "a span" shall include a length of cable from a "Y" splice not located at a pole to a pole or building.)
A section or run of cable, with or without associated elements and parts, as follows:
(1) Between a manhole, handhole, or service box and a pole, building, fence, wall, or the junction with house cable.
(2) Between manholes, handholes, or service boxes; or between an office cable vault and an office manhole.
(3) Between a cable vault or an office manhole and the junction with the main-frame-terminating cables.
(4) A section of buried cable 300 feet or more in length, or a section of buried cable between manholes, splicing boxes, or pedestals.
(5) All of a continuous run of one size of house cable. ("All of a continuous run of one size" means a section between splices other than straight splices.)
(6) All of a continuous run of one size of block cable, i. e., cable attached to buildings, walls, or fences. ("All of a continuous run of one size" means a section between splices other than straight splices.)
(7) All of a submarine cable for one crossing; or a section of submarine cable 300 feet or more in length.
(8) A section of underground dip cable between poles and/or buildings, or the appropriate units listed above.
Any length of cable which is a continuation of a unit of cable and is replaced with such unit.
Any length of cable connected with but not a part of a terminal, or a case of equipment such as loading coils when replaced with the terminal or case of equipment.
Main-frame-terminating cables (generally silk and cotton insulated).—All the cables including forms used for terminating one outside cable.
A complete cable terminal, protected or unprotected, with or without associated balcony, pole seat, pedestal, etc.
A pressure contactor-terminal, with or without contactor.
A house cable terminating frame.
A submarine cable hut or house.
A submarine cable anchorage.
A submarine cable terminating frame.
A fuse pot.
A case of equipment such as loading coils, building-out condensers, carrier-line filters, or auto-transformers.
Aerial wire:
Two continuous spans or more of one wire, with or without associated insulators, transposition brackets, etc.
A case of equipment such as loading coils, building-out condensers, carrier-line filters, or auto-transformers.
An antenna, complete with or without supports.

Other radiotelephone plant (Account 1050)

Units appropriate to the nature and character of the radiotelephone plant involved shall be prepared and submitted to the Commission together with sufficient descriptive and other data to support an application for the addition of such units to this list of units.

Furniture and office equipment (Account 1061)

Each complete item of furniture or equipment, the original cost of which was charged to the telephone plant account, such as:
A desk, chair, table, piano, davenport, typewriter, computing machine; a section of bookcase, filing cabinet, shelving, bins, or counter; a rug, a carpet, or other floor covering for one room.

Vehicles and other work equipment (Account 1064)

Each complete item of equipment, the original cost of which was charged to the telephone plant account, such as:
A passenger automobile or truck with or without body; a tractor; a pole jack, splicer's tent or extension ladder; a pole derrick, power winch, earth-boring machine, or trailer; a portable test set; a wire-measuring machine.

RECOMMENDATIONS FOR CLASS D TELEPHONE COMPANIES

§ 33.91 *Definition.* Class D telephone companies are defined in § 33.11 as "Companies having average annual operating revenues not exceeding $25,000." "Operating revenues" as there used consist of revenues includible in accounts 3010 to 3090, inclusive. In computing the average annual operating revenues to determine the class to which a company belongs, the average of the operating revenues for the 3 years immediately preceding the current calendar year shall be used.

§ 33.92 *Accounts recommended.* The Commission is not prescribing a system of accounts for class D telephone companies; however, for convenience and to encourage uniformity in accounting by small telephone companies, there is given in § 33.94 a list of accounts recommended for class D companies. The accounts recommended consist of an abridgment of the accounts prescribed for class C companies and are cross-referenced to the corresponding accounts of the class C system, to which reference should be made for instructions relative to the accounts.

§ 33.93 *Questions.* The Commission will be glad to answer any questions presented to it by the proper officer regarding the accounts recommended.

§ 33.94 *List of accounts.*

APPENDIX A

TELEPHONE ACCOUNTING BULLETIN NO. 1; INTERPRETATIONS OF THE ACCOUNTING REQUIREMENTS CONTAINED IN THE UNIFORM SYSTEMS OF ACCOUNTS FOR TELEPHONE COMPANIES (CLASSES A, B, AND C) PRESCRIBED BY THE FEDERAL COMMUNICATIONS COMMISSION, SEPTEMBER 8, 1942 (REVISED TO MAY 12, 1948)

NOTE: The date appearing herein following the number of each case is the date of issuance of the Telephone Accounting Circular in which the case originally appeared.

Case 1

DECEMBER 11, 1935.

Question: What will be the status, after December 31, 1935, of the accounting regulations relating to the break-down of the depreciation reserve account into component parts corresponding to the primary telephone plant accounts?

Answer: All provisions of the uniform system of accounts for telephone companies promulgated under Telephone Division Order No. 7–C, of June 19, 1935, including those relating to the break-down of the depreciation account, will become effective on January 1, 1936.[1] Particular attention is directed to the pertinent provisions of paragraph (c) of account 171, "Depreciation reserve."

Carriers shall break down the balance of their respective depreciation reserves (account 171, "Depreciation reserve") in such manner as to show the amounts embraced therein in accordance with the historical development of such reserves with respect to each depreciable plant account, and shall report such break-down in the appropriate schedules of the annual reports to the Commission.

Case 2

OCTOBER 14, 1936.

Question: What is the appropriate accounting with respect to taxes imposed under the Social Security Act and similar State statutes?

[1] But see Telephone Division Order No. 7–D, of January 6, 1937; extending the effective date to January 1, 1937.

Answer: Amounts of such taxes, or accruals prior to payment, may represent taxes for which the company is liable on its own behalf as an employer or amounts for which it is liable on behalf of its employees.

The amounts of accruals for which the company is liable on its own behalf should be charged to account 805, "Operating taxes,"[2] to the telephone plant accounts (§ 31.2–22 (b) (8)),[3] and to account 322, "Miscellaneous taxes,"[4] as appropriate, so as to apportion the total tax equitably among the costs of rendering public utility service, of construction of telephone plant, and of other operations of the company. The amounts charged to the foregoing accounts should be credited to account 166, "Taxes accrued."[5] The amounts of payments to the United States Treasury or other governmental agency should be charged to account 166.[5]

The amounts deducted from the pay of employees for which the company is liable on behalf of its employees should be segregated in appropriate accounts classified under account 159:2, "Other accounts payable."[6] The amounts of payments to the United States Treasury or other governmental agency should be charged to account 159:2.[6]

Nothing contained in this accounting ruling shall be construed as committal of the future action or policy of the Commission with respect to accounting or other treatment of accruals, payments, and funds under voluntary or private plans for provident relief or pensions.

Case 3

MARCH 13, 1939.

Question: "Straight-line method" of accounting for depreciation, as defined in the uniform system of accounts for class C telephone companies (§ 33.65 (b)) differs from the definition in the uniform system of accounts for class A and class B telephone companies (§ 31.01–3 (ff)) in that the expression "as nearly as may be" is omitted from the former. Shall the instruction for class C companies be more strictly construed because the expression "as nearly as may be" is not included in the instruction?

Answer: No. § 33.65 (b) shall be construed as having the same meaning as § 31.01–3 (ff).

The use of the expression "as nearly as may be" indicates cognizance of the impossibility of making perfect estimates of service lives and net salvage values. It is not intended that the periodic accounting by telephone companies for depreciation shall vary arbitrarily or by reason of fluctuations in gross or net operating revenues or the economic fortunes of the business.

Case 4

MARCH 13, 1939.

Question: What account shall be credited with amounts of interest which have accrued on advances from affiliated companies when such advances are classified as long-term debt?

Answer: Amounts of such interest are includible in account 167, "Unmatured interest, dividends, and rents accrued,"[7] until the interest becomes payable, at which time such amounts are includible in account 159:1, "Accounts payable to affiliated companies,"[8] except that the amount of such interest payable as is not subject to current settlement shall be included in account 156, "Advances from affiliated companies."[9]

Case 5

MARCH 13, 1939.

Question: How shall class C telephone companies account for the cost of installation of the various classes of items of which the "material" cost is includible in account 1031, "Station equipment"?

Answer: The cost of installing items of "station apparatus" shall be included in account 1032, "Station wiring." The installation cost of "private branch exchanges, booths, and special fittings, and other apparatus not includible in account 1021, 'Central office equipment'," shall be included in account 1031.

Case 6–R–1 (Cancels Case 6)

JULY 13, 1939.

Question: What is the correct interpretation of § 31.2–21 and its related regulations in Part 31 (Uniform System of Accounts for Class A and Class B Telephone Companies) of the Commission's Rules and Regulations concerning the acquisition of "a substantially complete telephone system, exchange, or toll line"?

Answer:[10] Paragraphs (a) and (b) as used in § 31.2–21, of the effective system of accounts for telephone companies, the former of which paragraphs includes the expression, "a substantially complete telephone system, exchange, or toll line" shall be interpreted to mean that all telephone plant acquired from predecessors shall be accounted for in accordance with the provisions of those paragraphs of the instruction unless the property acquired (a) comprised only a few poles or relatively unimportant units of property not to be used in the assemblage of which they were formerly a part, (b) was not substantial in quantity, and (c) was acquired at small cost. In the event that the acquisition involved only a few poles or relatively unimportant items of property acquired separately and at a small cost, the accounting therefor shall be as provided in paragraph (c) of that section except that if the property was acquired with the telephone traffic associated therewith, the accounting therefor shall be in accordance with paragraphs (a) and (b) of § 31.2–21.

Such acquisitions as the following (subject to the exceptions noted in the paragraph next above) shall be accounted for as "a substantially complete telephone system, exchange, or toll line":

(a) A line of poles, with or without crossarms or other attachments and without wire, cable, or any other class of associated plant.

(b) A line of conduit, without cable or any other class of associated plant.

(c) A run of cable, without conduits, poles, or any other class of associated plant.

(d) A run of one or more open wires, without poles, crossarms, or any other class of associated plant.

(e) An extensive section of right-of-way, without poles, conduit, wire, cable, or any other class of associated plant.

(f) A general office building, other principal buildings, or group of such buildings, without other classes of associated plant.

(g) Extensive parcels of unimproved land or land upon which buildings such as indicated in paragraph (f) above are situated.

(h) All the central office equipment, station apparatus, station installations, drop and block wires, private branch exchanges, booths and special fittings, furniture and office equipment, or vehicles and other work equipment situated in or utilized in a single exchange area, central office area, or other extensive area, without additional classes of associated plant.

(i) All that portion of any of the foregoing items which constitutes toll facilities as distinguished from exchange facilities, or vice versa, or which constitutes long-lines toll facilities as distinguished from more localized toll facilities or vice versa.

NOTE: It is recognized, however, that even under the foregoing rules of guidance it is sometimes difficult to make all the minor segregations contemplated. Accordingly, an acquisition without traffic from a nonaffiliate is not required to be accounted for as an acquisition of a substantially complete telephone system, exchange, or toll line if the cost of acquisition is less than $5,000 in the case of a class A company or less than $1,000 in the case of a class B company. (This note was adopted by the Commission June 20, 1944, to become effective immediately.)

Case 7

JULY 13, 1939.

Question: Shall the acquisition of (*a*) an undivided or other type of interest in, or (*b*) an entire interest in a portion of, any part of a telephone plant be accounted for as "a substantially complete telephone system, exchange, or toll line" when such part, if entirely owned or acquired by the accounting company, would be so considered?

Answer:[10] Yes.

Case 8

JULY 13, 1939.

The Commission on April 24, 1945, deleted case 8, effective January 1, 1946.

Case 9–R–1

FEBRUARY 1, 1940.

Question: The use, especially in rural sections, of two or more conductor rubber insulated wire buried in the ground with or without conduit or other protection instead of overhead wires and also its use for underground dips under railroads, etc., either with or without conduit pipes, raises a question as to the appropriate accounting therefor to conform with provisions of the effective uniform system of accounts for telephone companies. It is necessary when this rubber covered wire is buried in the ground that a separate ground wire be buried with it or that the rubber insulated wire itself be covered with a metallic braid to serve the purpose of the ground wire, To what account should the cost of such plant be charged?

Answer: With respect to both the basic structure and the conductor serving as a ground (except when, constituting underground dips, which may be viewed as a virtual part of the adjoining conductor structure), the cost shall be included in account 242:3, "Buried cable,"[11] unless protected by a structure reusable in place for other cable, in which event the cost of these wires shall be included in account 242:2, "Underground cable,"[11] and the cost of the protective structure shall be included in account 244, "Underground conduit"[11] (see account 244, note A). (The foregoing does not apply to drop wires, even if buried, extending from the point of connection with the general overhead or underground system to the sub-

Case 10

AUGUST 16, 1939.

STATEMENT OF FACTS

Amounts included in account 100:4, "Telephone plant acquisition adjustment" [13] subdivided as provided in the text of the account, may include the following:

(a) Debit amounts with respect to one or more transactions which in the opinion of the carrier should be charged to surplus.

(b) Credit amounts with respect to other transactions than those reflected in the debit amounts mentioned in the preceding subparagraph, or of a different character, which have not been submitted to the Commission for its consideration.

Question: May all or any of such credit amounts be netted with all or any of such debit amounts and the resulting debit amount charged to surplus or amortized, without further direction or approval, as provided in subparagraph (1) of paragraph (c) in account 100:4? [13]

Answer: No. Only amounts mentioned in subparagraph (a), aforementioned, may be treated as provided in subparagraph (1) of § 31.100:4 (c). Amounts of the character referred to in subparagraph (b) of the "statement of facts" shall be submitted to the Commission as required by subparagraph (2) of § 31.100:4 (c).[13]

Case 11

AUGUST 16, 1939.

STATEMENT OF FACTS

The A Company has under consideration (in 1939) the taking over of the physical properties of the B Company and the C Company (wholly owned subsidiaries), and operating them directly as a part of its own property. The A Company in 1933 acquired substantially all of the outstanding common capital stock of the B Company, which company then held more than 99 percent of the common stock of the C Company. In 1936 the B Company's holdings of the C Company's common stock were sold to the A Company for the amount this stock cost the B Company. Both subsidiaries for some time have been operated as a part of the A group, having common officers. Their accounts have also been under close supervision of the A Company.

Although the A Company acquired only the B Company's capital stock in 1933, and in 1936 acquired only the C Company's capital stock, the year 1933 is, for accounting purposes, taken as the date when the B Company, as well as the C Company, became part of the A group of properties.

Based upon these facts, and if the accounting company be held responsible for the verity of all amounts used, is the accounting procedure hereinafter outlined satisfactory?

Question (a): May the cost to the merging company (A), at the time of the merger, of the total net assets taken over be determined by adding to the amount which the A Company paid for the B and C Companies' common stocks the amount of the now outstanding investment advances made by it to these subsidiaries, and deducting from this total the decrease in surplus suffered by Companies B and C since 1933?

Answer (a): Yes, for B Company. C Company's surplus should be adjusted to reflect its surplus at date of acquisition of C Company by B Company.

Question (b): Should the decrease in surplus of the two subsidiary companies since the respective dates of acquisition be charged directly against the surplus account of the A Company?

Answer (b): Yes.

Question (c): May the cost of telephone plant acquired from the subsidiaries be determined by deducting from the adjusted cost (computed as indicated in question (a)) of the total net assets of the subsidiaries the amounts representing the cost of net assets acquired other than telephone plant or by adding to such adjusted cost the amount representing the net liabilities assumed, exclusive of telephone plant, as appropriate?

Answer (c): Yes, provided that full explanation is furnished together with complete details concerning any estimates or allocations of amounts representing cost of net assets acquired or amount of net liabilities assumed.

Question (d): May the cost of telephone plant taken over, determined in conformity with the procedure outlined in question (c), be charged to account 276, "Telephone plant acquired"? [14]

Answer (d): Yes.

Question (e): May the amounts carried in the depreciation reserve accounts of the B and C Companies be considered for the purpose of these mergers as the "reserve requirements" referred to in § 31.2-21 (b) (2) [15] of the effective system of accounts, and charged and credited, respectively, to account 276 [16] and account 171, "Depreciation reserve," [16] of A Company?

Answer (e): Yes, subject to the proviso that responsibility for the accuracy of the amounts rests with the accounting company, and that if subsequently by further investigation and analysis, or otherwise, different amounts are determined as the correct "reserve requirement" applicable to the plant acquired, appropriate adjustment shall be made.

Question (f): Should the "original cost" [17] of the telephone plant be credited to account 276 [14] and charged to the appropriate plant accounts (100:1, "Telephone plant in service," [18] 100:2, "Telephone plant under construction," [19] and 100:3, "Property held for future telephone use"),[18] and the amount then remaining in account 276 cleared to account 100:4, "Telephone plant acquisition adjustment," [20] of the A Company?

Answer (f): Yes.

Case 12

FEBRUARY 10, 1941.

STATEMENT OF FACTS

A company formerly had outstanding 3,700 shares of 7 percent cumulative preferred stock (par value, $50 per share), which was callable at a premium of $2.50 per share. The company issued 3,700 shares of 6 percent cumulative preferred stock (par value, $50 per share), callable at a premium of $2.50 per share.

The greater portion of the new stock was issued in exchange for the old stock on a share-for-share basis. The remainder of the new stock was sold for cash at $52.50 per share, and the cash proceeds were devoted to reacquisition of the remainder of the old stock at $52.50 per share.

Question (a): Should the new stock which was issued in exchange for the old stock on a share-for-share basis be accounted for as though there had been no premium paid on the old stock and no premium received from the sale of the new stock, or should premiums in both instances be accounted for?

Answer (a): To the extent that the new stock was exchanged on a share-for-share basis for the old stock the appropriate amount included in one subaccount of account 150, "Capital stock" [21] (7 percent preferred), should be transferred to another subaccount of account 150, "Capital stock" (6 percent preferred), for the reason that no call premium was paid on the shares of 7 percent preferred stock exchanged and no premium was received on the shares of 6 percent preferred stock issued in exchange therefor.

Question (b): Would it be proper, under the existing circumstances, to offset the premium paid on the old stock reacquired for cash against the premium received on the new stock sold for cash?

Answer (b): No. The premium of $2.50 per share received on the new stock sold for cash should be credited to account 152, "Premium on capital stock." [22] The call premium paid on those shares of 7 percent preferred stock that were redeemed should be accounted for as provided in § 31.1-14 (e).[23]

Case 13

FEBRUARY 10, 1941.

Question: Several companies which have refunded bond issues have had substantial tax savings in the year in which the refunding ocurred, because the unamortized debt discount and expense and the call premium associated with the refunded securities are permitted as income tax deductions during the year in which the securities are redeemed. Instead of showing in the tax account only the actual taxes paid or accrued, the companies in question have also included therein the amount of the tax savings due to the refunding operation, with an offsetting credit, usually to account 135, "Discount on long-term debt." [24] Is this permissible?

Answer: No. Account 305, "Operating taxes," [25] should include provision for actual taxes only, and the account should not be increased by the amount which would have been paid had the refunding transaction not occurred. In other words, there was an actual saving in taxes, and this saving should be reflected in the income statement because it is a fact.

Case 14

FEBRUARY 10, 1941.

Question: What should be the accounting by a telephone company to record the transactions under an agreement whereby an electric utility conveys to the telephone company title to a pole line, agrees thereafter to pay one-half of the cost of any poles installed therein as replacements, and receives as consideration the right to use the poles in this line?

Answer: The telephone company should debit to account 241, "Pole lines," [26] the original cost (estimated if not known) of the poles acquired from the electric utility, with concurrent credits to account 171, "Depreciation reserve," [27] for the accrued depreciation, and to account 174, "Other deferred credits," [28] for the difference. The latter credit should be spread over the estimated remaining service life of the pole line by debits to account 174 and concurrent credits to account 524, "Rent revenues." [29]

Subsequent amounts received from the electric utility in part payment for the poles installed in replacement should be credited to account 524 as received.

Case 15

FEBRUARY 10, 1941.

Question: What is the proper accounting for the pay of employees of telephone companies that is continued while the employees are in the military service or in other governmental service originating through the national emergency?

Answer: The pay of employees of telephone companies that is continued while the employees are in the military service or in other governmental service originating through the national emergency shall be charged to a separate subaccount under account 672, "Relief and pensions." [30]

Case 16

JULY 22, 1942.

The Commission on April 24, 1945, deleted Case 16, effective January 1, 1946.

Case 17

JANUARY 2, 1943.

Question: What is the proper accounting under the Uniform System of Accounts for golf club dues, social club dues, service club dues (Rotary, Kiwanis, etc.), "house charges," entertainment of employees and of members of employees' families and others, and items of a similar nature?

Answer: Such expenditures are chargeable to account 323, "Miscellaneous income charges." [31] They are not to be charged to operating expenses of the company. This interpretation applies whether the expenditures are made directly by the operating company, indirectly through payments to an associated company, or are in the form of reimbursements to officers or other employees, or by any other direct or indirect means.

NOTE A: Membership fees and dues in bona fide trade, technical, and professional associations are chargeable to the account appropriate for expenses incurred for the direct benefit of a particular department, or to account 675, "Other expenses," [32] if the benefit is of a general character.

NOTE B: Only the reasonable expenses of bona fide educational and recreational activities conducted for the benefit of employees of the company are chargeable to the accounts appropriate for expenses incurred for the direct benefit of the several departments of the company, or to account 675 if of a general character.

Case 18

JUNE 21, 1944.

Question: Under arrangements with other parties the company agrees to the construction, changes in the location of or removal of telephone plant to meet the desires of others. As a consideration the company receives reimbursement for all or a portion of its cost of the work or receives title to certain plant which the other party furnishes in connection with the work. What should be the accounting for the reimbursement or plant received under such arrangements?

Answer: The cost of plant retired in connection with such transactions should be accounted for in accordance with the rules applicable thereto. The cost of new plant should be included in the appropriate plant accounts at actual cost of construction. The amount of any reimbursement recovered by the company shall, unless the arrangement provides otherwise, be applied in the following order: first, against any maintenance expenses incurred in the work, second, against any net charges made against the depreciation reserve for plant retired in excess of the depreciation provided and, third, against the plant accounts charged with the cost of construction.

Case 19

JULY 14, 1944.

Question: What accounts should be charged with duplicate interest in refunding transactions?

Answer: Duplicate interest should be charged to the appropriate interest account as a deduction from current income unless permission to defer the amount is obtained from the Commission.

Case 20

AUGUST 16, 1944.

Question: Company A owns a section of outside plant for which it has no further use (e. g., because of rerouting the line or because of substitution of underground construction) and which becomes available for use of Company B. Company B has use for only a portion of the full capacity of the line or in case of jointly owned plant for only a portion of the full capacity of Company A's interest. Company B agrees to purchase the portion of A's interest for which it has use. Any of the remaining portion of the plant not removed by Company A is abandoned and the title thereto goes to Company B without cost. What should be the accounting by Company B?

Answer: Company B shall record the total units so acquired in its continuing property record and account for the proportionate interest actually purchased on the basis of the original cost of that interest and reserve requirements applicable thereto in accordance with section 31.2-21 of the system of accounts.

Case 21

JULY 17, 1946.

Question: When capital stock is sold at a premium, is it permissible to credit account 152, "Premium on capital stock," [33] with the net premium, that is, the premium realized from purchasers of the stock minus expenses otherwise includible in account 134:2, "Capital stock expense"? [34]

Answer: Account 152, "Premium on capital stock," [33] account 134:1, "Discount on capital stock," [35] and the respective capital stock accounts are intended to include the amounts received from purchasers of capital stock, but not expenses of issuing and selling the stock. For each class and series of capital stock there should be recorded separately in the prescribed accounts the par or stated value of the stock, discount or premium, and the expenses incurred in connection with the issuance and sale of the stock. Should a carrier desire to write off or amortize amounts recorded in account 134:2, "Capital stock expense," [37] the charge is required to be made to account 413, "Miscellaneous debits to earned surplus." [36]

Case 22

JULY 17, 1946.

Question: What is the proper account to be charged with non-promotional advertising of the type sometimes referred to as institutional advertising or as goodwill advertising, the purpose of which is to foster and maintain public goodwill rather than for any immediate and direct promotion of sales of service to subscribers?

Answer: Such advertising should be charged to account 642, "Advertising"; [27] however, account 323, "Miscellaneous income charges," [28] should be charged with the cost of any advertising for the purpose of influencing public opinion as to the election of public officers, referenda, proposed legislation, proposed ordinances, repeal of existing laws or ordinances, approval or revocation of franchises; for the purpose of influencing decisions of public officers; or having any direct or indirect relationship to political matters.

Case 23

JULY 17, 1946.

STATEMENT OF FACTS

In probably all jurisdictions, upon the organization of a corporation, specified fees must be paid. These fees are measured in different ways, the method pertinent to the present inquiry being the amount of authorized stock. In this particular jurisdiction, if several corporations merge or consolidate, then the amount of the fees payable by the resulting corporation is the difference between that calculated on the entire authorized stock of the resulting corporation after the merger and that which was paid previously by the parties to the merger or consolidation. If additional stock is authorized at any subsequent date, a fee must be paid thereon. In the state in question, the minimum authorized capital stock is $5,000.

An additional characteristic of the fees is that they relate to the total stock authorized and not to respective classes of stock. Thus, no additional fee would be payable if one class of preferred stock is retired and replaced by another class, provided there is no increase in the amount authorized to be issued, or if preferred stock is replaced by common stock with no increase in the authorized amount. In the case of no par stock, the aggregate stated value of the shares authorized is the basis for the fees. Where no par stock has no stated value, the basis for the fees is the capital paid in attributable to such shares.

The charter or bonus fees herein considered are not to be confused with fees paid by a carrier to a public service commission or other authority for registration and permission to issue and sell an authorized amount of capital stock. This latter type of fee is chargeable to account 134:2, "Capital stock expense." [29]

Question (a): What is the proper account to be charged with charter or bonus fees similar to those described above?

[38] For class C companies: Account 7100, "Other miscellaneous deductions from income."

[39] For class C companies: Account 1860, "Capital-stock expense."

Answer (a): Such charter or bonus fees should be charged to account 201, "Organization."[40] Attention is directed, however, to the above comments concerning fees paid by a carrier for registration and permission to issue and sell an authorized amount of capital stock, to which this interpretation does not apply.

Question (b): On the merger or consolidation of two or more companies where charter or bonus fees previously paid by the merged companies are permitted to be offset against the fees otherwise payable on the authorized capital stock of the continuing corporation, is it permissible to carry forward to the organization account of the continuing corporation the charter or bonus fees included in the merged corporations' organization accounts?

Answer (b): Under the circumstances described in the question it is permissible for a continuing corporation of a merger or consolidation to record in account 201, "Organization," so much of the charter or bonus fees previously paid by the merged corporations as is available for credit against the fees otherwise payable on the authorized capital stock of the continuing corporation or creditable against fees for future increases in the authorized capital stock.

TITLE 34—NAVY

Chapter I—Department of the Navy

PART 1—AUTHORITY, GENERAL ORGANIZATION AND FUNCTIONS OF THE NAVAL ESTABLISHMENT

BUREAU OF MEDICINE AND SURGERY

Amend §§ 1.7 (b) and (c) to read as follows:

§ 1.7 *Bureau of Medicine and Surgery.* * * *

(b) The Bureau performs the following functions:

(1) It safeguards the health of the Navy and the Marine Corps; and provides medical care and treatment for sick and injured naval personnel, and, as authorized by law, for naval dependents, civilian employees who suffer occupational injury or illness, and certain other specific categories of persons.

(2) It provides for the organization and administration of the naval medical and dental installations, including naval hospitals, naval medical centers, dispensaries, medical supply depots, medical laboratories, and technical schools for Medical Department personnel.

(3) It establishes professional standards for clinical methods and procedures in medical, dental, and nursing care and treatment.

(4) It studies, plans, and directs the dental practices in the Naval Establishment.

(5) It determines, in collaboration with other Bureaus concerned, standards of environmental sanitation, industrial hygiene, and other measures for the prevention of disease or injury within the Naval Establishment; and provides for the inspection of the sanitary condition of the naval service.

(6) It initiates and directs research in the fields of general medicine and dentistry, including prevention medical procedures, the medical aspects of atomic defense, medicinal and dental substances, remedies, materials, and devices; in the physical and mental characteristics and the endurance capabilities of the human being; and in the physiological problems pertinent to the naval service; and adopts for use such devices or procedures developed in the sciences of medicine, dentistry, and surgery as will increase military efficiency.

(7) It develops the physical standards and provides for the physical examination of persons for entrance into the naval service, and for retention therein.

(8) It maintains and services medical records for naval and ex-naval personnel.

(9) It plans, coordinates, and recommends concerning professional qualifications, complements, assignments, and duties of Medical Department personnel.

(10) It provides for the professional education and training of personnel of the Medical, Dental, Medical Service, Nurse, and Hospital Corps.

(11) It administers civilian personnel employed at those commands and organizations established as separate activities over which the Bureau exercises control.

(12) It conducts studies and initiates action or recommendations on the design, construction, and alteration of medical and dental installations, including hospital ships.

(13) It controls the preparation of specifications for medical and dental materials used in the Naval Establishment, and the procurement, receipt, inspection, storage, distribution, care, custody and issue of, and accounting for, such materials.

(14) It compiles and analyzes detailed statistical data on sickness, disease and injuries.

(c) To perform the functions for which the Chief of the Bureau is responsible, the Bureau is organized as follows:

Chief of Bureau of Medicine and Surgery (Surgeon General of the Navy).
Deputy and Assistant Chief of Bureau.
Legal Assistant to the Surgeon General.
Public Relations Officer.
Red Cross Liaison officer.
Administration Division.
Finance Division.
Medical Statistics Division.
Publications Division.
General Inspector, Medical Department.
General Inspector, Dental Service.
Assistant Chief of Bureau for Personnel and Professional Operations.
Personnel Division.
Professional Division.
Physical Qualifications and Medical Records Division.
Assistant Chief of Bureau for Planning and Logistics.
Planning Division.
Matériel Division.
Naval Medical Matériel Board.
Assistant Chief of Bureau for Research and Medical Military Specialties.
Research Division.
Preventive Medicine Division.
Atomic Defense Division.
Special Weapons Medicine Division.
Assistant Chief of Bureau for Aviation and Operational Medicine.
Aviation Medicine Division.
Submarine Medicine Division.
Amphibious and Marine Corps Field Medicine Division.
Dispensary Medicine Division.
Assistant Chief of Bureau for Dentistry.
Dental Division.

W. JOHN KENNEY,
Acting Secretary of the Navy.

	[3] 43.20	72.00		60.00		(3) 90.00

[1] Rates prior to Sept. 1, 1946.
[2] Rates from Sept. 1, 1946; Public Law 611, 79th Cong.
[3] Rates from Sept. 1, 1947; Public Law 270, 80th Cong.

NOTE: The foregoing rates are subject to the provisions of § 3.1255 of this chapter. Where a veteran is furnished hospital treatment, institutional or domiciliary care by the Veterans' Administration and is furnished with nursing or attendant's service, the award of pension will be the amount authorized by the rating decision or the attainment of beneficial age, exclusive of any additional amount on account of the need of regular aid and attendance. This rate of pension in such instances will be effective as of the beginning of the maintenance of the disabled veteran by the Veterans' Administration.

(1) While there was provision in the act of May 1, 1926, for increase to the rates provided in that act of persons being paid under the earlier act there are certain claims based upon fragmentary periods of service in two or more of the activities, namely, Spanish-American War, Philippine Insurrection, and (not or) the China Relief Expedition, the total of which is 90 days or more. Such service is treated as though it comprised a single campaign. These cases which do not meet the service requirements of the later acts are pensionable at the rates provided by the act of June 5, 1920, as amended.

(2) Increases from the rates provided by the act of May 1, 1926, to those provided by the act of June 2, 1930, are effective from the date of application. If a claim is encountered where the rates provided by the act of May 1, 1926, as amended, are in effect, the veteran will be notified of his right to file a claim for increase under the currently applicable law.

(3) The $60 rate for total disability and for age 75 years based upon 90 days service under the act of June 2, 1930, was increased to $75 monthly effective from April 1, 1944, by Public Law 242, 78th Congress. The $75 rate was not increased by Public Law 611, 79th Congress, but was increased by Public Law 270, 80th Congress.

(4) For effective date of increases under the act of May 24, 1938, see § 4.2107 (b). Veterans whose pension is based upon 90 days' service in the Moro Province between July 5, 1902, and July 15, 1903, are not entitled to the rates for age 65 or aid and attendance as provided by the act of May 24, 1938, as amended but the rates for 90 days' service as provided by the act of June 2, 1930, as amended, are applicable. (41 Stat. 982, 44 Stat. 382, 46 Stat. 492, 52 Stat. 440, 58 Stat. 107, secs. 1, 2, 3, 60 Stat. 863, sec. 1, Pub. Law 270, 80th Cong.; 38 U. S. C. 362, 364, 365, 365b, 365c, 370, 370e)

§ 4.2109 *Indian wars.* Pension or increased pension pursuant to the act of March 3, 1927, as amended by Public Law 245, 78th Congress, shall commence from the date of claim therefor or the date of entitlement, whichever is the later. The rate for regular aid and attendance as to persons applying for pension after March 3, 1944, is payable from the date of inception of the requisite condition as shown by the evidence, but not earlier than the date of the original application for pension under Public Law 245, 78th Congress. Public Law 398, 80th Congress, provides for a twenty percent increase in rates effective from March 1, 1948, but does not effect the foregoing provisions as to basic entitlement. (Sec. 1, 44 Stat. 1361, sec. 1, 58 Stat. 108, Pub. Law 398, 80th Cong.; 38 U. S. C. 381)

§ 4.2110 *Rates of pension: Indian wars.* Pension is payable at rates as follows:

Item	Rates on and after Sept. 1, 1937		Rates from date of claim filed on or after Mar. 3, 1944	
	To Feb. 29, 1948	From Mar. 1, 1948	To Feb. 29, 1948	From Mar. 1, 1948
Degree of Disability:				
1/10	$20.00	$24.00	$20.00	$24.00
¼	25.00	30.00	25.00	30.00
⅓	35.00	42.00	35.00	42.00
½	45.00	54.00	50.00	60.00
⅔	55.00	66.00	60.00	72.00
Regular aid and attendance	72.00	86.40	100.00	120.00
Age:				
62	25.00	30.00	30.00	36.00
65			60.00	72.00
68	35.00	42.00		
72	45.00	54.00		
75	55.00	66.00		

NOTE: The foregoing rates are subject to the provision that the rate for regular aid and attendance may not be allowed while the veteran is being maintained by the Veterans' Administration and to the provisions of § 3.1255 of this chapter.

(Sec. 1, 44 Stat. 1361, sec. 1, 58 Stat. 108, Pub. Law 398, 80th Cong.; 38 U. S. C. 381)

§ 4.2112 *Rates of pension: Civil War.* (a) Pension is payable at rates as follows:

Minimum rate	Helpless or blind or so nearly helpless or blind as to require the regular aid and attendance of another person
$75.00 [1]	$100.00
$90.00 [2]	120.00

[1] Rates prior to Sept. 1, 1947.
[2] Rates from Sept. 1, 1947; Public Law 270, 80th Cong.

NOTE: The foregoing rates are subject to the provision that the rate for regular aid and attendance may not be allowed while the veteran is being maintained by the Veterans' Administration and to the provisions of § 3.1255 of this chapter.

(b) The rate for Army nurses, under the act of August 5, 1892, as amended by the act of July 3, 1926, is $50.00 monthly, to September 1, 1947, and $60.00 monthly from September 1, 1947. (Secs. 1, 2, 46 Stat. 529, sec. 2, Pub. Law 270, 80th Cong.; 38 U. S. C. 274, 275)

PART 50—ORGANIZATION AND PROCEDURE

DELEGATIONS TO REGIONAL ADMINISTRATORS; AUTHORITY TO DESIGNATE EMPLOYEES TO PERFORM FUNCTIONS OF ACTING MANAGERS

SEPTEMBER 20, 1948.

The following section is added:

§ 50.452 *Authority to designate employees to perform the functions of acting managers.* The regional administrator of any region may authorize any qualified employee of the Bureau of Land Management in his region to perform the functions of the manager of a district land and survey office in his region in case of the death, resignation, absence, or sickness of the manager. However, such employee shall not decide or dispose of a contest or protest. He may not perform the functions of a manager until he has filed a bond in such penal sum as the regional administrator may fix and the bond has been accepted by the regional administrator. Each employee authorized to act under this section shall sign all documents and other papers under his pay roll title and act as manager.

Each such employee shall, by memoranda, advise his regional administrator of the beginning and of the termination of a period during which he performs the functions of manager. Copies of such memoranda shall be sent to the Director. (R. S. 161, 453, 2478; 5 U. S. C. 22, 43 U. S. C. 2, 1201; Reorg. Plan 3 of 1946, 11 F. R. 7875; 43 CFR 4.275)

PROPOSED RULE MAKING

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 2, 3, 4a, 4b, 6, 13, 14, 15]

IDENTIFICATION DATA NAME PLATE AND FUEL CAPACITY PLACARD

NOTICE OF PROPOSED RULE MAKING

Pursuant to authority delegated by the Civil Aeronautics Board to the Bureau of Safety Regulation, notice is hereby given that the Bureau will propose to the Board amendments of Parts 2, 3, 4a, 4b, 6, 13, 14, and 15 of the Civil Air Regulations as hereinafter set forth.

Interested persons may participate in the making of the proposed rules by submitting such written data, views, or arguments as they may desire. Communications should be submitted to the Civil Aeronautics Board, attention Bureau of Safety Regulation, Washington 25, D. C. All communications received within 30 days after the date of this publication will be considered by the Board before taking further action on the proposed rules.

The presently effective rules require that each aircraft bear a name plate containing the information essential for its identification. Under the present requirements the name plate has sometimes been located on the floor of the pilot compartment or in some other place where the identification data have been obliterated in the normal use of the airplane.

The primary purpose of the proposed amendments is to require that the name plate be located on a part of the structure considered to be the least likely to be defaced in the normal use of the aircraft or destroyed or lost in the event of an accident, such as the fuselage structure in the vicinity of the tail of the conventional airplane.

The proposed amendments in clarifying the location of name plate also make the required identification data consistent in all the pertinent parts of the regulations.

An additional proposed amendment of Part 4a specifies that the fuel capacity placard, now required by § 4a.4631 to be located on the manufacturer's identification plate or on or adjacent to the fuel tank shut-off valves, shall be located more appropriately on or adjacent to the fuel tank selector valve controls, and transfers this requirement to a more suitable section of this part.

It is proposed to amend Parts 2, 3, 4a, 4b, 6, 13, 14, and 15 as follows:

1. By amending § 2.36 to read as follows:

§ 2.36 *Identification.* Each article manufactured under the terms of a type or production certificate shall display permanently such data as may be required to show its identity. The data shall include such of the following items as the Administrator finds appropriate:

(a) Manufacturer's name,
(b) Model designation,
(c) Manufacturer's serial number (if article is numbered serially), otherwise date of manufacture, except that articles subject to deterioration as a result of aging (parachutes, parachute flares, etc.) shall bear the date of manufacture in addition to the serial number, if any,
(d) Type certificate number,
(e) Production certificate number,
(f) Capacity or rating.

2. By amending §§ 3.70 and 4b.70 and adding a new § 4a.468 to read as follows:

Identification plate. A fireproof identification plate shall be securely attached to the fuselage or other tail-supporting structure in an accessible location no farther forward than the leading edge of the stabilizer. The identification plate shall contain the identification data required by § 2.36 of this chapter.

3. By rescinding § 4a.4631.

4. By adding the following sentence to § 4a.651: "The fuel capacity and the identity of each tank shall be inscribed on or adjacent to the fuel tank selector valve controls in the pilot compartment."

5. By amending § 6.61 to read as follows:

§ 6.61 *Identification plate.* A fireproof identification plate shall be securely attached to the fuselage or other structure in an accessible location where there exists the least possibility that the identification plate will be destroyed in the event of an accident involving fire. The identification plate shall contain the identification data required by § 2.36 of this chapter.

6. By amending § 13.22 to read as follows:

§ 13.22 *Identification plate.* A fireproof identification plate shall be securely attached to the engine in a location which will be readily accessible when the engine is installed in an aircraft. The identification plate shall contain the identification data required by § 2.36 of this chapter.

7. By amending § 14.06 to read as follows:

§ 14.06 *Identification data.* A certificated propeller, propeller blade, or propeller hub, shall have displayed upon it conspicuously the identification data required by § 2.36 of this chapter. The identification data shall be permanently attached upon a noncritical surface of the propeller, blade, or hub by means of a plate, stamping, engraving, etching, or other approved method. When such data are not visible when the propeller is assembled or installed on an aircraft, they shall also be painted or printed on the propeller, blade, or hub.

8. By amending §§ 15.04 through 15.043 to read as follows:

§ 15.04 *Identification data.* Each unit certificated or approved shall be marked with the identification data required by § 2.36 of this chapter, unless otherwise specifically provided for in this part of the regulations. The identification data shall be displayed in a conspicuous place on the unit in a manner such that it cannot be easily erased, disfigured, or obscured.

9. By amending § 15.1047 to read as follows:

§ 15.1047 *Identification data.* (See § 15.04.)

10. By amending § 15.107 to read as follows:

§ 15.107 Each unit of a certificated model of main landing gear wheel shall bear the identification data as prescribed in § 15.04.

11. By amending in §§ 15.111, 15.123, 15.215, and 15.3151 the reference "§ 15.042 (e)" to read "§ 15.04."

These amendments are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-1089]

DAYTON RUBBER CO.

ORDER GRANTING APPLICATION TO WITHDRAW FROM LISTING AND REGISTRATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 20th day of September A. D. 1948.

The Dayton Rubber Company, pursuant to section 12 (d) of the Securities Exchange Act of 1934 and Rule X-12D2-1 (b) promulgated thereunder, has made application to withdraw its Class "A" $2.00 preferential stock, par value $35.00, and its common stock, par value 50¢, from registration and listing on the Chicago Stock Exchange.

The reasons for withdrawing these securities from registration and listing on the Chicago Stock Exchange that are stated in the application are (1) the Class "A" $2.00 preferential stock, par value $35.00, is registered and listed on the New York Curb Exchange; (2) the common stock, par value 50¢, is registered and listed on the New York Stock Exchange; (3) there have been no transactions in either security on the Chicago Stock Exchange from January 1946 through May 1948; (4) the Executive Committee of the Chicago Stock Exchange on September 30, 1947, granted the request of The Dayton Rubber Company for a waiver of the requirement of the rule of the Chicago Stock Exchange that a delisting application be approved by two-thirds of the outstanding shares and that less than 10% of the outstanding shares dissent to the application.

Appropriate notice and opportunity for hearing have been given to interested persons and the public generally. No request has been received from any interested person for a hearing in this matter.

The Commission having considered the facts stated in the application, and having due regard for the public interest and the protection of investors;

It is ordered, That said application be, and the same is, hereby granted, effective at the close of the trading session on October 20, 1948.

UNION ELECTRIC CO. OF MISSOURI AND UNION ELECTRIC POWER CO.

ORDER AMENDING PRIOR ORDER RELEASING JURISDICTION OVER LEGAL FEES AND EXPENSES

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 20th day of September 1948.

The Commission having, by orders dated May 18, 1948 and May 26, 1948, granted and permitted to become effective the joint application-declaration, as amended, of Union Electric Company of Missouri ("Union"), a registered holding company and an electric utility subsidiary of The North American Company, also a registered holding company, and of Union Electric Power Company ("Union Power"), Union's wholly-owned electric utility subsidiary, relating to the issuance and sale by Union of $25,000,000 principal amount of 3% Debentures due 1968 and the issue and sale by Union Power, and the acquisition thereof by Union, of up to $18,000,000 aggregate par value of additional shares of preferred stock of Union Power, all as more fully described in Holding Company Act Release No. 8189; and

The Commission having in said orders reserved jurisdiction over the payment of all legal fees and expenses incurred in connection with the debenture and preferred stock financing; and

Union having supplemented the record with statements setting forth the amounts, nature and extent of legal services rendered by various counsel for Union and the underwriters in connection with the issuance and sale of said debentures for which requests for payment had been made and the Commission by order dated September 3, 1948, having released jurisdiction heretofore reserved over the payment of legal fees; and

Union having notified the Commission that through inadvertence Union omitted a request for the payment by Union Power of a legal fee in the amount of $1,500 to the firm of Pope and Driemeyer for services in connection with the preferred stock financing; and Union having further supplemented the record with a statement setting forth the nature and extent of the legal services rendered by said firm; and

The Commission having considered the record as supplemented and it appearing to the Commission that the requested legal fee is not unreasonable and that the previous order of September 3, 1948, releasing jurisdiction over legal fees and expenses, should be amended so as to include the fee requested by Pope and Driemeyer:

It is ordered. That the Commission's order of September 3, 1948, releasing jurisdiction over legal fees and expenses herein be, and the same hereby is, amended so as to include, as if specifically set forth therein, the fee in the amount of $1,500 requested by Pope and Driemeyer and to be paid by Union Power.

By the Commission.

COLUMBIA GAS SYSTEM, INC., AND NATURAL GAS CO. OF WEST VIRGINIA

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 20th day of September 1948.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its subsidiary, Natural Gas Company of West Virginia ("Natural Gas"), having filed a joint application-declaration pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b), 9, 10 and 12 thereof and Rule U-43 promulgated thereunder, with respect to the issue and sale by Natural Gas to Columbia of $600,000 principal amount of 3¼% Installment Promissory Notes due in equal annual installments on August 15 of each of the years from 1950 to 1974, inclusive; the proceeds from such sale to be utilized by Natural Gas in connection with its construction program; and

The Public Service Commission of West Virginia, by order dated August 16, 1948, having approved the proposed issue and sale of notes by Natural Gas; and

Said joint application-declaration having been filed on June 21, 1948, and the last amendment thereto having been filed on September 3, 1948, notice of such filing having been duly given in the manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said joint application-declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and that no adverse findings are necessary, and deeming it appropriate in the public interest and in the interests of investors and consumers that said joint application-declaration be granted and permitted to become effective:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith.

STATEN ISLAND EDISON CORP.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 20th day of September 1948.

Staten Island Edison Corporation ("Staten Island"), an indirect subsidiary of General Public Utilities Corporation, a registered holding company, having filed a declaration, pursuant to sections 6 and 7 of the Public Utility Holding Company Act of 1935 ("act"), with respect to the following transaction:

Staten Island proposes to issue and sell to three commercial banks an aggregate of $1,750,000 principal amount of notes, each such note to bear interest at a rate not in excess of 2% per annum and to be of a maturity not in excess of six months. The proceeds of the new notes will be used to meet the maturity of $1,750,000 principal amount of presently outstanding notes.

Such declaration having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that no adverse findings are necessary with respect to the declaration, and deeming it appropriate in the public interest and in the interests of investors and consumers that said declaration be permitted to become effective, and deeming it appropriate to grant the request of declarant that the order become effective at the earliest date possible:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the Act and subject to the terms and conditions prescribed in Rule U-24, that the declaration be, and the same hereby is, permitted to become effective forthwith.

NORTHERN STATES POWER CO.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 17th day of September A. D. 1948.

Notice is hereby given that an application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("the act") by Northern States Power Company ("Northern States"), a Minnesota corporation. Northern States is a registered holding company, a public utility operating company, and a subsidiary of Northern States Power Company, a Delaware corporation, also a registered holding company. Northern States designates sections 9 (a) and 10 of the act as applicable to the proposed transaction.

All interested persons are referred to said application on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

Northern States proposes to acquire from the City of Grand Forks, North Dakota, for a cash consideration of $18,000 the existing municipally owned overhead street lighting system now serving the residential district of said city. Northern States supplies electric service within the city and has heretofore supplied to the city electric energy for the operation of said overhead street lighting system. Upon acquisition, the company proposes to integrate said system with its existing distribution facilities and to proceed forthwith to enlarge and modernize same in accordance with contractual arrangements heretofore agreed upon with the city.

The application states that the estimated original cost of the properties, including materials and supplies, is $38,297, and that the estimated depreciation on a straight line basis is $20,158. The company proposes to use these figures in recording the acquisition on its books, and to credit the small electric plant acquisition adjustment of $139 to its reserve for depreciation of electric plant.

It is also stated that no State commission and no other Federal commission has jurisdiction over the proposed transaction.

Notice is further given that any interested person may, not later than September 28, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after September 28, 1948, said application may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

PUBLIC SERVICE CO. OF NEW HAMPSHIRE

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C. on the 20th day of September A. D. 1948.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by Public Service Company of New Hampshire ("New Hampshire"), a public utility subsidiary of New England Public Service Company, a registered holding company. Applicant has designated the third sentence of section 6 (b) of the act and Rule U-50 of the rules and regulations promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 8, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 8, 1948, said application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated pursuant to said act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file with this Commission for a statement of the transactions therein proposed, which are summarized as follows:

New Hampshire proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50, $7,000,000 principal amount of First Mortgage Bonds, Series D, --% due 1978, to be issued under and secured by a First Mortgage to Old Colony Trust Company, as Trustee, dated as of January 1, 1943, as supplemented by various supplemental indentures, including a proposed Fourth Supplemental Indenture to be dated as of October 1, 1948. The interest rate and the price to the company for the bonds will be determined by competitive bidding except that the invitation for bids will specify that the interest rate shall be a multiple of ⅛ of 1% and that the price to the company shall be not less than 100% nor more than 102.75% of the principal amount thereof plus accrued interest. New Hampshire requests that the ten day notice period for inviting bids as provided by subdivision (b) of Rule U-50 be shortened to not less than six days so as to permit the opening of bids on October 18, 1948.

The application states that the company will use $3,600,000 of the proceeds from the sale of the bonds to repay the company's short-term bank borrowings. The balance of the proceeds in the amount of $3,400,000 will be deposited initially with the Trustee under the indenture and will be withdrawn from time to time upon certification to the Trustee of additional property. It is anticipated by the company that the $3,400,000 deposited initially with the Trustee will be withdrawn by January 31, 1949, and will be similarly applied to repay short-term bank borrowings or will be used for other corporate purposes.

It is represented by applicant that the proposed transactions are subject to the jurisdiction of the New Hampshire Public Service Commission and the Vermont Public Service Commission, and that applications have been filed with said Commissions for their approval.

New Hampshire requests that the Commission's order granting the application be issued on October 11, 1948, and that such order become effective forthwith.

By the Commission.

FEDERAL REGISTER

VOLUME 13 NUMBER 189

Washington, Tuesday, September 28, 1948

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 222—CONSUMER INSTALMENT CREDIT

CALCULATION OF $70 MONTHLY PAYMENTS

The following interpretation under this part relating to consumer instalment credit has been issued by the Board of Governors of the Federal Reserve System:

§ 222.103 *Calculation of $70 monthly payments.* The Board has been asked about the application of Part 2 of § 222.9 which specifies a maximum maturity of 15 months for extensions of credit of $1,000 or less and a maximum maturity of 18 months for extensions of credit of more than $1,000 with the exception that for credits of more than $1,000 the instalment payments shall not be less than $70 per month. The particular question is whether the $70 figure applies to the total monthly payment or only to the amount of that payment applicable to the principal of the obligation not including interest or finance charge.

The instalment payment referred to in the $70 clause is the total monthly payment. An example of its use in connection with the purchase of an automobile is as follows:

Purchase price	$1,500.00
Down payment	500.00
Balance of purchase price	1,000.00
Insurance (15-18 months)	90.00
Unpaid balance (principal amount)	1,090.00
Finance charge at 6% for 18 months	98.10
Amount of total obligation	1,188.10
Monthly payment at 18 months	66.01

As this amount of monthly payment is less than $70, the number of months over which the contract is payable must be reduced. The longest term available for this transaction with equal monthly payments would be 16 months as shown by the following calculation:

Unpaid balance as above	$1,090.00
Finance charge at 6% for 16 months	87.20
Amount of total obligation	1,177.20
Monthly payment at 16 months	73.58

In the usual case, the registrant will not need to go through these calculations in detail as he will have an appropriate payment chart which will give him the necessary figures directly.

The Board has also been asked about the application of Part 2 of § 222.9 in cases where the insurance and finance charge are not separated and it is not possible to determine the exact "principal amount." These are usually cases in which the obligation is purchased from a dealer by a financial institution which furnishes the dealer with charts showing the payments necessary for various balances (purchase price less down payment), the cost of insurance and the finance charge being included in the payments. The balances which can be financed at various maturities can be determined from the charts by following the principle that a balance can be financed at 18 months, at 17 months, or at 16 months if the payments specified in the chart applicable to the transaction for the particluar maturity desired are at least $70 per month.

This principle is illustrated by the following procedure. The registrant can ascertain from the chart the smallest balance which requires monthly payments of $70 or more with an 18-months' maturity. That balance and all larger balances may be written with an 18-months' maturity. If the chart shows payments for a 17-months' maturity, the Registrant can ascertain the smallest balance which requires monthly payments of $70 or more with a 17-months' maturity. That balance and all larger balances may be written with a 17-months' maturity. A similar procedure can be followed if the chart shows payments for a 16-months' maturity. The charts will in many instances be set up by the financial institutions to show these breaking points and it is of course optional with the financial institution whether or not it will take contracts with 16-months' or 17-months' maturities. For ease in handling, the financial institution may prefer to omit the 16-months' and 17-months' maturities, in which case no balance smaller than the balance which requires monthly payments of $70 or more with an 18-months' maturity could be written with a maturity of more than 15 months. (Sec. 5 (b), 40 Stat. 415, as amended, Pub. Law 905, 80th Cong.; 12 U. S. C. and Sup. 95 (a),

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52051]

PART 16—LIQUIDATION OF DUTIES

CONVERSION OF CURRENCY; CANADIAN AND NEWFOUNDLAND DOLLAR

Instructions for the conversion of the Canadian dollar and the Newfoundland dollar for the purpose of the assessment of duty on merchandise imported into the United States. Section 16.4 (c), Customs Regulations of 1943, amended.

Reference is made to the certification by the Federal Reserve Bank of New York, pursuant to section 522 (c) of the Tariff Act of 1930 (31 U. S. C. 372 (c)), of dual rates of exchange, designated "Official" and "Free", for the Canadian dollar and the Newfoundland dollar since March 22, 1940. Reference is also made to the instructions contained in T. D. 50134, April 15, 1940 (5 F. R. 1447), regarding the conversion of these currencies into currency of the United States for the assessment and collection of duties upon imported merchandise. The Federal Reserve Bank of New York still certifies both the "Official" rate and the "Free" rate for the Canadian dollar and the Newfoundland dollar. The "Official" rate is the higher rate (i. e., shows the higher amount of United States money as the equivalent of the Canadian or Newfoundland dollar).

It is understood from available information that all exchange transactions in Canada take place through official channels and at the "Official" rate; that the market for the Canadian dollar at the "Free" rate is located entirely outside Canada; that Canadian dollars purchased at the "Free" rate are useable in making capital investments in Canada and, when brought in by tourists, for tourist expenses and purchases; that, with the exception of purchases by tourists and some other limited cases for which the Canadian exchange control authorities permit the use of the "Free" rate, the "Official" rate only is used in payment for exports from Canada. The Department has no information that the "Free" rate is used uniformly and legally in payment for any type of commodity.

It is understood that the use of the "Official" and "Free' rates for the Newfoundland dollar is substantially the same as the use of the "Official" and "Free" rates for the Canadian dollar.

In the case of any importation of merchandise exported from Canada or Newfoundland on or after March 22, 1940, the appraiser and collector shall proceed, respectively, with the appraisement and liquidation according to the following procedure:

1. No rate of exchange shall be used for customs purposes under these instructions except a rate certified by the Federal Reserve Bank of New York for the date of exportation of the merchandise, unless there is a proclaimed value for the Canadian or Newfoundland currency which varies by less than 5 per cent from the certified rate determined to be applicable to that merchandise in accordance with the numbered paragraphs below, in which case that proclaimed value shall be used as to that merchandise.

2. Where the appraisement is made in Canadian or Newfoundland currency the appraiser shall designate in his report to the collector the class of currency in which appraisement is made by using the term "Official" dollars or "Free" dollars, as the case may be, to identify the two types of currency for which the Federal Reserve Bank has certified rates.

3. For all purposes of appraisement and assessment of duties, the amount of any value established in Canadian or Newfoundland dollars shall be considered to be in the class of dollars designated in the certifications of the Federal Reserve Bank of New York as "Official" and the "Official" rate shall be used, except that if the appraiser or collector has credible information that the "Free" rate of exchange, or any rate other than the "Official" rate, was used uniformly during any period in connection with the payment for the particular merchandise on which duty is being assessed and all other merchandise of the same type, appraisement shall be withheld and liquidation shall be suspended as to all merchandise of the type involved exported to the United States during the period involved, and a detailed report shall be transmitted immediately to the Bureau of Customs.

In all cases of importations from Canada or Newfoundland where the conversion of Canadian or Newfoundland currency is involved, estimated duties shall be calculated with the use of the "Official" rate.

Following the issuance of these instructions both the "Official" and the "Free" rates for the Canadian dollar and the Newfoundland dollar, as certified by the Federal Reserve Bank, will be published in the Treasury Decisions.

Section 16.4 (c) Customs Regulations of 1943 (19 CFR, Cum. Supp., 16.4 (c)), is hereby amended by adding "Canadian dollars" and "Newfoundland dollars" to the list of foreign currencies for which instructions have been issued under section 522 (c) of the Tariff Act of 1930 (31 U. S. C. 372 (c)) and by placing opposite each such addition the number and date of this Treasury decision and the FEDERAL REGISTER citation thereof.

(R. S. 251, secs. 505, 624, 46 Stat. 732, 759, sec. 522, 46 Stat. 739; 19 U. S. C. 66, 1505, 1624, 31 U. S. C. 372)

Notice of the proposed issuance of the foregoing instructions was published in the FEDERAL REGISTER on July 28, 1948 (13 F. R. 4321), pursuant to section 4 of the Administrative Procedure Act (Public Law 404, 79th Congress). The basis of the instructions is section 522 of the Tariff Act of 1930 (31 U. S. C. 372) as construed by the courts, and their purpose is to provide instructions for applying multiple rates of exchange certified by the Federal Reserve Bank of New York for currency conversion for the assessment and collection of customs duties. These instructions shall be effective on the date of publication in the FEDERAL REGISTER, the delayed effective date requirements of section 4 (c) of the Administrative Procedure Act being dispensed with because the instructions relate to action to be taken by customs officers and, although affecting rights of interested persons, do not require any action to be taken by such persons.

[SEAL] FRANK DOW,
Acting Commissioner of Customs.

Approved: September 22, 1948.

JOHN S. GRAHAM,
Acting Secretary of the Treasury.

Chapter VIII—Production and Marketing Administration (Sugar Branch)

PART 801—GENERAL SUGAR REGULATIONS

ENTRY OF SUGAR INTO CONTINENTAL U. S.

Pursuant to the authority contained in § 801.52 of General Sugar Regulations, Series 3, No. 2, as amended (13 F. R. 127, 1076, 2063, 4590) it is hereby determined that the direct-consumption portion of the 1948 sugar quota for Cuba, amounting to 375,000 short tons of sugar, raw value, has been filled to the extent that certification is required to maintain effective quota control. Accordingly, for the remainder of the calendar year 1948, collectors of customs shall not permit the entry into the continental United States from Cuba of any direct-consumption sugar unless and until the certification described in § 801.52 (a) of General Sugar Regulations is issued.

Statement of bases and considerations. Section 801.52 of General Sugar Regulations, Series 3, No. 2, as amended, states that certification to the collector of customs by the Secretary that the sugar or liquid sugar to be entered is within the applicable quota or allotment established by the Secretary for the area in which such sugar was produced, except as otherwise specified therein, shall not be required as to any quota or portion thereof until the Director of the Sugar Branch determines that such quota or portion thereof is filled to the extent that certification is required to maintain effective quota control. That section also provides that upon publication of such determination in the FEDERAL REGISTER certification by the Secretary shall be required for the remainder of the applicable calendar year.

The Sugar Act of 1948 provides that not more than 375,000 short tons, raw value, of the quota for Cuba for any calendar year may be filled by direct-consumption sugar. To date, approximately 300,000 tons, raw value, of direct-consumption sugar have entered the continental United States from Cuba, hence only 75,000 tons, raw value, may be entered during the remainder of the calendar year 1948. In order to prevent the disorderly flow of sugar in foreign commerce and to maintain an effective quota system, it is necessary that the certification prescribed by the regulations be required for direct-consumption sugar hereafter brought in from Cuba. In view of the foregoing, it is hereby found that compliance with the 30-day effective date requirement of the Administrative Procedure Act is impracticable and contrary to the public interest and consequently this determination shall become effective when published in the FEDERAL REGISTER, in accordance with § 801.52.

Notice was given (13 F. R. 5382) that the Director was considering the issuance of this determination and no written expression of views was received.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

PART 125—RAILROAD ACCIDENTS: REPORTS AND CLASSIFICATIONS

FORM T (TRAIN AND TRAIN-SERVICE ACCIDENTS)

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 22d day of July A. D. 1948.

The matter of monthly reports of railway accidents being under consideration, it is ordered, that

§ 125.27 *Form T (train and train-service accidents).* (a) Effective January 1, 1949, Form T heretofore provided for the reporting of train and train-service accidents pursuant to the provision of section 17 of the rules governing monthly reports of railway accidents (1922 Revision) be, and is hereby modified by eliminating therefrom the provision requiring (1) the names and addresses of persons killed or injured and (2) all information relating to the place of accident except the name of State in which the accident occurred, notwithstanding the provisions of sections 24 and 31, of the aforesaid rules (§§ 125.34 and 125.43, and explanatory note following § 125.45). A copy of Form T–1948 Revision is attached hereto[1] and made a part of this order.

(b) Each and every steam railway company subject to the provisions of the Accident Reports Act, approved May 6, 1910, is hereby required to keep a record of the name and address of each person killed or injured in a railway accident and of the precise location at which the accident occurred and such information shall at all times be accessible to this Commission.

It is further ordered, that a copy of this order shall be served upon every steam railway subject to the Accident Reports Act approved May 6, 1910, and upon every trustee, receiver, executor, administrator, or assignee of any such steam railway, and notice of this order shall be given to the general public by depositing a copy in the office of the Secretary of the Commission at Washington, D. C., and by filing it with the Director of the Division of the Federal Register.

NOTE: The reporting requirement of this order has been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

By the Commission.

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 81]

[Docket No. 9122]

SHIP SERVICE

CORRECTED NOTICE OF PROPOSED RULE MAKING

In the matter of amendment of § 8.195 (h) of the Commission's rules governing ship service.

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. The purpose of the proposed rule change, as contained in the appendix attached hereto, is to set forth a more specific requirement for the frequency tolerance of ship radar stations than that now contained in the rules, both as a guide to interested equipment manufacturers and users, and as an aid to the Commission in the administration of the Service.

3. The proposed rule change is issued under authority contained in sections 303 (e), (f) and (r) of the Communications Act of 1934, as amended.

4. Any interested person who is of the opinion that the proposed rule change should not be adopted, or should not be adopted in the form set forth below, may file with the Commission on or before October 25, 1948, a written statement or brief setting forth his comments. At the same time, persons favoring the rule as proposed may file statements in support thereof. The Commission will consider all such comments that are presented before taking final action in the matter, and if any comments are submitted which appear to warrant the holding of oral argument, notice of the time and place of oral argument will be given.

5. In accordance with the provisions of § 1.764 of the Commission's rules relating to organization and practice and procedure, all persons filing statements or briefs must furnish the Commission with an original and 14 copies of each statement or brief filed.

Adopted: September 15, 1948.

Released: September 17, 1948 (corrected).

[SEAL] FEDERAL COMMUNICATIONS COMMISSION,
T. J. SLOWIE, *Secretary.*

Section 8.195 (h) of the Commission's rules governing ship service is amended to read as follows:

§ 8.195 *Requirements for ship radar installations.* • • •

(h) *Frequency tolerance.* The frequency at which maximum emission occurs shall be within the assigned frequency band and shall not be closer than 1.5/T megacycles per second to the upper and lower limits of the assigned frequency band, where T is the pulse duration in microseconds.

SPECIAL CERTIFICATES FOR EMPLOYMENT OF LEARNERS

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wages lower than the minimum rate applicable under section 6 of the act are issued under section 14 thereof and § 522.5 (b) of the regulations issued thereunder (August 16, 1940, 5 F. R. 2862) to the employers listed below effective as of the date specified in each listed item below.

The employment of learners under these certificates is limited to the terms and conditions as designated opposite the employer's name. These certificates are issued upon the employers' representations that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided for in the regulations and as indicated on the certificates. Any person aggrieved by the issuance of the certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of regulations, Part 522.

SPECIAL CERTIFICATES FOR EMPLOYMENT OF LEARNERS

ISSUANCE TO VARIOUS INDUSTRIES

Notice of issuance of special certificates for the employment of learners under the Fair Labor Standards Act of 1938.

Notice is hereby given that special certificates authorizing the employment of learners at hourly wage rates lower than the minimum wage rate applicable under section 6 of the act have been issued to the firms hereinafter mentioned under section 14 of the act, Part 522 of the regulations issued thereunder (August 16, 1940, 5 F. R. 2862, and as amended June 25, 1942, 7 F. R. 4725), and the determinations, orders and/or regulations hereinafter mentioned. The names and addresses of the firms to which certificates were issued, industry, products, number of learners, learner occupations, wage rates, learning periods, and effective and expiration dates of the certificates are as follows:

Regulations, Part 522—Regulations Applicable to the Employment of Learners (supra).

Rico Television Corporation, Hato Rey, Puerto Rico; 400 learners in the occupation of assembling radios, television, and phonograph sets at not less than 25 cents an hour for the first four months, not less than 30 cents an hour for the second four months, and not less than 35 cents an hour for the third four months. This certificate is effective September 10, 1948, and expires September 9, 1949.

Caribe Flower Company, Cayey, Puerto Rico; to employ 100 learners in the artificial flower manufacturing industry to manufacture by hand artificial flowers for a leaning period not exceeding 200 hours at rates not less than 75 percent of the applicable minimum rate of pay. This certificate is effective September 3, 1948, and expires February 2, 1949.

South Puerto Rico Sugar Company, Ensenada, Puerto Rico; to employ 19 learners, as follows: 2 learners in the occupation of foundryman; 2 learners in the occupation of general mechanic; 5 learners in the occupation of combination welder and pipe fitter; 2 learners in the occupation of auto mechanic; 2 learners in the occupation of electrician; 2 learners in the occupation of plumber; 2 learners in the occupation of mill maintenance mechanic and 2 learners in the occupation of building maintenance man at not less than 15 cents an hour for the first 690 hours, not less than 17 cents an hour for the second 690 hours, not less than 22 cents an hour for the third 690 hours, not less than 29 cents an hour for the fourth 690 hours, and not less than 36 cents an hour for the fifth 690 hours. This certificate is effective August 27, 1948 and expires August 26, 1950.

Puerto Rico Ilustrado, Inc., San Juan, Puerto, Rico; to employ 4 learners as pressmen in the printing industry, as follows: Not less than 21 cents an hour for the first 460 hours; not less than 27 cents an hour for the second 460 hours; not less

than 33 cents an hour for the third 460 hours; and for every hour thereafter, not less than the minimum established by any applicable wage order that may be in effect at the termination of the learning period. The certificate is effective August 12, 1948, and expires August 11, 1949.

El Mundo, Inc., San Juan, Puerto Rico; to employ 8 learners in the newspaper printing industry, as follows: 5 learners as linotypists and three learners as typesetters-binders at not less than 21 cents an hour for the first 690 hours; not less than 27 cents an hour for the second 690 hours; and not less than 33 cents an hour for the third 690 hours; and for every hour thereafter, not less than the minimum established by any applicable wage order that may be in effect at the termination of the learning period. This certificate is effective August 12, 1948 and expires August 11, 1949.

The employment of learners under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of the applicable determinations, orders and/or regulations cited above. These certificates have been issued upon the employers' representations that experienced workers for the learner occupations are not available for employment and that they are actually in need of learners at subminimum rates in order to prevent curtailment of opportunities for employment. The certificates may be cancelled in the manner provided in the regulations and as indicated in the certificates. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER pursuant to the provisions of regulations, Part 522.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1928]

TOLEDO EDISON CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION AND GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of September A. D. 1948.

The Toledo Edison Company ("Toledo"), a public utility subsidiary of Cities Service Company, a registered holding company, having filed an application and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 with respect to the issue and sale, at competitive bidding pursuant to Rule U-50, of $5,000,000 principal amount of First Mortgage Bonds, ------% Series, due 1978; and

The Commission having, by order dated September 10, 1948, effective forthwith, granted said application subject to the condition, among others, that the proposed issuance and sale of bonds not be consummated until the results of competitive bidding pursuant to Rule U-50 have been made a matter of record in the proceeding and a further order has been entered by the Commission in the light of the record so completed, jurisdiction being reserved for such purpose; and

Toledo having filed a further amendment to its application setting forth the action taken to comply with the Commission's order of September 10, 1948 and the requirements of Rule U-50, said amendment stating that pursuant to the invitation for competitive bids, the following bids for the bonds were received:

Bidder or representative	Interest rate	Price to company (percent of principal amount exclusive of accrued interest	Annual cost of money (percent)
	Percent		
Union Securities Corp.	3¼	102.052	3.02051
Equitable Securities Corp.	3⅛	101.96	3.02514
Kidder, Peabody & Co.	3⅛	101.96	3.02514
Lehman Bros Bear Stearns & Co.	3⅛	101.8099	3.03270
Halsey, Stuart & Co., Inc.	3¼	101.7799	3.03421
The First Boston Corp.	3⅛	101.66	3.04026
Harriman, Ripley & Co., Inc.	3⅛	101.2399	3.06153

Said amendment further stating that the bid of the underwriting group headed by Union Securities Corporation, as set out above, has been accepted and that the bonds will be offered to the public at a price of 102.460% of the principal amount thereof, resulting in an underwriting spread of 0.408% of the principal amount of said bonds; and

The Commission having examined said amendment, and having considered the entire record, and finding no basis for imposing terms and conditions with respect to the issue and sale of said bonds:

It is ordered, That jurisdiction heretofore reserved with respect to the matters to be determined as a result of competitive bidding for said bonds under Rule U-50 be, and the same hereby is released, that the application, as amended be, and the same hereby is, granted, effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

NORTH AMERICAN CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 21st day of September 1948.

Notice is hereby given that an application has been filed pursuant to the Public Utility Holding Company Act of 1935 ("act"), and the General Rules and Regulations promulgated thereunder, by The North American Company ("North American"), a registered holding company. The applicant has designated sections 9 and 10, of the act and Rule U-23 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 4, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application proposed to be controverted or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 4, 1948, such application, as filed or as amended, may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

This Commission on April 14, 1942, entered an order directing North Ameri-

cans, among other things, to sever its relationship with Pacific Gas and Electric Company. In partial compliance with such order North American proposes to sell at competitive bidding 75,000 shares which it owns of the Common Stock, par value $25 per share, of Pacific Gas and Electric Company. With the stated purpose of facilitating the proposed sale, North American proposes to stabilize the market price of Pacific Gas and Electric Company Common Stock, by purchases of such stock on the day fixed for the opening of bids, on the New York Stock Exchange, the San Francisco Stock Exchange and the Los Angeles Stock Exchange. North American states that it intends to sell on the New York Stock Exchange as soon as practicable after the consummation of the sale of the 75,000 shares proposed herein, any shares purchased as a result of stabilization.

North American requests that the Commission make the appropriate findings and tax recitals required by sections 371 (b), 371 (f) and 1808 (f) of the Internal Revenue Code.

North American requests that the Commission's order herein be issued by October 5, 1948 and that it become effective forthwith.

By the Commission.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 36—INTERIM PROCEDURES GOVERNING FAIR EMPLOYMENT PRACTICES UNDER EXECUTIVE ORDER 9980

Pursuant to Executive Order 9980 the Commission, pending the establishment of the Fair Employment Board authorized therein, hereby prescribes the following interim procedures governing fair employment practices within the executive branch of the Government:

Sec.
36.1 Coverage.
36.2 Fair Employment Officer.
36.3 General procedures for handling complaints and appeals.
36.4 Discrimination alleged in connection with other types of appeals.

AUTHORITY: §§ 36.1 to 36.4, issued under section 8 of Executive Order 9980, 13 F. R. 4311.

§ 36.1 *Coverage.* The regulations in this part shall apply to all departments and agencies in the executive branch of the Government and to all personnel actions with respect to positions therein.

§ 36.2 *Fair Employment Officer.* (a) The head of each department or agency shall designate an official thereof as Fair Employment Officer, and shall assign to him the duties and responsibilities which will further the effective administrative operation of the department or agency and encourage the carrying out of Executive Order 9980.

(b) The Fair Employment Officer may represent the head of the department or agency in matters pertaining to Executive Order 9980, subject to his instructions.

(c) The head of each department or agency shall provide, on a temporary or permanent basis, either a Fair Employment Officer, or a Fair Employment Board, for each regional or other appropriate field office or local establishment in accordance with the needs and problems of the agency in each field area. Such Fair Employment Officer or Fair Employment Board shall be appointed from among the officers and employees of the department or agency.

(d) The head of each department or agency shall instruct the officers of his department or agency with regard to the meaning, spirit, and application of Executive Order 9980. He shall give notice to all officers and employees of the designation of the Fair Employment Officer, and to the employees of the regional or other appropriate field office of the designation of the Fair Employment Officer or Board for that office.

§ 36.3 *General procedures for handling complaints and appeals.* (a) Complaints concerning personnel actions taken in any department or agency on grounds of alleged discrimination because of race, color, religion, or national origin shall be made not later than 30 calendar days after the complainant learns of the alleged acts of discrimination.

(b) Any person having a complaint concerning a personnel action taken in the department or agency on grounds of alleged discrimination shall first make a formal or informal complaint either to the head of the organizational unit in the local office where the alleged acts of discrimination occurred, or to the head of such local office, in order to obtain proper understanding and adjustment, if possible, through such means at this level of the department or agency.

(c) Hearings on complaints or appeals concerning personnel actions which it is alleged were taken by the department or agency on grounds of discrimination shall be conducted in the first instance within the regional office or other appropriate field office or local establishment.

(d) The complainant shall have a further right of appeal, if desired, through successively higher appropriate agency channels, including appeal to the head of the agency. Complaints which are appealed beyond the head of the local office involved shall be in writing, and shall include a description of the specific action which is alleged to constitute the discrimination, together with evidence to support the allegation.

(e) Complaints shall be investigated as well as heard in such manner as appears fair and appropriate to the head of the department or agency, in consulta-

tion with the Fair Employment Officer. The complainant and the officers or employees against whom complaint is made shall present their side of the case to the investigator, who may require the complainant to further substantiate his complaint by bringing in witnesses or indicating further sources of information. He may also require the officers or employees concerned to submit additional information.

(f) Whenever the Fair Employment Officer or Fair Employment Board finds that discrimination because of race, color, religion, or national origin is established in connection with any personnel action he shall advise the head of the regional office or other appropriate office of the department or agency.

(g) The head of the department or agency shall provide a suitable method for taking corrective administrative action in cases where complaints appear, after investigation, to be justified.

(h) Where appeal is made to the head of the department or agency, the complainant and other officers or employees of the department or agency involved in the complaint shall be afforded an opportunity to appear personally before the head of such agency, or a person designated by such head. The complainant, if he so desires, may have a representative of his own choosing.

(i) An appeal from an unfavorable decision by the head of the department or agency may be filed with the Fair Employment Board in the Civil Service Commission.

§ 36.4 *Discrimination alleged in connection with other types of appeals.* (a) Where an appeal involving section 14 of the Veterans' Preference Act of 1944, or reduction in force, or efficiency rating, includes also complaint of alleged discrimination on grounds of race, color, religion, or national origin, such appeal shall first be adjudicated in accordance with the Commission's regulations that are regularly applicable in these types of appeals. The question of discrimination shall then be referred to the department or agency concerned for such further action as may be necessary under Executive Order 9980.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

[Regulation W]

PART 222—CONSUMER INSTALLMENT CREDIT

SUMMARY OF INTERPRETATIONS

§ 222.102 *Summary of interpretations of former Part 222 which are applicable under present Part 222.* In view of the fact that Part 222 which became effective September 20, 1948, is similar in very many respects to Part 222 which was in effect before November 2, 1947, a number of the interpretations which were issued by the Board of Governors before November 2, 1947, will be applicable under the new Part 222.

All of these interpretations are summarized below except three which were published in the FEDERAL REGISTER at 12 F. R. 827, 947 and 949. The summaries are arranged in approximately the same order as the provisions of Part 222 to which they relate.

Isolated transaction. Although an automobile salesman may sell his demonstrator as an isolated transaction on terms which do not comply with Part 222, the dealer-employer, if a Registrant, may not purchase the resulting obligation unless it complies with the requirements of Part 222. Of course, if the relation of the salesman and the dealer is such that the automobile is in effect the property of the dealer rather than of the salesman, the sale would be subject to Part 222.

An electric company which purchases substantial numbers of automobiles for cash and sells them to its salesmen on a monthly payment plan is "engaged

in the business" described in § 222.2 (a) and the sales must comply with the down payment and other requirements.

Excess down payment. A purchaser who has made a down payment in excess of the amount required by Part 222 may not later have the excess applied as part of the down payment on another listed article.

Installments in decreasing amounts. Sections 222.3 (b) (1) and 222.4 (c) (1) are worded in the alternative. Consequently, a first installment of $65, for example, may be followed by 14 installments of $23.

Balloon note. A note which calls for 11 equal monthly payments followed by one larger payment meets the requirements of Part 222 if there is an express agreement that when the twelfth payment falls due, only a portion of it will be paid on that date and the rest will be refinanced into three monthly payments in such a manner that the net result will be 15 substantially equal monthly payments.

Small deficiencies. Deficiencies in down payments, even in small amounts, are not permissible, except as permitted by § 222.6 (f).

Transfer of equity. Where the original installment purchaser of a listed article transfers his equity to another purchaser by transferring the article subject to the original debt and lien, the transfer being arranged directly between the parties and not by or through any Registrant, the transfer may be made without restriction under Part 222 provided the original purchaser (who is not a Registrant) remains liable on the contract and there is no change in the contract except the addition of the signature of the new purchaser. However, if the original purchaser is released, or the terms of the contract are altered, the same requirement would apply as if the Registrant were making an ordinary installment sale of the listed article.

Statement of borrower. Where there are several parties to a note, some of whom are accommodation makers, the Statement of the Borrower required by § 222.4 (d) need be obtained only from the party who receives the proceeds of the loan.

Advance by insurance company to agent. An advance made by an insurance company to one of its agents which is repayable in installments is subject to Part 222 to the same extent as any other installment loan. It would not be subject to Part 222 if it is an isolated loan made by a company not "engaged in the business" of making installment loans; or if it is exempt under § 222.7 (a) "Business or Agricultural Loans" as, for example, a loan to a general agent to pay office rent or salaries of his employees; or if the circumstances are such as to indicate that the advance is not a loan, as where the agent is under no personal obligation, express or implied, to repay and no interest is charged, the company having only the right to make deductions from commissions earned.

Add-on sale over $5,000. An add-on sale of a listed article having a cash price of $900 which is consolidated with an existing obligation of $4,200 resulting in a total credit of more than $5,000, is not subject to Part 222, and therefore no down payment is required in connection with the add-on sale. However, if the total credit is less than $5,000, the down payment is required.

Loan over $5,000. A loan over $5,000 is not subject to Part 222 even if a part of it is to be used to pay off an indebtedness which was subject to Part 222. The renewal or revision of a loan which was originally more than $5,000 is not subject to Part 222 even though the balance at the time of renewal or revision is less than $5,000. If instead of renewing or revising such an obligation, the lender makes one installment loan of less than $5,000, part of the proceeds of which are to be used to pay off the old obligation, only the part of the loan representing new money is subject to Part 222. In such cases however, it would ordinarily be better practice for the lending institution to keep the two credits separate.

Defaulted obligations. Section 222.5 (c) (1) permits a Registrant to renew or revise an obligation on such terms as he deems necessary in good faith, where the obligation is in default and the subject of bona fide collection effort by him and the action is for his own protection. Only the Registrant holding the obligation is permitted to make such renewals or revisions. Another Registrant, however, may discount and receive payments upon an obligation which prior to discount has been renewed or revised as permitted by this section. The section also permits a Registrant who has purchased a delinquent installment obligation and who has exercised a bona fide collection effort, to revise the obligation on terms not initially permissible. Any renewal or revision pursuant to this section must be the last resort (except, of course, litigation) and a measure to be taken only after other means of collection have been exhausted.

Delay in delivery. If in an installment sale subject to Part 222 the article sold is not going to be delivered until a date subsequent to the date of the contract, the maximum maturity may be calculated from the date of delivery and the first installment may fall due one month after the date of delivery with, of course, the usual option under § 222.6 (b) of making the 15-day adjustment permitted by that section with respect both to the maximum maturity and the date of the first installment.

Record of installment sale. The "Record of Installment Sale" described in § 222.6 (c) need not be on a single sheet of paper and need not use the terminology used in that section. The cash price may be shown as a total without itemizing taxes and accessories, but the accessories must be identified.

Agreement to convert charge account. The sale of a listed article in a charge account with an agreement or understanding that the credit will later be converted into an installment contract violates §§ 222.3 (a) and 222.6 (i).

Side loan to make down payment. The words " any other extension of credit" in § 222.6 (j) include but are not confined to other extensions of installment credit.

Section 222.6 (j) refers to the down payment required by this part. Accordingly, if a seller asks for a larger down payment than is required by this part, paragraph (j) would not prevent the lender from lending the difference between the down payment required by this part and the down payment required by the seller.

Veterans' loans. Section 222.7 (d) (5) includes loans guaranteed or insured under Chapter 23B of Title 38 of the New Jersey Statutes.

Investment securities. Savings passbooks are not "investment securities" under § 222.7 (f).

Loans to carry securities. The word "carrying" in § 222.7 (f) means the refinancing of any indebtedness originally incurred for the purpose of purchasing investment securities.

Section 222.7 (f) would not exempt a loan made by a credit union secured by its shares to enable the borrower to purchase such shares if there were an agreement that the borrower would be permitted to withdraw any portion of the share account at any time if the credit union felt that the loan was otherwise adequately secured, because such a loan would have a dual purpose and not the single purpose mentioned in § 222.7 (f).

Single payment or installment credit. An extension of credit, which upon its face is repayable in only one scheduled payment, is an extension of installment credit if at the time it is made the lender and the borrower have an understanding that the borrower will be required to make only a partial payment at maturity and that the balance will be renewed. However, if a Registrant makes a sale on credit under an agreement which does not expressly provide for installment payments by the customer, the transaction need not be treated as an "installment sale" even though the customer has previously made partial, divided, or serial payments in his account, or, regardless of previous practice, indicates an intention to do so in this instance: *Provided*, There is no bilateral understanding between the customer and the seller that the customer is required to make payments in such manner. Likewise, an ordinary bank loan evidenced by a promissory note payable in full at maturity is not an "installment" loan subject to Part 222 even though the bank may anticipate that at the maturity of the note it may accept partial payment and a renewal note; *Provided*, The bank makes no commitment to do so and the transaction is entered into in good faith and not as a means of evading Part 222.

Lease with option to purchase. A lease with an option to purchase is an "extension of credit" within the meaning of Part 222, and the lessor should obtain the down payment and periodic payments which would be required in the event of a sale. If the lessee decides not to exercise his option to purchase, the Registrant may return to him the difference between these payments and the amount of rental agreed upon. Of course, Part 222 does not apply to a bona fide rental without an option to purchase.

Obligation payable to seller or financial institution. If the seller of a listed article takes an installment note in payment, the transaction is a sale subject to Part 222, whether the note is payable to

the seller or to a bank or finance company. If the seller of an unlisted article takes a note payable to himself, the transaction is exempt from Part 222 because Part 222 does not apply to the sale of an unlisted article. However, if the seller of an unlisted article takes an installment note payable to a bank or finance company, the transaction (if for $5,000 or less) is subject to Part 222 as an installment loan.

Notes payable to insurance agents for premiums are not subject to Part 222, because insurance is not a listed article. However, an installment loan by a bank for the purpose of paying such premiums is subject to Part 222, except as provided in § 222.7 (e).

Consumer-violator. A consumer who knowingly violates or induces violations of this Part may subject himself to criminal penalties.

Listed article installed in house. Section 222.7 (g) (1) exempts a loan to purchase a house even if the house is one in which certain listed articles have previously been incorporated. However, this section does not exempt a mortgage loan to be used to purchase a listed article.

In view of § 222.6 (d), an extension of credit which combines an exempt credit such as one to repair a house as referred to in § 222.7 (g) (2) and a credit subject to Part 222 such as one to finance a listed article cannot exceed in amount the cost of the repairs plus the cost of the listed article minus the down payment required thereon by Part 222, and the installments in which the credit is payable must be sufficiently large to repay the balance of the cost of the listed article within the maturity specified for the listed article in § 222.9, part 2.

Bank discounting obligation. A bank which purchases or discounts an obligation is not required to ascertain whether the seller is licensed under this part.

If a bank lends to a finance company on the security of installment obligations arising from sales of listed articles, there could be no violation of Part 222 in making such a loan or receiving payments on the loan from the finance company so long as the payments do not arise directly from the underlying obligations held as collateral. However, if and when the bank wishes to resort to the collateral and to obtain payments directly out of the underlying obligations, it may not do so unless the requirements of § 222.8 (e) (2) were met.

Accessories sold with automobile. Where a new automobile is sold equipped with accessories, such as radio and heater, the cost of the accessories is part of the "cash price" of the automobile under § 222.8 (h) (7), and the maximum loan value is limited to two-thirds of the total cash price.

Listed articles. The classification "automobiles" includes station wagons and the "Jeep Station Wagon" (trade name). It does not include trailers, ambulances, hearses or jeeps.

The classification "Cooking stoves and ranges" does not include cooking and baking equipment designed for commercial use in restaurants and hotels, or a deep-fat fryer designed for such use.

The classification "Ironers designed for household use" does not include hand irons.

The classification "Refrigerators, Mechanical" does not include cabinets to hold or display ice cream or other products for sale; nor coin-operated machines for dispensing beverages; nor water coolers; nor milk coolers designed for household use. The classification "Refrigerators, Mechanical" includes a system consisting of one or more cabinets, each of which has less than 12 cubic feet capacity, with a separate mechanical refrigeration unit serving these cabinets, even though the total capacity of the system is more than 12 cubic feet. The classification "Refrigerators" does not include a locker in a locker plant.

The classification "Air conditioners" includes portable units of one horsepower or less.

The classification "phonographs or combinations" does not include coin-operated phonographs.

Repairs and replacement parts for automobiles, refrigerators and other listed articles are not themselves listed articles.

The classification "Furniture" does not include an ice refrigerator of 12 cubic feet or more rated capacity; nor does it include a prefabricated decorative fireplace not suitable for heating purposes. The classification "Furniture" includes mirrors, unpainted furniture, kitchen or breakfast room sets, and swings. It does not include pictures, chinaware, cooking utensils or silver-plated flatware. A piece of furnitutre, such as a table, lamp or a bed having a radio built into it, is to be classified in accordance with the relative value of the component parts so that if the value of the radio is greater than the value of the lamp as a separate piece of furniture, the article should be classified as a radio. Furniture of the type used in households is subject to Part 222 even though the particular piece may be sold for use in an office, hospital, store or other commercial building.

Calculating down payment on automobiles. Taxes and fees payable as a prerequisite to obtaining license plates may be included in the "cash price" of the automobile.

The equity in a used car may be used as a down payment on another car, and for this purpose the dealer may accept the first car and pay off the contract on it. However, if the owner obtains a loan to pay off the contract on his old car, and in addition uses the car as a trade-in, the loan would violate § 222.6 (j).

Where a fictitious amount is added to the price of an automobile and is later eliminated from the price actually paid by the purchaser (either by an increase in trade-in allowance or by way of discount or otherwise) the "cash price" of the automobile under § 222.8 (h) (7) and § 222.9, part 4, does not include the fictitious amount thus added.

Calculating down payment on other articles. When an article is traded in on a listed article other than an automobile, part 5 of § 222.9 requires that the value of the article traded in (or the value of the purchaser's equity in it) be deducted in order to ascertain the net price to be used in calculating the down payment or loan value of the article being purchased. However, part 5 of § 222.9 does not prohibit the seller from taking back an article which is unsatisfactory to the purchaser if the seller allows the full purchase price as a credit against the price of the new article. Of course, if the price of the new article in such a case is inflated in order to offset depreciation in the original article, the transaction would violate part 5 and § 222.6 (i).

Any inquiries relating to these interpretations or to Part 222 should be addressed to the Federal Reserve Bank or Federal Reserve Branch Bank of the District in which the inquiry arises.

TITLE 34—NATIONAL MILITARY ESTABLISHMENT

Chapter VII—Department of the Air Force

Subchapter H—Procurement

PART 890—INTERIM STATEMENT

Sec.
890.1 General.
890.2 Basic policies.
890.3 Responsibilities.
890.4 Delegation of final authority.
890.5 Purchases.
890.6 Public information.
890.7 Functions performed by the Army for the Air Force.
890.8 Qualified products.

AUTHORITY: §§ 890.1 to 890.8 issued under Pub. Law 413, 80th Cong., 62 Stat. 21.

§ 890.1 *General.* Pursuant to authority granted by the National Security Act (61 Stat. 499; 5 U. S. C. Sup. 1, 626), the Secretary of Defense by Transfer Order 6 (13 F. R. 218) transferred certain functions with respect to procurement and related matters from the Department of the Army to the Department of the Air Force effective January 15, 1948. The exercise of these functions by the Department of the Air Force is now accomplished under the provisions of the Armed Services Procurement Act of 1947, (Pub. Law 413, 80th Cong., 62 Stat. 21) and the Armed Services Procurement Regulation now in the process of publication, the first six parts of which were published in 13 F. R. 3074 and 13 F. R. 4914. This part contains the broad basic policies of the Departments of the Air Force, Army and Navy. The detailed procurement policies and procedures of the Department of the Air Force are contained in Joint Procurement Regulations of the Departments of the Army and Air Force heretofore published under Chapter VIII, Title 10, Department of the Army.

§ 890.2 *Basic policies.* It is the objective of the Department of the Air Force to use that method of procurement which will be most advantageous to the Government—price, quality and other factors considered. The two principal methods of procurement are by means of formal advertising and by negotiation. The policy of the Department of the Air Force is that procurement will generally be made by formal advertising for bids and thereafter awarding a contract to the lowest responsible bidder. Procurement may be effected by negotiation, however, when authorized by section 2 (c) of the Armed Services Procurement Act 1947 and provisions of the Armed Services Procurement Regulation and the Joint Army-Air Force Procurement Regulations to the extent they have not been superseded by the Armed Services Procurement Regulation. Irrespective of whether procurement of services or supplies from sources outside the Government is to be effected by formal advertising or negotiation, bids or quotations are solicited from all such qualified sources as are deemed necessary by the Contracting Officer to assure such full and free competition as is consistent with the procurement of types of supplies and services necessary to meet the requirements of the Department. It is also the policy of the Department to place with small business concerns (for this purpose considered to be any concern which employs fewer than 500 persons) a fair proportion of the total procurement of supplies and services for the Department.

§ 890.3 *Responsibilities.* The Under Secretary of the Air Force is responsible for the procurement policies and activities of the Department of the Air Force. Under the direction of the Under Secretary, and the Chief of Staff, the Deputy Chief of Staff, Matériel is responsible for the formulation of procurement policies of the Department of the Air Force. Deviations from the requirements of procurement regulations may be made only by and with the approval of the Deputy Chief of Staff, Matériel or higher authority.

§ 890.4 *Delegation of final authority.* The Commanding General, Air Materiel Command as the head of a procuring activity, has been delegated authority to take final action with respect to procurement and related matters as set forth in the Armed Services Procurement Regulation and the Joint Procurement Regulations. This delegation includes responsibility for staff supervision of procurement activities accomplished by all other activities of the United States Air Force, with the exception of oversea commands.

§ 890.5 *Purchases.* All major purchases for the United States Air Force are made by the Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio. Local purchases are made by individual United States Air Force activities and stations.

§ 890.6 *Public information—(a) Bids and forms.* Information regarding submission of bids, contract forms, lists of bidders etc. may be secured by writing to the Commanding General, Air Materiel Command, Wright-Patterson Air Force Base, Dayton, Ohio or, with respect to local purchases, to the contracting officers of the Air Force activity concerned.

(b) *Bid invitations.* A copy of each invitation for bid (formal advertising) issued by United States Air Force activities and a copy of each abstract of bids indicating award or other action taken is on file in the Purchase Information Section, Logistics Division, General Staff, United States Army, Room 5-B 725, The Pentagon, Washington, D. C., and is available for public inspection during business hours. This office is maintained for this purpose for both the Departments of the Air Force and the Army.

§ 890.7 *Functions performed by the Army for the Air Force.* The Secretary of the Army and the Department of the Army will continue to perform for the Secretary of the Air Force and the Department of the Air Force, to the same extent as they did prior to the transfer of procurement functions to the Department of the Air Force, the functions enumerated below:

(a) Matters falling under the Contract Settlement Act of 1944 (58 Stat. 649; 41 U. S. C. 101-125), except as to fraud matters arising out of such contracts or the settlement thereof.

(b) Renegotiation cases involving contracts of the Army Air Forces under the Renegotiation Act of 1942 as amended (56 Stat. 245 as amended; 50 U. S. C. App. 1191).

(c) Approval of all bonds furnished by contractors of the Department of the Air Force in connection with contracts hereafter made by the Department of the Air Force.

(d) Matters now or hereafter authorized to be considered and disposed of by Army Advisory Board on Government Furnished Property.

(e) Matters now or hereafter authorized to be considered and disposed of by Army Board of Contract Appeals.

(f) Appeals in relation to requisitioning personal property heretofore requisitioned.

(g) Contract insurance matters.

(h) Administration of outstanding and unsettled guaranteed loans.

(i) Claims under the act of August 7, 1946 (60 Stat. 902; 41 U. S. C. 106 note).

§ 890.8 *Qualified products.* In those instances where it has been shown to be necessary in the light of existing performance requirements to obtain products of requisite quality, the Department of the Air Force may subject certain products and materials to qualification test, and may approve them for use. This authority has been delegated to the Commanding General, Air Matériel Command, Wright-Patterson Air Force Base, Dayton, Ohio. Upon determination that a product is to be covered by a Qualified Products List, opportunity will be given, and manufacturers urged, to submit for qualification tests any products of the general type required. Publicity will be given to the intention to place a product on a Qualified Products List and to the fact that, in making future awards, consideration may be given only to such products as have been accepted for inclusion in a Qualified Products List. The manner, extent, and cost of testing will be in accordance with instructions issued by the Commanding General, Air Matériel Command. Qualified Products Lists will be compiled, prepared, maintained and administered in accordance with instructions issued by the Commanding General, Air Matériel Command.

TITLE 43—PUBLIC LANDS: INTERIOR

Chapter I—Bureau of Land Management, Department of the Interior

[Circular 1696]

PART 191—GENERAL REGULATIONS APPLICABLE TO PERMITS, LEASES AND LICENSES (PARTS 192 TO 200)

MISCELLANEOUS AMENDMENTS

1. Section 191.9 is amended to read as follows:

§ 191.9 *Survey of lands for leasing.* Unsurveyed lands containing oil shale, and unsurveyed lands embraced in applications for lease based upon discovery of valuable deposits of potassium, sodium or sulphur under a prospecting permit, must be surveyed by the Government at the expense of the applicant prior to the issuance of a lease of the lands. To secure such a survey, the applicant must obtain from the appropriate regional cadastral engineer an estimate of the cost of the survey and deposit with him the estimated amount. After the survey has been accepted and the plat filed in the district land office the application will be adjusted to the resulting subdivisions and the cost of the survey will be ascertained by prorating the total cost of surveying the township to the area to be leased. The amount thus ascertained will be credited to the appropriation for surveying the public lands and the balance of the deposit, if any, returned to the depositor or his authorized representative. The survey of unsurveyed lands for any coal lease, or for a competitive lease for phosphate, potassium, sodium, oil, or gas, or sulphur will be made at the expense of the Government prior to the issuance of a lease of the lands.

2. Section 191.11 is amended by adding the word "noncompetitive" before the word "leases."

3. Section 191.12 is amended by deleting from the second sentence the word "leases" and by substituting in lieu of the words "an affidavit" in the same sentence the words "a statement."[1]

4. Section 191.25 is amended to read as follows:

§ 191.25 *Waiver, suspension, or reduction of rental or minimum royalty or reduction of royalty on mineral leases.* In order to encourage the greatest ultimate recovery of coal, phosphate, potassium,

[1] 18 U. S. C. section 30 makes it a crime for any person knowingly or wilfully to submit or cause to be submitted to any agency of the United States any false or fraudulent statement as to any matter within its jurisdiction.

sodium, oil shale, oil, or gas and sulphur, and in the interest of conservation, the Secretary of the Interior whenever he determines it necessary to promote development or finds that the leases cannot be successfully operated under the terms provided therein may waive, suspend, or reduce the rental or minimum royalty or reduce the royalty on an entire leasehold, or on any deposit, tract, or portion thereof segregated for royalty purposes.

An application for any of the above benefits shall be filed in triplicate in the office of the oil and gas supervisor for oil and gas leases or the office of the mining supervisor for coal, phosphate, potassium, sodium, oil shale and sulphur leases. It must contain the serial number of the leases, the land district, the name of the record title holder and operator or sublessee and the description of the lands by legal subdivision.

Each application involving oil or gas shall show the number, location, and status of each well that has been drilled, a tabulated statement for each month covering a period of not less than six months prior to the date of filing the application of the aggregate amount of oil or gas subject to royalty computed in accordance with the oil and gas operating regulations, the number of wells counted as producing each month, and the average production per well per day.

Each application involving coal, phosphate, potassium, sodium, oil shale and sulphur shall show the number and location of each mine, a map showing the extent of the mining operations, a tabulated statement of the minerals mined and subject to royalty for each month covering a period of not less than 12 months next prior to the date of filing of the application, and the average production per day mined for each month and complete information as to why the minimum production was not attained.

Every application must contain a detailed statement of expenses and costs of operating the entire lease, the income from the sale of any leased products, and all facts tending to show whether the wells or mines can be successfully operated upon the royalty or rental fixed in the lease. Where the application is for a reduction in royalty full information shall be furnished as to whether royalties or payments out of production are paid to others than the United States, the amounts so paid and efforts made to reduce them. The applicant must also file agreements of the holders of the lease and of the royalty holders to a permanent reduction of all other royalties from the leasehold to an aggregate not in excess of one-half the Government royalties.

5. The last paragraph of § 191.26 is amended to read as follows:

§ 191.26 *Suspension of operations and production and suspension of rental payments.* * * *

The minimum annual production requirements of a lease issued under the act for coal, phosphate, potassium, sodium, oil shale or sulphur shall be proportionately reduced for that portion of a lease year for which suspension of operations and production is directed or granted by the Secretary of the Interior in the interest of conservation.

FEDERAL COMMUNICATIONS COMMISSION

CONTINUED OPERATION OF INTERNATIONAL BROADCAST STATIONS

ORDER EXTENDING LICENSE TERM

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 21st day of September 1948;

The Commission having under consideration its order of March 31, 1948, and the provisions of that order under which the licenses of international broadcasting stations would expire September 30, 1948,

It is ordered, That the license term for every international broadcasting station presently licensed shall end at the earlier of the following dates: (a) March 31, 1949, or (b) the first day on which its operations are not controlled, by agreement or otherwise, by the Department of State, Office of International Information and Cultural Affairs, or other governmental agency supervising the operation of international broadcasting: *Provided*, That this shall be without prejudice to the consideration of appropriate application filed by the licensee of any such station for authority to operate otherwise.[1]

By direction of the Commission.

WOOP, INC., ET AL.

ORDER SCHEDULING ORAL ARGUMENT

In re applications of WOOP, Inc., Dayton, Ohio, Docket No. 6824, File No. BP-3987; Northwestern Ohio Broadcasting Corporation, Lima, Ohio, Docket No. 7357, File No. BP-4447; Sky Way Broadcasting Corporation, Columbus, Ohio, Docket No. 7621, File No. BP-4824; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 16th day of September 1948:

The Commission having under consideration: (1) A petition for rehearing (filed April 1, 1948) as well as a brief and supplemental brief in support thereof by Sky Way Broadcasting Corporation, Columbus, Ohio, directed against the Decision of the Commission of March 15, 1948, granting the above-entitled application of Northwestern Ohio Broadcasting Corporation, Lima, Ohio, and denying petitioner's above-entitled conflicting application and the application of WOOP, Inc., Dayton, Ohio; (2) replies and oppositions filed by Northwestern Ohio Broadcasting Corporation, Lima, Ohio, to the petition for rehearing and supplemental brief; (3) an answer to such replies (filed August 9, 1948) by the petitioner; and (4) an application by Northwestern Ohio Broadcasting Corporation for modification of construction permit (File No. BMP-3714) filed March 15, 1948, to specify a different site and to change directional system; and

It appearing, that the Commission's decision of March 15, 1948, includes a finding-of-fact which is erroneous; that the Commission's decision was based in part upon said erroneous finding; that a quorum of the Commissioners who heard oral argument are not available; that revised findings must be made by a quorum of Commissioners to whom the parties have not had an opportunity to address oral argument; that, accordingly, said decision must be vacated and the parties given an opportunity for such argument; that the issuance of a revised proposed decision based upon reconsideration of the record and corrected findings-of-fact upon which the parties may file exceptions, and make oral argument on the date herein specified, is required for the most expeditious determination of this proceeding, consistent with the legal rights of the parties;

It further appearing, that the application by Northwestern Ohio Broadcasting Corporation for modification of construction permit should be placed in the Commission's pending files in view of the action herein and of the provisions of section 405 of the Communications Act of 1934, as amended; and

It further appearing, that WOOP, Inc., Dayton, Ohio, filed no exceptions to the proposed decision, and has filed no petition for rehearing with respect to the Commission's decision of March 15, 1948, and, therefore, the decision of March 15, 1948, remains in full force and effect with respect to the application of WOOP, Inc.

It is, therefore, ordered, That the petition for rehearing of Sky Way Broadcasting Corporation, insofar as a request is made that the decision of March 15, 1948, be set aside, be, and it is hereby, granted; and

It is further ordered, That the decision of March 15, 1948, to the extent that it affects the applications of Northwestern Ohio Broadcasting Corporation and Sky Way Broadcasting Corporation be, and it is hereby, set aside; and

It is further ordered, That oral argument upon any exceptions that may be filed by the parties pursuant to § 1.854 of the Commission's rules be, and it is hereby, scheduled for October 15th, 1948, at 10 a. m. and

It is further ordered, That Northwestern Ohio Broadcasting Corporation's application for modification of construction permit (File No. BMP-3714) be, and it is hereby, referred to the Commission's files pending the adoption of a final decision in this proceeding.

Released: September 21, 1948.

COMMUNICATIONS SERVICE BETWEEN U. S. AND OVERSEAS AND FOREIGN POINTS

ORDER CONTINUING HEARING

In the matter of charges for communications service between the United States and overseas and foreign points, Docket No. 8230; further hearing re: multiple address press service.

It appearing that a further hearing in the above matter is now scheduled to commence on October 12, 1948 and that a hearing on this date will conflict with oral arguments scheduled to be held before the Commission en banc;

It is ordered, This 14th day of September 1948, that the hearing in this proceeding now scheduled for October 12, 1948, is continued upon the Commission's own motion until 10:00 a. m. November 15, 1948, at the same place as heretofore designated.

DELAWARE BROADCASTING CO.

PUBLIC NOTICE CONCERNING PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on September 15, 1948, there was filed with it an application (BTC-683) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of Delaware Broadcasting Company licensee of WILM and permittee of WILM-FM from Alfred G. Hill, et al. to Hawkins Broadcasting Co., Inc. The proposal to transfer control arises out of a contract of August 31, 1948, pursuant to which the transferors propose to sell 606 shares of the common stock and 102 shares of the preferred stock, representing 100% of the issued stock, of Delaware Broadcasting Company to Hawkins Broadcasting Co., Inc., for a total consideration of $205,000 of which $2,500 has been paid. The remainder is to be paid in the following manner: (a) $18,700.00 on September 15, 1948; (b) $111,800 on the closing date; (c) $36,000 on or before the 12th calendar month subsequent to the closing date; (d) $36,000 on or before the 24th calendar month subsequent to the closing date. The agreement further provides that the purchaser will give its notes to sellers and that such notes will be secured by the pledge of the stock being sold until the principal and interest thereon have been paid. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant that starting on September 16, 1948, notice of the filing of the application would be inserted in the Wilmington Morning News a newspaper of general circulation at Wilmington, Delaware, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from September 16, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

SECURITIES AND EXCHANGE COMMISSION

[File No. 30-137]

MINNEAPOLIS GAS CO.

ORDER DECLARING MINNEAPOLIS HAS CEASED TO BE A HOLDING COMPANY

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 22d day of September A. D. 1948

Minneapolis Gas Company ("Minneapolis"), formerly known as American Gas and Power Company, a registered holding company, having filed an application pursuant to section 5 (d) of the Public Utility Holding Company Act of 1935 ("act") for an order under said act declaring that Minneapolis has ceased to be a holding company, which application recites, among other things, that Minneapolis does not directly or indirectly own, control, or hold with power to vote 10% or more of the outstanding voting securities of any public utility company as defined in section 2 of the act, or of any company which is a holding company by virtue of section 2 (a) (7) of the act; and

The application having further stated that the plan of integration and simplification filed by Community Gas and Power Company and American Gas and Power Company, both registered holding companies, pursuant to section 11 (e) of the act which provided, among other things, for the dissolution of Community Gas and Power Company, the merger of Minneapolis Gas Light Company with its parent, American Gas and Power Company, and a change of the corporate name of the surviving company to Minneapolis Gas Company, and which was approved by the Commission by Orders entered on April 10, 1946, and January 14, 1947, was consummated on July 30, 1948, with the single exception that the fees and expenses in connection with the plan have not been approved by the Commission; and it appearing that jurisdiction has been reserved in said orders approving the plan to determine the reasonableness and appropriate allocation of such fees and expenses; and

The Commission having issued a Notice of Filing on September 10, 1948, with respect to said application, said notice having stated that any interested person might, not later than September 20, 1948, request the Commission in writing that a hearing be held on such matter, and the Commission not having received a request for hearing with respect to said application within the period prescribed in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that Minneapolis has ceased to be a holding company, that it is necessary for the protection of investors that the Commission retain jurisdiction over Minneapolis in respect of any further proceedings to determine the reasonableness and the appropriate allocation of all fees, expenses and other remuneration incurred by Community Gas and Power Company and American Gas and Power Company and their subsidiary companies in connection with said Plan of Integration and Simplification and the transactions incident thereto, in the same manner and to the same extent as though Minneapolis were still in all respects a registered holding company; and that except for such retained jurisdiction the registration of Minneapolis as a holding company should cease to be in effect;

It is ordered, Pursuant to the provisions of section 5 (d) of the Public Utility Holding Company Act of 1935, that Minneapolis Gas Company has ceased to be a holding company and that, subject to the condition prescribed below, the registration of Minneapolis Gas Company as a holding company shall cease to be in effect: *Provided, however*, That this order shall be subject to the condition, which is prescribed as necessary for the protection of investors, that the Commission shall retain jurisdiction over Minneapolis Gas Company in respect of any further proceedings, investigations, and/or orders which the Commission may deem necessary or appropriate pursuant to the reservation of jurisdiction, contained in the Commission's orders of April 10, 1946, and January 14, 1947, approving a Plan of Integration and Simplification filed pursuant to section 11 (e) of the act by Community Gas and Power Company and American Gas and Power Company, to determine the reasonableness and appropriate allocation of all fees, expenses, and other remuneration incurred and to be incurred by Community Gas and Power Company, American Gas and Power Company and their subsidiary companies in connection with said plan and the transactions incident thereto, in the same manner and to the same extent as though Minneapolis Gas Company were still in all respects a registered holding company.

[File No. 70-1905]

COMMONWEALTH & SOUTHERN CORP. (DEL) ET AL.

SUPPLEMENTAL ORDER RELEASING JURISDICTION WITH REGARD TO ISSUANCE AND SALE OF BONDS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 22d day of September A. D. 1948.

In the matter of the Commonwealth & Southern Corporation (Delaware), Ohio Edison Company, Pennsylvania Power Company, File No. 70-1905.

The Commonwealth & Southern Corporation ("Commonwealth"), a registered holding company, Ohio Edison Company ("Ohio"), a public utility subsidiary of Commonwealth and also a registered holding company, and Pennsylvania Power Company, a direct public utility subsidiary of Ohio, having filed joint applications-declarations and amendments thereto pursuant to the provisions of the Public Utility Holding Company Act of 1935 ("the act") concerning among other things, the proposed issuance and sale by Ohio, pursuant to the competitive bidding requirements of Rule U-50, of $12,000,000 principal amount of its First Mortgage Bonds of a series bearing interest at a rate not to exceed 3½% per annum and maturing in 30 years; and

The Commission having by order dated September 9, 1948 permitted the declaration of Ohio, as amended, with respect to the issuance and sale of said bonds to become effective, subject, however, to the condition, among others, that the proposed issuance and sale of bonds should not be consummated until the results of the competitive bidding pursuant to Rule U-50 had been made a matter of record in this proceeding and a further order had been issued by this Commission in the light of the record so completed; and

Ohio having filed a further amendment herein setting forth the action taken by Ohio to comply with the requirements of Rule U-50 and stating that, pursuant to the invitation for competitive bids, the following bids for the bonds have been received:

Bidding group headed by—	Coupon rate (percent)	Price to company (percent of principal amount)	Annual cost of money (percent)
Equitable Securities Corp	3¼	102.183	3.0139
Halsey, Stuart & Co., Inc.	3¼	102.179991	3.0141
Glore, Forgan & Co.	3¼	102.152	3.0165
The First Boston Corp.	3¼	102.09	3.018993
Lehman Bros.	3¼	102.089	3.018998
Morgan Stanley & Co.	3¼	102.05	3.0206

Said amendment having further stated that Ohio has accepted the bid of Equitable Securities Corporation, as set out above, and that such bonds will be offered for sale to the public at a price of 102.457% of the principal amount thereof plus accrued interest from September 1, 1948 to the date of delivery, resulting in an underwriter's spread of 0.274% of the principal amount of said bonds;

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the price to be paid for said bonds, the coupon rate and the proposed underwriter's spread in connection therewith:

It is ordered, That the jurisdiction heretofore reserved with respect to the matters to be determined as the result of competitive bidding in connection with the said bonds under Rule U-50 be, and the same hereby is, released, and that said declaration of Ohio, as amended, with respect to the issuance and sale of said bonds be, and the same hereby is, permitted to become effective forthwith, subject, however, to the terms and conditions prescribed in Rule U-24 and to the continuance of jurisdiction heretofore reserved with respect to all fees and expenses of all counsel to be paid in connection with the proposed transaction.

By the Commission.

WISCONSIN POWER AND LIGHT CO. AND MIDDLE WEST CORP.

SUPPLEMENTAL ORDER RELEASING JURISDICTION WITH REGARD TO ISSUANCE AND SALE OF BONDS AND GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 22d day of September A. D. 1948

Wisconsin Power and Light Company ("Wisconsin"), a public utility subsidiary of the Middle West Corporation, a registered holding company, having filed an application-declaration and amendments thereto pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 and Rule U-50 promulgated thereunder with respect to, among other things, the issue and sale by Wisconsin of $5,000,000 principal amount of First Mortgage Bonds, Series C, ------%, due September 1, 1978; and

The Commission having by Order dated September 9, 1948, granted and permitted to become effective said application-declaration, as amended, subject to the condition that the proposed issuance and sale of bonds shall not be consummated until a further order of the Public Service Commission of Wisconsin expressly authorizing the issue and sale of said bonds be filed herein and the results of competitive bidding with respect to said bonds pursuant to Rule U-50 shall have been made a matter of record, and a further order shall have been entered by this Commission in the light of the record so completed; and

Wisconsin having on September 22, 1948, filed a further amendment to said application-declaration containing an order of the Public Service Commission of Wisconsin expressly authorizing the issue and sale of said bonds and further stating that it has offered the bonds for sale pursuant to the competitive bidding requirements of Rule U-50 and has received the following bids:

Name of bidder	Price to company (percent of principal amount)[1]	Interest rate	Cost to company
			Percent
The First Boston Corp.	102.13999	3¼%	3.0062
Halsey, Stuart & Co., Inc.	102.13	3¼%	3.0167
Glore, Forgan & Co.; Harriman, Ripley & Co., Inc.; Equitable Securities Corp.	102.1069	3¼%	3.0177
Salomon Bros. & Hutzler	102.101	3¼%	3.0181
Lehman Brothers; Bear, Stearns & Co.; White, Weld & Co.; Kidder, Peabody & Co.	101.8999	3¼%	3.0328
	101.591	3½%	3.0139

[1] Plus accrued interest from Sept. 1, 1948.

The amendment further stating that Wisconsin has accepted the bid of the First Boston Corporation for the First Mortgage Bonds as set forth above, and that the said bonds will be offered for sale to the public at a price of 102.46000% of principal amount thereof plus accrued interest, resulting in an underwriting spread of 0.32001% of the principal amount of the bonds; and

The Commission having examined said amendment and having considered the record herein and finding that the applicable standards of the act and the rules and regulations thereunder have been complied with, and finding no basis for imposing terms and conditions with respect to the price to be paid for said bonds, or the underwriter's spread and the allocation thereof;

It is hereby ordered, That jurisdiction heretofore reserved with respect to the issue and sale of said First Mortgage Bonds be, and the same hereby is, released, and the said application-declaration, as further amended be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 of the general rules and regulations under the act.

By the Commission.

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on September 7, 1948.

For the Attorney General.

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

PHARMACOLOGIST, P-476-0, ALL GRADES

Section 24.94 is hereby added, as follows:

§ 24.94 *Pharmacologist, P-476-0, all grades*—(a) *Educational requirement.* Applicants must have successfully completed one of the following:

(1) A full 4-year course leading to a bachelor's degree in an accredited college or university. This study must have included courses consisting of lectures, recitations, and practical laboratory work in organic chemistry, biochemistry, pharmacology, toxicology, or physiology and prerequisites to these subjects which total at least 30 semester hours; or

(2) Courses acceptable for credit toward a bachelor's degree in an accredited college or university consisting of lectures, recitations, and practical laboratory work in organic chemistry, biochemistry, pharmacology, toxicology, or physiology and prerequisites to these subjects which will total at least 30 semester hours; plus additional education or experience in the fields of organic chemistry, biochemistry, physiology, pharmacology, or toxicology, which, when combined with the above 30 semester hours, will total 4 years of education and experience and give the applicant a technical and professional knowledge comparable to that which would have been acquired through completion of the 4-year college course.

(b) *Duties.* Pharmacologists plan, direct, or conduct investigational and research work in pharmacology, including studies in acute and chronic toxicity, therapeutic action, site and mode of action, storage, excretion, metabolism, and the biochemical, physiological, and anatomical effects of drugs or chemical agents either (1) in basic pharmacology or (2) in connection with substances suspected of being adulterants or toxicants in foods, drugs, and cosmetics or suspected of causing hazards in industrial use.

(c) *Knowledge and training requisite for the performance of duties.* The duties of a pharmacologist cannot be performed successfully without a sound knowledge of the basic principles and theories of chemistry and biology and specific scientific training in at least one of the following specialized areas: namely, organic chemistry, biochemistry, pharmacology, toxicology, or physiology. Appointees must have aptitude and training in the methods of original research, the ability to discover and interpret new relationships in pharmacology and related fields, and an intimate knowledge of the latest equipment and laboratory techniques used in the field of pharmacology. This knowledge and training can be gained only through a directed course of study in an accredited college or university with well-equipped laboratories and thoroughly trained instructors, where progress is competently evaluated. PART 975—MILK IN CLEVELAND, OHIO, MARKETING AREA

ORDER AMENDING THE ORDER, AS AMENDED

§ 975.0 *Findings and determinations.* The findings and determinations hereinafter set forth are supplementary to and in addition to the findings and determinations made in connection with the issuance of this order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure covering the formulation of marketing agreements and orders (7 CFR Supps., 900.1 et. seq.; 12 F. R. 1159, 4904), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Cleveland, Ohio, milk marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order, as amended and as hereby further amended, and all of the terms and conditions of said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(2) The prices calculated to give milk produced for sale in said marketing area a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8e of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supplies of and demand for such milk, and the minimum prices specified in the order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which hearings have been held.

(b) *Additional findings.* It is necessary to make effective promptly the present amendments to the said order, as amended, to reflect current marketing conditions and to prevent disruption of orderly marketing. The changes made by this order, amending the order, as amended, do not require of persons affected substantial or extensive preparation prior to the effective date. The time intervening between the date of issuance of this order and its effective date affords persons affected a reasonable time to prepare for its effective date. In view of the foregoing, it is impracticable, unnecessary, and contrary to the public interest to delay the effective date of this order for 30 days after its publication (Sec. 4 (c), Administrative Procedure Act, Pub. Law 404, 79th Cong., 60 Stat. 237).

(c) *Determinations.* It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing, or shipping the milk covered by this order, as amended) of more than 50 percent of the volume of milk covered by the aforesaid order, as amended and as hereby further amended, which is marketed within the Cleveland, Ohio, marketing area, refused or failed to sign the marketing agreement regulating the handling of milk in the said marketing area which was heretofore approved (13 F. R. 5279) by the Secretary of Agriculture; and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order, further amending the said order, as amended, is the only practical means, pursuant to the declared policy of the act of advancing the interests of producers of milk which is produced for sale in the said marketing area; and

(3) The issuance of this order further amending the said order, as amended, is approved or favored by at least two-thirds of the producers who participated in a referendum on the question of approval of the order, and who during February 1948 (determined to be a representative period), were engaged in the production of milk for sale in the said marketing area.

Order Relative to Handling

It is therefore ordered, that on and after the first day of October 1948, the handling of milk in the Cleveland, Ohio, marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended, and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Delete § 975.3 (a) (2) (ii) and substitute therefor the following:

(ii) A plant which either was a pool plant on August 31, 1948, or has become a pool plant pursuant to subparagraph (3) of this paragraph.

2. Delete § 975.3 (a) (3) and substitute therefor the following:

(3) A plant having approval of the appropriate health authority in the marketing area to do so which has, within the delivery period of January, February, or March and within each of the five consecutive preceding delivery periods, furnished milk to a pool plant described in subparagraph (1) of this paragraph in an amount equal to 50 percent or more of its entire receipts of milk from dairy farmers during each such delivery period.

3. Delete § 975.3 (c) and substitute therefor the following:

(c) *Disqualification.* A plant shall be disqualified as a pool plant under either of the following circumstances:

(1) Upon prior written request for disqualification made by the plant operator; such disqualification to be effective at the beginning of the first delivery period (following the market administrator's receipt of such request) within which no milk was furnished by such plant to a pool plant described in paragraph (a) (1) of this section; or

(2) If such plant furnished to a pool plant described in paragraph (a) (1) of this section less than 10 percent of its dairy farm supply of milk in any month except April, May, June, or July and less than 50 percent of such supply during more than one of the months of October, November, December, and January: *Provided*, That upon receipt by the market administrator prior to the delivery period of a written request made by the handler, all pool plants operated by such handler shall be considered, for such delivery period, as one plant for the purpose of meeting the minimum percentage requirements of this subparagraph: *And provided further*, That this subparagraph shall not apply to the plant of the Milk Producers Federation of Cleveland.

4. Delete § 975.5 (b) (1) (ii) and substitute therefor the following:

(ii) Transferred as any item included in subdivision (i) of this subparagraph from a pool plant to the plant of a producer-handler, or transferred as any such item, except cream, to a nonpool plant located more than 265 miles from the Public Square in Cleveland, Ohio, by shortest highway distance as determined by the Market Administrator;

5. Delete § 975.5 (g) (2) and substitute therefor the following:

(2) For the delivery periods of October, November, December, and January, subtract from the pounds of butterfat in Class I milk, the smaller of the following:

(i) The pounds, if any, by which the butterfat in milk received from producers and pool plants is less than 110 percent of the pounds of butterfat in such handler's milk, skim milk, buttermilk, flavored milk and flavored milk drink classified as Class I milk (exclusive of any reconstituted skim milk) pursuant to paragraph (b) (1) (i) of this section, not including such Class I milk transferred to pool plants or to nonpool plants; or

(ii) The pounds of butterfat in other source milk received.

6. Delete § 975.6 (b) (2) and substitute therefor the following:

(2) The price of butterfat shall be the amount obtained in subparagraph (1) of this paragraph, multiplied by 20: *Provided*, That in no event shall (i) the price of butterfat pursuant to this subparagraph for sweet or sour cream, or of any mixture of cream and milk (or skim milk), be less than the price computed pursuant to paragraph (c) (2) of this section, or (ii) the price of butterfat for the remaining items of Class I milk be less than the price of butterfat computed pursuant to paragraph (c) (2) of this section plus $3.00.

7. Delete § 975.6 (c) (3) and substitute therefor the following:

(3) The price of skim milk shall be that computed pursuant to the first proviso in paragraph (d) (2) of this section.

8. Delete subparagraphs (2) and (3) of § 975.6 (d) and substitute therefor the following:

(2) The price of skim milk (calculated to the nearest full cent) shall be the average carlot price per pound of nonfat dry milk solids for human consumption, roller process, f. o. b. manufacturing plants, as published for the Chicago area for the delivery period by the Department of Agriculture, less 5.5 cents and then multiplied by 8.5: *Provided*, That the price of skim milk used to produce bulk condensed skim milk or whole milk (sweetened or unsweetened), cottage cheese, and powdered malted milk shall be such price, plus 25 cents: *And provided also*, That the price of skim milk used to produce evaporated or condensed milk (or skim milk) in hermetically sealed cans shall be the price resulting from the following computations:

(i) Multiply by 0.035 the price of butterfat computed pursuant to subparagraph (1) of this paragraph prior to the proviso therein;

(ii) Subtract such amount from the price computed for the next succeeding delivery period pursuant to paragraph (a) (1) of this section minus 8 cents;

(iii) Divide this result by 0.965, and round off to the nearest full cent.

9. At the end of § 975.7 (a) replace the period (.) with a colon (:) and add the following proviso: "*And provided also*, That such handler shall be credited at the difference between the applicable Class I prices for skim milk and butterfat and the highest of the Class III prices for skim milk and butterfat, respectively, with respect to any item specified in § 975.5 (b) (1) (i) disposed of during April, May, June or July to a manufacturer of soup, candy, or bakery products for use in such manufacturing operations."

• • • • •

§ 500.26 *Delegation to Chief, Foreign Funds Section, and others, concerning blocked assets.* The Chief, Foreign Funds Section, the Assistant Chief, Foreign Funds Section, and the Federal Reserve Bank of New York are severally authorized to take action with respect to specific licensing matters, by granting or denying applications for specific licenses, and by amending, modifying, renewing, or revoking existing specific licenses, with respect to property over which jurisdiction has been transferred by Executive Order No. 9989.

2. Part 501 is hereby amended by addition of §§ 501.1 and 501.2, both as set out below:

§ 501.1 *Licensing.* (a) Licenses with respect to transactions, transfers, or other dealings prohibited under Executive Order No. 8389, as amended, or under the regulations of the Office of Alien Property, are issued by the Director or any agency, instrumentality, agent, delegate, assistant or other personnel, appointed or designated by him.

(b) Transactions with respect to property over which jurisdiction has been transferred by Executive Order No. 9989, not authorized by general licenses or other public documents, may be effected only under specific licenses. Specific licensing activities are performed by the Foreign Funds Section of the Operations Branch and by the Federal Reserve Bank of New York. Applications for specific licenses may be filed on Treasury Department form TFE–1 or on such other forms as may from time to time be designated. Application forms may be obtained from the Federal Reserve Bank of New York or the Office of Alien Property, Washington, D. C. Applications for specific licenses shall be filed in duplicate with the Federal Reserve Bank of New York.

(c) Applications for licenses and authorizations, other than those pursuant to paragraph (b) of this section, are to be filed with the Office of Alien Property. No particular forms are prescribed therefor.

(d) In cases where the allowance of a claim under section 32 or section 34 of the Trading with the Enemy Act requires the granting of a license, the Notice of Claim shall be deemed to include an application for such license, and no separate application for such license need be filed.

§ 501.2 *Reporting.* All reports, forms, and other communications concerning property over which jurisdiction has been transferred by Executive Order No. 9989, which have been required to be made or filed with the Treasury Department, are on and after October 1, 1948, required to be made or filed with the Office of Alien Property. Reports, forms, and other communications that on or before September 30, 1948, have been required to be made or filed with the Federal Reserve Bank of New York, shall continue to be made or filed with that Bank.

3. Part 503 is hereby amended by deletion of § 503.5, and by addition of § 503.100, as set out below:

§ 503.100 *Prohibition of transactions; applicability of regulations and licenses, etc.* (a) The following transactions, transfers, or other dealings are prohibited, except to the extent that they are authorized by paragraph (b) of this section or are or shall be authorized by the Attorney General, or any agency, instrumentality, agent, delegate, assistant or other personnel, appointed or designated by him:

(1) Transactions, transfers, or other dealings in or relating to any property or interest that has been vested, or as to which an outstanding supervisory order has been issued, by the Attorney General or the Alien Property Custodian or the Office of Alien Property Custodian;

(2) Transactions, transfers, or other dealings by, or with, or on behalf of, or pursuant to the direction of, or the exercise of any right, powers, or privilege with respect to, any business enterprise regarding which the Attorney General or the Alien Property Custodian or the Office of Alien Property Custodian has issued an outstanding supervisory order, or which has been vested, or assets of or interests in which have been vested, or involving any property in which such business enterprise has any interest, where control of such property or business enterprise was released by the Secretary of the Treasury, subject to the power and authority conferred upon the Attorney General or the Alien Property Custodian or the Office of Alien Property Custodian, on or prior to September 30, 1948, or where jurisdiction over such property or business enterprise has been transferred by Executive Order No. 9989;

(3) Transactions, transfers, or other dealings, prohibited on September 30, 1948, under or pursuant to the Trading With the Enemy Act, as amended, or Executive Order No. 8389, as amended, or Executive Order No. 9095, as amended, regarding property, over which jurisdiction has been transferred by Executive Order No. 9989.

(b) All orders, regulations, rulings, instructions, or licenses of any nature whatsoever, issued by the Secretary of the Treasury under the authority of Executive Order No. 8389, as amended, and Executive Order No. 9095, as amended, concerning property over which jurisdiction has been transferred by Executive Order No. 9989, shall continue in full force and effect in accordance with their terms, subject to the authority of the Attorney General, or any agency, instrumentality, agent, delegate, assistant of other personnel, appointed or designated by him, to amend, modify or revoke, in whole or in part, such orders, regulations, rulings, instructions and licenses: *Provided*, That, wherever in such orders, regulations, rulings, instructions or licenses, or in regulations of the Office of Alien Property, the Treasury Department, Foreign Funds Control, the Secretary of the Treasury or other officers of the Department of the Treasury are referred to, the reference shall be deemed to be made to the Office of Alien Property and the appropriate officers thereof.

(c) Additional prohibitions provided for in General Order No. 11, § 503.11, as amended, General Order No. 13, § 503.13, as amended, and General Order No. 20, § 503.7, as amended, and licenses and other authorizations, issued thereunder, shall remain unaffected by this section. Section 503.5 (General Order No. 31, as amended), since it concerns merely the transfer of authority from the Treasury Department to the Office of Alien Property and its predecessor in specific cases, is no longer necessary and is hereby revoked as of September 30, 1948, midnight, without affecting the validity of its prohibitions and of licenses and other authorizations issued thereunder prior to that date.

(d) Powers of attorney given for the purpose of filing claims under the Trading With the Enemy Act, as amended, and transactions that may be necessary to facilitate the filing and proving of such claims are hereby exempted from the prohibitions of this section: *Provided, however*, That nothing herein shall affect the prohibitions of R. S. 3477; 31 U. S. C. 203.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration

[Amdt. 8]

PART 600—DESIGNATION OF CIVIL AIRWAYS

MISCELLANEOUS AMENDMENTS

It appearing that (1) the increased volume of air traffic at certain points necessitates, in the interest of safety in air commerce, the immediate establishment of control areas at such points; (2) the immediate realignment of civil airways in certain areas is necessary to expedite traffic control in such areas; (3) the establishment of the control areas referred to in (1) above, and the realignment of civil airways referred to in (2) above, have been coordinated with the civil operators involved, the Army, and the Navy, through the Air Coordinating Committee, Airspace Subcommittee; and (4) compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable, unnecessary, and contrary to the public interest, and therefore is not required;

Now therefore, acting under authority contained in sections 205, 301, 302, 307, and 308 of the Civil Aeronautics Act of 1938, as amended, and pursuant to section 3 of the Administrative Procedure Act, I hereby amend the Code of Federal Regulations, Title 14, Chapter II, Part 600, as follows:

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 241—INTERPRETATIVE RELEASES RELATING TO SECURITIES EXCHANGE ACT OF 1934 AND GENERAL RULES AND REGULATIONS THEREUNDER

STABILIZATION OF MARKET PRICES BY PERSONS OFFERING SECURITIES TO PUBLIC

§ 241.4163 *Statement of the Commission in connection with notice of opportunity to submit proposals for regulations or legislation regarding the stabilization of market prices by persons offering securities to the public.* Stabilization is that process whereby the market price of a security is pegged or fixed for the limited purpose of preventing or retarding a decline in contemplation of or during a public offering of securities. Section 9 of the Securities Exchange Act of 1934 deals generally with various manipulative practices. Section 9 (a) (2) makes it unlawful in general terms for any person, by use of the mails or any instrumentality of interstate commerce or any facility of a national securities exchange,

To effect, alone or with one or more other persons, a series of transactions in any security registered on a national securities exchange creating actual or apparent active trading in such security or raising or depressing the price of such security, for the purpose of inducing the purchase or sale of such security by others.

This general anti-manipulative provision, however, is limited by section 9 (a) (6), which outlaws stabilization only if effected in contravention of Commission rules. Section 9 (a) (6) makes it unlawful

To effect either alone or with one or more other persons any series of transactions for the purchase and/or sale of any security registered on a national securities exchange for the purpose of pegging, fixing, or stabilizing the price of such security in contravention of such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

The Commission has in effect certain disclosure rules concerning stabilization. These rules were adopted under provisions other than section 9 (a) (6). One rule requires the filing of reports by persons effecting stabilizing transactions.[1] Another rule requires that in the case of an issue of securities registered under the Securities Act of 1933 a statement of intention to stabilize appear prominently on the first or second page of the prospectus whenever the issuer or any of the underwriters knows or has reasonable ground to believe that it is intended to stabilize.[2] However, the only substantive regulation of stabilizing thus far adopted, and the only regulation under section 9 (a) (6), is § 241.9-a6-1 (Regulation X-9A6-1), which is limited to offerings made "at the market" instead of at a fixed price. In connection with the adoption of this regulation the Commission issued a statement, together with a separate statement by the late Commissioner Healy, discussing both the technical problems involved in the regulation of stabilizing and the fundamental questions of policy.[3] While the Commission agreed unanimously that stabilizing was manipulation, the majority considered the alternatives of prohibition, inaction and regulation, and concluded in favor of attacking the problem step-by-step through the Commission's rule-making authority. Commissioner Healy in his dissenting opinion observed that the differences between "manipulation" and "stabilization" were often difficult of perception, and he disagreed with the view that section 9 (a) (6) left the Commission with no authority to outlaw stabilization.

In the absence of any applicable rule except with respect to "market offerings" (which in recent years have been very rare) the question whether a particular course of conduct is unlawful manipulation or lawful stabilization rests at present on interpretation of section 9 (a) (2), which must of course be construed in the light of section 9 (a) (6). Sections 9 (a) (2) and 9 (a) (6) are by their terms limited to securities registered on a national securities exchange. However, the Commission has repeatedly held[4] that conduct which violates section 9 (a) (2) when it concerns a registered security violates the general anti-fraud provisions[5] when it concerns a security not registered on an exchange. Consequently, the line between fraud or manipulation and lawful stabilization with respect to unregistered securities rests similarly at present on interpretation of these general anti-fraud provisions, which like section 9 (a) (2) must be construed in the light of the fact that the Congress when it dealt specifically with stabilization determined not to outlaw the practice by statute.

There are no judicial precedents defining the difference between stabilization and other forms of manipulation. The Commission's administrative interpretation was publicly expressed on July 15, 1948, in connection with the present investigation. In ruling on a motion presented by one of the witnesses the presiding officer made the following statement on the Commission's behalf:

It has for many years been the Commission's position, expressed both orally and by letter to any member of the public making proper inquiry, that stabilization for the sole purpose of preventing or retarding a decline, whether the stabilization is effected by an underwriter or by an issuer, does not of itself violate section 9 (a) (2) or any other section of the Securities Exchange Act of 1934 so long as the stabilizing purchases are effected at whichever is the lower of two figures—(1) a bona fide independent market price for the security being stabilized or (2) the public offering price of the issue once the offering is made—and that within these restrictions there is no limit under existing statute and rules on the amount of securities which may be purchased in the stabilizing process.

The record of the present investigation (In the matter of offering of common stock of Kaiser-Frazer Corporation) indicates that Kaiser-Frazer Corporation on February 3, 1948, undertook for its own account to stabilize the market for its common stock on the New York Curb Exchange and other exchanges in advance of the proposed public offering of the stock, and during the course of the stabilization that day purchased a total of 186,200 shares. The total offering was 1,500,000 shares, 900,000 "firm" and 600,000 on a "best efforts" basis, and the registration statement under the Securities Act of 1933 became effective as of 5:30 p. m. on February 3.

In the Commission's experience it is not unusual for a utility company soliciting competitive bids in connection with a proposed offering of securities to reserve the right to stabilize for a short period preceding the opening of the bids, but it has not been customary for the issuer to stabilize in connection with negotiated underwritings. So far as the amount of stock purchased by way of stabilization is concerned, the Commission has imposed no restrictions. Frequently however the agreement among underwriters reserves to the managers the right to repurchase a fixed percentage of the amount of securities being offered, the amount not infrequently running as high as 15 percent. (Securities Exchange Act Release No. 4163, dated September 16, 1948.)

By the Commission.

TITLE 28—JUDICIAL ADMINISTRATION

Chapter I—Department of Justice

PART 6—TRAFFIC IN CONTRABAND ARTICLES IN FEDERAL PENAL AND CORRECTIONAL INSTITUTIONS

SEPTEMBER 24, 1948.

The following part is hereby added to Chapter I, Title 28, Code of Federal Regulations:

§ 6.1 *Consent of warden or superintendent required.* The introduction or attempt to introduce into or upon the grounds of any Federal penal or correctional institution or the taking or attempt to take or send therefrom anything whatsoever without the knowledge and consent of the warden or superintendent of such Federal penal or correctional institution is prohibited. (Sec. 1, Pub. Law 772, 80th Cong.; 18 U. S. C. 1791)

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Section 1791 of Title 18 of the United States Code, which became effective on September 1, 1948, provides that whoever, contrary to any rule or regulation promulgated by the Attorney General, introduces or attempts to introduce into, or to take or send from, any Federal penal or correctional institution anything whatsoever, shall be imprisoned not more than ten years. Compliance with the provisions of section 4 of the Administrative Procedure Act with respect to notice and delayed effective date is contrary to the public interest in this instance, since the provisions of the said section 1791 cannot become operative until implemented by regulation of the Attorney General and in the meantime there exists no legal deterrent to the trafficking in contraband articles within Federal penal and correctional institutions.

Acting Attorney General.

ESTABLISHMENT OF OFFICE OF ALIEN PROPERTY

SEPTEMBER 24, 1948.

Effective October 1, 1948, § 51.81, Chapter I, Title 28, Code of Federal Regulations, is amended to read as follows:

§ 51.81 *Establishment of the Office of Alien Property.* In order to effectuate the provisions of Executive Order No. 9788 of October 14, 1946 (11 F. R. 11981), terminating the Office of Alien Property Custodian and transferring its functions to the Attorney General, and of Executive Order No. 9989 of August 20, 1948 (13 F. R. 4891), transferring jurisdiction over certain blocked assets to the Attorney General, *It is hereby ordered as follows:*

(a) There is created in the Department of Justice the Office of Alien Property. All the authority, rights, privileges, powers, duties, and functions vested in or transferred or delegated to the Attorney General by the said Executive orders are hereby placed in the Office of Alien Property.

(b) The Director of the Office of Alien Property shall supervise and direct all the activities of the Office of Alien Property. (R. S. 161, 5 U. S. C. 22; E. O. 9788, Oct. 14, 1946, 3 CFR, 1946 Supp.; E. O. 9989, Aug. 20, 1948, 13 F. R. 4891)

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

PART 5—CLASSIFICATION AND RATES OF POSTAGE

AIR PARCEL POST SERVICE—DOMESTIC

Part 5, Title 39, Code of Federal Regulations, is amended as follows:

1. Amend § 5.12 (a) (1), as amended (39 CFR, 1946 Supp.) to read as follows:

§ 5.12 *Mail carried by airplane.* (a) (1) The rate of postage on domestic air mail weighing eight ounces or less shall be 5 cents for each ounce or fraction thereof: *Provided,* That the rate of postage on air mail of the first class weighing in excess of eight ounces shall be the rate provided for air parcels but in no case shall be less than 3 cents an ounce or fraction thereof.

(Sec. 3, Pub. Law 819, 80th Cong.)

2. Amend § 5.12 (a) (3) to read as follows:

(3) The act of October 14, 1940, referred to in section 2 of the act of August 14, 1946, and in subparagraph (2) of this paragraph relates to mail carried by aircraft to, from, or within Alaska and authorizes the Postmaster General to fix the postage rate thereon. Accordingly the rate of 5 cents for each ounce or fraction thereof on air mail weighing eight ounces or less, and the zone rate for air mail exceeding eight ounces in weight (see § 5.12a), shall be applicable to all classes of mail carried to, from, or within that territory which the sender designates for transportation by air, except that postage at the eighth zone rate of 80 cents for the first pound or fraction thereof in excess of eight ounces and 80 cents for each additional pound or fraction thereof shall be chargeable on parcels transported by air between points within Alaska and points outside of that Territory to which the domestic rates and conditions are applicable (see § 5.74). Mail of any class on which postage at the regular rates only is prepaid and which is not designated by the sender for transmission by air when carried to, from, or within Alaska shall continue to be handled as heretofore, that is, transported by surface means except where otherwise specifically directed.

3. Amend § 5.12 (b) (2) to read as follows:

(2) Any mailable matter, except that liable to damage from freezing, may be sent by air mail at the applicable rates of postage including sealed parcels not exceeding 70 pounds in weight and not exceeding 100 inches in length and girth combined. This includes harmless live animals, queen bees and cut flowers. Day-old chicks, day-old ducks, etc., and honey bees are prohibited.

4. Add new § 5.12a to read as follows:

§ 5.12a *Air parcel post service.* (a) In connection with Public Law 819, 80th Congress, approved June 29, 1946, establishing an Air Parcel Post Service, effective September 1, 1948, the following information is given for the guidance of postmasters and all others concerned.

(b) The zone rates prescribed for parcels carried by air (including other transportation to and from air-mail routes) shall apply to mailable matter of any class weighing over 8 ounces but not more than 70 pounds nor exceeding 100 inches in length and girth combined, including written and other matter of the first class, whether sealed or unsealed, except that in the case of mail of the first class the rate shall not be less than 3 cents an ounce or fraction thereof.

(c) The rate of 5 cents an ounce or fraction of an ounce will continue to apply (until otherwise instructed) to all domestic air mail weighing up to and including 8 ounces, regardless of distance or zone; the zone rates prescribed by Public Law 819, and referred to herein, will apply to such mail weighing over 8 ounces, fractions of a pound being charged as a full pound (provided that on air mail of the first class the rate shall not be less than 3 cents an ounce or fraction thereof).

(d) The air-zone rates provided by this law shall be based on the eight postal zones applicable to fourth-class (parcel post) mail, such zones being described in § 5.70 (b).

(e) The zone rates for parcels carried by air are shown in the following tables:

EXCEPTIONS

The rate of 80 cents for first pound (over 8 ounces to 1 pound) and 80 cents for each additional pound or fraction thereof shall be charged on parcels transported by air as follows:

(a) Between any point in continental United States and any point in its Territories and possessions falling in the eighth delivery zone, namely, Hawaii, Alaska, Guam, etc.

(b) Between or within Territories and possessions of the United States where the eighth zone is applicable.

(c) Between continental United States or its Territories and possessions and the Canal Zone.

(d) Between United States or its Territories and possessions and overseas A. P. O.'s and Fleet Post Offices.

(e) Between United States or its Territories and possessions and United States naval vessels stationed in foreign waters if foreign port is used as part of address.

In the case of first-class matter weighing 8 ounces transported by air, the rate of 8 cents an ounce or fraction is applicable to parcels of the weights and in the zones indicated below:

Zones 1 and 2: All parcels weighing over 1 pound 3 ounces.

Zone 3: All parcels weighing over 1 pound 6 ounces.

Zone 4: All parcels weighing over 1 pound 10 ounces.

Zone 5: Parcels weighing over 1 pound 15 ounces, but not more than 2 pounds. All parcels weighing over 2 pounds 7 ounces.

Zone 6: Parcels weighing over 2 pounds 15 ounces, but not over 3 pounds. Parcels weighing over 3 pounds 10 ounces, but not over 4 pounds. All parcels weighing over 4 pounds 5 ounces.

Zone 7: Parcels weighing over 10 pounds 15 ounces, but not over 11 pounds. Parcels weighing over 11 pounds 14 ounces, but not over 12 pounds. Parcels weighing over 12 pounds 13 ounces, but not over 13 pounds. Parcels weighing over 13 pounds 12 ounces, but not over 14 pounds. Parcels weighing over 14 pounds 11 ounces, but not over 15 pounds. Parcels weighing over 15 pounds 10 ounces, but not over 16 pounds. Parcels weighing over 16 pounds 9 ounces, but not over 17 pounds. Parcels weighing over 17 pounds 8 ounces, but not over 18 pounds. Parcels weighing over 18 pounds 7 ounces, but not over 19 pounds. Parcels weighing over 19 pounds 6 ounces, but not over 20 pounds. Parcels weighing over 20 pounds 5 ounces, but not over 21 pounds. Parcels weighing over 21 pounds 4 ounces, but not over 22 pounds. Parcels weighing over 22 pounds 3 ounces, but not over 23 pounds. Parcels weighing over 23 pounds 2 ounces, but not over 24 pounds. All parcels weighing over 24 pounds 1 ounce.

Parcels weighing less than 10 pounds but exceeding 84 inches in length and girth combined shall be subject to the 10-pound rate.

(f) Parcels on which postage is prepaid at the rates prescribed by Public Law 819 are entitled to the most expeditious handling, transportation (by surface or air), and delivery practicable, but not special delivery. If special delivery at the office of address is desired the regular special delivery fees according to the class of matter are applicable. The rate of postage or fees otherwise chargeable on air parcels will not be affected by the inclusion of such written, printed or other matter as lawfully may be enclosed in mail of the second, third or fourth class sent by surface transportation.

(g) All parcels sent via Air Parcel Post should be prominently endorsed "Via Air Mail," not only on the address side but on each end and side. When available, printed labels bearing these words should be affixed to parcels. All parcels must bear the name and address of the sender.

(h) Air parcels which are undeliverable as addressed, when forwarded to the addressee at another post office or returned to the sender, will be subject to postage anew at the air zone rate applicable between the office from which forwarded or returned to the one to which forwarded or returned.

(i) Domestic registered, insured, and c. o. d. mail may be sent by air parcel post upon payment of the prescribed fees, which are in addition to the air zone postage, and surcharges when required on registered mail. All domestic registered mail sent by air parcel post must be securely sealed and postage must be prepaid thereon at the zone rates but in no case less than 3 cents an ounce or fraction thereof. First-class matter sent c. o. d. by air parcel post must also be sealed and be prepaid at the zone rates but not less than 3 cents an ounce or fraction thereof. Indemnity for insured mail sent at the air zone rates will be payable only for fourth-class matter. All domestic registered, insured, and c. o. d. mail prepaid at the air parcel post rates will be accepted with the understanding that the senders guarantee any return or forwarding postage which may be necessary.

TAXATION OF AMOUNTS RECEIVED AS AN ANNUITY UNDER AN ANNUITY OR ENDOWMENT CONTRACT

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued on the authority contained in sections 62 and 3791 of the Internal Revenue Code (53 Stat. 32, 467; 26 U. S. C. 62, 3791).

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

Regulations 111 (26 CFR, Part 29) are amended as follows:

Section 29.22 (b) (2)-2 is amended by striking the first sentence and by inserting in lieu thereof the following: "As used in section 22 (b) (2) (A), 'amounts received as an annuity under an annuity or endowment contract' means amounts (based on a computation with reference to life expectancy and mortality tables and payable over a period longer than one year) received in periodical installments, whether annually, semiannually, quarterly, monthly, or otherwise. Where payments received under an endowment contract were reported, for taxable years ending prior to but not on December 31, 1948, as amounts received as an annuity under an annuity or endowment contract, that portion of such payments on which tax was paid, and not refunded, will not again be included in taxable income."

[Docket No. 8481]

THREE NEW CLASSES OF OPERATOR LICENSES FOR BROADCAST SERVICE

CORRECTED REPORT AND FINAL ORDER

In the matter of amendment of the Commission's rules and regulations to provide for three new classes of operator licenses for the broadcast service.

Formerly captioned: In the matter of amendment of § 13.2, amendment of § 13.21, amendment of § 13.22, amendment of § 13.61.

In the above entitled matter, a general public hearing before the Commission en banc was held in Washington, D. C., on May 10, 1948. Those appearing at the hearing were Bryce Rea, Jr., on behalf of National Association of Broadcasters; Thomas X. Dunn, on behalf of National Association of Broadcast Engineers and Technicians; L. Wimberly, on behalf of National Headquarters, International Brotherhood of Electrical Workers; S. L. Hicks, on behalf of Local No. 1229, International Brotherhood of Electrical Workers; Raymond A. Wood, on behalf of Local No. 1212 International Brotherhood of Electrical Workers; and Lester W. Spillane and George MacClain on behalf of the Federal Communications Commission.

Since the end of the war, and in view of the development of new and advanced radio techniques, the Commission has been considering what revisions, if any, should be made in its operator license requirements for the operation of stations in the broadcast service. Particular attention has been given to the question of the desirability of establishing a graded system of operator licenses valid for specified operations in cases where under the present system only the first class radiotelephone operator license is valid. On August 1, 1947 a notice of proposed rule making was issued, proposing the establishment of a new lower class license valid for the limited operation of certain categories of broadcast stations of 1,000 watts or less authorized power. Written comments were received from many interested parties. On the basis of these comments and a series of informal conferences which were held, a further notice of proposed rule making was issued on March 25, 1948, incorporating some portions of the earlier notice but also proposing two additional classes of operator licenses for the broadcast service, and a general public hearing was scheduled on the matter of this proposed revision of operator requirements. The hearing was held on May 10, 1948, at which the above-named persons and organizations appeared and presented evidence.

On the basis of the entire record in this proceeding, the Commission has concluded that no substantial need or justification exists for the proposed rules, or for any substantial change in the present structure of operator licenses for the broadcast service: *Provided*, That the qualifying examinations for the licenses are kept up to date in relation to developments in the broadcast radio art through appropriate periodic revisions in the qualifying examinations which underlie the license system.

Some time ago the Commission commenced the systematic revision of its operator license examinations. Work in this respect has recently been completed in regard to the examinations for the radiotelephone first and second class operator licenses and these revised examinations have been placed in effect.

In view of the foregoing, the Commission has concluded that it will be in the public interest to dismiss the pro-

ceedings herein, and they are, accordingly, hereby ordered dismissed.

Adopted: September 8, 1948.

Released: September 9, 1948.

FUNCTIONS RELATING TO SECURITY CONTROL OF CONTRACTORS' FACILITIES AND PERSONNEL

ORDER TRANSFERRING FROM DEPARTMENT OF ARMY TO DEPARTMENT OF AIR FORCE

Pursuant to the authority vested in me by the National Security Act of 1947 (Act of July 26, 1947; Public Law 253, 80th Congress) and in order to effect certain transfers authorized or directed therein, *It is hereby ordered as follows:*

1. There are hereby transferred to and vested in the Secretary of the Air Force and the Department of the Air Force all functions, powers and duties relating to security control of contractors' facilities and personnel insofar as they may pertain to the Department of the Air Force or the United States Air Force or their property or personnel, which are vested in the Secretary of the Army or any officer of that Department by the following laws, parts of laws and Executive orders, as limited by other laws, parts of laws and Executive orders, whether or not specifically set forth herein:

a. Act of July 2, 1926, c. 721, sec. 10 (j) (44 Stat. 784; 10 U. S. C. 310 (j)).

b. Executive Order No. 8972, Dec. 12, 1941 (6 F. R. 6420).

c. All other laws, parts of laws, including applicable provisions of appropriations acts, and Executive orders which vest in the Secretary of the Army or the Department of the Army or any officer of that Department functions, powers and duties relating to security control of contractors' facilities and personnel insofar as they pertain to the Department of the Air Force or the United States Air Force or their property and personnel.

2. It is expressly determined that the functions herein transferred are necessary and desirable for the operations of the Department of the Air Force and the United States Air Force.

3. The Secretary of the Army, the Secretary of the Air Force or their representatives are hereby authorized to issue such orders as may be necessary to effectuate the purposes of this order. In this respect, the transfer of such related personnel, property, records, installations, agencies, activities and projects as the Secretaries of the Army and the Air Force shall from time to time jointly determine to be necessary, is authorized.

4. Nothing contained in this order shall operate as a transfer of funds.

5. This order shall be effective as of 12:00 noon, September 1, 1948.

TRIPARTITE ANNOUNCEMENT REGARDING FOREIGN EXCHANGE CONTROL

Section 3.40b is added to the regulations which were formerly published as Part 3, Subtitle A, Title 10, Code of Federal Regulations, as follows:

SEC. 3.40b. *Tripartite announcement in regard to Allied Control Council Law No. 5 and U. S. Military Government Law No. 53.* (a) Pursuant to an agreement between the U. S., U. K., and French Military Governments, all persons (natural and juristic persons) not subject to Allied Control Council Law Number 5 who own non-German currencies or who own securities expressed in other than Germany currency, which are presently held by the military governments pursuant to Military Government Law Number 53 (see section 3.40), are invited to submit applications for the recognition of their title to such currencies, or securities. All German financial institutions carrying accounts of such securities for such persons are requested to notify the accounts owners accordingly.

(b) Persons desiring recognition of title to currencies and securities are invited to submit evidence to demonstrate their ownership of the currencies and securities involved and that no party subject to Control Council Law Number 5 has an interest therein and the property is not subject to external or internal restitution claims. Such inquiries must be filed by December 31, 1948, and should be addressed for property located; in the U. S. Zone of Occupation to: Office of the Finance Adviser, OMGUS, APO 742, U. S. Army. In the British Zone of Occupation to: Headquarters, Investigation Branch, Finance Division, Headquarters R/B, Duesseldorf, 318 Headquarters, CCG (BE), BAOR 4. In the French Zone of Occupation to: Bureau Des Titres Estrangers, Landau, Palatinate.

(c) It is pointed out that, among others, there are subject to Control Council Law Number 5 all German nationals in Germany and all those German nationals now outside of Germany who have been residents of Germany or any other territory since September 1, 1939, which at the time of their residence was under the control of the German Reich and who enjoyed full rights of German citizenship at any time since September 1, 1939.

(d) External restitution claims are those filed by governments eligible for restitution to recover property removed from such countries during their occupation by Germany. Exemption from external restitution may be shown by submission of proof that the property has been owned exclusively since September 1, 1939 and was not removed from a country occupied by the Germans during the German occupation. Internal restitution claims are those filed by persons for recovery of property taken from them under duress in Germany for racial, religious and political reasons at any time after January 30, 1933. Exemption from internal restitution may be shown by submission of proof that the currencies or securities have been owned exclusively since January 30, 1933.

(e) The three military governments have further agreed to permit removal from Germany of currencies or securities, title to which has been recognized, when the recognized owner is not a resident of Germany.

DEPARTMENT OF COMMERCE

Office of Industry Cooperation

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR REQUIREMENTS OF THE ARMED FORCES

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of the Armed Forces, and after expression of the views of industry, labor and the public generally at an open public hearing held on August 3, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395.

1. *What this plan does.* This plan sets up the procedure under which steel producers agree voluntarily to make steel products available either directly to the Army, Navy or Air Force (hereinafter referred to collectively as the Armed Forces) or to persons who need such products to fill contracts for the Armed Forces.

2. *Agreement by steel producers.* The steel producers participating in this plan will, while the plan remains in effect, make steel products available, out of their own production or that of their subsidiaries or affiliates, directly to the Armed Forces or to persons who need such products to fill requirements under contracts for the Armed Forces, and who comply with the provisions of this plan.

The maximum total monthly quantity of steel products to be made available under this plan will be 102,505 net tons, of which not more than 87,065 net tons will be carbon steel and not more than 15,440 net tons will be alloy steel.

3. *Determination of quantities to be furnished by respective producers.* The quantities of each steel product to be made available by each steel producer participating in this plan, as its commitment hereunder, will be such as the Secretary of Commerce, after consulting the Steel Task Committee of the Office

of Industry Cooperation of the Department Commerce, determines to be fair and equitable. Participating steel producers will take credit against such commitments only for deliveries certified in accordance with paragraph 8 below.

4. *Contractual arrangements.* The participating steel producers, or their subsidiaries or affiliates, will make contractual arrangements directly with the Armed Forces procurement agencies or persons requiring steel products under this plan. This plan does not authorize nor approve any fixing of prices, and participation in this plan does not affect the prices or terms and conditions on which any steel product is actually sold and delivered.

5. *Limitations as to types, sizes and quantities.* Each participating steel producer need make available under this plan only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products under this plan, and the quantities which it may have undertaken to make available in any month may be reduced, or at its option their delivery may be postponed, in direct proportion to any production losses during the month due to causes beyond its control.

6. *Reports from steel producers.* Each participating steel producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to approval of the Bureau of the Budget under the Federal Reports Act of 1942), submit to that Office periodic reports of the total quantities, by types, of steel products shipped under this plan.

7. *Steel consumers entitled to benefit under this plan.* This plan is available to all Armed Forces procurement agencies and to all individuals, firms, associations, companies, corporations, or organized manufacturing industries which have contracts for delivery of products or materials to the Armed Forces, either directly on prime contracts or indirectly on subcontracts, and which need steel, in the form of steel products sold by steel producers, in order to fill such contracts: *Provided*, The prime contracts have been designated by the Armed Forces as entitled to the benefits of this plan. Responsible authorities within the Armed Forces will determine which particular contracts are entitled to the benefits of the plan and, in such cases, will so notify the prime contractors in writing. In the case of contractors or subcontractors, the plan applies only to steel products which are needed as production material for physical incorporation in the end products or in part of the end product to be delivered to the Armed Forces. It does not apply to steel products for plant construction or equipment unless the plant or equipment is to be owned by the Armed Forces.

8. *Procedure by which steel consumers may secure steel products under this plan.* A steel consumer placing an order with a steel producer for steel products, all or some of which are being purchased under this plan, must (a) separately identify the quantities being ordered under this plan, (b) place on the order a certificate in the following form, and (c) specify, in the certificate, the official Armed Forces contract number or numbers involved:

The undersigned certifies, subject to the penalties of Section 35 (A) of the United States Criminal Code, to the seller and to the Department of Commerce that the items and quantities identified in this order as being for Armed Forces contract(s), designated below, are not more than the needed minimum quantities to fill the requirements of the undersigned under Armed Forces Contract(s) No. ---------- (insert name of Armed Forces department and number of Armed Forces contract(s)); that all the steel products so identified in this order will be used solely to fill the undersigned's requirements under such contract(s); that the deliveries specified will not result in receipts of steel products at a rate in excess of the minimum requirements necessary to provide the deliveries of end products called for by such contract(s); that the undersigned knows, or is reliably informed, that the Armed Forces department involved has specifically designated such contract(s) as entitled to the benefits of the Voluntary Plan of the Department of Commerce for Allocation of Steel Products for Requirements of the Armed Forces; and that this order is placed in accordance with the terms of that Plan, with which the undersigned is familiar.

By ----------
Title of duly authorized officer

Date

9. *Reports from consumers.* The Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) may require any consumer obtaining steel products under this plan to furnish reports with respect to steel products on hand and under arrangements, or any other information pertinent to any orders placed under this plan.

10. *Applicability of anti-trust laws.* After approval of this plan by the Attorney General and by the Secretary of Commerce, and after requests for compliance with it have been made of steel producers by the Secretary of Commerce, any such steel producer may become a participant in this plan by advising the Secretary of Commerce of its acceptance of the request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act as provided in section 2 (c) of Public Law 395, 80th Congress, only with respect to such steel producers as notify the Secretary of Commerce, in writing, that they will comply with such request.

11. *Effective date and duration.* This plan shall become effective on the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon not less than 60 days notice by letter, telegram or publication in the FEDERAL REGISTER.

12. *Withdrawal from plan.* Any steel producer may withdraw from this plan by giving not less than 60 days' written notice to the Secretary of Commerce.

Approved: August 25, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: August 24, 1948.

PEYTON FORD,
Acting Attorney General.

AUGUST 26, 1948.

GENTLEMEN:

Under date of July 1, 1948, President Truman wrote to me stating that he did not consider it appropriate at this time to invoke the mandatory authority contained in the Selective Service Act of 1948, for the procurement of steel for armed forces, contractors, and sub-contractors. He therefore asked me to proceed immediately to develop a voluntary allocation program.

Accordingly, a Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Requirements of the Armed Forces, has been developed. This Plan has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with the provisions of Paragraph 3 of the Plan, an initial determination has been made by me with respect to the quantities of each type of steel product which should be made available by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395, and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the monthly quantities of each type of steel product which it has been initially determined by me, with the advice of the Industry Task Committee, in accordance with Paragraph 3 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

NOTE: The above request for compliance with Department of Commerce Voluntary Plan for Allocation of Steel Products for Requirements of the Armed Forces was sent to steel companies listed on an attachment filed with the original document.

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR TANK AND OIL FIELD PRODUCTION EQUIPMENT

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and manufacturers of tank and oil field production equipment, and after expression of the views of industry, labor and the public generally at an open public hearing held on August 4, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. In furtherance of the program for the oil and gas industry, the steel producers participating herein will, during the period this plan shall remain in effect, make available or cause to be made available, out of the production of their own mills or the mills of their subsidiaries or affiliates, a total of 16,530 net tons of steel products per month, to manufacturers of tank and oil field production equipment who comply with the provisions of this plan (hereinafter called Manufacturers), for use solely in the manufacture of oil and gas separators, heaters, emulsion treaters, bolted storage tanks, welded production tanks, gas dehydrating units, chemical feeders, bands for wood tanks, and equipment appurtenant thereto, necessary for the production of oil and gas at the well head, in accordance with and subject to the terms and conditions hereinafter set forth.

2. (a) The quantities and types of such steel products so to be made available by each steel producer shall, except as may be otherwise specified in such steel producer's acceptance hereof, be such as the Secretary of Commerce, after consultation with the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce, determines to be fair and equitable in order to accomplish, as nearly as may be, the supply of such steel products, on an average monthly basis, in the approximate quantities specified in the following schedule:

Type	Total net tons per month
Sheets 16 gauge and heavier (85% are 10 and 12 gauge 60" wide)	8,300
Plates 3/16" to 3/8"	4,930
Plates over 3/8"	940
Structural shapes	1,820
Pipe 1/8" to 24"	540
Total	16,530

Each steel producer participating herein will, however, upon request of the Secretary of Commerce, give consideration to making such steel products available under this plan in amounts additional to the amounts provided for in its acceptance hereof.

(b) Such steel products will be made available under such contractual arrangements as may be made by the respective steel producers, or their subsidiaries and affiliates, with the respective Manufacturers, and no request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers or to the delivery of steel products or to the allocation of business among such Manufacturers, nor will any request or authorization be made to such steel producers for any limitation or restriction on the production or marketing of any such steel products. Nothing herein contained shall be construed as authorizing or approving any fixing of prices, and the participation herein of any steel producer shall not affect the prices or terms and conditions on which any such steel products as are made available, are actually sold and delivered.

(c) Each steel producer participating herein will make available, or cause to be made available, only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products. The quantities of such steel products which it will make available, or cause to be made available in any month, may be reduced, or at its option the delivery thereof may be postponed, in direct proportion to any production losses which it or its subsidiary or affiliate shall sustain during any such month, due to causes beyond its or their control.

(d) Each steel producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) report to the Office of Industry Cooperation the total quantities of the several types of such steel products shipped, pursuant to purchase orders hereunder, in any monthly period or periods during the operation of this plan.

3. (a) Each individual Manufacturer participating herein will submit to the Secretary of Commerce monthly schedules and reports (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) on forms furnished by the Secretary of Commerce, showing by plants (1) the quantities and types of such equipment scheduled for production during the succeeding month hereunder; (2) the net tonnage of each size and kind of such steel products required for each item scheduled in (1) hereof during the succeeding month; (3) the total quantities and kinds of such steel products received from all sources during the next preceding month; (4) the quantities of each type of such equipment manufactured during the preceding month; and (5) other relevant information. After receiving such schedules and reports, the Secretary of Commerce will relate such estimated requirements to the over-all program and determine the quantities of steel products to be made available herein to each individual participating Manufacturer.

(b) By participation herein, the several Manufacturers shall be obligated to use all steel products made available hereunder solely for and in the manufacture of the types of tank and oil field production equipment listed in paragraph 1 hereof; not to resell or transfer any of such steel products in the form received by such Manufacturers, except to such subsidiary, affiliate, subcontractor or fabricator as may be designated for the manufacture or fabrication of any of such equipment; nor build up any inventories of steel or end products beyond current needs for the purposes hereof. Each purchase order placed with a steel producer for any such steel products to be made available hereunder shall bear the following certification of the Manufacturer placing such purchase order:

The undersigned certifies to the seller and to the Department of Commerce that the steel products specified in this order will be used solely for and in the manufacture and production of ----------, and that this order is placed under, and in strict compliance with, Section 3 (b) of Department of Commerce Voluntary Plan, under Public Law 395, 80th Congress, for Allocation of Steel Products for Tank and Oil Field Production Equipment, with which the undersigned is familiar.

4. After approval hereof by the Attorney General and by the Secretary of Commerce, and after requests for compliance herewith shall have been made of steel producers and Manufacturers by the Secretary of Commerce, any such steel producer or Manufacturer may become a participant herein by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such steel producers and Manufacturers as notify the Secretary of Commerce in writing that they will comply with such requests.

5. This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon notice, by letter, telegram or by publication in the FEDERAL REGISTER, not less than sixty days prior to such earlier date.

6. Any such steel producer or Manufacturer may withdraw from this plan by giving not less than sixty days written notice of its intention so to do to the Secretary of Commerce.

Approved: August 25, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: August 24, 1948.

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS TO THE ANTHRACITE INDUSTRY

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of operators of anthracite mines, and after expression of the views of industry, labor and the public generally at an open public hearing held on August 6, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. In furtherance of the proposed program for (a) the mining and preparation of anthracite at an annual rate of approximately 58,000,000 net tons, and (b) the essential maintenance and repair of existing mining and preparation facilities, the steel producers participating herein will, during the period this Plan shall remain in effect, make available, or cause to be made available, out of the production of their own mills or the mills of their subsidiaries or affiliates, a total of 2,570 net tons of steel products per month, in not less than carload lots, to operators of anthracite mines who comply with the provisions of this Plan (hereinafter called Operators), in accordance with and subject to the terms and conditions hereinafter set forth.

2. (a) The quantities of each type of such steel products so to be made available by each of the steel producers shall, except as may be otherwise specified in any such steel producer's acceptance hereof, be such as the Secretary of Commerce (after consultation with the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce) determines to be fair and equitable, in order to accomplish, as nearly as may be, the supply of steel products, on an average monthly basis, in the approximate quantities specified in the following suchedule:

Types of products:	*Net tons per month*
Plates	550
Sheet and strip	750
Pipe	410
Rails	860
Total	2,570

Each steel producer participating herein will, however, upon request of the Secretary of Commerce, give consideration to making such steel products available for the purposes of this plan in amounts additional to the amounts provided for in its acceptance of this plan.

(b) Such steel products will be made available under such contractual arrangements as may be made by the respective steel producers or their subsidiaries and affiliates with the respective Operators, and no request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers or to the delivery of steel products or to the allocation of business among such Operators nor will any request or authorization be made to such steel producers for any limitation or restriction on the production or marketing of any such steel products. Nothing herein contained shall be construed as authorizing or approving any fixing of prices, and the participation herein of any steel producer shall not affect the prices or terms and conditions on which any such steel products as are made available are actually sold and delivered.

(c) Each steel producer participating herein will make available or cause to be made available only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products and the quantities of steel products which it will make available or cause to be made available in any month during said period may be reduced, or at its option the delivery thereof may be postponed in direct proportion to any production losses which it or its subsidiary or affiliate shall sustain during any such month due to causes beyond its or their control.

(d) Each such steel producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) report to the Office of Industry Cooperation the total quantities of the several types of steel products shipped pursuant to such purchase orders, in any monthly period or periods during the operation of this plan.

3. (a) Each Operator becoming a participant herein will forthwith submit to the Office of Industry Cooperation of the Department of Commerce (unless previously submitted) a shedule showing the quantity of anthracite scheduled for production by it, monthly, during the period this plan shall remain in effect, and estimates of the quantities of steel products required therefor. Such schedules and estimates shall be similarly furnished from time to time thereafter upon request of the Office of Industry Cooperation. The quantities and types of steel products to be made available monthly hereunder to the several participating Operators, within the schedule set forth in paragraph 2 (a) hereof, shall be initially determined by the Secretary of Commerce after consultation with the Anthracite Industry Task Committee, subject to such revision, if any, from time to time, as may be deemed necessary by the Secretary of Commerce after consultation with such Committee. For the purposes of such determination, consideration will be given to past production records and other relevant factors.

(b) By participation herein, the several Operators shall be obligated to use all steel products made available hereunder solely in the mining and preparation of anthracite; not to resell or transfer any thereof (except to such subsidiary, affiliate or subcontractor as may be designated by any such Operator for the mining of anthracite) in the form received by such Operators; and not to build up inventory of such steel products beyond current needs for the purposes hereof. Each purchase order placed with a steel producer for steel products to be made available hereunder shall bear the following certification of the Operator placing such purchase order:

The undersigned certifies to the seller and to the Department of Commerce that the steel products specified in this order will be used solely for and in the mining and preparation of anthracite by the undersigned, or in the essential maintenance and repair of the undersigned's anthracite mining and preparation facilities, and that this order is placed under, and in strict compliance with, Department of Commerce Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products to the Anthracite Industry, with which the undersigned is familiar.

(c) Each Operator participating herein shall furnish such reports (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) on forms furnished by the Secretary of Commerce, from time to time, as the Secretary of Commerce may deem desirable or necessary, showing the total quantities and types of steel products received from all sources and the quantities of anthracite produced, and other relevant information.

4. After approval hereof by the Attorney General and by the Secretary of Commerce, and after requests for compliance herewith shall have been made of steel producers and Operators by the Secretary of Commerce, any such steel producer or any such Operator may become a participant herein by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such steel producers and such Operators as notify the Secretary of Commerce in writing that they will comply with such requests.

5. This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon notice, by letter, telegram, or publication in the FEDERAL REGISTER, not less than sixty days prior to such earlier date.

6. Any such steel producer or Operator may withdraw from this plan by giving not less than sixty days written notice of its intention so to do to the Secretary of Commerce.

Approved: August 25, 1948.

Secretary of Commerce.

GENTLEMEN:

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for the Anthracite Industry, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with Paragraph 2 of the Plan, an initial determination has been made by me with respect to the monthly quantities of each type of steel product which should be made available by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the monthly quantities of each type of steel product which it has been initially determined by me, with the advice of the Industry Task Committee, in accordance with Paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

By virtue of the terms of Public Law 395, and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan.

Requests of like tenor are being directed to all other steel consumers proposed to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, 80th Congress, unless you agree in writing to comply with the Plan.

In accordance with the provisions of Paragraph 1 of the Plan, steel products will be made available, in not less than carload lots, to operators participating in the Plan. The task committee of the Anthracite Industry Advisory Committee is presently engaged in developing a formula under which consumers of less than carload lots may receive their allocations under the Plan.

Since it is essential to carrying out the Proposed Plan that I be informed without delay of the net amount of steel allocations to be executed under the Plan, I must know as promptly as possible how many consumers desire to participate. I trust, therefore, that I may have your favorable response on or before September 10, 1948. If I do not receive your acceptance by that date, I shall assume that you do not wish to participate.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, CONVERSION AND REPAIR OF DOMESTIC FREIGHT-CARRYING BARGES AND TOWING VESSELS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of builders of domestic barges and towing vessels, and after expression of the views of industry, labor and the public generally at an open public hearing held on August 5, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. In furtherance of the proposed program of the Office of Defense Transportation for (a) the construction of new domestic freight-carrying barges and towing vessels of 3,000 gross tons or less for inland waterway or harbor use (hereinafter referred to as domestic barges and towing vessels), and (b) the repair and conversion of such type of equipment, the steel producers participating herein will, beginning October 1, 1948, and continuing during the period this plan shall remain in effect, make available, or cause to be made available (out of the production of their own mills or the mills of their subsidiaries or affiliates), a total of 20,000 net tons of steel products per month to builders and repairers of domestic barges and towing vessels who comply with the provisions of this plan (hereinafter called Builders), in accordance with and subject to the terms and conditions hereinafter set forth.

2. (a) The quantities and types of such steel products so to be made available by each of the steel producers shall be (except as may be otherwise specified in any such steel producer's acceptance hereof) such as the Director of the Office of Defense Transportation (after consultation with the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce) determines to be fair and equitable, in order to accomplish, as nearly as may be, the supply of such steel products, on an average monthly basis, necessary to fulfill the purposes of this plan in the approximate quantities specified in the following table:

Types of products:	*Net tons per month*
Structural shapes	5,700
Plates	13,700
Sheet and strip	100
Pipe	300
Hot rolled bars	200
Total	20,000

Each steel producer participating herein will, however, upon request of the Office of Defense Transportation, give consideration to making such steel products available for the purposes of this plan in amounts additional to the amounts provided for in its acceptance of this plan.

(b) Such steel products will be made available under such contractual arrangements as may be made by the respective steel producers or their subsidiaries and affiliates with the respective Builders, and no request or authorization will be made by the Office of Defense Transportation relating to the allocation of orders or customers or to the allocation of steel products or to the allocation of business among such Builders nor will any request or authorization be made to

such steel producers for any limitation or restriction on the production or marketing of any such steel products. Nothing herein contained shall be construed as authorizing or approving any fixing of prices, and the participation herein of any steel producer shall not affect the prices or terms and conditions on which any such steel products as are made available are actually sold and delivered.

(c) Each steel producer participating herein will make available or cause to be made available only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products, and the quantities of steel products which it will make available or cause to be made available in any month during said period may be reduced, or at its option the delivery thereof may be postponed, in direct proportion to any production losses which it or such subsidiary or affiliate shall sustain during any such month due to causes beyond its control.

(d) Each such steel producer will, if requested by the Office of Defense Transportation (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) report to the Office of Defense Transportation the total quantities of the several types of steel products shipped pursuant to purchase orders certified as provided in section 3 (b) hereof, in any monthly period or periods during the operation of this plan.

3. (a) Each Builder becoming a participant herein will forthwith submit to the Office of Defense Transportation (unless previously submitted) a schedule showing by plants, the numbers, and types of domestic barges and towing vessels scheduled for production by it, monthly, and estimates of the quantities of steel products required therefor and for the conversion and repair of this type of equipment. The quantities and types of steel products to be made available monthly hereunder to the several participating Builders shall be initially determined by the Director of the Office of Defense Transportation after consultation with the Barge and Towing Vessel Industry Advisory Committee of the Office of Defense Transportation, subject to such revision, if any, from time to time, as may be deemed necessary by the Director of the Office of Defense Transportation after consultation with such Committee. For the purposes of such determination, consideration will be given to past production, conversion and repair records, plant capacity, orders for new domestic barges and towing vessels on hand and anticipated, and inventories of finished products on hand.

(b) By participation herein, the several Builders shall be obligated to use all steel products made available hereunder solely for the production of new domestic barges and towing vessels or for the repair or conversion of such type of equipment; not to resell or transfer any thereof (except to such subsidiary, affiliate or subcontractor as may be designated by any such Builder for the fabrication of such end products) in the form received by such Builders; and not to build up inventory of such steel products beyond current needs for the purposes hereof. Each purchase order placed with a steel producer for steel products to be made available hereunder shall bear the following certification of the Builder placing such purchase order:

The undersigned certifies to the seller and to the Department of Commerce that the steel products specified in this order will be used solely for and in the (construction) (conversion) (repair) of _____; and that this order is placed under, and in strict compliance with, Department of Commerce Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Construction, Conversion and Repair of Domestic Freight-Carrying Barges and Towing Vessels, with which the undersigned is familiar.

(c) Each Builder participating herein shall furnish such reports (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) on forms furnished by the Office of Defense Transportation, from time to time, as the Director of the Office of Defense Transportation may deem desirable or necessary, showing the total quantities and types of steel products received from all sources and the quantities and types of domestic barges and towing vessels produced, repaired, or converted and other relevant information.

4. After approval hereof by the Attorney General and by the Secretary of Commerce, and after requests for compliance herewith shall have been made of steel producers and Builders by the Secretary of Commerce, any such steel producer or any such Builder may become a participant herein by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such producers and such Builders as notify the Secretary of Commerce, in writing, that they will comply with such requests.

5. This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon notice, by letter, telegram or publication in the FEDERAL REGISTER, not less than 60 days prior to such earlier date.

6. Any such steel producer or Builder may withdraw from this plan by giving not less than 60 days written notice of his intention so to do to the Director of the Office of Defense Transportation and to the Secretary of Commerce.

Approved: August 25, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: August 24, 1948.

PEYTON FORD,
Acting Attorney General.

AUGUST 26, 1948.

GENTLEMEN:

A Voluntary Plan, under Public Law 395, 80th Congress, for Allocation of Steel Products for Construction, Conversion and Repair of Domestic Freight-Carrying Barges and Towing Vessels, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395. A copy of the Plan is enclosed.

In accordance with the provisions of Paragraph 2 of the Plan, an initial determination has been made by the Director of the Office of Defense Transportation with respect to the quantities of each type of steel product which shall be made available monthly by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the monthly quantities of each type of steel product which it has been initially determined by me with the advice of the Industry Task Committee, in accordance with Paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, 80th Congress, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

AUGUST 26, 1948.

GENTLEMEN:

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for the Construction, Conversion, and Repair of Domestic Freight-Carrying Barges and Towing Vessels, of 3,000 gross tons or less, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

By virtue of the terms of Public Law 395 and Executive Order 9919 I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan.

Requests of like tenor are being directed to all other known builders proposed to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, 80th Congress, unless you agree in writing to comply with the Plan.

In accordance with paragraph 3 (a) of the Plan, the Director of the Office of Defense Transportation will determine, after consultation with the Barge and Towing Vessel Industry Advisory Committee, your allocation of steel beginning October 1, 1948, and during the remainder of the period this Plan shall remain in effect.

It is essential, in carrying out the proposed Plan, that I know as promptly as possible how many builders desire to participate in the Plan. I trust, therefore, that I may receive your favorable response on or before September 7, 1948. If I do not receive your acceptance by that date, I shall assume that you do not wish to participate.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

NOTE: The above requests for compliance with Department of Commerce Voluntary Allocation Plan for Construction, Conversion, and Repair of Domestic Freight-Carrying Barges and Towing Vessels was sent to steel producers and barge and towing vessel builders on an attachment filed with the original document.

NORTHWESTERN OHIO BROADCASTING CORP. AND SKY WAY BROADCASTING CORP.

ORDER SCHEDULING ORAL ARGUMENT

In re applications of Northwestern Ohio Broadcasting Corporation, Lima, Ohio, Docket No. 7357, File No. BP-4447; Sky Way Broadcasting Corporation, Columbus, Ohio, Docket No. 7621, File No. BP-4824; for construction permits.

At a session of the Federal Communications Commission held at its offices on 24th day of September 1948:

The Commission having under consideration its order of September 16, 1948, released September 21, 1948, vacating its final decision of March 15, 1948, and scheduling oral argument upon the exceptions that may be filed to the Commission's revised proposed decision, for October 15, 1948, at 10:00 a. m.; and

It appearing that the orderly dispatch of the Commission's business requires the oral orgument to be scheduled for 2:00 p. m. rather than 10:00 a. m. on October 15, 1948;

It is therefore ordered, That oral argument upon any exceptions that may be filed by the parties pursuant to § 1.854 of the Commission's rules, be, and it is hereby, scheduled at 2:00 p. m., on October 15, 1948.

FEDERAL POWER COMMISSION

[Docket No. G-1121]

KENTUCKY WEST VIRGINIA GAS CO.

NOTICE OF APPLICATION

SEPTEMBER 24, 1948.

Notice is hereby given that on September 9, 1948, Kentucky West Virginia Gas Company (Applicant) a West Virginia Corporation (formerly the Pittsburgh and West Virginia Pipe Line Company) having its principal place of business at Ashland, Kentucky, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural-gas transmission facilities, subject to the jurisdiction of the Commission, described as follows:

Approximately 3 miles of 10-inch transmission pipe line to parallel a 3-mile segment of Applicant's existing 8-inch and 10-inch transmission pipe line which originates at the Applicant's Dwale Compressor Station located in Floyd County, Kentucky, and terminates at the 12-inch transmission line of the Louisville Gas and Electric Company near the community of Sitka, Johnson County, Kentucky. Said proposed 3 miles of 10-inch transmission pipe line will be located in Floyd County, Kentucky, near the City of Prestonsburg, Kentucky.

The application recites that the construction and operation of the proposed 3 miles of transmission pipe line is a part of an overall plan ultimately to parallel a 9.71-mile segment of Applicant's existing 8-inch pipe line between its Dwale Compressor Station in Floyd County, Kentucky, and its Paintsville Compressor Station in Johnson County, Kentucky.

The application further recites that the proposed facilities will increase the capacity of Applicant's 8-inch and 10-inch transmission pipe line from a present daily capacity of between 18,000 and 18,500 Mcf to 20,000 Mcf per day, and will be used to offset the decline in its system deliveries resulting from a decreased delivery ability of Applicant's Tomahawk Compressor Station which compresses gas produced in the Martin County field and which is isolated from the remainder of Applicant's system.

Applicant states that delivery requirements from its system to Louisville Gas and Electric Company during the winter months of 1948-49 will be in the maximum daily scheduled amount of 22,000 Mcf, and that demands for gas by the Cities of Prestonsburg, Kentucky and Paintsville, Kentucky, to which it supplies gas at wholesale, have increased to over 2,223 Mcf daily during the past year. At the same time, Applicant says, despite new well drilling in the Martin County field, the delivery ability of that field has undergone a severe reduction and deliveries from that source probably will not exceed 3,000 to 3,500 Mcf per day during the coming winter as compared with deliveries up to 3,975 Mcf per day during the past winter. Consequently, the application recites, it will be necessary for Applicant to put itself in a position before the winter of 1948-49 to make up the anticipated deficiency in deliveries by transporting additional gas through its 8-inch and 10-inch transmission line to Sitka, Kentucky.

It is stated in the application that experience in the past has shown that little increase in total deliveries has resulted from the use of additional compressor units due to the inadequate size of Applicant's transmission pipe line.

It is further stated in the application that the completion of the proposed transmission facilities will not increase the overall delivery ability of Applicant's transmission system, but will increase the capacity of that portion of its system to which it is added and, for all practical purposes, merely offset the decline being experienced in the delivery ability from Applicant's Tomahawk Compressor Station.

The total volume of gas reserves available for delivery by Applicant are estimated in the application to amount to 762,438,900 Mcf, which, at the 1947 rate of production, are expected to give Applicant's Gas Production System a life of at least 25 years.

Applicant states that no additional revenue or reserves accruing by reason of the installation of the proposed facilities are anticipated, and that the rates to be charged for the natural gas to be delivered through the proposed line will be unchanged.

Applicant proposes to construct the facilities with its own working forces, and estimates the total overall capital cost thereof at $57,000, to be financed from Applicant's present available cash arising from Surplus and Depreciation and Depletion Reserves. Construction is proposed to commence by October 1, 1948 and to be completed by January 1, 1949.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Kentucky West Virginia Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of § 1.8 or 1.10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947).

SECURITIES AND EXCHANGE COMMISSION

[File No. 59-15]

NEW ENGLAND PUBLIC SERVICE CO.

NOTICE OF FILING OF APPLICATION FOR EXTENSION OF TIME AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 23d day of September A. D. 1948.

Notice is hereby given that New England Public Service Company ("NEPSCO"), a registered holding company, has filed an application with this Commission requesting a one-year extension to October 9, 1949, of the time in which NEPSCO must sell sufficient of its holdings of utility stocks to repay in full its bank loans presently outstanding in the aggregate amount of $12,300,000, as provided by the amended plan of NEPSCO for the retirement of its Prior Lien Preferred stock approved, pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935, by orders of the Commission dated June 27, 1947, and September 12, 1947.

All interested persons are referred to said application which is on file in the offices of the Commission for a statement of the reasons for such request, which are summarized as follows:

The Commission, by orders dated June 27, 1947, and September 12, 1947, approved an amended plan of NEPSCO for the retirement of its Prior Lien Preferred stock which plan provided, among other things, for the borrowing of an amount not in excess of $16,000,000 for the period of one year from the First National Bank of Boston and four other banks and trust companies, and for the sale within one year after the date of the loan sufficient of NEPSCO's holdings of utility stock to repay the loan unless the Commission granted an extension. On October 9, 1947, NEPSCO, in the consummation of its plan, borrowed an aggregate amount of $13,500,000 for the period of one year with the right to two successive renewals, provided the Commission approves such renewals, at an interest rate of 2¼%. Under the loan agreement, NEPSCO is obligated to make quarterly payments, commencing January 1, 1948, of $400,000 on account of principal. The notes have now been reduced to $12,300,000 and will be further reduced to $11,900,000 on October 1, 1948. NEPSCO is now proposing to renew said notes for the period of one year from October 9, 1948. In connection with the issue and sale of common stock by Central Vermont Public Service Corporation, NEPSCO also borrowed an additional $500,000 from banks, so that as of October 1, 1948, its outstanding total indebtedness will amount to $12,400,000.

NEPSCO states that it intended to sell common stock of its subsidiary, Public Service Company of New Hampshire ("New Hampshire"), in order to pay off its bank loan made in connection with the consummation of said plan; that, however, shortly after the consummation of NEPSCO's plan, New Hampshire filed an application with this Commission for the issue and sale of 139,739 additional shares of common stock for its own account which sale was not fully consummated until May 4, 1948.

NEPSCO further states that in July 1948 it became apparent, due to lack of adequate precipitation and because of New Hampshire's low storage capacity for its hydro-electric plants, that the company's earnings would be seriously affected, and that this dry period has persisted through August, resulting in unsatisfactory earnings for New Hampshire during that month. It is represented that NEPSCO will sell, during the fall of 1948, 200,000 shares of its holdings of the common stock of New Hampshire. In connection therewith, NEPSCO has filed concurrently herewith a declaration for such sale at competitive bidding under Rule U-50, which declaration will be subject of a separate notice.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said application and that said application should not be granted except pursuant to further order of this Commission;

It is ordered, That pursuant to the applicable provisions of the act and the rules and regulations thereunder, a hearing with respect to said application be held on October 5, 1948, at 10:00 a. m., e. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any persons desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission on or before October 4, 1948 his request or application therefor as provided in Rule XVII of the Commission's rules of practice.

It is further ordered, That James G. Ewell or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Public Utilities Division of the Commission having advised the Commission that it has made a preliminary examination of the application and that upon the basis thereof the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether New England Public Service Company has been unable in the exercise of due diligence to comply with the provisions of its amended plan providing for the sale of sufficient of its utility stocks to repay its bank loan made in connection therewith.

2. Whether the proposed renewal of the bank notes meets the requirement of section 7 of the act and whether such renewal will be detrimental to the carrying out of section 11.

3. Generally, whether the proposed transactions comply with all the requirements of the applicable provisions of the act and the rules promulgated thereunder, and whether any terms and conditions with respect to such transactions should be prescribed in the public interest or for the protection of investors or consumers.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on New England Public Service Company, the Federal Power Commission and on all persons heretofore granted participation in this proceeding, and that notice of said hearing shall be given to all other persons by publication of this notice and order in the FEDERAL REGISTER and by general release of this Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

By the Commission.

COLUMBIA GAS SYSTEM, INC.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 23d day of September 1948.

Notice is hereby given that a declaration, and amendments thereto, have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by the Columbia Gas System, Inc. ("Columbia"), a registered holding company. Declarant has designated sections 6, 7 and 12 of the act and Rule U-42 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 1, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said declaration which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed, Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 1, 1948, said declaration, as filed or as further amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Columbia has presently outstanding 12,229,874 shares of common stock, without par value. Columbia proposes to offer to its common stockholders an additional 1,223,000 shares of common stock. Rights to Subscribe will be issued to the common stockholders on the basis of one share of new common stock for each ten shares of common stock held by them. The price at which such new common stock will be offered will be supplied by amendment to the present declaration. The proceeds from the sale of the new common stock will be used by Columbia to finance in part its 1949 construction program.

Common stockholders will also have the privilege of subscribing to such of the new common stock not subscribed for through the exercise of rights to subscribe, subject to pro rata allotment. The Rights to Subscribe together with the additional subscription privilege will be evidenced by transferable warrants.

The declaration states that no fractional shares of common stock will be issued, but rights in excess of those necessary to subscribe for a full share may be sold or additional rights may be purchased to entitle the holder of the warrant to subscribe to one or more full shares of common stock.

The declaration further states that while the offer to the stockholders will not be underwritten, Columbia proposes to arrange for the payment of fees to members of the National Association of Security Dealers for subscriptions for new common stock solicited.

Columbia proposes to stabilize the price of its common stock and/or the rights to subscribe to the additional common stock for the purpose of facilitating the distribution and offering of the additional common stock. In connection therewith, Columbia may, after the making of its subscription offer and prior to the expiration thereof, purchase shares of common stock and rights to subscribe on the New York Stock Exchange and/or the Pittsburgh Stock Exchange through brokers with the payment of the regular stock exchange commission. Any rights which are purchased by Columbia may be retained, or may be sold by it on the exchanges at the current price and with payment of the regular stock exchange commission, or may be sold on the over-the-counter markets at prices not to exceed the current price of rights as quoted on the New York Stock Exchange and with payment of commissions not in excess of the regular New York Stock Exchange Commission on such transactions.

Columbia states that it will at no time acquire a net long position of shares of common stock (including for this purpose the equivalent shares represented by rights acquired) in excess of 10% of the additional common stock to be offered.

Prior to selling shares of common stock purchased in connection with the stabilization program, Columbia will file a post-effective amendment to its declaration, setting forth the terms and conditions upon which it will sell or dispose of such shares.

By the Commission.

STANDARD GAS AND ELECTRIC CO.

ORDER GRANTING APPLICATION AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 24th day of September 1948.

Standard Gas and Electric Company ("Standard Gas"), a registered holding company and a subsidiary of Standard Power and Light Corporation, also a registered holding company, has filed an application-declaration, and an amendment thereto, pursuant to sections 9, 10, 11 and 12 of the Public Utility Holding Company Act of 1935 ("act") and Rule U-44 thereunder relating to the transactions summarized below:

Standard Gas proposes to sell to underwriters 400,000 shares of its holdings of Common Stock $20 par value, of Oklahoma Gas and Electric Company ("Oklahoma"), and to apply the net proceeds toward the payment of interest and principal on its outstanding notes payable to banks, due April 10, 1949, aggregating $20,694,384.95 as of June 30, 1948. Standard Gas proposes to make purchases of Oklahoma Common Stock, if such purchases at the time are deemed necessary or desirable for the purpose of stabilizing the market price of such stock. Such purchases will be made from the date of this order until the time of the execution of an agreement between Standard Gas and the underwriters but in no event for a period in excess of 12 days. It is also proposed that any shares which Standard Gas may purchase pursuant to its stabilization program will be acquired subject to the requirements of the Commission's order, dated August 8, 1941, in File No. 59-9, wherein Standard Gas was directed, among other things, to sever its relationship with Oklahoma. In the event that Standard Gas acquires in excess of 1,000 shares of Oklahoma Common Stock as a result of its stabilization program, it is proposed that the underwriters shall purchase all of the shares so acquired, at the same price to be paid by the underwriters for the 400,000 shares of Common Stock. If Standard Gas acquires 1,000 or less shares of Oklahoma Common Stock, as the result of stabilization, such shares may or may not be sold to the underwriters, as aforesaid, and in the event they are not so sold such shares will be retained subject, however, to the provisions of the above-mentioned order dated August 8, 1941.

Standard Gas has requested an exemption from the competitive bidding requirements of Rule U-50 with respect to the proposed sale, and has further requested that the Commission enter an order finding that the sale of the aforesaid shares of Oklahoma Common Stock is necessary or appropriate to effectuate the provisions of section 11 (b) of the act, and that the Commission's order herein shall contain appropriate recitals for purposes of sections 371 (b), 371 (f) and 1808 (f) of the Internal Revenue Code.

Standard Gas states that it will report by amendment the terms of the contract to be entered into with the underwriters and at that time request the entry of a final order by the Commission authorizing the proposed sale.

The application-declaration having been filed on September 13, 1948, and an amendment thereto having been filed on September 23, 1948, notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said Act, and the Commission not having received a request for a hearing with respect to said application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon except as hereinafter specified; and

The Commission finding, with respect to the proposal to acquire shares of Oklahoma Common Stock for the purpose of stabilizing the market price of such stock, that the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied and that it is not necessary to impose any terms and conditions other than those set forth below and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that the said application, as amended, with respect to said proposed acquisition of Oklahoma Common Stock be granted, and that the declaration, as amended, with respect to the sale of the Oklahoma Common Stock shall not be permitted to become effective and that the application for exemption of such sale from the provisions of Rule U-50 shall not be granted except pursuant to further order of the Commission; and

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the declaration, as amended, regarding the proposed sale, and with respect to the application for exemption from the competitive bidding requirements of Rule U-50:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act, that said application, as amended, with respect to said proposal to acquire Oklahoma Common Stock be, and the same hereby is, granted, effective

forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That the Commission's Order of August 8, 1941, requiring, among other things, that Standard Gas and Electric Company sever its relationship with Oklahoma Gas and Electric Company by disposing or causing the disposition, in any appropriate manner not in contravention of the applicable provisions of the Act or the Rules and Regulations promulgated thereunder, of its direct and indirect ownership, control and holding of securities issued and properties owned, controlled, or operated by Oklahoma Gas and Electric Company, shall be deemed to require the disposition of any shares of Common Stock of Oklahoma Gas and Electric Company acquired as a result of stabilizing the market price of such Common Stock as authorized herein with the same force and effect as if said shares had been held by Standard Gas and Electric Company as at the date of the said order.

It is further ordered, That a hearing on the said declaration, as amended, with respect to the proposed sale, and the application for exemption from the provisions of Rule U-50, under the applicable provisions of the act and the rules and regulations thereunder be held on September 29, 1948, at 10:00 a. m., e. s. t., at the office of the Commission, 425 Second Street NW., Washington, D. C., in such room as may be designated on that day by the hearing-room clerk in Room 101.

It is further ordered, That James G. Ewell, or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary study of said declaration, as amended, with respect to the proposed sale and said application for exemption from the provisions of Rule U-50 and that upon the basis thereof the following matters and questions are presented for consideration without prejudice, however, to the presentation of additional matters and questions upon further examination:

(a) Whether compliance with the provisions of paragraphs (b) and (c) of Rule U-50 with respect to the proposed sale of the Oklahoma Common Stock is necessary or appropriate in the public interest or for the protection of investors or consumers to assure the maintenance of competitive conditions, the receipt of adequate consideration or the reasonableness of any fees or commissions to be paid.

(b) Whether, in the event that an exemption from the provisions of Rule U-50 is granted, the terms and conditions of the proposed sale of the Oklahoma Common Stock meet the standards of section 12 (d) of the act.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matter and questions.

By the Commission.

BANKERS SECURITIES CORP. ET AL.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 24th day of September A. D. 1948.

In the matter of Bankers Securities Corp., Girard Life Insurance Company, and Lit Brothers; File No. 812-566.

Notice is hereby given that Bankers Securities Corporation, 1315 Walnut Street, Philadelphia 7, Pennsylvania ("Bankers"), a registered investment company, Girard Life Insurance Company, 529 Chestnut Street, Philadelphia, Pennsylvania ("Girard Life"), a life insurance company, and Lit Brothers, Seventh and Market Streets, Philadelphia, Pennsylvania engaged in the business of operating a department store, all being corporations organized under the laws of the Commonwealth of Pennsylvania, have jointly filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order of the Commission exempting from the provisions of section 17 (a) of the act a proposed sale by Lit Brothers to Girard Life of certain first mortgage loans hereinafter more fully described, aggregating $49,850 in principal amount at a price of 101% of par plus accrued interest. Such mortgages are to be serviced by Bankers Bond & Mortgage Company ("Bankers Bond"), 1315 Walnut Street, Philadelphia, Pennsylvania, at a servicing charge of ½ of 1% per annum as compensation for its services in supervision of such mortgages, collecting and remitting interest and payments on account of principal, overseeing the payment of taxes and other public charges and the maintenance of insurance held as collateral with the mortgages.

Bankers is a closed-end, non-diversified management investment company and is registered under the Investment Company Act of 1940. Bankers owns a majority of the voting stock of City Stores Company, ("City Stores"), a department store holding company which in turn owns 68.6% of the outstanding voting securities of Lit Brothers. In addition, Bankers itself, owns approximately 2.7% of the outstanding voting securities of Lit Brothers. Bankers also owns more than 69% of the outstanding voting securities of Girard Life and 43% of the outstanding voting securities of Bankers Bond & Mortgage Guaranty Company of America, which owns all of the outstanding voting securities of Bankers Bond.

Lit Brothers owns the following first mortgages and accompanying bonds, all of which are in good standing:

(1) Mortgage loan dated February 6, 1932 in the principal amount of $15,000 now reduced to $7,750 secured by premises at No. 1913 North 54th Street, Philadelphia, Pennsylvania;

(2) Mortgage loan dated June 1, 1942, in the principal amount of $35,000 now reduced to $28,700, secured by premises at No. 302 Day Avenue, Fairview, Bergen County, New Jersey; and

(3) Mortgage loan dated January 29, 1943, in the principal amount of $55,000 reduced to $13,400 secured by premises at the southeast corner of Washington Avenue and 20th Streets, Philadelphia, Pennsylvania.

The proposed transactions involve the sale of securities by an affiliated person (Lit Brothers) of an affiliated person (City Stores) of a registered investment company (Bankers) to a company (Girard Life) controlled by such registered investment company (Bankers). Said transaction also involves the purchase by an affiliated person (Girard Life) of a registered investment company (Bankers) of securities from a company (Lit Brothers) controlled by such registered investment company (Bankers). Such puchase and sale, therefore, are prohibited by sections 17 (a) (1) and 17 (a) (2) respectively of the act unless an exemption therefrom is granted by the Commission pursuant to the provisions of section 17 (b) of the act.

All interested persons are referred to said application which is on file at the Washington, D. C., office of this Commission for a more detailed statement of the matters of fact and law therein asserted..

Notice is further given than an order granting the application may be issued by the Commission at any time after October 7, 1948, unless prior thereto a hearing on the application is ordered by the Commission as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than October 5, 1948, at 5:30 p. m., eastern standard time submit in writing to the Commission his views or any additional fact bearing upon the application or the desirability of a hearing thereon or request the Commission, in writing, that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

[SEAL] NELLYE A. THORSEN, *Assistant Secretary.*

Volume 13 | INDEX, OCTOBER 1948 | Nos. 192–213

IMPORTANT NOTICE

The regular subject index covering the entire calendar year will not be published for 1948. Because of the number of documents reflecting editorial changes incident to the publication of the 1949 Edition of the Code of Federal Regulations, the last quarter of calendar 1948 will be separately indexed. Such separate treatment is considered advantageous to users primarily interested in substantive changes. The regular annual codification guide will be distributed with this quarterly subject index.

Subscribers are requested to retain the quarterly subject indexes for calendar 1948 for use in lieu of an annual index.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 959—IRISH POTATOES GROWN IN THE COUNTIES OF CROOK, DESCHUTES, AND KLAMATH IN OREGON, AND MODOC AND SISKIYOU IN CALIFORNIA

On August 19, 1948, notice of proposed rule making was published in the FEDERAL REGISTER (F. R. Doc. 48-7456; 13 F. R. 4795) regarding rules and regulations to be made effective under Marketing Order No. 59 (7 CFR, Cum. Supp., 959.2 et seq.), regulating the handling of Irish potatoes grown in the Counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California. This regulatory program is effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 1946 ed. 601 et seq.). After consideration of all relevant matters presented, including the rules and regulations set forth in the aforesaid notice, which rules and regulations were adopted and submitted for approval by the Administrative Committee (established pursuant to said order), such rules and regulations are hereby approved.

Sec.
959.100 General.
959.101 Definitions.
959.102 Exemption certificates.

AUTHORITY: §§ 959.100 to 959.102 issued under 48 Stat. 31, 670, 675; 49 Stat. 750; 50 Stat. 246; 61 Stat. 202, 707; 7 U. S. C. 601 et seq.

§ 959.100 *General.* Unless otherwise provided in the order or by specific direction of the Administrative Committee, all reports, applications, submittals, requests and communications in connection with the order shall be addressed to the Administrative Committee at its principal office.

§ 959.101 *Definitions.* Order means Order No. 59 (7 F. R. 365) regulating the handling of Irish Potatoes grown in the Counties of Crook, Deschutes and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California. Terms defined in the order shall, when used herein, have the same meaning as set forth in the order.

§ 959.102 *Exemption certificates*—(a) *Application.* Any producer applying for exemption from grade or size regulation issued under Marketing Order No. 59 shall make application for such exemption on forms to be furnished by the Administrative Committee. Such application shall state:

(1) The location of his farm or ranch;

(2) The number of acres of Irish potatoes on said ranch; and location thereon of such potato field or fields or storage;

(3) The total estimated production of potatoes by such applicant for the current season, stated in terms of varieties, hundredweights, grades, and sizes, not including culls;

(4) An estimate of the percentage of such producer's crop which cannot be shipped because of grade, size and quality regulation then in effect, stated in terms of varieties, hundredweights, grades, and sizes not including culls;

(5) A statement of the amount, if any, of Irish potatoes (not including culls) which have already been sold from said ranch, or by said applicant, during the current marketing season;

(6) Certification that the statement is true and correct;

(7) Signature and address of producer.

(b) *Federal-State inspector's report.* Each request filed by a producer with the Administrative Committee shall be accompanied by a report of a Federal-State inspector, which shall contain the following:

(1) A statement by the inspector that he personally visited the field or fields or storage with respect to which exemption is requested, and that a representative sample of the potato crop in such field or fields or storage was taken by him.

(2) A statement of the percentage of such crop which meets the required grade, size and quality regulation then in effect.

(3) A statement of the defects or damage causing such crop to fail to meet such grade, size and quality requirements.

In determining percentages, the Federal-State inspector shall not include culls. In the event that more than one variety of potatoes are involved in the regulation, the inspector shall determine the above percentages for each variety separately. The cost of the above inspection shall be borne by the applicant for exemption. The Administrative Committee or the manager thereof, or any specifically authorized representa-

tives thereof, may make such investigations as is deemed necessary to determine whether the exemption requested should be granted.

(c) *Issuance of certificate.* Whenever the Administrative Committee finds and determines from proof satisfactory to the Committee that the applicant is entitled to an exemption certificate, the Committee shall issue or authorize the issuance of an exemption certificate which shall permit the applicant to ship, or cause to be shipped, that quantity of the regulated grades, sizes and qualities, or combinations thereof, of Irish potatoes as will enable him to ship, or cause to be shipped as large a percentage of his Irish potatoes as the average percentage for all producers as determined by the Committee.

The Manager of the Administrative Committee may issue exemption certificates for and on behalf of the Committee, if the proof submitted by the applicant is satisfactory: *Provided*, That the Administrative Committee shall have first determined the grades, sizes, qualities, or combinations thereof, of potatoes grown in such area which would be available for shipment in the absence of any regulation, and shall have determined the percentage that the quantity of a particular variety or varieties of potatoes grown in such area, permitted to be shipped pursuant to regulation, is of the quantity which would have been shipped in the absence of regulation.

If the Committee or the Manager determines that the applicant is not entitled to an exemption certificate, he shall be so advised in writing and given the reasons therefor.

Each certificate of exemption issued as provided herein shall contain the producer's name and address; the location of his farm or ranch; the location of the field or storage with respect to which the exemption is granted; the particular grade, size and quality regulations from which exempted; the amount of potatoes which may be shipped by virtue of such exemption; and such other information as may be necessary to evidence the rights of the producer to ship Irish potatoes which do not meet the requirements of the particular grade, size and quality regulations. Each certificate of exemption shall be transferable, in whole or in part, with the Irish potatoes in accordance with the amount of the Irish potatoes transferred.

(d) *Reports and records.* For the purpose of enabling the Administrative Committee to perform its functions, pursuant to the provisions of Order No. 59, each handler shall report shipments under exemption certificates to the Committee, in such from and at such times and substantiated in such manner as shall be prescribed by the Committee. All forms, reports, correspondence and documents used, pursuant to these rules and regulations, shall be kept on file by the Administrative Committee and records thereof shall be maintained by the manager of the Committee. A record of all exemption certificates issued (if any) shall be furnished weekly by the manager to the representative of the Secretary of Agriculture.

Done at Washington, D. C., this 27th day of September 1948, to become effective on and after 12:01 a. m., P. s. t., 1st day of October 1948.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

WILLIAM R. WARNER AND COMPANY, INC.

§ 3.6 (c) *Advertising falsely or misleadingly—Composition of goods:* § 3.96 (a) *Using misleading name—Goods—Composition.* In connection with the offering for sale, sale or distribution of respondent's medicinal preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means to induce, etc., directly or indirectly, the purchase in commerce, etc., of said preparation, which advertisements represent, directly or by implication, (a) that said preparation contains agar-agar; or (b) that said preparation contains any derivative of agar-agar in sufficient quantity to produce an independent laxative action; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, William R. Warner and Company, Inc., Docket 4770, August 25, 1948]

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 25th day of August A. D. 1948.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the respondent's answer thereto, and a stipulation as to the facts entered into by and between Daniel J. Murphy, Assistant Chief Trial Counsel for the Commission, and the respondent, by William L. Hanaway, its counsel, which stipulation provides, among other things, that subject to the approval of the Commission the statement of facts contained therein may be taken as the facts in this proceeding in lieu of testimony in support of the complaint or in opposition thereto, and that the Commission may proceed upon said complaint, respondent's answer, and said statement of facts to make its report, stating its findings as to the facts, including inferences which it may draw from the stipulated facts, and its conclusion based thereon, and enter its order disposing of the proceeding, without the presentation of argument or the filing of briefs; and the Commission, having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, William R. Warner & Company, Inc., a corporation, and its officers, agents, representatives and employees, in connection with the offering for sale, sale or distribution of its medicinal preparation designated "Agarol", or any other preparation of substantially similar composition or possessing substantially similar properties, whether sold under the same name or under any other name, do forthwith cease and desist from:

1. Disseminating or causing to be disseminated by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, any advertisement which represents, directly or by implication:

(a) That said preparation contains agar-agar.

(b) That said preparation contains any derivative of agar-agar in sufficient quantity to produce an independent laxative action.

2. Disseminating or causing to be disseminated, by any means, any advertisement for the purpose of inducing, or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of the respondent's preparation, which advertisement contains any representation prohibited in paragraph 1 hereof.

3. Using the term "agarol" as a brand or trade name for said preparation.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs, Department of the Treasury

[T. D. 52052]

PART 16—LIQUIDATION OF DUTIES

CONVERSION OF CURRENCY; CHILEAN PESO

Instructions for the conversion of the Chilean peso for the purpose of the assessment of duty on merchandise imported into the United States, § 16.4 (c), Customs Regulation of 1943, amended.

Reference is made to cases in which appraisement has been withheld or liquidation has been suspended pending the determination of the proper rate or rates for the Chilean peso for customs purposes.

The Federal Reserve Bank certified two rates for the Chilean peso, one designated the "Official" rate and the other the "Export" rate, for the period from November 30, 1937, to May 20, 1941, inclusive, after which latter date the certification of rates for the Chilean peso was temporarily suspended. It is understood from available information that Chilean law and regulations required that fixed percentages varying from 1 percent to 20 percent of the foreign exchange derived from the sale of various kinds of goods exported from Chile be sold or surrendered to the Central Bank of Chile at the "Official" rate of exchange while the remaining percentages varying from 80 percent to 99 percent could with the consent of the Exchange Control Commission or its successor, the National Foreign Trade Council, be sold at the "Export" rate. In the case of exports of certain other kinds of goods (which during varying periods probably included nitrates, iodine, copper, iron ore, and molybdenite) only a portion of the exchange which represented not less than the cost of production in Chile of the particular product was required to be returned to Chile. It is understood that these cost-of-production dollars were sold or surrendered at the "Official" rate, with the possible exception of those obtained for exports of nitrates and iodine, as to which commodities it appears that the exporters were sometimes permitted to liquidate a portion of their cost-of-production dollars at a rate more favorable to them than the "Official" rate.

By letter dated December 26, 1945, the Federal Reserve Bank advised the Treasury Department that it had decided to certify three rates for the Chilean peso for dates since May 20, 1941, one designated as "Official" from May 21, 1941, to July 21, 1942, inclusive, and as "Special" thereafter; a second designated as the "Export" rate; and a third designated as "D. P." The first of the three certified rates will be designated in these instructions as "Special" but shall be deemed to mean the "Official" rate for dates prior to July 22, 1942.

The third rate certified by the Federal Reserve Bank corresponds to a third legal rate of exchange established in Chile called "Disponibilidades Propias". From time to time the Chilean Government by decree or regulation permitted various percentages of the foreign exchange (U. S. dollars) derived from the sale of certain commodities for export, after compliance with the requirement that fixed percentages varying from 1 percent to 20 percent of the foreign exchange be sold or surrendered at the "Special" rate, to be sold or surrendered at this "D. P." rate rather than at the "Export" rate. The kinds of commodities for which the remaining percentages of the exchange were convertible at the "D. P." rate rather than at the "Export" rate varied at different times and for different periods. At one time, it appears that exporters of "nationally manufactured products" were exempted from turning over any part of the exchange at the "Special" rate and could liquidate their entire proceeds at the "D. P." rate.

It is understood that during the period of dual- and multiple-rate certification the Chilean Government by various decrees and regulations has modified the percentages of exchange required to be sold or surrendered to the Central Bank of Chile in the case of various kinds of products, particularly agricultural products and ores, so that the percentages of exchange as well as the rates applicable (i. e., "Special" and "Export", or "Special" and "D. P."), varied from time to time for these commodities, and after the surrender of the required percentages at the "Special" rate, the balance of the exchange may have been surrendered at the "Export" rate during certain periods of time and at the "D. P." rate during other periods. In at least one case it appears that no part of the exchange had to be surrendered at the "Special" rate and in some few cases it is possible that proportionate use of all three rates was provided for.

It is understood that under the various regulations and decrees which changed the percentages of exchange required to be surrendered in the case of certain exports at the "Special" rate or which changed the applicability of the "Export" or "D. P." rate, as the case might be, exceptional treatment may have been allowed so that disposition could be made of the exchange proceeds of exports on the basis of their former status prior to the decree or regulation although actual shipment did not occur until after the date of the change in status. It is possible that such exceptional treatment may have been allowed because of contract or sale commitments made prior to the change of status. Furthermore, it is not possible to compile complete data on the rates applicable and the changes made as to various commodities because of the fact that such changes have been frequently, if not usually, made without public notification. In many instances products were known to have been removed from one category to another but there is no official evidence of the date the change was effected.

The regulations, decrees, or provisions thereof which allowed exceptional treatment are not sufficiently well-known, nor understood to be of sufficiently uniform application to classes of commodities, to warrant disposition different from the disposition authorized by the general instructions set forth below.

The Treasury Department is informed that changes have been made in the Chilean currency measures since the Federal Reserve Bank, in its above-mentioned letter of December 26, 1945, advised the Department of its decision to certify the three rates therein mentioned. It is understood that the question of what rates under the present system are to be certified and how such rates are applicable is under consideration. The Treasury Department does not have definite information as to the nature of the changes that have been made or when they became effective. The last date for which rates for the peso have been certified by the Bank is June 2, 1947.

In the case of any importation of merchandise exported from Chile between November 30, 1937, and June 2, 1947, both inclusive, the appraiser and collector shall proceed, respectively, with the appraisement and liquidation according to the following procedure, subject to the requirements and conditions outlined below:

1. No rate of exchange shall be used for customs purposes under these instructions except a rate or rates certified by the Federal Reserve Bank of New York for the date of exportation of the merchandise, unless there is a proclaimed value for Chilean currency which varies by less than 5 percent from any certified rate otherwise applicable. If there is a proclaimed value, it shall be used in lieu of any certified rate otherwise applicable from which such proclaimed value varies by less than 5 percent.

2. Where the appraisement is to be made in Chilean currency the appraiser shall designate in his report to the collector the class or classes of currency in which appraisement is made by using the terms applied to the currency of Chile by the Federal Reserve Bank of New York, namely, "Special" pesos, "Export" pesos or "D. P." pesos. If two or more classes of currency are used on a percentage basis, the percentages of each class shall be indicated clearly, as, for example, 10 percent "Special" pesos, 40 percent "Export" pesos, 50 percent "D. P." pesos.

3. For all purposes of appraisement and assessment of duties, the amount of any value established in pesos shall be considered to consist of "Special" pesos for the percentage of the foreign exchange which the appraiser or collector is satisfied, from information in his own files, information obtained and presented to him by the importer, or information obtained by him from other sources, represents the percentage of exchange required to be sold or surrendered to the Central Bank of Chile at the "Special" rate under the decrees or regulations pertinent to the particular class of commodity on the date of exportation, and shall be considered to consist of "Export" pesos, or "D. P." pesos for the remaining percentage where it is established to the satisfaction of the appraiser or collector that one or the other of such rates was permissible for the remaining percentage, or in appropriate percentages of "Export" and "D. P." pesos where an additional percentage of the exchange was required to be sold or surrendered at the "Export" rate and the balance at the "D. P." rate, or shall be considered to consist of pesos at the applicable single rate where it is apparent that the exchange was exempted from being turned over in any part at the "Special" rate; and the rate or rates certified by the Federal Reserve Bank for the class or classes of currency in which such value has been established shall be used; except that if the appraiser or collector has credible information that the percentages of rates which would otherwise be applicable under this paragraph were not used uniformly during any period in connection with the payment for the particular merchandise on which duty is being assessed and for all other merchandise of the same type, appraisement shall be withheld and liquidation shall be suspended as to all merchandise of the type involved exported to the United States during the period involved. Whenever appraisement is withheld or liquidation suspended a detailed report shall be transmitted immediately to the Bureau of Customs.

When information regarding any of the Chilean currency conversion practices necessary to comply with the instructions contained herein is not available at a port other than New York, the appraiser or collector shall request the Customs Information Exchange, 201 Varick Street, New York 14, New York, to furnish such pertinent information as may be available.

It is realized that many cases may arise in which there is not available locally or through the Customs Information Exchange sufficient information from which to determine definitely what combination of rates was applicable under the Chilean laws and regulations to the importation involved. The appraiser or collector shall determine in each such case whether the facts warrant appraisement and liquidation in accordance with the instructions herein or whether action shall be suspended and a report submitted to the Bureau of Customs.

For the period from November 30, 1937, to May 20, 1941, inclusive, the "Official" rate was published in the Treasury Decisions. The "Export" rate for dates during that period will be published in a Customs Information Exchange circular in the near future. Rates have been certified for dates of exportation since May 21, 1941, only upon request made through the Customs Information Exchange, and such rates will be circularized by the Customs Information Exchange.

Where, at the time of making entry or upon the acceptance of an amended entry, information is presented to the collector or is in his possession, which establishes to his satisfaction the percentages of rates for the particular importation in accordance with the pertinent requirements of these instructions, deposit of estimated duties or of supplemental estimated duties calculated in accordance with that information shall be accepted.

Section 16.4 (c), Customs Regulations of 1943 (19 CFR, Cum. Supp., 16.4 (c)), is hereby amended by adding "Chilean pesos" to the list of foreign currencies for which instructions have been issued under section 522 (c) of the Tariff Act of 1930 (31 U. S. C. 372 (c)) and by placing opposite such addition the number and date of this Treasury decision and the Federal Register citation thereof.

(R. S. 251, secs. 505, 624, 46 Stat. 732, 759, sec. 522, 46 Stat. 739; 19 U. S. C. 66, 1505, 1624, 31 U. S. C. 372)

Notice of the proposed issuance of the foregoing instructions was published in

the FEDERAL REGISTER on August 19, 1948 (13 F. R. 4793), pursuant to section 4 of the Administrative Procedure Act (Public Law 404, 79th Congress). The basis of the instructions is section 522 of the Tariff Act of 1930 (31 U. S. C. 372) as construed by the courts, and their purpose is to provide instructions for applying multiple rates of exchange certified by the Federal Reserve Bank of New York for currency conversion for the assessment and collection of customs duties. These instructions shall be effective on the date of publication in the FEDERAL REGISTER, the delayed effective date requirements of section 4 (c) of the Administrative Procedure Act being dispensed with because the instructions relate to action to be taken by customs officers and, although affecting rights of interested persons, do not require any action to be taken by such persons.

[SEAL] FRANK DOW,
Acting Commissioner of Customs.

Approved: September 27, 1948.

JOHN S. GRAHAM,
Acting Secretary of the Treasury.

Subchapter A—Alaska

[Circ. No. 1697]

PART 75—SALES AND LEASES

SALE OR LEASE OF CERTAIN LANDS IN MATANUSKA VALLEY OF ALASKA

The regulations governing sales and leases of lands in the Matanuska Valley, Alaska, authorized by §§ 75.1 to 75.14 (Circ. No. 1563, August 23, 1943), are amended as follows:

1. In §§ 75.2 and 75.6 the words "Regional Administrator" are substituted for "General Land Office," wherever the latter words occur.

2. In § 75.5 the words "Regional Administrator" are substituted for "Secretary of the Interior."

3. Amend §§ 75.9, 75.10, 75.11, 75.12, and 75.14 to read as follows:

§ 75.9 *Action by the District Land Office.* The Manager will assign a current serial number to each case and make appropriate notations on the records of his office. In the absence of any objection as shown by his records, he will, if the application is for a patent, and is accompanied by the purchase price, issue a cash certificate on Form 4–189, to the person named in the application, as a basis for the issuance of patent. If the application is for a lease and the Regional Administrator has authorized the issuance of a lease, the Manager, upon the receipt of the first annual rental payment, will cause a lease to be issued.

§ 75.10 *Action by the Bureau of Land Management.* Upon receipt by the Bureau of Land Management of an application to purchase, together with the cash certificate, the Director, if all be found regular, will cause a patent to be issued to the applicant.

§ 75.11 *Causes for cancellation.* A lease shall be subject to cancellation by the Manager for failure of the lessee to comply with any of the terms, covenants, and stipulations of the lease, or of any of the regulations contained in §§ 75.1 to 75.14.

§ 75.12 *Payment of annual rental on lease.* The annual rental on a lease must be paid to the Manager, District Land Office, Anchorage, Alaska, on or before each anniversary date of the lease.

§ 75.14 *Appeals.* Any party aggrieved by any action of the Manager may appeal to the Director and the Secretary of the Interior, pursuant to the rules of practice (Part 221 of this chapter).

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR, Part 194]

WHOLESALE AND RETAIL DEALERS IN LIQUORS

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing, in duplicate, to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of sections 3254 and 3791 of the Internal Revenue Code (26 U. S. C., secs. 3254 and 3791).

[SEAL] STEWART BERKSHIRE,
Acting Commissioner of Internal Revenue.

1. Regulations 20 (26 CFR, Part 194), as amended, are hereby amended by changing § 194.12 (b) and §§ 194.26, 194.51 and 194.53.

2. These amendments are designed to reflect changes in procedure and interpretations of the regulations.

§ 194.12 *Lawful sales by retail dealer in liquors.* * * *

(b) *Wholesale sales.* Where a retail dealer in liquors accepts an order for 5 wine gallons or more of distilled spirits or wines, a transaction has been made in a wholesale quantity, notwithstanding the order is filled and delivery is made in parcels of less than 5 wine gallons and on different dates. Except as provided in § 194.62, liability to special tax as a wholesale liquor dealer is incurred where two or more orders for 5 wine gallons or more are accepted under such conditions during a fiscal year, or where circumstances surrounding acceptance of a single order show the person is engaged in business as a wholesale liquor dealer. Similarly, liability to special tax as a wholesale dealer in malt liquors is incurred by a retail dealer in liquors when he accepts orders for 5 wine gallons or more of malt liquors.

(Secs. 3254 and 3791, I. R. C.)

§ 194.26 *Sales at National Military Establishments*—(a) *Exempt from special tax.* Post exchanges, ship's stores, ship's service stores and commissaries operated on premises of a department of the National Military Establishment and conducted as integral parts and under regulations of such department, are not subject to special tax for the sale of liquors, provided sales are not made to the general public but are restricted to members of the military establishment and their guests.

(b) *Subject to special tax.* Special tax must be paid for the sale of liquors at canteens, clubs, messes and similar places whether or not located on premises of the National Military Establishment. (Secs. 3254 and 3791, I. R. C.)

§ 194.51 *Missing stamps*—(a) *Lost or destroyed.* If a special tax stamp has been lost or destroyed, the taxpayer should immediately notify the collector of internal revenue. A "Certificate in Lieu of Lost or Destroyed Special Tax Stamp" will be issued to the taxpayer who submits an affidavit showing to the satisfaction of the collector that the stamp was lost or destroyed. The certificate must be posted in place of the stamp; otherwise, liability for failure to post the stamp will be incurred.

(b) *Seized by State authorities.* Where a stamp designated "Retail Dealer in Liquors" is seized by State authorities because it does not conform to the dealer's local license or permit (wine, or wine and beer), the collector will, upon request, issue a "Certificate in Lieu of Lost or Destroyed Special Tax Stamp" to show that the dealer has paid special tax as a "Retail Dealer in Wine" or "Retail Dealer in Wines and Malt Liquors," as the case may require. However, where a special tax stamp has been seized by State authorities because the dealer has operated in violation of local law, a "Certificate in Lieu of Lost or Destroyed Special Tax Stamp" will not be issued by the collector. (Sec. 3791, I. R. C.)

§ 194.53 *Corrections of errors on special tax stamps discovered on inspection.* When an inspector ascertains that an error appears on the special tax stamp as to the name, ownership, address, etc., he will require the taxpayer to prepare a new Form 11, designated "Amended Return," showing the proper name, address, or other correction. Where a special tax stamp is issued in the name of an individual and the business is owned and conducted by a partnership from the beginning of the period of liability covered by the stamp, the names and addresses of all partners will be shown on the amended Form 11. The body of the amended Form 11 must show the reasons for requesting the correction of the special tax stamp. The inspector should also obtain the special tax stamp from the taxpayer, giving him a receipt therefor on Form 1670 (which receipt shall be kept on the dealer's premises), and forward the amended Form 11, the special tax stamp, the duplicate copy of the Form 1670, and the inspection report to the district supervisor. Upon receipt of the amended Form 11, the special tax stamp, etc., the district supervisor will examine the amended Form 11 to determine whether correction of the stamp is in order and all necessary data appear on the amended Form 11. If the district supervisor is satisfied that the papers are in order, he will write or stamp the word "approved" followed by his signature, in any available space on the face of the amended Form 11 and on the inspection report and forward the amended form with the special tax stamp to the proper collector of internal revenue. Upon receipt of these documents, the collector will make the proper correction on the special tax stamp, amend his Record 10 accordingly, attach the amended Form 11 to the original Form 11, and return the special tax stamp to the taxpayer. (Sec. 3791, I. R. C.)

3. This Treasury decision shall be effective on the 31st day after the date of its publication in the FEDERAL REGISTER.

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 726]

FIRE-CURED AND DARK AIR-CURED TOBACCO

NOTICE OF DETERMINATIONS TO BE MADE WITH RESPECT TO MARKETING QUOTAS FOR 1949–50 MARKETING YEAR

Pursuant to the authority contained in the applicable provisions of the Agri-

cultural Adjustment Act of 1938, as amended (7 U. S. C. 1311, 1312, and 1313), the Secretary of Agriculture is preparing to determine whether marketing quotas for fire-cured and dark air-cured tobacco are required to be proclaimed for the 1949–50 marketing year, and, if so, the amounts of the national marketing quotas and the apportionment of the quotas among the several States.

The Agricultural Adjustment Act of 1938, as amended (7 U. S. C. 1301 (b), 1312 (a)), provides that whenever the Secretary finds that the total supply of tobacco as of the beginning of the marketing year then current exceeds the reserve supply level therefor, the Secretary shall proclaim the amount of such total supply, and, beginning on the first day of the marketing year next following and continuing throughout such year, a national marketing quota shall be in effect for the tobacco marketed during such marketing year. The act provides further that the Secretary shall also determine and specify in such proclamation the amount of the national marketing quota in terms of the total quantity of tobacco which may be marketed, which will make available during such marketing year a supply of tobacco equal to the reserve supply level.

The act (7 U. S. C. 1312 (b)) provides further that within 30 days after a national marketing quota is proclaimed, the Secretary shall conduct a referendum of farmers who were engaged in the production of the crop of tobacco harvested prior to the holding of the referendum to determine whether such farmers are in favor of or opposed to such quota. If more than one-third of the farmers voting in the referendum oppose such quota, the quota shall not be effective thereafter. The Secretary is also required to submit to such farmers the question of whether they favor marketing quotas for a period of three years, beginning with the marketing year next following. If two-thirds of the farmers voting on this question favor marketing quotas for a three-year period, the Secretary is required to proclaim marketing quotas for such period.

The act (7 U. S. C. 1313 (a)) requires the Secretary to apportion the national marketing quota, less the amount to be allotted under subsection (c) of section 313 (small farms and "new" farms), among the several States on the basis of the total production of tobacco in each State during the five calendar years immediately preceding the calendar year in which the quota is proclaimed, with such adjustments as are determined to be necessary to make correction for abnormal conditions of production, for small farms, and for trends in production, giving due consideration to seed bed and other plant diseases during such five-year period.

A public hearing will be held in the Elks Building, Hopkinsville, Kentucky, Thursday, October 14, 1948, at 10:00 a. m., c. s. t., for the purpose of considering whether national marketing quotas should be proclaimed for fire-cured tobacco and for dark air-cured tobacco for the 1949-50 marketing year, and, if so, the amounts of such quotas and the apportionment of the quotas among the several States.

In making the determinations as to whether marketing quotas are required to be proclaimed on fire-cured and dark air-cured tobacco for the 1949–50 marketing year, the amounts of the national marketing quotas, and the apportionment of the quotas among the several States, consideration will be given to any data, views, and recommendations pertaining thereto which are presented at the hearing or which are submitted in writing to the Director, Tobacco Branch, Production and Marketing Administration, U. S. Department of Agriculture, Washington 25, D. C. All written submissions must be postmarked not later than October 16, 1948.

Issued at Washington, D. C., this 28th day of September 1948.

These proposed amendments to the marketing agreements and orders are to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq), hereinafter referred to as the "act." Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the twentieth day after publication of this recommended decision in the FEDERAL REGISTER. Exceptions should be filed in quintuplicate.

Preliminary statement. The hearing on the record of which the proposed amendments to the marketing agreements and orders were formulated, was held at Washington, D. C., on July 30, 1947, pursuant to a notice issued on July 18, 1947, and published in the FEDERAL REGISTER on July 23, 1947 (12 F. R. 4888).

The issues developed at the hearing are with respect to whether each of the aforesaid marketing agreements and marketing orders should provide:

1. A termination of any obligation for the payment of money after the expiration of a specified period of time; and

2. A specified period of time for the retention of books and records required to be made available to the market administrator.

Findings and conclusions. On the basis of the evidence presented at such hearing, it is hereby found and concluded:

1. *Termination of obligation.* Each of the aforesaid marketing agreements and orders should contain provisions terminating any obligation thereunder for the payment of money after the expiration of a specified period of time, with certain exceptions hereinafter indicated.

Marketing agreements and orders contain provisions classifying milk in accordance with the form in which or the purpose for which it is used, and fixing, or providing a method for fixing, minimum prices for each such use classification, which all handlers are required to pay, and the time when payments shall be made, for milk purchased from producers or associations of producers. Such prices are uniform as to all handlers, subject to adjustments for volume, market, and production differentials, grade or quality of the milk purchased, or the locations at which the milk is delivered. Some orders provide for the payment to all producers and associations of producers delivering milk to the same handler of uniform prices for all milk delivered by them. This method of paying producers is commonly called the "individual-handler pool." Other orders provide for the payment to all producers and associations of producers delivering milk to all handlers in the respective marketing area of uniform prices for all milk so delivered, irrespective of uses made of such milk by the individual handler to whom it is delivered. This is the so-called "market-wide pool" method of paying producers.

Under the "individual-handler pool," handlers pay the total use value of their milk to their producers directly. Under the "market-wide pool," handlers pay their producers the market-wide uniform or blend price. In order to equalize payments among handlers where orders provide for the market-wide pool, a producer settlement fund is established and maintained by the market administrator. Each handler pays into the fund the amount by which the value of his milk at the class prices is greater than the aggregate amount he pays his producers at the blend price, and, conversely, each handler receives from the fund the amount by which the value of his milk at the class prices is less than the aggregate amount he pays his producers at the blend price.

In addition to the foregoing payments, each handler is required to pay the market administrator his pro rata share of the expense of administering the respective orders. Most orders also require each handler to make deductions from his payments to producers and to pay such deductions to the market administrator or to a cooperative association of producers, as the case may be, for marketing services, i. e., marketing information and the verification of weights, sampling, and testing of milk.

Each month handlers are required to report to the market administrators information relating to the quantities of milk received and their sources, the utilization of such receipts, and payments to producers. Handlers are required to make available to market administrators such books and records as will enable the market administrators to verify reports or to ascertain correct information. Whenever an audit by a market administrator discloses errors resulting in money due (a) the market administrator from a handler, or a handler from the market administrator, or (b) any producer or association of producers from a handler, the payment of the amount due is required to be made.

Although all of the marketing agreements and orders provide with particularity when the various payments are to be made, none of them specifies the time within which an error in payment must be discovered or provides for the termination of an obligation because of the expiration of time. When milk marketing programs were first promulgated, this omission was not serious. However, now that milk orders have been in effect over a considerable length of time—six orders have been in effect more than ten years and one-half of all orders were in effect prior to 1941—the failure to provide in the orders for a termination of the obligations thereunder for the payment of money creates uncertainties among producers and handlers which may endanger the stability of the markets and lead to serious inequities.

Without a termination of obligations, handlers may file claims which, because the period involved extends back over many years, are in substantial amounts. Funds for the payment of such claims are obtained only from payments to producers supplying the market with milk during the period when the claims are paid. This results in a reduction in the payments to these producers. Since, over extended periods of time, there is a considerable turnover in the producers supplying a market, a reduction in their payments results in inequities as to those producers who were not in the market during the period out of which the handlers' claims arise. This result, therefore, tends to cause producers to leave the market, and is a potential cause of milk shortage. If, on the other hand, the minimum prices for milk are increased to compensate producers for deductions made to pay old claims, such prices probably would not be in the public interest. Thus, in the absence of a termination of obligations, the stability of milk markets is endangered by the ever present threat of the necessity for making substantial payments arising from the accrual of liabilities over extended periods of time.

The marketing agreements and orders should provide that any obligation to pay a handler any money which such handler claims to be due him under the terms of an order, shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or within two years after payment was made if a refund is claimed, unless such handler, within such period of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

There was general agreement at the hearing that the two year period was reasonable. This will allow a handler ample time to decide whether he should contest an obligation imposed upon him pursuant to an order.

Currently, Order No. 27 regulating the handling of milk in the New York metropolitan marketing area, provides specially for the reclassification, under certain conditions, of milk the butterfat from which is classified as storage cream, i. e., as Class II–B. Under these provisions, the classification of Class II–B milk is not finally determined until the cream is removed from storage. The final classification of such milk is effected, upon the removal of the cream from storage, by payments to handlers from the producer-settlement fund of specified amounts of money. Since the cream is in storage an average of several months, and in some cases more than one year, final settlement of the storage cream accounts cannot be made on the same schedule as would apply to other classifications. To provide for this situation, Order No. 27 should contain special provisions to terminate obligations arising out of storage cream payments at the expiration of two years after the end of the calendar month during which such cream was removed from storage.

Handlers also need the protection of provisions terminating their obligations to make payments. Delays have occurred in the notification to handlers that they owe money under the orders. The results of litigation, the disclosure of additional facts, or other circumstances have required a change in the application of a section of an order. When this happens, a market administrator, in the absence of a provision to terminate obligations, has been required to reaudit and rebill all handlers to whom the corrected application applied, even though it meant going back, in the case of some orders, more than ten years. Since handlers cannot be forewarned as to contingent liabilities of this nature, it is extremely difficult and burdensome for them to make adequate provision therefor by setting up reserves or taking other precautionary measures.

As milk marketing programs are in effect over longer and longer periods, the problem of adjustments has become more acute. Obviously, if a market administrator is required to reaudit and rebill a handler for milk handled for periods of from five to ten years, the amounts involved may be large enough to render the handler insolvent or otherwise cause him irreparable damage. Provisions for the termination of obligations will reduce the uncertainty arising from the potential liabilities of handlers and are necessary to promote the orderly marketing of milk.

For the reasons hereinafter more fully discussed, it is concluded that handlers should not be required to retain books and records after the expiration of a specified period of time because the accumulated volume of such records becomes burdensome and their value diminishes with the passage of time. A limitation of time for the retention of records would, however, be of doubtful benefit to handlers if a concomitant termination of handlers' obligations were not likewise provided for. A handler must account for the receipt and utilization of, and payment for milk by the books and records he maintains in the regular operation of his business. Without termination of obligation provisions, a handler could dispose of his records only at considerable risk, even though the order did not expressly require the retention of records beyond a specified period of time. Termination of obligation provisions are, therefore, necessary to effectuate the other provisions of the marketing agreements and orders, including any provisions that may be made prescribing the length of time for which records are to be retained.

It was proposed at the hearing that all audits or reaudits of a handler's books and records and all revisions of obligations and adjustments be completed and mailed to a handler within two years after the date upon which a handler files a report covering the milk involved in such audits, reaudits, and adjusted billings. Inasmuch as it is concluded to terminate an obligation unless the notice thereof is mailed to a handler within a two year period, the failure to mail such notice within the time prescribed would terminate the obligation, and any audits or re-audits in connecton therewith made after the expiration of the prescribed time would have no practical effect. The effect of a limitation on the period for making audits is, therefore, adequately covered by the termination of obligation provisions. Hence, such limitation is not necessary.

The obligation of any handler to pay money should, except as hereinafter indicated, terminate two years after the last day of the calendar month during which the market administrator receives the handler's report of utilization of the milk involved in such obligation, unless

within such two year period the market administrator notifies the handler in writing that such money is due and payable. In general, it appears that a period of two years is a reasonable time within which a market administrator should complete his auditing and inspection work and render any billings for money due under the order.

The notification in writing by the market administrator, before the expiration of the two year period, will prevent the obligation covered by such notification from terminating. The purpose of the termination of obligation provisions is to reduce the uncertainties arising out of potential liabilities for unknown amounts for extended periods in the past. The notice should, therefore, inform the handler of the amount of the obligation, the months or periods during which the milk involved was received or handled, and the person or persons to whom the obligation is payable. If the obligation is payable to the market administrator, the account for which it is to be paid should be indicated. The service of the notice should be complete upon mailing to the last known address of the handler. This method of service conforms to the accepted business practice of mailing statements and billings to handlers under the various marketing orders.

Proposals were made at the hearing for the termination of a handler's obligation unless, within a prescribed period of time, court action is instituted to enforce the payment of the obligation. The procedure provided for in the act contemplates that handlers will comply with the obligations imposed upon them under an order. If they deem such obligations are not in accordance with law, they may file petitions pursuant to section 8c (15) (A) of the act, for corrective action. Moreover, the record contains no evidence to indicate that there has been, or will be, any delay in the institution of enforcement proceedings should a handler fail to comply with the provisions of an order. The proposals in this regard, therefore, should not be adopted.

If a handler refuses or fails to make available to the market administrator any books and records required by the order to be made available, the market administrator should notify such handler in writing of such failure or refusal within two years after the end of the month during which the handler submits his reports with respect to the milk in question. If the market administrator so notifies the handler, the two year period should not begin to run until the first day of the calendar month following the month during which the books and records are made available to the market administrator.

Such a provision is necessary to provide adequate opportunity for the proper and complete audit of books and records of handlers before obligations involved in such audits are terminated. Moreover, if the two year period is extended by virtue of this provision, the responsibility therefor will be that of the handler who failed or refused to make his records available.

A handler's obligation to pay money should not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed. Certain handlers objected to the inclusion of an exception to cover fraud or the willful concealment of a material fact. Aside from the fact that a handler should not be permitted to benefit from his own misconduct, the failure to include such an exception would place a premium on fraud and encourage the practice of concealing records.

The provisions for the termination of obligations should apply to any obligation irrespective of when such obligation arose, except an obligation involved in an administrative proceeding under section 8c (15) of the act or a court action, instituted before July 1, 1949.

The application of these provisions to all past, as well as future, obligations is necessary to effectuate fully the purposes of such provisions. Orderly marketing requires that all persons subject to an order be relieved of the constant threat of liability for "stale" claims arising out of transactions which everyone has reason to believe have been settled. Moreover, without the termination of obligations relating to past transactions, handlers would be required, for their own protection, to retain indefinitely all the records relating to such transactions. Thus, the salutary effects of allowing handlers to dispose of old records would be largely defeated.

The termination of obligation provisions should not, of course, apply to obligations involved in pending administrative proceedings or court actions. Such provisions likewise should not apply to obligations as to which administrative proceedings or court actions are instituted before July 1, 1949. This will allow all interested parties at least six months to determine if there are any outstanding obligations which would otherwise be terminated by the adoption of the proposed amendments and, if there are such obligations, to take appropriate measures to protect their interests in such obligations. All persons who testified with respect to this matter at the hearing stated that the period of six months is a reasonably adequate time for this purpose.

The terms and conditions of the proposed amendments hereinafter set forth are necessary to effectuate the other provisions of the marketing agreements and orders regulating the handling of milk in the aforesaid respective milk marketing areas.

2. *Retention of records.* Because there has been no time limitation within which obligations for the payment of money are terminated, and because the orders have not provided a definite period of time for the retention of records required to be made available under the orders for the verification of reports by market administrators, handlers have generally followed the practice of retaining from the beginning of a regulatory program all of the records which pertained to order transactions. Handlers must keep detailed records relating to their daily purchases of milk from individual producers, the butterfat tests of milk received from individual producers, and the daily utilization and disposal of milk at individual milk plants. Detailed records of this kind soon assume tremendous physical proportions. It has been necessary for handlers to rent warehouse space in which to store these records. This, in itself, has been a considerable financial burden.

Because the records are of such a detailed nature and because they relate to very complicated situations, an accurate interpretation of the records is ordinarily possible only by a person familiar with them. As time passes, the memories of employees are dulled and they cannot interpret old records with a reasonable degree of certainty or accuracy. Moreover, employees leave their positions with handlers and are replaced by other employees. It frequently is impossible for a new employee, not acquainted with records prepared by a predecessor, to make an accurate interpretation of them. The value of records in terms of proving or disproving claims, therefore, diminishes as times goes on.

Consequently, it is necessary that a definite time period be provided in each of the orders within which handlers must maintain their records and after which they will be definitely relieved of the requirement of doing so. More particularly, the orders should be amended to provide that handlers retain records for three years after the end of the delivery period to which such records relate. In terms of the volume of records which would be retained, the retention of records for three years appears to be a reasonable requirement.

A three year period for retaining records is about a year more than is to be provided for under the termination of obligation provisions. This difference in time is necessary, however. In the first place, the two year period relating to the termination of obligations begins at the end of the calender month during which the report of a handler is received by the market administrator. Utilization reports are normally received by the market administrator during the month following that within which the milk reported is received and utilized. Under some circumstances, however, the report might not be received until several months after the receipt and utilization of the milk reported. The time requirement for the retention of records, on the other hand, begins on the last day of the calendar month to which such records relate. Moreover, the notice that money is due and payable might not be rendered until near the end of the two year period and further action might be necessary in connection with a final settlement of the obligation. During the pendency of the settlement, the records upon which the obligation is based should be retained. These circumstances indicate that records should be retained for a somewhat longer period than is provided with respect to the termination of obligations. The three year period for the retention of records is, therefore, reasonable.

Records and accounts are frequently involved in litigation under the orders. Such litigation sometimes requires a longer period of time than normally would be feasible for the routine maintenance of records. It is necessary, therefore, to provide, where specific records are necessary in connection with a proceeding under section 8c (15) of the act or a court action, that handlers be required to retain such records for a longer period than is otherwise required. Consequently, handlers should be required to retain such records when they are notified to do so by the market administrator, and to continue to retain them until further notification from the market administrator.

The terms and conditions of the proposed amendments hereinafter set forth are necessary to effectuate the other provisions the marketing agreements and orders regulating the handling of milk in the aforesaid respective milk marketing areas.

3. *General.* (a) The marketing agreements and orders, as hereby proposed to be amended, and all the terms and conditions thereof will tend to effectuate the declared policy of the act.

(b) Each of the marketing agreements and orders, as hereby proposed to be amended, regulates the handling of milk in the same manner as, and is applicable only to persons in the respective classes of industrial and commercial activities specified in, marketing agreements upon which hearings have been held.

(c) The prices calculated to give milk produced for sale in each of the aforesaid marketing areas a purchasing power equivalent to the purchasing power of such milk as determined pursuant to sections 2 and 8c of the act are not reasonable in view of the price of feed, available supplies of feeds, and other economic conditions which affect market supply and demand for such milk, and the minimum prices specified in each of the marketing agreements and orders, as hereby proposed to be amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of a number of associations of producers and handlers who would be subject to the proposed marketing agreements and orders. Every point covered in the briefs was carefully considered, along with the evidence in the record, in making the findings and reaching the conclusions hereinbefore set forth. To the extent that findings and conclusions proposed in the briefs are inconsistent with the findings and conclusions contained herein, the requests to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in this decision.

Proposed amendments to the marketing agreements and orders. The following amendments to the orders and the orders, as amended, are proposed as the detailed and appropriate methods by which the foregoing conclusions may be carried out. The proposed amendments to the marketing agreements and marketing agreements, as amended, are not included in this decision because the regulatory provisions thereof would be the same as those contained in the proposed amendments to the orders and the orders, as amended.

1. Amend each of the orders specified in this paragraph by incorporating therein, in the manner indicated, the following provisions:

Retention of records. All books and records required under this order to be made available to the market administrator shall be retained and made available by the handler for a period of three years to begin at the end of the calendar month to which such books and records pertain: *Provided*, That if, within such three year period, the market administrator notifies a handler in writing that the retention of such books and records is necessary in connection with a proceeding under section 8c (15) of the act or a court action specified in such notice, the handler shall retain such books and records until further written notification from the market administrator.

2. Amend Part 904, Milk in the Greater Boston, Massachusetts, marketing area, and Part 934, Milk in the Lowell-Lawrence, Massachusetts, marketing area, as follows:

Delete the period (.) at the end of § 904.6 (f) and § 934.7 (e), respectively, and add thereto the following: "and such records shall be retained and made available by the handler for a period of three years to begin at the end of the calendar month to which such records pertain: *Provided*, That if, within such three year period, the market administrator notifies a handler in writing that the retention of such records is necessary in connection with a proceeding under section 8c (15) of the act or a court action specified in such notice, the handler shall retain such records until further written notification from the market administrator."

3. Amend each of the orders specified in this paragraph by adding thereto, in the manner indicated, the following provisions:

Termination of obligation. The provisions of this section shall apply to any obligation under this order for the payment of money irrespective of when such obligation arose, except an obligation involved in an action instituted before July 1, 1949, under section 8c (15) (A) of the act or before a court.

(a) The obligation of any handler to pay money required to be paid under the terms of this order shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's report of utilization of the milk involved in such obligation, unless within such two year period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this order, to make available to the market administrator or his representatives any books or records required by this order to be made available, the market administrator may, within the two-year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two-year period shall not begin to run until the first day of the calendar month following the month during which such books and records are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this order to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a

fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this order shall terminate two years after the end of the calendar month during which the milk involved in the claim was received if an underpayment is claimed, or within two years after payment was made by the handler if a refund on such payment is claimed, unless such handler, within said periods of time, files, pursuant to section 8c (15) (A) of the act, a petition claiming such money.

Part 974, Milk in the Columbus, Ohio, marketing area as § 974.14.

Part 975, Milk in the Cleveland, Ohio, marketing area as § 975.17.

4. Amend Part 927. Milk in the New York metropolitan marketing area, as follows:

a. Renumber §§ 927.11, 927.12, and 927.13, respectively, as §§ 927.12, 927.13, and 927.14.

b. Add a new § 927.11 as follows:

§ 927.11 *Termination of obligations.* The provisions of this section shall apply to any obligation under this order for the payment of money irrespective of when such obligation arose, except an obligation involved in an action instituted before July 1, 1949, under section 8c (15 (A) of the act or before a court.

(a) The obligation of any handler to pay money required to be paid under the terms of this order shall, except as provided in paragraphs (b) and (c) of this section, terminate two years after the last day of the calendar month during which the market administrator receives the handler's report of utilization of the milk involved in such obligation, unless within such period the market administrator notifies the handler in writing that such money is due and payable. Service of such notice shall be complete upon mailing to the handler's last known address, and it shall contain, but need not be limited to, the following information:

(1) The amount of the obligation;

(2) The month(s) during which the milk, with respect to which the obligation exists, was received or handled; and

(3) If the obligation is payable to one or more producers or to an association of producers, the name of such producer(s) or association of producers, or if the obligation is payable to the market administrator, the account for which it is to be paid.

(b) If a handler fails or refuses, with respect to any obligation under this order, to make available to the market administrator or his representatives any books or records required by this order to be made available, the market administrator may, within the two year period provided for in paragraph (a) of this section, notify the handler in writing of such failure or refusal. If the market administrator so notifies a handler, the said two year period shall not begin to run until the first day of the calendar month following the month during which such books and records are made available to the market administrator or his representatives.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this section, a handler's obligation under this order to pay money shall not be terminated with respect to any transaction involving fraud or willful concealment of a fact, material to the obligation, on the part of the handler against whom the obligation is sought to be imposed.

(d) Any obligation on the part of the market administrator to pay a handler any money which such handler claims to be due him under the terms of this order shall terminate two years after the end of the calendar month during which the milk involved in the claim was received (or with respect to storage cream payments made pursuant to § 927.9 (g), within two years after the end of the calendar month during which such cream is removed from storage) if an underpayment is claimed, or within two years after payment was made by the handler if a refund on such payment is claimed, unless such handler, within said periods of time, files pursuant to section 8c (15) (A) of the act, a petition claiming such money.

IRISH POTATOES GROWN IN EASTERN SOUTH DAKOTA PRODUCTION AREA

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1001 et seq.), that the Secretary of Agriculture is considering the approval of the rules hereinafter set forth which were recommended by the South Dakota Potato Committee, established under Marketing Agreement No. 103 and Order No. 79 (13 F. R. 1994) regulating the handling of Irish potatoes grown in the Eastern South Dakota production area, issued under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq., 61 Stat. 202, 707).

Consideration will be given to any data, views, or arguments pertaining thereto and mailed in triplicate, to the Director of the Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., so as to be received by him not later than 15 days after the publication of this notice in the FEDERAL REGISTER.

The proposed rules are as follows:

§ 979.101 *Exemption certificates*—(a) *Application.* Any producer applying for exemption from grade or size regulation issued hereunder shall make application for such exemption on forms to be furnished by the Administrative Committee. Such application shall state:

(1) The location of his farm;

(2) The number of Irish potatoes on said farm; and location thereon of such potato field or fields or storage;

(3) The total estimated production of potatoes for the current season, stated in terms of varieties, hundredweights, grades, and sizes, not including potatoes which will not meet grade requirements set forth in the U. S. Standards for Potatoes;

(4) An estimate of the percentage of such producers' crop which cannot be shipped because of grade, size and quality regulation then in effect, stated in terms of varieties, hundredweights, grades and sizes, not including potatoes which will not meet grade requirements set forth in the U. S. Standards for Potatoes;

(5) A statement of the amount, if any, of Irish potatoes (not including potatoes which will not meet grade requirements set forth in the U. S. Standards for Potatoes) which have already been sold from said farm, or by said applicant, during the current marketing season;

(6) Certification that the statement is true and correct;

(7) Signature and address of producer.

(b) *Federal-State Inspector's report.* Each request filed by a producer with the Administrative Committee shall be accompanied by a report of a Federal-State Inspector, which shall contain the following:

(1) A statement by the inspector that he personally visited the field or fields or storage with respect to which exemption is requested, and that a representative sample of the potato crop in such field or fields or storage was taken by him.

(2) A statement of the percentage of such crop which meets the required grade, size and quality regulation then in effect.

(3) A statement of the defects or damage causing such crop to fail to meet such grade, size, and quality requirements.

In determining percentages, the Federal-State Inspector shall not include culls. In the event that more than one variety of potatoes are involved in the regulation, the inspector shall determine the above percentages for each variety separately. The cost of the above inspection shall be borne by the applicant for exemption. The Administrative Committee, or the manager thereof, or any specifically authorized representative thereof, may make such investigations as is deemed necessary to determine whether the exemption requested should be granted.

(c) *Issuance of certificate.* Whenever the Administrative Committee finds and determines from proof satisfactory to the Committee that the applicant is entitled to an exemption certificate, the Committee shall issue or authorize the issuance of an exemption certificate which shall permit the applicant to ship, or cause to be shipped, that quantity of the regulated grades, sizes, and qualities, or combinations thereof, of Irish potatoes as will enable him to ship, or cause to be shipped, as large a percentage of his Irish potatoes as the average percentage for all producers or, if regulation is by variety, the average percentage for all producers of the particular variety involved, as determined by the Committee.

The Administrative Committee, or its duly authorized representative, may issue exemption certificates if the proof submitted by the applicant is satisfactory: *Provided*, That the Administrative Committee, or its duly authorized representative, shall have first determined the grades, sizes, qualities, or combinations thereof, of potatoes grown in such area which would be available for shipment in the absence of any regulation, and shall have determined the percentage that the quantity of a particular variety or varieties of potatoes grown in such area, permitted to be shipped pursuant to regulation, is of the quantity which would have been shipped in the absence of regulation.

If the Committee, or its duly authorized representative, determines that the applicant is not entitled to an exemption certificate he shall be so advised in writing and given the reasons therefor.

Each certificate of exemption issued as provided herein shall contain the producer's name and address; the location of his farm; the location of the field or storage with respect to which the exemption is granted; the particular grade, size, and quality regulations from which exempted; the amount of potatoes which may be shipped by virtue of such exemption; and such other information as may be necessary to evidence the rights of the producer to ship Irish potatoes which do not meet the requirements of the particular grade, size, and quality regulations.

Each certificate of exemption shall be transferable, in whole or in part, with the Irish potatoes in accordance with the amount of the Irish potatoes transferred.

(d) *Reports and records.* For the purpose of enabling the Administrative Committee to perfom its functions, pursuant to the provisions hereof, each handler shall report shipments under exemption certificates to the Committee, in such form and at such times and substantiated in such manner as shall be prescribed by the Committee. All forms, reports, correspondence and documents used, pursuant to these rules and regulations, shall be kept on file by the Administrative Committee and records thereof shall be maintained by the manager of the Committee.

A record of all applications for exemption received, exemption certificates issued, applications denied, and shipments made under exemption shall be kept by the committee and a record of all such transactions, if any, shall be reported weekly by the South Dakota Potato Committee to the Secretary.

(e) *Appeal procedure.* If any producer is dissatisfied with the determination of the South Dakota Potato Committee regarding any application for exemption certificate, or any duly issued exemption certificate, an appeal by said producer may be filed with the committee. Such appeal must be taken promptly after the issuance of the exemption certificate or the denial from which the appeal is taken. Any producer filing an appeal may furnish information with his appeal additional to that submitted with his original application. The committee may request such additional information as it deems necessary for a determination on the appeal. The committee shall act promptly upon any producer's appeal and it shall notify the appellant promptly of its determination. A copy of each appeal and a statement of consideration involved in making the final determination with respect thereto shall be furnished in each instance to the Secretary.

Done at Washington, D. C., this 27th day of September 1948.

[SEAL] A. J. LOVELAND,
Acting Secretary of Agriculture.

PRODUCERS LIVESTOCK COMMISSION CO., INC., AND RANCHERS AND FARMERS LIVESTOCK SALES CO.

NOTICE RELATIVE TO POSTED STOCKYARDS

Notice is hereby given that after inquiry and after consideration of all relevant matter presented pursuant to the notice of proposed posting and rule making published in the FEDERAL REGISTER on September 11, 1948 (13 F. R. 5314), it has been ascertained by me, pursuant to section 302 of the Packers and Stockyards Act, 1921 (7 U. S. C. 202), that the stockyards known as the Producers Livestock Commission Company, Inc., at Abilene, Texas, and the Ranchers and Farmers Livestock Sales Co., at Clovis, New Mexico, are stockyards within the definition of that term contained in section 302 of said act and are, therefore, subject to the provisions of said act.

The attention of the stockyard owners, market agencies, dealers, and other persons concerned is directed to sections 303 and 306 (7 U. S. C. 203 and 207) and other pertinent provisions of said act, and the rules and regulations issued thereunder by the Secretary of Agriculture.

The Packers and Stockyards Act provides for a specified time after the posting of notice at the stockyards, for market agencies, dealers, and stockyard owners to register and qualify for the operation of their businesses under that act. There appears to be no good reason to defer the effective date of the foregoing notice in view of that fact. Therefore, it is determined that good cause exists to make this notice, and it shall be, effective immediately, subject to the provisions of the Packers and Stockyards Act.

Done at Washington, D. C., this 28th day of September 1948.

MANUFACTURERS LIGHT AND HEAT CO. ET AL.

NOTICE OF APPLICATION

SEPTEMBER 27, 1948.

In the matter of The Manufacturers Light and Heat Company, Home Gas Company, and Natural Gas Company of West Virginia, Docket No. G–1117.

Notice is hereby given that on September 3, 1948, The Manufacturers Light and Heat Company (Manufacturers), a Pennsylvania corporation, Home Gas Company (Home), a New York corporation, and Natural Gas Company of West Virginia (Natural Gas Company), a West Virginia corporation, all of which companies are subsidiaries of The Columbia Gas System, Inc., and have their principal place of business at Pittsburgh, Pennsylvania, filed an application (a) for a certificate of public convenience and necessity authorizing the construction, acquisition and operation of certain natural-gas facilities hereinafter described, and (b) for approval of abandonment, removal and sale of a certain portion of said applicant companies' facilities, also hereinafter described, both pursuant to section 7 of the Natural Gas Act, as amended.

Manufacturers seeks authorization:

(1) To construct and operate 10.5 miles of 12-inch natural-gas transmission pipe line extending from a point on an existing 20-inch line of Manufacturers near Canonsburg, Washington County, Pennsylvania, to a point south of Pittsburgh, Pennsylvania.

(2) To construct and operate 5 miles of 6-inch natural-gas transmission pipe line extending from a point on an existing 10-inch line of Manufacturers near Steubenville, Ohio, to Wintersville, Ohio.

(3) To install and operate two (2) 500 pound (psig) compressor cylinders in place of existing 100 pound (psig) cylinders at the Waynesburg Compressor Station, Franklin Township, Greene County, Pennsylvania.

(4) To construct and operate a 334 horsepower compressor station near Cameron, Marshall County, West Virginia.

(5) To abandon and remove three (3) 125 horsepower rotary type compressors at Waynesburg Compressor Station, Franklin Township, Greene County, Pennsylvania.

(6) To abandon and remove the Turkey Hollow Compressor Station, located in Rostraver Township, Westmoreland County, Pennsylvania.

(7) To abandon and remove the Monessen Compressor Station, located in Rostraver Township, Westmoreland County, Pennsylvania.

(8) To abandon and remove 17 miles of 8-inch natural-gas transmission line between Hundred Compressor Station, Church District, Wetzel County, West Virginia, and a point known as the Wiley Farm, Richhill Township, Greene County, Pennsylvania.

(9) To abandon, remove and sell to Peoples Natural Gas Company 5,339 feet of 8-inch natural-gas transmission line known as No. 7004, located in Rostraver Township, Westmoreland County, Pennsylvania.

Home seeks authorization:

(10) To purchase, acquire and operate the existing Dundee Compressor Station and Storage Field, located in Yates and Schuyler Counties, New York, from The Keystone Gas Company, Inc.

(11) To construct and operate a 300 horsepower compressor station in Greenwood Township, Steuben County, New York.

Natural Gas Company seeks authorization:

(12) To construct and operate 4.83 miles of 8-inch natural-gas loop pipe line from the Brinker Compressor Station to a point southeast of Salem, Ohio.

The application recites that with respect to the proposed new construction the applicant companies propose to improve and increase the deliverability of their transmission systems in the interest of flexibility of operations, continuity of delivery, and adequacy of facilities in order to provide as nearly as possible, and in the most feasible and economical manner, continuous service to existing customers and, for a reasonable period in the future, to provide for the normal growth of the companies and their associated companies within the Pittsburgh Group of companies owned by The Columbia Gas System, Inc., only within the territory presently served by such companies.

The application further recites that with respect to the proposed abandonment and removal of facilities by Manufacturers, said facilities are no longer used or useful in the public service and Manufacturers proposes to eliminate maintenance expense in connection therewith. It is proposed to sell for salvage the equipment from the compressor stations. The pipe proposed to be removed will be salvaged and will be used for maintenance and replacement of existing pipe lines.

The application further recites that purchase of the Dundee Compressor Station and Storage Field by Home Gas Company from the Keystone Gas Company, Inc., an affiliate, will facilitate the enlargement and development of those properties by Home and will eliminate bookkeeping in view of the fact that all of the gas stored in said storage field and passing through said compressor station is owned by Home.

The estimated total over-all capital cost of construction, acquisition and removal after abandonment of the proposed facilities is approximately $888,924, derived as follows:

	Construction and acquisition	Salvage	Cost of removal	Net cost
The Manufacturers Light & Heat Co.	$553,496	($125,983)	$51,044	$478,527
Home Gas Co.	333,103			333,103
Natural Gas Co.	77,294			77,294
Total	963,863	(125,983)	51,044	888,924

Manufacturers will finance its construction and removal costs out of funds on hand. Home and Natural Gas Company contemplate borrowing their construction and acquisition costs from their parent corporation, The Columbia Gas System, Inc.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of The Manufacturers Light and Heat Company, Home Gas Company, and Natural Gas Company of West Virginia is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 and 1.10, whichever is applicable, of the rules of practice and procedure.

2½ PERCENT WAR HOUSING INSURANCE FUND DEBENTURES, SERIES H

NOTICE OF FOURTH CALL FOR PARTIAL REDEMPTION, BEFORE MATURITY

SEPTEMBER 22, 1948.

Pursuant to the authority conferred by the National Housing Act (48 Stat. 1246; U. S. C., Title 12, sec. 1701 et seq.) as amended, public notice is hereby given that 2½ percent War Housing Insurance Fund Debentures, Series H, of the denominations and serial numbers designated below, are hereby called for redemption, at par and accrued interest, on January 1, 1949, on which date interest on such debentures shall cease:

2½ PERCENT WAR HOUSING INSURANCE FUND DEBENTURES, SERIES H

Denomination	*Serial number (all numbers inclusive)*
$50	689 to 3018
$100	2713 to 8049
$500	782 to 4015
$1,000	3662 to 9073
$5,000	179 to 1006
$10,000	2930 to 5060

The debentures first issued as determined by the serial numbers were selected for redemption by the Commissioner, Federal Housing Administration, with the approval of the Secretary of the Treasury.

No transfers or denominational exchanges in debentures covered by the foregoing call will be made on the books maintained by the Treasury Department on and after October 1, 1948. This does not affect the right of the holder of a debenture to sell and assign the debenture on or after October 1, 1948, and provision will be made for the payment of final interest due on January 1, 1949, with the principal thereof to the actual owner, as shown by the assignments thereon.

The Commissioner of the Federal Housing Administration hereby offers to purchase any debentures included in this call at any time from October 1, 1948 to December 31, 1948, inclusive, at par and accrued interest, to date of purchase.

Instructions for the presentation and surrender of debentures for redemption on or after January 1, 1949, or for purchase prior to that date will be given by the Secretary of the Treasury.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1952]

PUBLIC SERVICE CO. OF INDIANA, INC.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 24th day of September A. D. 1948.

Notice is hereby given that a declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("act") by Public Service Company of Indiana, Inc., ("Public Service"), a public utility subsidiary of The Middle West Corporation, a registered holding company. Declarant designates section 12 (c) of the act and Rule U-42 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 4, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter stating the reasons for such request, the nature of his interest, and the issues of fact and law raised by said declaration which he desires to controvert; or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 4, 1948, said declaration as filed, or as amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said declaration which is on file in the office of this Commission for a statement of the transactions therein proposed which may be summarized as follows:

Public Service proposes to call for redemption $2,000,000 principal amount of its Convertible Debentures of which $8,991,400 principal amount was outstanding as at September 1, 1948. The company expects to publish the initial notice of said call on October 5, 1948, provided market conditions are considered by the company to be satisfactory. The call will be made by lot pursuant to the terms of the Indenture which provides for the redemption thirty days after the initial notice at a price of 103% of principal amount.

Pursuant to the Indenture, Convertible Debentures which have been called may be converted into five shares of common stock for each $200 principal amount of Debentures at any time up to thirty days after the initial notice.

Public Service further proposes to pay to each holder of its Convertible Debentures (both those included in the call and those not so included) who surrender their certificates for conversion into Common Stock of the company during the portion of the call period expiring prior to the close of business on October 31, 1948, an amount equal to the full amount of interest that would be payable for the six month period ending October 31, 1948.

The declarant requests that the Commission's order be issued not later than October 5, 1948, and that such order be effective upon issuance.

By the Commission.

AUTHORITY: §§ 274.201 to 274.224 issued under sec. 302 (a), 52 Stat. 43, sec. 4 (b), 55 Stat. 498; sec. 1 (d), Pub. Law 897, 80th Cong.; sec. 5 (a), Pub. Law 806, 80th Cong.; 7 U. S. C. 1302 (a), 15 U. S. C. 713 (a)-8 (b).

§ 274.201 *Administration.* The program will be administered in the field by PMA through State PMA committees, county agricultural conservation committees (hereinafter referred to as county committees), and PMA commodity offices. The program will be under the general supervision and direction of the Manager, CCC.

Forms will be distributed through the offices of State and county committees. County committees will determine or cause to be determined the quantity and grade of the alfalfa seed, the amount of the loan, and the value of the alfalfa seed delivered under the program. All loan and purchase documents will be completed and approved by the county committee, which will retain copies of all documents. The county committee may designate in writing certain employees of the county agricultural conservation association to approve such forms on behalf of the committee.

The county committee will furnish the borrower with the names of local lending agencies approved for making disbursements on loan documents or with the address of the PMA commodity office to which loan documents may be forwarded for disbursement.

§ 274.202 *Availability of loans and purchase agreements*—(a) *Area.* (1) Loans shall be available on eligible alfalfa seed in eligible farm storage in areas recommended by State PMA committees and approved by the Manager, CCC. Information concerning the availability of farm storage loans may be obtained from the office of the county committee.

(2) Loans shall be available on eligible alfalfa seed stored in eligible warehouses in all areas.

(3) Purchase agreements shall be available on eligible alfalfa seed in all areas.

(b) *Time.* Loans and purchase agreements shall be available through December 31, 1948, and the applicable documents must be signed by the producer and delivered or mailed to the county committee not later than such date.

(c) *Source.* Loans shall be made to producers direct by PMA commodity offices and by approved lending agencies. Purchase agreements shall be made through the offices of county committees.

§ 274.203 *Approved lending agencies.* An approved lending agency shall be any bank, cooperative marketing association, corporation, partnership, individual, or other legal entity with which CCC has entered into a Lending Agency

Agreement (Form PMA-97) or other form prescribed by CCC.

§ 274.204 *Eligible producer.* An eligible producer shall be any individual, partnership, association, corporation, or other legal entity producing eligible alfalfa seed in 1948 as landowner, landlord, tenant, or sharecropper.

§ 274.205 *Eligible alfalfa seed.* Eligible alfalfa seed shall be cleaned, bagged alfalfa seed produced in the Continental United States which was harvested in 1948, the beneficial interest in which is in the producer and always has been in him or in him and a former producer whom he succeeded before the alfalfa seed was harvested, and which meets the following requirements:

(a) *Specifications.* The seed must, on the basis of official purity and germination tests, be equal to or better in every respect than the minimum specifications for the particular kind of seed as shown in schedule of rates and specifications, § 274.224.

(b) *Noxious weeds.* The seed must not contain noxious weed seeds in excess of the number permitted for sale as planting seed by the State seed law and rules and regulations pursuant thereto of the State in which the seed is produced or of the State where the seed is stored.

(c) *Packaging.* The seed shall be packaged in new bags of approved quality as described below, of 100 pounds net or 150 pounds net. If new bags are not available, No. 1 used bags as heavy as, or heavier than, those described below, thoroughly cleaned before being filled, free of holes, patches, or other defects may be used:

Type	*Net capacity (pounds)*
(i) Try-Sax (double seam):	
36-inch 7.5-ounce or heavier	100
40-inch 8.25-ounce or heavier	100
(ii) Osnaburg (seamless or double seam): 30-inch 7-ounce or heavier	100
(iii) Seamless cotton: 16-ounce	150

§ 274.206 *Eligible storage.* Eligible storage for alfalfa seed shall meet the following requirements:

(a) Under the loan program eligible farm storage shall consist of farm bins and granaries which, as determined by the county committee, are of such substantial and permanent construction as to afford safe storage for alfalfa seed for a period of two years, permit effective fumigation for destruction of insects and afford protection against rodents, other animals, thieves, and weather.

(b) Under the loan and purchase agreement program, eligible warehouse storage shall consist of storage made available by warehousemen, seed dealers, cooperative associations, and others having adequate facilities for handling and storing seed for which a Seed Cleaning and Storage Agreement has been entered into with CCC (warehousemen, seed dealers, cooperative associations, and others desiring approval for their facilities should secure recommendation for approval from the county committee who will submit the recommendation to the State committee for transmittal to the PMA commodity office serving the area in which the warehouse is located). A list of approved warehouses will be furnished State PMA offices and county committees and information relating to such warehouses may be obtained from such offices.

§ 274.207 *Approved forms.* The approved forms consist of the loan and purchase documents which, together with the provisions of this bulletin, govern the rights and responsibilities of the producer. Any fraudulent representation made by a producer in obtaining a loan or purchase agreement or in executing any of the loan or purchase documents, will render him subject to criminal prosecution. Notes and chattel mortgages, and note and loan agreements, must have State and documentary revenue stamps affixed thereto where required by law. Loan and purchase documents executed by an administrator, executor, or trustee, will be acceptable only where legally valid.

(a) *Farm storage loans.* Approved forms shall consist of the producer's note on CCC Commodity Form A, secured by a chattel mortgage on CCC Commodity Form AA.

(b) *Warehouse storage loans.* Approved forms shall consist of the note and loan agreement on CCC Commodity Form B, secured by negotiable warehouse receipts representing the alfalfa seed stored in approved warehouses. All alfalfa seed pledged as security for a loan on a single CCC Commodity Form B must be stored in the same warehouse.

(c) *Purchase agreement documents.* The purchase agreement documents shall consist of the Purchase Agreement (Commodity Purchase 1) and Purchase Agreement Settlement (Commodity Purchase 4) signed by the producer and approved by the county committee, negotiable warehouse receipts, and such other forms as may be prescribed by CCC.

(d) *Warehouse receipts.* Alfalfa seed in eligible warehouse storage under the loan program and delivered under the purchase agreement program must be represented by warehouse receipts which satisfy the following requirements.

(1) Warehouse receipts must be issued in the name of the producer, must be properly endorsed in blank so as to vest title in the holder, and must be issued by an approved warehouse.

(2) Warehouse receipts shall carry an endorsement in substantially the following form:

> Warehouse charges (except receiving charges) through April 30, 1949, on the Alfalfa seed represented by this warehouse receipt have been paid or otherwise provided for, and lien for such charges will not be claimed by the warehouseman from CCC or any subsequent holder of the warehouse receipt.

(3) Each warehouse receipt, or the warehouseman's supplemental certificate (in duplicate) properly identified with the warehouse receipt, must show the net weight and represent a particular lot of seed, the quality of which is evidenced by attached official purity and germination test certificates.

Separate warehouse receipts for each lot of seed must set forth in the written or printed terms the kind or variety of seed, the lot identity or number, the number of bags, the gross and net weight, and such other information as is required to determine the quantity of seed.

§ 274.208 *Determination of quantity.* All determinations of the quantity of alfalfa seed under this program shall be made on the basis of the net weight of eligible seed.

§ 274.209 *Determination of quality.* The county committee will determine the quality of the seed on the basis of official purity and germination tests of a representative sample. An "official test" shall be an analysis made by a Federal or State Seed Testing Laboratory where such facilities are available, or, in the absence of such facilities, a seed testing laboratory approved by the State committee. Not more than five (5) calendar months shall have elapsed since the last day of the month in which the germination test was completed. A representative sample for determination of quality shall be a sample taken by a licensed State inspector, or where such services are not provided, the county agricultural conservation committee shall arrange for the securing of a representative sample which shall consist of equal portions taken from evenly distributed parts of the lot of bagged seed to be sampled. In quantities of 5 bags or less, each bag shall be sampled; in quantities of more than 5 bags, at least every fifth bag but not less than 5 bags shall be sampled. A probe or trier shall be used in drawing samples.

§ 274.210 *Liens.* The alfalfa seed must be free and clear of all liens and encumbrances or if lien or encumbrances exist on the alfalfa seed, proper waivers must be obtained.

§ 274.211 *Service fees*—(a) *Loans.* Where the alfalfa seed under loan is farm stored, the producer shall pay a service fee of 2 cents per 100 pounds or $3.00, whichever is greater. Where the alfalfa seed under loan is warehouse stored, the producer shall pay a service fee of 1 cent per 100 pounds or $1.50, whichever is greater.

If the quantity of alfalfa seed delivered in satisfaction of a loan exceeds the quantity of alfalfa seed placed under loan a service fee of 2 cents per 100 pounds shall be charged the producer on the excess quantity delivered.

(b) *Purchase agreements.* At the time the producer signs a purchase agreement he shall pay a service fee of 1 cent per 100 pounds on the quantity specified on Commodity Purchase 1 as the maximum quantity he may deliver, or $1.50, whichever is greater.

(c) *No refunds.* No refund of service fees will be made under loan or purchase agreement programs.

§ 274.212 *Set-offs.* A producer who is listed on the county debt register as indebted to any agency or corporation of the United States Department of Agriculture shall designate the agency or corporation to which he is indebted as the payee of the proceeds of the loan to the extent of such indebtedness, but not to exceed that portion of the proceeds remaining after deduction of the service fees and amounts due prior lienholders. Indebtedness owing to CCC shall be given first consideration after claims of prior lienholders.

§ 274.213 *Interest rate.* Loans shall bear interest at the rate of 3 percent per annum and interest shall accrue from the date of disbursement of the loan, notwithstanding the printed provisions of the note.

§ 274.214 *Transfer of producer's equity*—(a) *Loans.* The right of the producer to transfer either his right to redeem the alfalfa seed under loan or his remaining interest may be restricted by CCC.

(b) *Purchase agreements.* The producer may not assign the purchase agreement.

§ 274.215 *Safeguarding of the alfalfa seed.* The producer obtaining a farm-storage loan is obligated to maintain the farm storage structures in good repair and to keep the alfalfa seed in good condition.

§ 274.216 *Insurance.* CCC will not require the producer to insure the alfalfa seed placed under farm-storage loan; however, if the producer does insure such alfalfa seed, such insurance shall inure to the benefit of CCC to the extent of its interest after first satisfying the producer's equity in the alfalfa seed involved in the loss.

§ 274.217 *Loss or damage to the alfalfa seed.* The producer is responsible for any loss in quantity or quality of the alfalfa seed placed under farm storage loan except that uninsured physical loss or damage occuring without fault, negligence, or conversion on the part of the producer, resulting solely from an external cause other than insect infestation or vermin, will be assumed by CCC, provided the producer has given the county

committee immediate notice in writing of such loss or damage, and provided there has been no fraudulent representation made by the producer in the loan documents or in obtaining the loan.

§ 274.218 *Personal liability.* The making of any fraudulent representation by the producer in the loan documents, or in obtaining the loan, or the conversion or unlawful disposition of any portion of the alfalfa seed by him, shall render the producer personally liable for the amount of the loan and for any resulting expense incurred by any holder of the note.

§ 274.219 *Maturity and satisfaction*—(a) *Loans.* Loans mature on demand but not later than April 30, 1949. In the case of farm storage loans, the producer is required to pay off his loan on or before maturity date, or to deliver the mortgaged alfalfa seed in accordance with instructions of the county committee. Credit will be given for the total quantity so delivered, provided it was stored in the bin(s) in which the alfalfa seed under loan was stored, at the applicable settlement value, according to the grade and quality. If the settlement value of the alfalfa seed delivered exceeds the amount due on the principal of the loan, the amount of the excess shall be paid to the producer. If the settlement value of the alfalfa seed is less than the amount of principal due on the loan, the amount of the deficiency, plus interest thereon, shall be paid by the producer to CCC, or may be set off against any payment which would otherwise be made to the producer under any agricultural programs administered by the Secretary of Agriculture, or any other payments which are due or may become due to the producer from CCC or any other agency of the United States. In the event the farm is sold or there is a change in tenancy, the alfalfa seed may be delivered before the maturity date of the loan upon prior approval by the county committee. In the case of warehouse storage loans, if the producer does not repay his loan by maturity, CCC shall have the right to sell or pool the alfalfa seed in satisfaction of the loan in accordance with the provisions of the note and loan agreement and § 274.220.

(b) *Purchase agreements.* The producer who signs a purchase agreement (Commodity Purchase 1) will not be obligated to deliver any alfalfa seed to CCC. He may deliver any amount up to but not in excess of the quantity shown on Commodity Purchase 1. If the producer desires to deliver alfalfa seed to CCC, he shall, within 30 days following April 30, 1949, the maturity date for alfalfa seed loans, or such earlier date as demand for payment of alfalfa seed loans may be made, submit warehouse receipts representing eligible alfalfa seed stored in eligible warehouse storage to the county committee for the quantity of such alfalfa seed he elects to sell to CCC, but not in excess of the quantity shown on Commodity Purchase 1, or, in the case of alfalfa seed stored in other than eligible warehouse storage, he shall notify the county committee of his intention to sell and request delivery instructions. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines more time is needed for delivery. Alfalfa seed stored in other than eligible warehouse storage will be purchased on delivery at points designated by CCC. When delivery is completed, payment shall be made by a sight draft drawn on CCC by the State PMA office on the basis of an approved Commodity Purchase 4. The producer shall direct on such form to whom payment of the purchase price shall be made.

Eligible alfalfa seed will be purchased on the basis of the net weight of such seed and in accordance with the schedule of rates and specifications shown in § 274.224.

(c) *Storage and handling charges.* Commodity Credit Corporation will not pay or assume any of the costs of cleaning, bags and bagging, sampling, testing and analysis reports, tagging, or other handling or processing expenses which are necessary to prepare the seed to meet eligibility requirements, or storage charges accruing prior to May 1, 1949, or the date of the warehouse receipt, whichever is later, except that CCC will assume the warehouse receiving charge of the warehouse where the seed is delivered.

§ 274.220 *Removal of the alfalfa seed under loan.* If the loan is not satisfied upon maturity by payment or delivery, the holder of the note may remove the alfalfa seed and sell it, either by separate contract or after pooling it with other lots of alfalfa seed similarly held. The producer has no right of redemption after the alfalfa seed is pooled, but shall share ratably in any overplus remaining upon liquidation of the pool. CCC shall have the right to treat the pooled alfalfa seed as a reserve supply to be marketed under such sales policies as CCC determines will promote orderly marketing, protect the interests of producers and consumers, and not unduly impair the market for the current crop of the alfalfa seed even though part or all of such pooled alfalfa seed is disposed of under such policies at prices less than the current domestic price for such alfalfa seed. Any sum due the producer as a result of the sale of the alfalfa seed or of insurance proceeds thereon, or any ratable share resulting from the liquidation of a pool, shall be payable only to the producer without right of assignment by him.

§ 274.221 *Release of the alfalfa seed under loan.* A producer may at any time obtain release of the alfalfa seed remaining under loan by paying to the holder of the note, or note and loan agreement, the principal amount thereof, plus interest. If the note is held by an out-of-town lending agency or by CCC, the producer may request that the note be forwarded to a local bank for collection. In such case, where CCC is the holder of the note, the local bank will be instructed to return the note if payment is not effected within 15 days. All charges in connection with the collection of the note shall be paid by the producer. Upon payment of a farm storage loan, the county committee should be requested to release the mortgage by filing an instrument of release or by a marginal release on the county records. Partial release of the alfalfa seed prior to the maturity may be arranged with the county committee by paying to the holder of the note the amount of the loan plus charges and accrued interest, represented by the quantity of the alfalfa seed to be released. In the case of warehouse storage loans, each partial release must cover all of the commodity under one warehouse receipt number.

§ 274.222 *Purchase of notes.* CCC will purchase, from approved lending agencies, notes evidencing approved loans which are secured by chattel mortgages or negotiable warehouse receipts. The purchase price to be paid by CCC will be the principal sums remaining due on such notes, plus accrued interest from the date of disbursement to the date of purchase at the rate of 1½ percent per annum. Lending agencies are required to submit a weekly report to the PMA commodity office and to the county committees on Form 500 (Repayment Record), or such other form as CCC may prescribe, of all payments received on producer's notes held by them, and are required to remit an amount equivalent to 1½ percent interest per annum, on the amount of the principal collected, from the date of disbursement to the date of payment. Lending agencies should submit notes and reports to the PMA commodity office serving the area.

§ 274.223 *PMA commodity offices.* The PMA commodity offices and the areas served by them are shown below:

TITLE 7—AGRICULTURE

Chapter VII—Production and Marketing Administration (Agricultural Adjustment)

PART 722—COTTON

PROCLAMATION WITH RESPECT TO THE NATIONAL ALLOTMENT AND MARKETING QUOTAS FOR THE 1949–50 MARKETING YEAR

Sec.
722.1 Basis and purpose.
722.2 Findings with respect to American cotton supplies, consumption, and exports.
722.3 Determination with respect to marketing quotas for cotton.

AUTHORITY: §§ 722.1 to 722.3 issued under 52 Stat. 38, 43, 56, 58; 7 U. S. C. 1301, 1342, 1343, and 1345.

§ 722.1 *Basis and purpose.* This proclamation is issued under sections 301, 342, 343, and 345, of the Agricultural Adjustment Act of 1938, as amended. Its purpose is to announce findings made by the Secretary of Agriculture with respect to the total supply, the normal supply, and the carry-over of American cotton on August 1, 1948; the probable domestic consumption of American cotton during the marketing year commencing August 1, 1948; the probable exports of American cotton during the marketing year commencing August 1, 1948; and the estimated carry-over of American cotton as of August 1, 1949; and to proclaim whether, upon the basis of such findings, marketing quotas and a national allotment for cotton for the 1949–50 marketing year are required under the act. Prior to making the findings, notice was given (13 F. R. 4953) that the Secretary was preparing to examine the supply situation to determine if quotas were required under the act and that any interested person might express his views in writing with respect thereto. All written expressions received postmarked not later than September 10, 1948, the closing date therefor mentioned in the notice aforesaid, have been considered.

§ 722.2 *Findings with respect to American cotton supplies, consumption, and exports.* The findings stated herein are based upon the latest available statistics of the Federal Government and the baleage figures are expressed in running bales:

(a) The "total supply" of American cotton for the marketing year beginning August 1, 1948, was 19,164,000 bales.

(b) The "normal supply" of American cotton for the marketing year beginning August 1, 1948, was 18,200,000 bales.

(c) The "carry-over" of American cotton for the marketing year beginning August 1, 1948, was 4,306,000 bales.

(d) The "probable domestic consumption of American cotton" during the marketing year commencing August 1, 1948, will be 9,000,000 bales.

(e) The "probable exports of American cotton" during the marketing year commencing August 1, 1948, will be 4,000,000 bales.

(f) The "estimated carry-over" of American cotton as of August 1, 1949, is 6,164,000 bales.

§ 722.3 *Determination with respect to marketing quotas for cotton.* The total supply of American cotton, as that term is defined in the statute above referred to, for the current marketing year does not exceed by more than seven per centum the normal supply, as so defined, of American cotton for such marketing year; therefore, no national allotment of cotton shall be established for the calendar year 1949 and marketing quotas for cotton shall not be in effect for the 1949–50 marketing year.

Done at Washington, D. C., this 28th day of September 1948.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Grapefruit Reg. 101]

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.399 *Grapefruit Regulation 101*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR and Supps., Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of grapefruit, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., October 4, 1948, and ending at 12:01 a. m., e. s. t., October 18, 1948, no handler shall ship:

(i) Any grapefruit of any variety, grown in the State of Florida, which grade U. S. No. 2 Russet, or lower than U. S. No. 2 Russet;

(ii) Any seeded grapefruit, other than pink grapefruit, grown in the State of Florida which are of a size smaller than a size that will pack 70 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iii) Any pink seeded grapefruit grown in the State of Florida which are of a size smaller than a size that will pack 80 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box; or

(iv) Any seedless grapefruit of any variety, grown in the State of Florida, which are of a size smaller than a size that will pack 96 grapefruit, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, "handler" and "ship" shall have the same meaning as is given to each such term in said amendment marketing agreement and order; and the terms "U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall each have the same meaning as when used in the United States Standards for Grapefruit (13 F. R.

4787). (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

[Lemon Reg. 294]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.401 *Lemon Regulation 294*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. (b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 3, 1948, and ending at 12:01 a. m., P. s. t., October 10, 1948, is hereby fixed as follows:

(i) District 1: 300 carloads.

(ii) District 2: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 293 (13 F. R. 5587), and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," and "District 2" shall have the same meaning as is given to each such term in the said amended marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

DETERMINATION RELATIVE TO THE BUDGET OF EXPENSES AND THE FIXING OF THE RATE OF ASSESSMENT FOR THE 1948-49 FISCAL PERIOD

Notice was published in the FEDERAL REGISTER (13 F. R. 4836), dated August 20, 1948, that consideration was being given to proposals regarding the budget of expenses and the fixing of the rate of assessment for the 1948-49 fiscal period under the marketing agreement and Order No. 39 (7 CFR, Cum. Supp., 939.1 et seq.), regulating the handling of the Beurre d'Anjou, Beurre, Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice which were submitted by the Control Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 939.201 *Budget of expenses and rate of assessment for the 1948-49 fiscal period.* (a) The expenses necessary to be incurred by the Control Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, for the maintenance and functioning of such committee during the fiscal period beginning July 1, 1948, and ending June 30, 1949, both dates inclusive, will amount to $15,515.00; and the rate of assessment to be paid, in accordance with the marketing agreement and order, by each handler who first handles pears shall be as hereinafter set forth and with respect to all such pears shipped by him as the first handler thereof; and such rate of assessment is hereby fixed as each such handler's pro rata share of the aforesaid expenses:

(1) With respect to pears shipped in standard western pear boxes, the rate of assessment shall be four mills ($0.004) per standard western pear box of pears; and

(2) With respect to pears shipped in bulk or in any container other than said standard western pear box, such rate of assessment shall be four mills ($0.004) per 48 pounds of pears.

(b) *Effective date.* It is hereby further found and determined that it is impracticable and contrary to the public interest to postpone the effective date of this determination until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.), in that (1) shipments of pears covered by the aforesaid marketing agreement and order have already commenced; (2) the aforesaid rate of assessment is applicable to all pears shipped during the aforesaid fiscal period; (3) the regulation of such pear shipments by grades and sizes is currently effective; (4) the mandatory inspection requirements of said marketing agreement and order are in effect; (5) in order for the aforesaid necessary assessments to be collected it is essential that the specification of the assessment rate be issued immediately so as to enable the said Control Committee to perform its duties and functions under said marketing agreement and order; and (6) a reasonable time is permitted, under the circumstances, for preparation for such effective date.

As used in this section, the terms "handler," "handles," "handled," "shipped," "pears," "standard western pear box," and "fiscal period" shall have the same meaning as when used in the said marketing agreement and order. (48 Stat. 31, as amended, 7 U. S. C. 601 et seq.; 7 CFR, Cum. Supp., 939.1 et seq.)

Done at Washington, D. C., this 28th day of September 1948.

[Orange Reg. 250]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.396 *Orange Regulation 250*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66 (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 3, 1948, and ending at 12:01 a. m., P. s. t., October 10, 1948, is hereby fixed as follows:

(i) *Valencia oranges.* (a) Prorate District No. 1: no movement; (b) Prorate District No. 2: 1400 carloads; (c) Prorate District No. 3: no movement.

(ii) *Oranges other than Valencia oranges.* (a) Prorate District No. 1: no movement; (b) Prorate District No. 2: no movement; (c) Prorate District No. 3: no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 (11 F. R. 10258) of the rules and regulations contained in this part. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

PART 933—ORANGES, GRAPEFRUIT, AND TANGERINES GROWN IN FLORIDA

LIMITATION OF SHIPMENTS

§ 933.400 *Orange Regulation 150*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 33, as amended (7 CFR and Supps., Part 933), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the committees established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of shipments of oranges, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1946 ed. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) During the period beginning at 12:01 a. m., e. s. t., October 4, 1948, and ending at 12:01 a. m., e. s. t., October 18, 1948, no handler shall ship:

(i) Any oranges, except Temple oranges, grown in the State of Florida which grade U. S. No. 2 Russet or lower than U. S. No. 2 Russet; or

(ii) Any oranges, except Temple oranges, grown in the State of Florida which are of a size smaller than a size that will pack 216 oranges, packed in accordance with the requirements of a standard pack, in a standard nailed box.

(2) As used in this section, the terms "handler" and "ship" shall each have the same meaning as when used in said amended marketing agreement and order; and the terms "U. S. No. 2 Russet," "standard pack," and "standard nailed box" shall each have the same meaning as when used in the United States Standards for Oranges (13 F. R. 5174, 5306). PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.401 *Lemon Regulation 294*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 3, 1948, and ending at 12:01 a. m., P. s. t., October 10, 1948, is hereby fixed as follows:

(i) District 1: 300 carloads.

(ii) District 2: Unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached to Lemon Regulation 293 (13 F. R. 5587), and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," and "District 2" shall have the same meaning as is given to each such term in the said amended marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

PART 939—BEURRE D'ANJOU, BEURRE BOSC, WINTER NELIS, DOYENNE DU COMICE, BEURRE EASTER, AND BEURRE CLAIRGEAU PEARS GROWN IN OREGON, WASHINGTON, AND CALIFORNIA

DETERMINATION RELATIVE TO THE BUDGET OF EXPENSES AND THE FIXING OF THE RATE OF ASSESSMENT FOR THE 1948–49 FISCAL PERIOD

Notice was published in the FEDERAL REGISTER (13 F. R. 4836), dated August 20, 1948, that consideration was being given to proposals regarding the budget of expenses and the fixing of the rate of assessment for the 1948–49 fiscal period under the marketing agreement and Order No. 39 (7 CFR, Cum. Supp., 939.1 et seq.), regulating the handling of the Beurre d'Anjou, Beurre, Bosc, Winter Nelis, Doyenne du Comice, Beurre Easter, and Beurre Clairgeau varieties of pears grown in the States of Oregon, Washington, and California. This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended. After consideration of all relevant matters presented, including the proposals set forth in the aforesaid notice which were submitted by the Control Committee (established pursuant to said marketing agreement and order), it is hereby found and determined that:

§ 939.201 *Budget of expenses and rate of assessment for the 1948–49 fiscal period.* (a) The expenses necessary to be incurred by the Control Committee, established pursuant to the provisions of the aforesaid marketing agreement and order, for the maintenance and functioning of such committee during the fiscal period beginning July 1, 1948, and ending June 30, 1949, both dates inclusive, will amount to $15,515.00; and the rate of assessment to be paid, in accordance with the marketing agreement and order, by each handler who first handles pears shall be as hereinafter set forth and with respect to all such pears shipped by him as the first handler thereof; and such rate of assessment is hereby fixed as each such handler's pro rata share of the aforesaid expenses:

(1) With respect to pears shipped in standard western pear boxes, the rate of assessment shall be four mills ($0.004) per standard western pear box of pears; and

(2) With respect to pears shipped in bulk or in any container other than said standard western pear box, such rate of assessment shall be four mills ($0.004) per 48 pounds of pears.

(b) *Effective date.* It is hereby further found and determined that it is impracticable and contrary to the public interest to postpone the effective date of this determination until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.), in that (1) shipments of pears covered by the aforesaid marketing agreement and order have already commenced; (2) the aforesaid rate of assessment is applicable to all pears shipped during the aforesaid fiscal period; (3) the regulation of such pear shipments by grades and sizes is currently effective; (4) the mandatory inspection requirements of said marketing agreement and order are in effect; (5) in order for the aforesaid necessary assessments to be collected it is essential that the specification of the assessment rate be issued immediately so as to enable the said Control Committee to perform its duties and functions under said marketing agreement and order; and (6) a reasonable time is permitted, under the circumstances, for preparation for such effective date.

As used in this section, the terms "handler," "handles," "handled," "shipped," "pears," "standard western pear box," and "fiscal period" shall have the same meaning as when used in the said marketing agreement and order. (48 Stat. 31, as amended, 7 U. S. C. 601 et seq.; 7 CFR, Cum. Supp., 939.1 et seq.)

Done at Washington, D. C., this 28th day of September 1948.

[Orange Reg. 250]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.396 *Orange Regulation 250*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66 (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this section until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 3, 1948, and ending at 12:01 a. m., P. s. t., October 10, 1948, is hereby fixed as follows:

(i) *Valencia oranges.* (a) Prorate District No. 1: no movement; (b) Prorate District No. 2: 1400 carloads; (c) Prorate District No. 3: no movement.

(ii) *Oranges other than Valencia oranges.* (a) Prorate District No. 1: no movement; (b) Prorate District No. 2: no movement; (c) Prorate District No. 3: no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 (11 F. R. 10258) of the rules and regulations contained in this part. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 1st day of October 1948.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Mid-West Products (formerly Mid-West Research Laboratory), Docket 5300, August 17, 1948]

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 17th day of August A. D. 1948.

In the matter of Mid-West Products (formerly Mid-West Research Laboratory), a corporation.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, the trial examiner's recommended decision, and brief of counsel in support of the complaint (no brief having been filed on behalf of respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Mid-West Products (formerly Mid-West Research Laboratory), a corporation, and its officers, agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of serums and medicinal preparations in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Research Laboratory" or the word "Laboratory", or any other word or term of similar import or meaning, in its corporate or trade name, or in any manner, to describe its business status, unless and until it owns and operates an appropriately equipped laboratory for the compounding and testing of the preparations it offers for sale and where research work is conducted by trained technicians as a part of its business.

2. Representing, through the use of the word "Manufacturer" or through the use of any other word or term of similar import or meaning, that the respondent is the manufacturer of any products sold by it which are not made in a plant or factory actually owned and operated or directly and absolutely controlled by the respondent.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TITLE 24—HOUSING CREDIT

Chapter IV—Home Owners' Loan Corporation

[No. 1043]

PART 402—LOANS AND PROPERTIES

MISCELLANEOUS AMENDMENTS

SEPTEMBER 8, 1948.

Amending Part 402, Chapter IV, Title 24 of the Code of Federal Regulations. Sections 402.15-3, 402.15-4, 402.15-5, 402.15-6 and the first paragraph of § 402.15-14 are amended and § 402.15-36a is added, as follows:

§ 402.15-3 *Insurance required by the Corporation.* Fire and extended coverage insurance is required on properties owned by the Corporation in the full amount of the depreciated replacement value on all insurable improvements, as shown by appraisals of the property, except where a percentage of the insurance on the main or principal building covers other miscellaneous insurable improvements, such as smaller buildings, etc., in an amount sufficient for the protection of the Corporation.

When the Corporation is holding insurance on properties securing liens or sold by the Corporation on Sales Contract, whether such insurance has been furnished by or for the home owner, or ordered by the Corporation, the Corporation in its best interest requires the renewal or replacement of insurance in amounts and kinds of coverage equal to that which is held by the Corporation, except that in all States and Territories but Florida, Texas and Puerto Rico, extended coverage is required in an amount equal to the fire requirement: *And provided*, That the General Manager may increase or decrease the amounts and kinds of coverage when the amounts and kinds of insurance coverage held by the Corporation for the account of the home owner:

(a) Are in excess of the amounts which the Corporation requires under the specific terms of a mortgage or lien instrument or sales contract;

(b) Are, in the opinion of the General Manager, in excess of the depreciated replacement value of the permanent insurable improvements;

(c) Cover hazards other than those hazards included in fire and extended coverage insurance;

(d) Cover items other than buildings and permanent insurable improvements on the property securing the Corporation loan or sold by the Corporation on contract;

(e) Are less than the amount or kinds of coverage requested by the home owner and such increase is not inconsistent with other provisions of this section;

(f) Are in excess of the amounts or kinds of coverage requested by the home owner and such decrease or termination does not result in less insurance coverage than the minimum amount and kinds of coverage acceptable to the Corporation;

(g) Are less than the minimum amount and kinds of coverage acceptable to the Corporation; and

(h) Are not necessary for the protection of the Corporation's investment and the General Manager has waived the amount or kinds of insurance coverage which are acceptable to the Corporation on any specific property in whole or in part.

§ 402.15-4 *Acceptable insurance.* Notwithstanding the provisions of § 402.15-3 the General Manager may accept insurance policies furnished by home owners on properties securing indebtedness to the Corporation or sold by the Corporation on Sales Contract when the following provisions are complied with:

(a) The insurance is written by an insurance company, association, or organization licensed to do business in a particular State or Territory, or specifically authorized by State law to transact business within the State or Territory where the property is located, and whose policy contract and forms are acceptable to the General Manager.

(b) The amount of fire insurance furnished for the account of the home owner is at least equal to the following:

(1) If the amount of the present indebtedness is more than the depreciated replacement value, full insurance to the depreciated replacement value shall be maintained on all buildings valued at $200 or over.

(2) If the amount of the present indebtedness is more than the depreciated replacement value of the main dwelling but less than the depreciated replacement value of all insurable improvements, insurance in the amount of 100% shall be maintained on the main dwelling and, in addition, sufficient insurance shall be maintained on the remaining buildings in an amount necessary to bring the total amount of insurance to the present indebtedness.

(3) If the amount of the present indebtedness is equal to or less than the depreciated replacement value of the main dwelling, insurance shall be maintained on the main dwelling in an amount equal to the present indebtedness. If the other buildings or improvements are essential economically as a means of liquidating the loan or sales account and produce a reasonable portion or all of the home owners' income, either as a rental property or commercial interest of the home owner, then, upon the recommendation of the Insurance Section, the General Manager, in his discretion, also may require on the said other buildings such amounts of insurance as circumstances warrant.

(c) The amount of windstorm or other insurance is not less than that specified in § 402.15-5 as acceptable for the locality in which the insured property is located.

(d) Co-insurance or similar clauses, when applicable, are complied with and the amount of insurance necessary to avoid penalty is furnished.

(e) If extended coverage is submitted by the home owner, all insurance coverage is made concurrent.

§ 402.15-5 *Windstorm and other insurance.* Windstorm or other necessary coverage is acceptable in certain states and territories as follows:

(a) *Group I.* On the main buildings and on other buildings and improvements in an amount equal to the fire insurance required to be carried on such buildings by the provision of the Manual in the following States:

8—Arkansas.
11—Illinois (exception: Cook County Solid Masonry Construction—50% of fire requirement).
12—Indiana.
13—Iowa.
23—Missouri.
25—Nebraska.
32—North Dakota.
39—South Dakota.

(b) *Group II.* Up to one-half the depreciated replacement value of the main dwelling and, if fire insurance has been required on other buildings and improvements, then windstorm insurance shall likewise be furnished on these same other buildings and improvements in an amount equal to one-half of their respective depreciated replacement values:

1—Alabama.	31—North Carolina.
7—Delaware.	38—South Carolina.
8—Florida.	40—Tennessee.
9—Georgia.	41—Texas.
15—Kentucky.	46—West Virginia.
16—Louisiana.	49—District of Columbia.
21—Minnesota.	
22—Mississippi.	51—Puerto Rico.

In States where the windstorm insurance to be carried on any one building is to be "at least one-half the amount of the replacement value", the insurance submitted is acceptable if the amount is at least equal to the loan, even though it is not equal to one-half the amount of the replacement value; but if windstorm insurance is written with a co-insurance or a similar clause applicable, the necessary amount of insurance to meet this requirement shall be carried so that there will be no penalty in event of loss.

(c) *Group III.* Up to one-third of the depreciated replacement value of the main dwelling and, if fire insurance has been required on other buildings and improvements, then windstorm insurance shall likewise be furnished in an amount equal to one-third the depreciated replacement value of all such other buildings and improvements having an individual value of $600 or over.

20—Michigan (in the following counties):

Allegan.	Kent.
Barry.	Livingston.
Berrien.	Lapeer.
Branch.	Lenawee.
Calhoun.	McComb.
Cass.	Monroe.
Clinton.	Muskegon.
Eaton.	Oakland.
Genessee.	Ottawa.
Hillsdale.	St. Clair.
Ingham.	St. Joseph.
Ionia.	Shiawassee.
Jackson.	Van Buren.
Kalamazoo.	Washtenaw.

(d) *Group IV.* On the main building in an amount equal to one-half of the current loan balance or to the value of the main building, whichever is the smaller, in the following States:

33—Ohio. 47—Wisconsin.

(e) *Group V.* Windstorm insurance is acceptable but need not be furnished on improvements in the following States and Territories:

2—Arizona.	29—New Mexico.
4—California.	30—New York.
5—Colorado.	35—Oregon.
6—Connecticut.	36—Pennsylvania.
10—Idaho.	37—Rhode Island.
17—Maine.	42—Utah.
18—Maryland.	43—Vermont.
19—Massachusetts.	44—Virginia.
26—Nevada.	45—Washington.
27—New Hampshire.	48—Wyoming.
28—New Jersey.	52—Alaska.

(f) *Group VI. Waiver of Fallen Building Clause.* The Waiver of Fallen Building Clause shall be included in all policies on dwellings in the following States:

4—California.	26—Nevada.
10—Idaho.	42—Utah.

(g) *Group VII. Extended coverage insurance.* "Extended coverage" shall be furnished on the main buildings and on other buildings and improvements in an amount equal to the fire insurance carried on such buildings by the provision of this chapter in the following States:

14—Kansas. 34—Oklahoma.
24—Montana.

§ 402.15-6 *Extended coverage.* Windstorm insurance need not be furnished if extended coverage is included under the fire policy and such coverage complies with the apportionment clause. Extended coverage may be ordered when requested by the home owner and may be accepted when furnished by or for the home owner.

§ 402.15-14 *Insurance ordered by Corporation on security properties.* All insurance contracts protecting the loan or property sold by the Corporation on Sales Contract shall be reviewed, immediately upon a cancellation, demand for payment of premium due to the insured's failure to make such payment, notification of lapse or voidance of any insurance policies, and/or fifteen days after the expiration date. If replacement or renewal insurance has not been fur-

nished by or for the home owner or where the home owner has furnished less insurance than is acceptable to the Corporation, insurance shall be ordered from the carrier under contract in the kinds and amounts required by the Corporation, unless otherwise directed by the General Manager. Such insurance shall be ordered upon the special forms furnished by the Corporation's insurer under contract and shall be effective as of the termination of the insurance to be replaced.

§ 402.15–36a *Losses occurring after expiration and prior to audit.* In the event there is a loss subsequent to expiration of insurance held by the Corporation but prior to the receipt of the new insurance from the home owner or the placement of an order through the insurer under contract, the basis of adjustment of any loss where the insurer under contract is liable will be in accordance with the amount and kind of insurance expired but not renewed.

SUBPART A—CONTROLLED HOUSING

CONTROLLED HOUSING RENT REGULATION

§ 825.1 *Definitions and scope of §§ 825.1 to 825.12.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter or the Rent Director or such other person or persons as the Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the defense-rental area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area, or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area rent office" means the office of the Rent Director in the defense-rental area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Controlled housing accommodations" means any housing accommodation in any defense-rental area which is not specifically exempted from control or decontrolled under §§ 825.1 to 825.12, inclusive.

"Services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, and removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations, or an agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

"Rent" means the consideration, including any bonus, benefit, or gratuity, demanded or received for or in connection with the use or occupancy of housing accommodations or the transfer of a lease of such accommodations.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages or cabins; supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments; and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Maximum rent date" means the maximum rent date applicable in any particular defense-rental area as established under the authority of the Emergency Price Control Act of 1942, as amended, as set forth in Schedule A.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular housing accommodation in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.4 (b), (c), or (e), whichever is applicable.

"Effective date of regulation" means the effective date of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, for each defense-rental area, or portion thereof, as indicated in Schedule A, except where the context indicates clearly to the contrary.

(a) *Housing and defense-rental areas to which §§ 825.1 to 825.12, inclusive, apply.* Sections 825.1 to 825.12, inclusive, (except the provisions contained in Schedule B) apply to all housing accommodations within each of the defense-rental areas and each of the portions of a defense-rental area (each of which is referred to hereinafter in §§ 825.1 to 825.12, inclusive, as the "defense-rental area"), which are listed in Schedule A except as provided in paragraph (b) of this section.

In Schedule A, the "maximum rent date" and the "effective date of regulation," as established under the rent regulation, issued pursuant to the Emergency Price Control Act of 1942, as amended, is given for each defense-rental area listed. More than one effective date is given for different portions of a defense-rental area where the same effective date is not applicable to the entire defense-rental area.

In Schedule B are set forth provisions which modify or supplement §§ 825.1 to 825.12, inclusive, insofar as they are applicable to certain individual defense-rental areas, or portions thereof.

(b) *Decontrolled and exempted housing to which §§ 825.1 to 825.12, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.1 to 825.12, inclusive, do not apply to the following:

(i) *Farming tenants.* Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Accommodations subject to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments.* Rooms or other housing accommodations subject to the provisions of Subpart B.

(iv) *Structures subject to underlying leases.* (a) Entire structures or premises wherein more than 25 rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises, except as provided in (c) of this subdivision (iv).

(b) Entire structures or premises where 25 or less rooms are rented or offered for rent by any lessee, sublessee, or other tenant of such entire structures or premises: *Provided,* That all of the housing accommodations in such structures or premises are exempt or decontrolled under the provisions of this section and are not subject to the provisions of Subpart B.

(c) Sections 825.1 to 825.12, inclusive, do apply to an underlying lease of any entire structure or premises which was entered into after the maximum rent date and prior to the effective date of the regulation while such lease remains in force with no power in the tenant to cancel or otherwise terminate the lease, unless all of the housing accommodations in such structure are exempt or decontrolled under the provisions of this section and are not subject to the provisions of Subpart B.

(v) *Rented to National Housing Agency.* Housing accommodations rented to the United States acting by the National Housing Agency: *Provided, however,* That §§ 825.1 to 825.12, inclusive, do apply to a sublease or other subrenting of such accommodations or any part thereof.

(vi) *Resort housing*—(a) *Summer resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis prior to October 1, 1945, which were not rented during any portion of the period beginning on November 1, 1943, and ending on February 29, 1944.

This exemption shall be effective only from June 1 to September 30, inclusive, and shall not apply to housing accommodations in the Los Angeles Defense-Rental Area and in the Santa Cruz Defense-Rental Area.

(b) *Winter resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis prior to the effective date of regulation in the area, which were not rented during any portion of the period beginning on June 1, 1946, and ending on September 30, 1946: *Provided, however,* That the Area Rent Director may by order extend the above exemption to housing accommodations otherwise qualified which were rented or offered for rent for a period of not in excess of two weeks during the above period.

This exemption shall be effective only from October 1 to May 31.

(2) *Decontrolled housing to which §§ 825.1 to 825.12, inclusive, do not apply.* Sections 825.1 to 825.12 do not apply to the following:

(i) *Accommodations in hotels, motor courts, trailers and trailer spaces, and tourist homes.* (a) Housing accommodations in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep

of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (b) housing accommodations in establishments which were motor courts on June 30, 1947; (c) housing accommodations located in trailers and ground space rented for trailers; and (d) housing accommodations in any tourist home serving transient guests exclusively on June 30, 1947.

Reporting requirements. Every landlord of housing accommodations referred to in (a) and (d) of this subdivision (i) who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948, file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Accommodations created by new construction or conversion.* (a) Housing accommodations the construction of which was completed on or after February 1, 1947, or which are additional housing accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (1) occupied such housing accommodations, or (2) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (b) housing accommodations the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of housing accommodations shall be deemed to be "completed" shall be the date on which the dwelling is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (1) a change in a structure from a nonhousing to a housing use or (2) a structural change in a residential unit or units involving substantial alterations, or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Accommodations not rented for two-year period.* Housing accommodations which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as housing accommodations,

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (a) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and a tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(b) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (a) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.5, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All housing accommodations referred to in (a) of this subdivision (v) shall be subject to §§ 825.1 to 825.12, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the housing accommodations as were required to be provided by §§ 825.1 to 825.12, inclusive, prior to the effective date of the lease.

All housing accommodations referred to in (b) of this subdivision (v) shall be subject to §§ 825.1 to 825.12, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the housing accommodations which in the absence of a lease would be required to be provided by §§ 825.1 to 825.12, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All housing accommodations referred to in (a) and (b) of this subdivision (v) shall be subject to §§ 825.1 to 825.12, inclusive, if the lease is terminated or expires on or after April 1, 1948 and before March 31, 1949, unless a subsequent lease entered into under the provisions of (b) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D–92—Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (b) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter, of any termination of a lease referred to in (a) or (b) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within fifteen days after such termination or fifteen days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.1 to 825.12, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.1 to 825.12, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.1 to 825.12, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.1 to 825.12, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.1 to 825.12, inclusive.

§ 825.2 *Prohibition against higher than maximum rents*—(a) *General prohibition.* Regardless of any contract, agreement, lease, or other obligation heretofore or hereafter entered into, no person shall offer, demand or receive any rent for or in connection with the use or occupancy on and after the effective date of §§ 825.1 to 825.12, inclusive, of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by §§ 825.1 to 825.12, inclusive; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings, or equipment required under § 825.3 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.1 to 825.12, inclusive, may be demanded or received.

(b) *Lease with option to buy.* Where a lease of housing accommodations was entered into prior to the effective date of regulation (or prior to October 20, 1942, where the effective date of regulation is prior to that date) and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of §§ 825.1 to 825.12, inclusive, may be authorized to receive payment made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the area rent office and shall be granted by order of the Expediter if he finds that such payments

in excess of the maximum rent will not be inconsistent with the purposes of the Act or §§ 825.1 to 825.12, inclusive, and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain and the tenant shall be authorized to offer payments provided by the lease in excess of the maximum rent for periods commencing on or after the effective date of §§ 825.1 to 825.12, inclusive,. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of §§ 825.1 to 825.12, inclusive. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive or the tenant to offer payments in excess of the maximum rent in the absence of an order of the Expediter as herein provided. Where a lease of housing accommodations has been entered into on or after the effective date of regulation (or on or after October 20, 1942, where the effective date of regulation is prior to that date), and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive nor shall the tenant offer payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payment on or for the option to buy.

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand, receive or retain a security deposit for or in connection with the use or occupancy of housing accommodations within the Defense-Rental Area except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) or (b) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a) or (b), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent established under said section 4 (a) or (b).

(3) *Maximum rent established under section 4 (c) or (d) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodation is or initially was established under said section 4 (c) or (d), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter entered. Where such lease or other rental agreement provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(4) *Maximum rent established under section 4 (e) or 4 (j) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section (4) (e) or 4 (j), no security deposit shall be demanded or received.

(5) *Maximum rent established under section 4 (f) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (f), no security deposit shall be demanded, received, or retained.

(6) *Maximum rent established under section 4 (g) or 4 (h) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (g) or 4 (h), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations were or are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(7) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(8) *Deposits on certain leased furnished accommodations.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive and retain as a security deposit, the rent for the last rental period of the term, not exceeding one month, where a newly constructed housing accommodation is, or was, rented and occupied for the first time after March 25, 1947, fully furnished, under a written lease, or where such newly constructed housing accommodation was rented and occupied for the first time on or prior to March 25, 1947, fully furnished, under a written lease, and was constructed with a priority rating or under specific authorization by the United States or any agency thereof for which the rent was approved by the United States or any agency thereof and the entire project covered by the single priority application of which the housing accommodation was a part was not completed until after March 25, 1947.

(9) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c) any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular housing accommodations involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.3 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.4 (e) or § 825.5 (b) or as otherwise provided in this section, every landlord, shall, as a minimum, provide with housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.1 to 825.12, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.4 (b) (1), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.1 to 825.12, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.4 (b) (2), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.1 to 825.12, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.4 *Maximum rents*—(a) *Maximum rents in effect on June 30, 1947.* The maximum rent for any housing accommodation under §§ 825.1 to 825.12, inclusive, (unless and until changed by the Expediter as provided in § 825.5) shall be the maximum rent which was in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

landlord) as housing accommodations.

(b) *Maximum rent on termination of lease.* (1) For housing accommodations concerning which a lease as described in § 825.1 (b) (2) (v) (a) was in effect, but is terminated on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For housing accommodations concerning which a lease as described in § 825.1 (b) (2) (v) (b) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *First rent after June 30, 1947 (see also paragraph (e) of this section).* For controlled housing accommodations first rented on or after July 1, 1947, the maximum rent shall be the first rent for such accommodations. Within 30 days after so renting, the landlord shall register the accommodations as provided in § 825.7. The Expediter may order a decrease in the maximum rent as provided in §§ 825.5 (c) (1) and (6).

If the landlord fails to file a proper registration statement within the time specified, the rent received for any rental period commencing on or after the date of the first renting shall be received, subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.5 (c) (1) or (6). Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to file a proper registration statement within the time specified, the order under § 825.5 (c) may relieve the landlord of the duty to refund. The landlord shall have the duty to refund only if the order under § 825.5 (c) is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(d) *Housing subject to rent schedule of War or Navy Department.* Where housing accommodations on June 30, 1947 are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such housing accommodations cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or shall be established under paragraph (e) of this section.

(e) *Increase or decrease in space on or after April 1, 1948.* Where housing accommodations are changed on or after April 1, 1948, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change: *Provided, however,* That the Expediter at any time may order a decrease in the maximum rent as provided in §§ 825.5 (c) (1) and (6): *And provided further,* That the rent received for any rental period commencing on or after the date of the first renting shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.5 (c) (1) or (6). Such amount shall be refunded within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The order entered by the Expediter shall fix the maximum rent retroactively to the date of first renting after such change. The landlord shall, within 30 days after renting said accommodations, file a proper registration statement in the area office in accordance with the provisions of § 825.7. The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

§ 825.5 *Adjustments and other determinations.* This section sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (12), (13), (14), (15), (c) (6) and (8) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraphs (a) (6) and (c) (5) of this section, the adjustment may be on the basis of the rental agreement in force on the date determining the maximum rent: *Provided further,* That in cases under paragraphs (a) (3), (c) (1) and (3) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date, whichever is higher: *And provided, further,* That in cases under paragraph (i) of this section the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), (14), and (c) (6) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable housing accommodations during the year ending on the maximum rent date.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in costs of services, furniture, furnishings, or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (a) (12) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship.

In cases under paragraph (c) (8) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (12) of this section.

In cases under paragraph (a) (13) of this section the adjustment shall be in the amount of the difference between the rent on the date determining the maximum rent and the rent agreed upon by the landlord and tenant as a result of a continuous process of bargaining on inter-related matters.

In cases under paragraph (a) (15) of this section the adjustment shall be the amount of the rent increase granted by the appropriate agency of the United States.

In cases under paragraph (a) (16) of this section, the adjustment shall be in the amount necessary to relieve the controlled rental units of their share of the operating loss.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rent.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the grounds that:

(1) *Major capital improvement after effective date.* There has been on or after the effective date of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement, and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the housing accommodations by a major capital improvement, as distinguished from ordinary repair, replacement, and maintenance or a substantial increase in the services, furniture, furnishings, or equipment, and the rent on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings, or equipment provided with the housing accommodations since the date or order determining its maximum rent or a substantial increase in the living space since June 30, 1947 but before April 1, 1948. No increase in the maximum rent shall be ordered on the ground set forth in this paragraph (a) (3) unless the increase in living space, services, furniture, furnishings or equipment occurred with the consent of the tenant or while the accommodations were vacant: *Provided,* That an adjustment may be ordered, although the tenant refuses to consent to the increase in living space, services, furniture, furnishings or equipment, if the Expediter finds that such increase (i) is reasonably required for the operation of a multiple dwelling structure or other structure of which the accommodations are a part or (ii) is necessary for the preservation or maintenance of the accommodations.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal rents.* The rent on the date determining the maximum rent was substantially lower than at other times of year by reason of seasonal demand, or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Substantial increase in occupancy.* (i) There has been, since the date determining the maximum rent a substantial increase in the number of subtenants or other persons occupying the accommodations or a part thereof under a rental agreement with the tenant.

(ii) There has been, since the date determining the maximum rent a substantial increase in the number of occupants, in excess of normal occupancy for that class of accommodations on the maximum rent date.

(iii) There has been, since the date determining the maximum rent an increase in the number of occupants over the number contemplated by the rental agreement on the date determining the maximum rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

(9) [Revoked.]

(10) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations was originally established under section 4 (f) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the maximum rent date, or, if the accommodations were not rented on that date, prior to the first renting of the accommodations after that date, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodation is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, giving due consideration to general increases in cost of construction, if any, in the defense-rental area since the maximum rent date.

This paragraph (a) (10) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

(11) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(12) *Substantial hardship from increase in operating expenses.* The landlord is suffering a substantial hardship because his present net income for the property is less than his average annual net income for a prior base period due to an unavoidable increase in operating expenses. A petition for adjustment under this section must be filed on Form D–58 or D–58A, whichever is appropriate, provided by the Expediter, in accordance with instructions contained therein.

In proper cases increase in payroll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (12), the term:

(i) "Property" includes one or more structures operated as a single unit or enterprise.

(ii) "Present net income" means the amount determined by subtracting the operating expenses for the current year from the present annual income.

(iii) "Operating expenses" means all property taxes and other operating costs, including depreciation, but excluding interest, necessary to the operation and maintenance of the property properly chargeable and allocated to the current year, or base period, as the case may be.

(iv) "Current year" means: (a) the most recent calendar or fiscal year used by the landlord; or (b) any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition; *Provided, however,* That if an allowance is requested for increase in payroll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(v) "Present annual income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12, together with any other income earned from the operation of the property during the current year. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent. In any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rental during such year shall be considered the legal rent.

(vi) "Net income for the base period" means the amount determined by subtracting operating expenses for the base period from total income for the base period.

(vii) "Base period" means any period of two consecutive years prior to the current year but not beginning before January 1, 1939, which the Expediter finds to be representative of the property's normal operations: *Provided, however,* That where a representative period of two consecutive years is not available, the Expediter in his discretion may, for the purpose of this section, accept a representative period of not less than one year: *And provided further,* That where a previous adjustment was granted under this paragraph (a) (12) the base period shall be the current year used in obtaining that adjustment, except that the total income shall be appropriately adjusted in accordance with the previous adjustment.

(viii) "Total income for the base period" means total rental and other income earned from the property and the full rental value of any accommodations in the property occupied in whole or in part rent free.

In making adjustments under this paragraph (a) (12), the Expediter shall take into consideration any adjustments in maximum rents ordered after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this paragraph (a) (12) with respect to

housing accommodations regularly rented to employees of the landlord (so-called company housing).

In any case where a petition for adjustment under this paragraph (a) (12) was pending on June 30, 1948, the landlord may elect to have the petition processed under this section as it read prior to its amendment on July 10, 1948.

(13) *Rented to an employee of landlord.* The housing accommodations were rented to an employee of the landlord both on the date determining the maximum rent and at the time the order under this paragraph (a) (13) is issued; and after the date determining the maximum rent but prior to the effective date of regulation the landlord and tenant agreed, as the result of a continuous process of bargaining on interrelated matters, upon a wage increase and a rent increase, and the wage increase agreed upon has been put into effect.

(14) *Changes from year round to seasonal renting.* The accommodations are located in a resort community, are primarily adapted to occupancy on a seasonal basis, are vacant and the establishment of seasonal variations in the rent would not, in the opinion of the area rent director, be inconsistent with the purposes of the act.

(15) *Approval of higher rents for priority constructed housing.* The maximum rent was established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, and prior to final completion of all units included in a single priority application, but subsequent to the first renting of said accommodations, the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent was approved by such agency.

(16) *Landlord operating at a loss.* The landlord is operating at a loss. A landlord shall be considered to be operating at a loss if his operating expenses for the premises for the current year exceed his total annual income for such premises. A petition for adjustment under this section must be filed on form D–99, provided by the Expediter, and in accordance with instructions contained therein.

For the purposes of this paragraph (a) (16), the term:

(i) "Operating expenses" includes all property taxes and other operating costs, including depreciation (but excluding interest) necessary to the operation and maintenance of the premises properly chargeable and allocated to the "current year."

(ii) "Total annual income" means "present annual scheduled rental income" plus any other income earned from the operation of the premises during the current year.

(iii) "Present annual scheduled rental income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent, and in any case where a unit was rented on a seasonal or varying rental basis during the year, ending on the date the petition was filed, the average monthly rent during such year shall be considered the legal rent.

(iv) "Current year" means any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition: *Provided, however,* That such current year must extend at least 6 months beyond the last date of the "current year" used in a previous petition on which an adjustment was granted due to operating loss.

(v) "Depreciation" means any one of the following:

The amount shown on the landlord's income-tax return to the United States Bureau of Internal Revenue for the year including the maximum rent date; or,

Two and one-half percent of the value at which the building was assessed for tax purposes on the maximum rent date; or if it was not in existence on the maximum rent date, two and one-half percent of the first assessed value of the building; or,

The amount derived by multiplying the present annual scheduled rental income by the appropriate percentage as follows:

	Percent
For one or two-unit structures	21
For three or four-unit structures	16
For five or more unit structures	11

In making adjustments under this section the Expediter shall take into consideration any adjustments in maximum rents after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this section with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

(b) *Decreases in minimum services, furniture, furnishings, equipment, and space.*

(1) *Requirements for Petition and Order, or Report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, and equipment as required under § 825.3, unless and until he has filed a petition to decrease the services, furniture, furnishings, or equipment and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, or equipment below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases on or after April 1, 1948.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (3) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or April 1, 1948, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(3) *Adjustment in maximum rent for decreases prior to April 1, 1948.* Where a landlord decreased living space, services, furniture, furnishings, or equipment before April 1, 1948, while the accommodations were occupied, or decreased the living space, services, furniture, furnishings, or equipment during such period while the accommodations were vacant, and failed or fails to file a petition or a written report as was required by the provisions of this paragraph (b) prior to April 1, 1948, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is later shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in living space, services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with the provisions of this paragraph (b) in effect prior to April 1, 1948, the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable only on the grounds that:

(1) *Rent higher than rents generally prevailing.* The maximum rent for housing accommodations established under paragraph (c), (d), (e), (g), or (j) of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under § 825.4 (c) or (e) is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said housing accommodations was originally established under paragraph (c), (d), (e), or (j) of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1947 shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decreases in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.3 since the date or order determining the maximum rent or a substantial decrease in the living space since June 30, 1947 but before April 1, 1948.

(4) *Special relationship between landlord and tenant or peculiar circumstances.* The rent on the date determining the maximum rent was materially affected by the blood, personal, or other special relationship between the landlord and tenant, or by peculiar circumstances and as a result was substantially higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(5) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a lower rent at other periods during the term of such lease or agreement.

(6) *Seasonal rent.* The rent on the date determining the maximum rent was substantially higher than at other times of year by reason of seasonal demand or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(7) *Substantial decrease in occupancy.* There has been a substantial decrease in the number of subtenants or other occupants since an order under paragraph (a) (8) of this section or section 5 (a) (8) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.

(8) *Modification or elimination of necessity for increase under paragraph (a) (12) of this section, or section 5 (a) (12) of the Rent Regulation for Housing.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947 or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings and equipment included in such rent.

(e) *Sale of underlying lease or other rental agreement.* Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant, the tenant may petition the Expediter for leave to exercise any right he would have except for §§ 825.1 to 825.12, inclusive, to sell his underlying lease or other rental agreement. The Expediter may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result in the circumvention or evasion of the act or §§ 825.1 to 825.12, inclusive. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(g) *Adjustments in case of options to buy.* No adjustment in the maximum rent shall be ordered on the ground that the landlord has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are the subject of the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date, as a part of or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Expediter may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations not subject to an option to buy on the maximum rent date.

(h) *Public housing.* Where the maximum rent for any housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such accommodations may with the consent of the Expediter increase the maximum rent to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(i) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947, was established by an order issued under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.6 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Housing Expediter as he may, from time to time, require.

§ 825.7 *Registration*—(a) *Registration statement.* Every landlord of controlled housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended. For housing accommodations rented prior to June 1, 1947, such registration statement shall be filed on or before July 10, 1947. For housing accommodations first rented on or after June 1, 1947, such registration statement shall be filed on or before July 30, 1947, or within 30 days after first renting, whichever is later. The statement shall identify each dwelling unit and specify the maximum rent provided

by §§ 825.1 to 825.12, inclusive, for such dwelling unit and shall contain such other information as the Expediter shall require. The original shall remain on file with the Expediter and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement and shall obtain the tenant's signature and the date thereof, on the back of such statement.

When the maximum rent is changed by order of the Expediter, the landlord shall deliver his stamped copy of the registration statement to the area rent office for appropriate action reflecting such change.

Where, since the filing of the registration statement for any controlled housing accommodations, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity within 15 days after the change or July 1, 1947, whichever is later. If the new landlord indicates on the notice of change in identity that he has not obtained the landlord's copy of the original registration statement, the Expediter shall cause to be prepared and delivered to him a true copy of said original, which may be used to satisfy all requirements of this paragraph (a).

Any notice, order or other process or paper directed to the person named on the regislation statement as the landlord at the address given thereon, or, where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter) constitute notice to the person who is then the landlord.

The provisions of this section shall be applicable to any housing accommodation whose maximum rent was determined under section 4 (g) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, on its sale by the owning agency, and within thirty days after the sale of such accommodations the new landlord shall file a registration statement as provided in subsection (a) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a State of the United States or any of its political subdivisions, or any agency of the foregoing, paragraph (c) of this section shall continue to be applicable.

(b) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(c) *Exceptions from registration requirements*—(1) *Housing owned and constructed by governmental agencies.* The provisions of this section shall not apply to housing accommodations whose maximum rent was originally determined under section 4 (g) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the defense-rental area and containing such other information as the Expediter shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

(2) *Housing subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

(d) *Housing in Puerto Rico Defense-Rental Area.* The provisions of paragraph (d) of this section shall be substituted for the provisions of paragraph (a) of this section for housing accommodations in the Puerto Rico defense-rental area.

Every landlord of housing accommodations rented or offered for rent shall file in the area rent office a form provided by the area rent office for this purpose, unless a form was heretofore filed in accordance with the provisions of section 7 (d) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. For housing accommodations rented prior to June 1, 1947, such form shall be filed on or before July 10, 1947. For housing accommodations first rented on or after June 1, 1947, such form shall be filed on or before July 30, 1947, or within 30 days after first renting, whichever is later. The form shall identify each dwelling unit and shall specify the maximum rent provided by §§ 825.1 to 825.12, inclusive, for such dwelling unit and shall contain such other information as the Expediter shall require.

(1) *Notice of maximum rent.* The landlord shall prepare the form known as "Notice of Maximum Rent", if the maximum rent for the dwelling unit was originally determined under paragraph (a) of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. The landlord shall prepare the notice in duplicate and shall send one copy to the tenant and one copy to the area rent office.

(2) *Registration statement.* The landlord shall prepare the form known as "Registration Statement" if the maximum rent for the dwelling unit originally was, or is, determined otherwise than indicated in subparagraph (1) of this paragraph. The landlord shall prepare the registration statement in triplicate and shall send the three copies to the area rent office. The Expediter shall retain one copy on file and he shall cause one copy to be delivered to the tenant and one copy stamped to indicate that it is a correct copy of the original, to be returned to the landlord.

(3) *Change of landlord.* Where, since the filing of the notice of maximum rent or the registration statement for any controlled housing accommodations, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity, within fifteen days after the change or July 1, 1947, whichever is later. If the new landlord indicates on the notice of change in identity that he has not obtained the landlord's copy of the original registration statement, the Expediter shall cause to be prepared and delivered to him, a true copy of said original, which may be used to satisfy all the requirements of this paragraph.

Any notice, order or other process or paper directed to the person named on the registration statement or on the notice of maximum rent as the landlord at the address given thereon, or, where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter), constitute notice to the person who is then the landlord.

§ 825.8 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.1 to 825.12, inclusive, shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase or by modification of the practices relating to payment of commissions or other charges or by modification of the services furnished with housing accommodations, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting housing accommodations unless the prior written consent of the Expediter is obtained.

§ 825.9 *Enforcement.* Persons violating any provision of §§ 825.1 to 825.12, inclusive, are subject to civil enforcement actions and suits for treble damages as provided by the act.

§ 825.10 *Procedure.* All registration statements, reports and notices provided for by §§ 825.1 to 825.12, inclusive, shall be filed with the Area Rent Office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.12 *Adoption of orders.* All orders issued pursuant to section 2 (c), 2 (d) (3) and 2 (d) (7) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.1 to 825.12, inclusive, unless and until revoked or modified by the Expediter.

Effective March 26, 1948, the maximum rents for all housing accommodations in Orange County, California, a part of the Los Angeles Defense-Rental Area, shall be increased 7 percent except in cases in which the maximum rent has been established under § 825.4 (b). All provisions of §§ 825.1 to 825.12, inclusive, insofar as they are applicable to the Los Angeles Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

29. Provisions relating to Kalamazoo County, Michigan, in the Kalamazoo-Battle Creek Defense-Rental Area.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Effective March 31, 1948, the maximum rents for all housing accommodations in Kalamazoo County, Michigan, in the Kalamazoo-Battle Creek Defense-Rental Area shall be increased 3 per cent except in cases in which the maximum rent has been established under § 825.4 (b). All provisions of §§ 825.1 to 825.12, inclusive, insofar as they are applicable to the Kalamazoo-Battle Creek Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

30. Provisions relating to the Galesburg Defense-Rental Area, State of Illinois.

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Galesburg Defense-Rental Area shall be increased 18 percent, effective September 1, 1948, except in cases in which the maximum rents have been adjusted under § 825.5 (a) (12) prior to September 1, 1948. All provisions of §§ 825.1 to 825.12, inclusive, insofar as they are applicable to the Galesburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

31. Provisions relating to the City of Petersburg, Virginia, a portion of the Petersburg Defense-Rental Area.

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents are hereby increased, effective September 24, 1948, in the amount of 15 percent for all housing accommodations in the City of Petersburg, Virginia, a part of the Petersburg Defense-Rental Area, for which the maximum rents are determined under sections 4 (a) and 4 (b) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or § 825.5 in cases in which section 5 or § 825.5 of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided, however,* That no increase is hereby authorized of maximum rents which have been adjusted under § 825.5 (a) (16) or which have been adjusted on or after August 22, 1947, under § 825.5 (a) (12). All provisions of §§ 825.1 to 825.12, inclusive, insofar as they are applicable to the Petersburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

Effective date. This Controlled Housing Rent Regulation shall become effective July 1, 1947. [Originally issued June 30, 1947.]

CONTROLLED HOUSING RENT REGULATION FOR NEW YORK CITY DEFENSE-RENTAL AREA

§ 825.21 *Definitions and scope of §§ 825.21 to 825.32, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter or the Rent Director or such other person or persons as the Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the defense-rental area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area, or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area rent office" means the office of the Rent Director in the defense-rental area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use of or occupancy of such property.

"Controlled housing accommodations" means any housing accommodation in any defense-rental area which is not specifically exempted from control or decontrolled under §§ 825.21 to 825.32, inclusive.

"Services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodation, or an agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

"Rent" means the consideration, including any bonus, benefit, or gratuity, demanded or received for or in connection with the use or occupancy of housing accommodations or the transfer of a lease of such accommodations.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages or cabins; supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments; and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Maximum rent date" means March 1, 1943, the maximum rent date for the New York City Defense-Rental Area as established under the Emergency Price Control Act of 1942, as amended.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular housing accommodation in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.24 (b), (c), or (e), whichever is applicable.

"Effective date of regulation" means November 1, 1943, the effective date of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, for the New York City Defense-Rental Area. The term "Rent Regulation for Housing," as used in §§ 825.21 to 825.32, inclusive, means the Rent Regulation for Housing for the New York City Defense-Rental Area.

(a) *Housing and defense-rental area to which §§ 825.21 to 825.32, inclusive, apply.* Sections 825.21 to 825.32, inclusive, apply to all housing accommodations in the New York City Defense-Rental Area, consisting of the City of New York (including the boroughs of Bronx, Brooklyn, Manhattan, Queens, and Richmond) and the counties of Nassau and Suffolk in the State of New York, except as provided in paragraph (b) of this section. The New York City Defense-Rental Area is referred to hereinafter in §§ 825.21 to 825.32, inclusive, as the "defense-rental area."

(b) *Decontrolled and exempted housing to which §§ 825.21 to 825.32, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.21 to 825.32, inclusive, do not apply to the following:

(i) *Farming tenants.* Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Accommodations subject to the Rent Regulation for Controlled Rooms*

in Rooming Houses and other Establishments. Rooms or other housing accommodations subject to §§ 825.101 to 825.112, inclusive.

(iv) *Structures subject to underlying leases.* (*a*) Entire structures or premises wherein more than 25 rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises, except as provided in (*c*) of this subdivision (iv).

(*b*) Entire structures or premises where 25 or less rooms are rented or offered for rent by a lessee, sublessee, or other tenant of such entire structures or premises: *Provided,* That all of the housing accommodations in such structures or premises are exempt or decontrolled under the provisions of this section and are not subject to §§ 825.101 to 825.112, inclusive.

(*c*) Sections 825.21 to 825.32, inclusive, do apply to an underlying lease of any entire structure or premises which was entered into after the maximum rent date and prior to the effective date of the regulation while such lease remains in force with no power in the tenant to cancel or otherwise terminate the lease, unless all of the housing accommodations in such structure are exempt or decontrolled under the provisions of this section and are not subject to §§ 825.101 to 825.112, inclusive.

(v) *Rented to National Housing Agency.* Housing accommodations rented to the United States acting by the National Housing Agency: *Provided, however,* That §§ 825.21 to 825.32, inclusive, do apply to a sublease or other subrenting of such accommodations or any part thereof.

(vi) *Resort housing; summer resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis prior to October 1, 1945, which were not rented during any portion of the period beginning on November 1, 1943, and ending on February 29, 1944.

This exemption shall be effective only from June 1 to September 30, inclusive.

(2) *Decontrolled housing.* Sections 825.21 to 825.32, inclusive, do not apply to the following:

(i) *Accommodations in hotels, motor courts, trailers and trailer spaces, and tourist homes.* (*a*) Housing accommodations in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (*b*) housing accommodations in establishments which were motor courts on June 30, 1947; (*c*) housing accommodations located in trailers and ground space rented for trailers; and (*d*) housing accommodations in any tourist home serving transient guests exclusively on June 30, 1947.

Reporting requirements. Every landlord of housing accommodations referred to in (*a*) and (*d*) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948 file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Accommodations created by new construction or conversion.* (*a*) Housing accommodations the construction of which was completed on or after February 1, 1947, or which are additional housing accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veteran's Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (*1*) occupied such housing accommodations, or (*2*) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (*b*) housing accommodations the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of housing accommodations shall be deemed to be "completed" shall be the date on which the dwelling is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (*1*) a change in a structure from a nonhousing to a housing use or (*2*) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Accommodations not rented for two-year period.* Housing accommodations which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as housing accommodations.

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping, furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (*a*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(*b*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (*a*) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.25, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All housing accommodations referred to in (*a*) of this subdivision (v) shall be subject to §§ 825.21 to 825.32, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the housing accommodations as were required to be provided by §§ 825.21 to 825.32, inclusive, prior to the effective date of the lease.

All housing accommodations referred to in (*b*) of this subdivision (v) shall be subject to §§ 825.21 to 825.32, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the housing accommodations which in the absence of a lease would be required to be provided by §§ 825.21 to 825.32, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All housing accommodations referred to in (*a*) and (*b*) of this subdivision (v) shall be subject to §§ 825.21 to 825.32, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (*b*) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file form D–92–Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (*b*) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter of any termination of a lease referred to in (*a*) or (*b*) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within fifteen days after such termination or fifteen days after April 1, 1948, whichever is later.

(*c*) *Effect of §§ 825.21 to 825.32, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.21 to 825.32, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.21 to 825.32, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.21 to 825.32, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.21 to 825.32, inclusive.

§ 825.22 *Prohibition against higher than maximum rents.*—(a) *General prohibition.* Regardless of any contract, agreement, lease, or other obligation heretofore or hereafter entered into, no person shall offer, demand or receive any rent for or in connection with the use or occupancy on and after the effective date of §§ 825.21 to 825.32, inclusive, of any housing accommodations within the defense-rental area higher than the maximum rents provided by §§ 825.21 to 825.32, inclusive; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.23 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.21 to 825.32, inclusive, may be demanded or received.

(b) *Lease with option to buy.* Where a lease of housing accommodations was entered into prior to November 1, 1943, and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of §§ 825.21 to 825.32, inclusive, may be authorized to receive payment made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the area rent office and shall be granted by order of the Expediter if he finds that such payments in excess of the maximum rent will not be inconsistent with the purposes of the act or §§ 825.21 to 825.32, inclusive, and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain, and the tenant shall be authorized to offer, payments provided by the lease in excess of the maximum rent for periods commencing on or after November 1, 1943. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of §§ 825.21 to 825.32, inclusive. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive, or the tenant to offer, payments in excess of the maximum rent in the absence of an order of the Expediter as herein provided. Where a lease of housing accommodations has been entered into on or after November 1, 1943, and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive, nor shall the tenant offer, payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payments on or for the option to buy.

(c) *Security deposits.*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand, receive or retain a security deposit for or in connection with the use or occupancy of housing accommodations within the defense-rental area except as provided in this paragraph (c). The term "security deposit," in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) or (b) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a) or (b), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent established under said section 4 (a) or (b).

(3) *Maximum rent established under section 4 (c) or (d) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (c) or (d), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter entered. Where such lease or other rental agreement provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(4) *Maximum rent established under section 4 (e) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (e), no security deposit shall be demanded or received.

(5) *Maximum rent established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (f), no security deposit shall be demanded, received, or retained.

(6) *Maximum rent established under section 4 (g) or (h) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (g) or (h), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations were or are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(7) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(8) *Deposits on certain leased furnished accommodations.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain as a security deposit the rent for the last rental period of the term, not exceeding one month, where a newly constructed housing accommodation is, or was, rented and occupied for the first time after March 25, 1947, fully furnished, under a written lease, or where such newly constructed housing accommodation was rented and occupied for the first time on or prior to March 25, 1947, fully furnished, under a written lease, and was constructed with a priority rating or under specific authorization by the United States or any agency thereof for which the rent was approved by the United States or any agency thereof and the entire project covered by the single priority application of which the housing accommodation was a part was not completed until after March 25, 1947.

(9) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collec-

tion of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular housing accommodations involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.23 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.24 (c) or § 825.25 (b) or as otherwise provided in this section, every landlord shall, as a minimum, provide with housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.21 to 825.32, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.24 (b) (1), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.21 to 825.32, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.24 (b) (2), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.21 to 825.32, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings, and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.24 *Maximum rents*—(a) *Maximum rents in effect on June 30, 1947.* The maximum rent for any housing accommodation under §§ 825.21 to 825.32, inclusive, (unless and until changed by the Expediter as provided in § 825.25), shall be the maximum rent which was in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For housing accommodations concerning which a lease as described in § 825.21 (b) (2) (v) (*a*) was in effect, but is terminated on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For housing accommodations concerning which a lease as described in § 825.21 (b) (2) (v) (*b*) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *First rent after June 30, 1947 (see also paragraph (e) of this section.* For controlled housing accommodations first rented on or after July 1, 1947, the maximum rent shall be the first rent for such accommodations. Within 30 days after so renting, the landlord shall register the accommodations as provided in § 825.27. The Expediter may order a decrease in the maximum rent as provided in § 825.25 (c) (1) and (6).

If the landlord fails to file a proper registration statement within the time specified, the rent received for any rental period commencing on or after the date of the first renting shall be received, subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.25 (c) (1) or (6). Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to file a proper registration statement within the time specified, the order under § 825.25 (c) may relieve the landlord of the duty to refund. The landlord shall have the duty to refund only if the order under § 825.25 (c) is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(d) *Housing subject to rent schedule of War or Navy Department.* Where housing accommodations on June 30, 1947, are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such housing accommodations cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or shall be established under paragraph (c) of this section.

(e) *Increase or decrease in space on or after April 1, 1948.* Where housing accommodations are changed on or after April 1, 1948, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change: *Provided, however,* That the Expediter at any time may order a decrease in the maximum rent as provided in § 825.25 (c) (1) and (6): *And provided further,* That the rent received for any rental period commencing on or after the date of the first renting shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.25 (c) (1) or (6). Such amount shall be refunded within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The order entered by the Expediter shall fix the maximum rent retroactively to the date of first renting after such change. The landlord shall, within 30 days after renting said accommodations, file a proper registration statement in the area office in accordance with the provisions of § 825.27. The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

§ 825.25 *Adjustments and other determinations.* This section sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (12), (13), (14), (15), (c) (6), (8) and (9) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraphs (a) (6) and (c) (5) of this section, the adjustment may be on the basis of the rental agreement in force on the date determining the maximum rent: *Provided further,* That in cases under paragraphs (a) (3), (c) (1) and (3) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date, whichever is higher: *And provided further,* That in cases under paragraph (i) of this section the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), (14), and (c) (6) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable housing accommodations during the year ending on September 30, 1943.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in costs of services, furniture, furnishings or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (c) (8) of this section the adjustment shall be on the basis of the average rent during the period of occupancy of the lease or other rental agreement in effect on the date determining the maximum rent.

In cases under paragraph (a) (12) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship.

In cases under paragraph (c) (9) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (12) of this section.

In cases under paragraph (a) (13) of this section the adjustment shall be in the amount of the difference between the rent on the date determining the maximum rent and the rent agreed upon by the landlord and tenant as a result of a continuous process of bargaining on interrelated matters.

In cases under paragraph (a) (15) of this section the adjustment shall be the amount of the rent increase granted by the appropriate agency of the United States.

In cases under paragraph (a) (16) of this section, the adjustment shall be in the amount necessary to relieve the controlled rental units of their share of the operating loss.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rent.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the grounds that:

(1) *Major capital improvement after effective date.* There has been on or after the effective date of the rent regulation for housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the housing accommodations by a major capital improvement, as distinguished from ordinary repair, replacement, and maintenance or a substantial increase in the services, furniture, furnishings, or equipment, and the rent on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent or a substantial increase in the living space since June 30, 1947. No increase in the maximum rent shall be ordered on the ground set forth in this paragraph (a) (3) unless the increase in living space, services, furniture, furnishings or equipment occurred with the consent of the tenant or while the accommodations were vacant: *Provided,* That an adjustment may be ordered, although the tenant refuses to consent to the increase in living space, services, furniture, furnishings or equipment, if the Expediter finds that such increase (i) is reasonably required for the operation of a multiple dwelling structure or other structure of which the accommodations are a part or (ii) is necessary for the preservation or maintenance of the accommodations.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal rents.* The rent on the date determining the maximum rent was substantially lower than at other time of year by reason of seasonal demand, or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Substantial increase in occupancy.* (i) There has been, since the date determining the maximum rent a substantial increase in the number of subtenants or other persons occupying the accommodations or a part thereof under a rental agreement with the tenant.

(ii) There has been, since the date determining the maximum rent a substantial increase in the number of occupants, in excess of normal occupancy for that class of accommodations on the maximum rent date.

(iii) There has been, since the date determining the maximum rent an increase in the number of occupants over the number contemplated by the rental agreement on the date determining the maximum rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

(9) [Revoked.]

(10) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations was originally established under section 4 (f) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the maximum rent date, or, if the accommodations were not rented on that date, prior to the first renting of the accommodations after that date, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, giving due consideration to general increases in costs of construction, if any, in the defense-rental area since the maximum rent date.

This paragraph (a) (10) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

(11) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(12) *Substantial hardship from increase in operating expenses.* The landlord is suffering a substantial hardship because his present net income for the property is less than his average annual net income for a prior base period due to an unavoidable increase in operating expenses. A petition for adjustment under this section must be filed on Form D–58 or D–58A, whichever is appropriate, provided by the Expediter, in accordance with instructions contained therein.

In proper cases increase in payroll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (12), the terms:

(i) "Property" includes one or more structures operated as a single unit or enterprise.

(ii) "Present net income" means the amount determined by subtracting the operating expenses for the current year from the present annual income.

(iii) "Operating expenses" means all property taxes and other operating costs, including depreciation, but excluding interest, necessary to the operation and maintenance of the property properly chargeable and allocated to the current year, or base period, as the case may be.

(iv) "Current year" means: (*a*) the most recent calendar or fiscal year used by the landlord; or (*b*) any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition; *Provided, however,* That if an allowance is requested for increase in payroll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(v) "Present annual income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12, together with any other income earned from the operation of the property during the current year. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent. In any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rental during such year shall be considered the legal rent.

(vi) "Net income for the base period" means the amount determined by subtracting operating expenses for the base period from total income for the base period.

(vii) "Base period" means any period of two consecutive years prior to the current year but not beginning before January 1, 1939, which the Expediter finds to be representative of the property's normal operations: *Provided, however,* That where a representative period of two consecutive years is not available, the Expediter in his discretion may, for the purpose of this section, accept a representative period of not less than one year: *And provided further,* That where a previous adjustment was granted under this paragraph (a) (12) the base period shall be the current year used in obtaining that adjustment, except that the total income shall be appropriately adjusted in accordance with the previous adjustment.

(viii) "Total income for the base period" means total rental and other income earned from the property and the full rental value of any accommodations in the property occupied in whole or in part rent free.

In making adjustments under this paragraph (a) (12), the Expediter shall take into consideration any adjustments in maximum rents ordered after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this paragraph (a) (12) with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

In any case where a petition for adjustment under this paragraph (a) (12) was pending on June 30, 1948, the landlord may elect to have the petition processed under this section as it read prior to its amendment on July 10, 1948.

(13) *Rented to an employee of landlord.* The housing accommodations were rented to an employee of the landlord both on the date determining the maximum rent and at the time the order under this paragraph (a) (13) is issued, and after the date determining the maximum rent but prior to the effective date of regulation the landlord and tenant agreed, as the result of a continucus process of bargaining on interrelated matters, upon a wage increase and a rent increase, and the wage increase agreed upon has been put into effect.

(14) *Changes from year-round to seasonal renting.* The accommodations are located in a resort community, are primarily adapted to occupancy on a seasonal basis, are vacant and the establishment of seasonal variations in the rent would not, in the opinion of the area rent director, be inconsistent with the purposes of the act.

(15) *Approval of higher rents for priority constructed housing.* The maximum rent was established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, and prior to final completion of all units included in a single priority application, but subsequent to the first renting of said accommodations, the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent was approved by such agency.

(16) *Landlord operating at a loss.* The landlord is operating at a loss. A landlord shall be considered to be operating at a loss if his operating expenses for the premises for the current year exceed his total annual income for such premises. A petition for adjustment under this section must be filed on form D–99, provided by the Expediter, and in accordance with instructions contained therein.

For the purposes of this paragraph (a) (16), the term:

(i) "Operating expenses" includes all property taxes and other operating costs, including depreciation (but excluding interest) necessary to the operation and maintenance of the premises properly chargeable and allocated to the "current year."

(ii) "Total annual income" means "present annual scheduled rental income" plus any other income earned from the operation of the premises during the current year.

(iii) "Present annual scheduled rental income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent, and in any case where a unit was rented on a seasonal or varying rental basis during the year, ending on the date the petition was filed, the average monthly rent during such year shall be considered the legal rent.

(iv) "Current year" means any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition: *Provided, however,* that such current year must extend at least 6 months beyond the last date of the "current year" used in a previous petition on which an adjustment was granted due to operating loss.

(v) "Depreciation" means any one of the following:

The amount shown on the landlord's income tax return to the United States Bureau of Internal Revenue for the year including the maximum rent date; or,

Two and one-half percent of the value at which the building was assessed for tax purposes on the maximum rent date; or if it was not in existence on the maximum rent date, two and one-half percent of the first assessed value of the building; or,

The amount derived by multiplying the present annual scheduled rental income by the appropriate percentage as follows:

	Percent
For one or two-unit structures	21
For three or four-unit structures	16
For five or more unit structures	11

In making adjustments under this section the Expediter shall take into consideration any adjustments in maximum rents after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this section with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

(b) *Decreases in minimum services, furniture, furnishings, equipment, and space.* (1) *Requirements for petition and order, or report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings and equipment as required under § 825.23, unless and until he has filed a petition to decrease the services, furniture, furnishings, or equipment and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, or equipment below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases on and after April 1, 1948.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (3) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or April 1, 1948, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(3) *Adjustment in maximum rent for decreases prior to April 1, 1948.* Where a landlord decreased living space, services, furniture, furnishings, or equipment before April 1, 1948, while the accommodations were occupied, or decreased the living space, services, furniture, furnishings, or equipment during such period while the accommodations were vacant, and failed or fails to file a petition or a written report as was required by the provisions of this paragraph (b) prior to April 1, 1948, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in living space, services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with the provisions of this paragraph (b) in effect prior to April 1, 1948, the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable only on the grounds that:

(1) *Rent higher than rents generally prevailing.* The maximum rent for housing accommodations established under paragraph (c), (d), (e), or (g), of section 4 of the Rent Regulation for Housing for the New York City Defense-Rental Area, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under § 825.24 (c) or (e) is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said housing accommodations was originally established under paragraph (c), (d), or (e), of section 4 of the Rent Regulation for Housing for the New York City Defense-Rental Area, issued pursuant to the Emergency Price Control Act of 1942, as amended, and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1947 shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decrease in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.23 since the date or order determining the maximum rent or a substantial decrease in the living space since June 30, 1947, but before April 1, 1948.

(4) *Special relationship between landlord and tenant or peculiar circumstances.* The rent on the date determining the maximum rent was materially affected by the blood, personal, or other special relationship between the landlord and tenant, or by peculiar circumstances and as a result was substantially higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(5) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a lower rent at other periods during the term of such lease or agreement: *Provided,* That this subparagraph shall not apply to cases covered by paragraph (c) (8) of this section.

(6) *Seasonal rent.* The rent on the date determining the maximum rent was substantially higher than at other times of year by reason of seasonal demand or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(7) *Substantial decrease in occupancy.* There has been a substantial decrease in the number of subtenants or other occupants since an order under paragraph (a) (8) of this section or section 5 (a) (8) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.

(8) *Rent concession.* The rent on the date determining the maximum rent was established by a lease or other rental agreement for a period of occupancy of one or more years, which provided for a rent concession during such period of occupancy in the form of either a rent-free period or an abatement of rent.

(9) *Modification or elimination of necessity for increase under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations, which order shall be effective to establish the maximum rent from July 1, 1947, or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings and equipment included in such rent.

(e) *Sale of underlying lease or other rental agreement.* Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant the tenant may petition the Expediter for leave to exercise any right he would have except for §§ 825.21 to 825.32, inclusive, to sell his underlying lease or other rental agreement. The Expediter may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result in the circumvention or evasion of the act or §§ 825.21 to 825.32, inclusive. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(g) *Adjustments in case of options to buy.* No adjustment in the maximum rent shall be ordered on the ground that the landlord has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are the subject of the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date, as a part of or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Expediter may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable housing accommodations not subject to an option to buy on the maximum rent date.

(h) *Public housing.* Where the maximum rent for any housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such accommodations may with the consent of the Expediter increase the maximum rents to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(i) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947 was established by an order issued under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.26 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Expediter as he may, from time to time, require.

§ 825.27 *Registration*—(a) *Registration statement.* Every landlord of controlled housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. For housing accommodations rented prior to June 1, 1947, such registration statement shall be filed on or before July 10, 1947. For housing accommodations first rented on or after June 1, 1947, such registration statement shall be filed on or before July 30, 1947, or within 30 days after first renting, whichever is later. The statement shall identify each dwelling unit and specify the maximum rent provided by §§ 825.21 to 825.32, inclusive, for such dwelling unit and shall contain such other information as the Expediter shall require. The original shall remain on file with the Expediter and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement and shall obtain the tenant's signature and the date thereof on the back of such statement.

When the maximum rent is changed by order of the Expediter, the landlord shall deliver his stamped copy of the registration statement to the area rent office for appropriate action reflecting such change.

Where, since the filing of the registration statement for any controlled housing accommodations, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity within 15 days after the change, or July 1, 1947, whichever is later. If the new landlord indicates on the notice of change in identity that he has not obtained the landlord's copy of the original registration statement, the Expediter shall cause to be prepared and delivered to him a true copy of said original, which may be used to satisfy all requirements of this paragraph (a).

Any notice, order or other process or paper directed to the person named on the registration as the landlord at the address given thereon, or, where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter) constitute notice to the person who is then the landlord.

The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (g) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, on its sale by the owning agency, and within thirty days after the sale of such accommodations the new landlord shall file a registration statement as provided in paragraph (a) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a State of the United States or any of its political subdivisions, or any agency of the foregoing, paragraph (c) of this section shall continue to be applicable.

(b) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(c) *Exceptions from registration requirements*—(1) *Housing owned and constructed by governmental agencies.* The provisions of this section shall not apply to housing accommodations whose maximum rent was originally determined under section 4 (g) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the defense-rental area and containing such other information as the Expediter shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

(2) *Housing subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 825.28 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.21 to 825.32, inclusive, shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase or by modification of the practices relating to payment of commissions or other charges or by modification of the services furnished with housing accommodations, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting housing accommodations unless the prior written consent of the Expediter is obtained.

§ 825.29 *Enforcement.* Persons violating any provision of §§ 825.21 to 825.32, inclusive, are subject to civil enforcement actions and suits for treble damages as provided by the act.

§ 825.30 *Procedure.* All registration statements, reports and notices provided for by §§ 825.21 to 825.32, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.32 *Adoption of orders.* All orders issued pursuant to section 2 (c), (d) (3) and (7) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.21 to 825.32, inclusive, unless and until revoked or modified by the Expediter.

Effective date. This Controlled Housing Rent Regulation for the New York City Defense-Rental Area shall become effective July 1, 1947. [Originally issued June 30, 1947.]

CONTROLLED HOUSING RENT REGULATION FOR MIAMI DEFENSE-RENTAL AREA

§ 825.41 *Definitions and scope of §§ 825.41 to 825.52, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter or the Rent Director or such other person or persons as the Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a Defense-Rental Area, or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area Rent Office" means the office of the Rent Director in the Defense-Rental Area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the aforegoing.

"Housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Controlled housing accommodations" means any housing accommodation in the Defense-Rental Area which is not specifically exempted from control or decontrolled under §§ 825.41 to 825.52, inclusive.

"Services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, and removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations, or an agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

"Rent" means the consideration, including any bonus, benefit, or gratuity, demanded or received for or in connection with the use or occupancy of housing accommodations or the transfer of a lease of such accommodations.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages or cabins; supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishment; and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Maximum rent date" means September 1, 1943, the maximum rent date for the Miami County Defense-Rental Area as established under the Emergency Price Control Act of 1942, as amended.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular housing accommodation in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.44 (b), (c), or (e), whichever is applicable.

"Effective date of regulation" means November 1, 1943, the effective date of all provisions of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, except as to section 7 of that regulation which became effective October 1, 1943 in the County of Dade and October 15, 1943 in the City of Hollywood and the Town of Hallandale in the County of Broward, in the State of Florida.

The term "Rent Regulation for Housing" as used in §§ 825.41 to 825.52, inclusive, means the Rent Regulation for Housing for the Miami Defense-Rental Area.

(a) *Housing and defense-rental area to which §§ 825.41 to 825.52, inclusive, apply.* Sections 825.41 to 825.52, inclusive, apply to all housing accommodations in the Miami Defense-Rental Area, consisting of the County of Dade and the City of Hollywood and the Town of Hallandale in the County of Broward in the State of Florida, except as provided in paragraph (b) of this section. The Miami Defense-Rental Area is referred to hereinafter in §§ 825.41 to 825.52, inclusive, as the "Defense-Rental Area."

(b) *Decontrolled and exempted housing to which §§ 825.41 to 825.52, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.41 to 825.52, inclusive, do not apply to the following:

(i) *Farming tenants.* Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Accommodations subject to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments.* Rooms or other housing accommodations subject to §§ 825.121 to 825.132, inclusive.

(iv) *Structures subject to underlying leases.* (a) Entire structures or premises wherein more than 25 rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises, except as provided in (c) of subdivision (iv).

(b) Entire structures or premises where 25 or less rooms are rented or offered for rent by any lessee, sublessee, or other tenant of such entire structures or premises: *Provided,* That all of the housing accommodations in such structures or premises are exempt or decontrolled under the provisions of this section and are not subject to §§ 825.121 to 825.132, inclusive.

(c) Sections 825.41 to 825.52, inclusive, do apply to an underlying lease of any entire structure or premises which was entered into after the maximum rent date and prior to the effective date of the regulation while such lease remains in force with no power in the tenant to cancel or otherwise terminate the lease, unless all of the housing accommodations in such structure are exempt or decontrolled under the provisions of this section and are not subject to §§ 825.121 to 825.132, inclusive.

(v) *Rented to National Housing Agency.* Housing accommodations rented to the United States acting by the National Housing Agency: *Provided, however,* That §§ 825.41 to 825.52, inclusive, do apply to a sublease or other subrenting of such accommodations or any part thereof.

(vi) *Winter resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis prior to November 1, 1943, which were not rented during any portion of the period beginning on June 1, 1946, and ending on September 30, 1946: *Provided, however,* That the Area Rent Director may by order extend the above exemption to housing accommodations otherwise qualified which were rented or offered for rent for a period of not in excess of two weeks during the above period.

This exemption shall be effective only from October 1 to May 31.

(vii) *Tourist tenants.* Housing accommodations located in a resort community which, during at least six months of the year ending May 31, 1947, were either rented to tourist tenants or vacant, or both, and which were rented to a tourist tenant or not rented on May 31,

1947. This exemption shall apply to such accommodations only while rented to tourist tenants. For the purpose of this section, the term "tourist tenant" shall mean a tenant having his domicile outside of the resort community who is, or was, temporarily residing within such community: *Provided, however,* That the term shall not include a tenant who has continuously resided in the resort community for a period of more than nine months immediately prior to May 31, 1947, or more than nine months immediately prior to the date of renting the accommodations, whichever is the later.

(2) *Decontrolled housing.* Sections 825.41 to 825.52, inclusive, do not apply to the following:

(i) *Accommodations in hotels, motor courts, trailers and trailer spaces, and tourist homes.* (*a*) Housing accommodations in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (*b*) housing accommodations in establishments which were motor courts on June 30, 1947; (*c*) housing accommodations located in trailers and ground space rented for trailers; and (*d*) housing accommodations in any tourist home serving transient guests exclusively on June 30, 1947.

Reporting requirements. Every landlord of housing accommodations referred to in (*a*) and (*b*) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall, on or before June 1, 1948, file in the Area Rent Office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Accommodations created by new construction or conversion.* (*a*) Housing accommodations the construction of which was completed on or after February 1, 1947, or which are additional housing accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (*1*) occupied such housing accommodations, or (*2*) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (*b*) housing accommodations the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of housing accommodations shall be deemed to be "completed" shall be the date on which the dwelling is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (*1*) a change in a structure from a nonhousing to a housing use or (*2*) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Accommodations not rented for two-year period.* Housing accommodations which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as housing accommodations.

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (*a*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(*b*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (*a*) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.45, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All housing accommodations referred to in (*a*) of this subdivision (v) shall be subject to §§ 825.41 to 825.52, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the housing accommodations as were required to be provided by §§ 825.41 to 825.52, inclusive, prior to the effective date of the lease.

All housing accommodations referred to in (*b*) of this subdivision (v) shall be subject to §§ 825.41 to 825.52, inclusive, unless the lease provides for the same living space, services, furniture, furnishings and equipment with the housing accommodations which in the absence of a lease would be required to be provided by §§ 825.41 to 825.52, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All housing accommodations referred to in (*a*) and (*b*) of this subdivision (v) shall be subject to §§ 825.41 to 825.52, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (*b*) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D–92—Registration of Lease—in triplicate— with the true and duly executed copy of the lease required to be filed in (*b*) of this subdivision (v).

A landlord shall file a report in the area rent office, on a form provided by the Expediter, of any termination of a lease referred to in (*a*) or (*b*) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within fifteen days after such termination or fifteen days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.41 to 825.52, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.41 to 825.52, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.41 to 825.52, inclusive, is void. A tenant shall not be entitled by reason of this regulation to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.41 to 825.52, inclusive.

§ 825.42 *Prohibition against higher than maximum rents.*—(a) *General prohibition.* Regardless of any contract, agreement, lease, or other obligation heretofore or hereafter entered into, no person shall offer, demand or receive any rent for or in connection with the use or occupancy on and after the effective date of §§ 825.41 to 825.52, inclusive, of any housing accommodations within the Defense-Rental Area higher than the maximum rents provided by §§ 825.41 to 825.52, inclusive; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.43 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.41 to 825.52, inclusive, may be demanded or received.

(b) *Lease with option to buy.* Where a lease of housing accommodations was entered into prior to the effective date of regulation and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of §§ 825.41 to 825.52, inclusive, may be authorized to receive payment made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the Area Rent Office and shall be granted by order of the Expediter if he finds that such payments in excess of the maximum rent will not be inconsistent with the purposes of the act or §§ 825.41 to 825.52, inclusive, and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain and the tenant shall be authorized to offer payments provided by the lease in excess of the maximum rent for periods commencing on or after the effective date of §§ 825.41 to 825.52, inclusive. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of §§ 825.41 to 825.52, inclusive. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive or the tenant to offer payments in excess of the maximum rent in the absence of an order of the Expediter as herein provided. Where a lease of housing accommodations has been entered into on or after the effective date of regulation, and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive nor shall the tenant offer payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payments on or for the option to buy.

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand, receive or retain a security deposit for or in connection with the use or occupancy of housing accommodations within the defense-rental area except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent established under said section 4 (a).

(3) *Maximum rent established under section 4 (b) or (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (b) or (f), no security deposit shall be demanded or received.

(4) *Maximum rent established under section 4 (c) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (c), no security deposit shall be demanded, received, or retained.

(5) *Maximum rent established under section 4 (d) or (e) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (d) or (e), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations were or are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(6) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(7) *Deposits on certain furnished leased accommodations.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive and retain as a security deposit, the rent for the last rental period of the term, not exceeding one month, where a newly constructed housing accommodation is, or was, rented and occupied for the first time after March 25, 1947, fully furnished, under a written lease, or where such newly constructed housing accommodation was rented and occupied for the first time on or prior to March 25, 1947, fully furnished, under a written lease, and was constructed with a priority rating or under specific authorization by the United States or any agency thereof for which the rent was approved by the United States or any agency thereof and the entire project covered by the single priority application of which the housing accommodation was a part was not completed until after March 25, 1947.

(8) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular housing accommodations involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.43 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.44 (e) or 825.45 (b) or as otherwise provided in this section, every landlord, shall, as a minimum, provide with housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.41 to 825.52, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.44 (b) (1), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.41 to 825.52, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.44 (b) (2), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.41 to 825.52, inclusive, in the absence of a lease, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.44 (a) *Maximum rents in effect on June 30, 1947.* The maximum rent for any housing accommodation under §§ 825.41 to 825.52, inclusive (unless and until changed by the Expediter as provided in § 825.45), shall be the maximum rent which was in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the

applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For housing accommodations concerning which a lease as described in § 825.41 (b) (2) (v) (a) was in effect, but is terminating on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease, or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For housing accommodations concerning which a lease as described in § 825.41 (b) (2) (v) (b) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *First rent after June 30, 1947 (see also paragraph (e) of this section).* For controlled housing accommodations first rented on or after July 1, 1947, the maximum rent shall be the first rent for such accommodations or one-twelfth of the total rent for the year ending on August 31, 1943, whichever is the higher. Within 30 days after so renting, the landlord shall register the accommodations as provided in § 825.47. The Expediter may order a decrease in the maximum rent as provided in § 825.45 (c) (1).

If the landlord fails to file a proper registration statement within the time specified, the rent received for any rental period commencing on or after the date of the first renting shall be received, subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.45 (c) (1). Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to file a proper registration statement within the time specified, the order under § 825.45 (c) may relieve the landlord of the duty to refund. The landlord shall have the duty to refund only if the order under § 825.45 (c) is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(d) *Housing subject to schedule of War or Navy Department.* Where housing accommodations on June 30, 1947 are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such housing accommodations cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or shall be established under paragraph (c) of this section.

(e) *Increase or decrease in space on or after April 1, 1948.* Where housing accommodations are changed on or after April 1, 1948, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change: *Provided, however,* That the Expediter at any time may order a decrease in the maximum rent as provided in § 825.45 (c) (1) and (6): *And provided further,* That the rent received for any rental period commencing on or after the date of the first renting shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.45 (c) (1) or (6). Such amount shall be refunded within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The order entered by the Expediter shall fix the maximum rent retroactively to the date of first renting after such change. The landlord shall, within 30 days after renting said accommodations, file a proper registration statement in the area office in accordance with the provisions of § 825.47. The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

§ 825.45 *Adjustments and other determinations.* Section 825.45 sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In cases under paragraphs (a) (2), (8), (9), (11), (c) (1), (3), and (5), the adjustment of the maximum rent shall be on the basis of the maximum rent which the Expediter finds is generally prevailing in the defense-rental area for comparable housing accommodations.

In cases under paragraphs (a) (1), (3), (6), (c) (2), (4) and (6), the adjustment of the maximum rent shall be the amount the Expediter finds would have been, on September 1, 1943, or during the year ending on August 31, 1943, the difference in the rental value of the housing accommodations by reason of the change upon which the adjustment is based: *Provided,* That in cases under paragraphs (a) (3), (c) (1) and (4) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date, whichever is higher.

In cases under paragraph (h), the adjustment of the maximum rent shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations during the corresponding month of the year ending on August 31, 1943.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In the cases involving a major capital improvement, an increase or decrease in the services, furniture, furnishings or equipment, an increase or decrease in the number of subtenants or other occupants, or a deterioration, no adjustment shall be ordered to the extent that a rent used in establishing the maximum rent was fixed in contemplation of and so as to reflect such change.

In cases under paragraph (a) (10) of this section the maximum rent shall be adjusted to an amount to be ascertained by adding to the total rent for the year ending on August 31, 1943, an amount equal to the rent for the housing accommodations during the month or months of that year most nearly comparable to the month or months during which the accommodations were not rented, and dividing by twelve.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in costs of services, furniture, furnishings or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (a) (12) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship.

In cases under paragraph (c) (7) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (12) of this section.

In cases under paragraph (a) (13) of this section the adjustment shall be in the amount of the difference between the rent on the date determining the maximum rent and the rent agreed upon by the landlord and tenant as a result of a continuous process of bargaining on interrelated matters.

In cases under paragraph (a) (14) of this section, the adjustment shall be the amount of the rent increase granted by the appropriate agency of the United States.

In cases under paragraph (j) of this section the adjustment shall be in the amount necessary to correct the error.

In cases under paragraph (a) (15) of this section, the adjustment shall be in the amount necessary to relieve the controlled rental units of their share of the operating loss.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rent.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the grounds that:

(1) *Major capital improvement after September 1, 1943.* There has been, since September 1, 1943, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Major capital improvement or change to furnished prior to September 1, 1943.* There was during the year ending on August 31, 1943, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance, or a change from unfurnished to fully furnished, and as a result the maximum rent for the housing accommodations is substantially lower than the maximum rent generally prevailing in the defense-rental area for comparable housing accommodations.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been, since September 1, 1943, a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations or a substantial increase in the living space since June 30, 1947, but before April 1, 1948. No increase in the maximum rent shall be ordered on the ground set forth in this paragraph (a) (3) unless the increase in living space, services, furniture, furnishings or equipment occurred with the consent of the tenant or while the accommodations were vacant: *Provided,* That an adjustment may be ordered, although the tenant refuses to consent to the increase in living space, services, furniture, furnishings or equipment, if the Expediter finds that such increase (i) is reasonably required for the operation of a multiple dwelling structure or other structure of which the accommodations are a part or (ii) is necessary for the preservation or maintenance of the accommodations.

(4) [Revoked.]

(5) [Revoked.]

(6) *Substantial increase in occupancy.* (i) There has been, since the date determining the maximum rent a substantial increase in the number of subtenants or other persons occupying the accomodations or a part thereof under a rental agreement with the tenant.

(ii) There has been, since the date determining the maximum rent a substantial increase in the number of occupants, in excess of normal occupancy for that class of accommodations on the maximum rent date.

(iii) There has been, since the date determining the maximum rent an increase in the number of occupants over the number contemplated by the rental agreement on the date determining the maximum rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

(7) [Revoked.]

(8) *Not rented during twelve weeks of year ending August 31, 1943.* The housing accommodations were not rented during at least twelve weeks of the year ending on August 31, 1943, and the maximum rent established under section 4 for such accommodations is substantially lower than the maximum rent generally prevailing in the defense-rental area for comparable housing accommodations.

(9) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations was originally established under section 4 (c) of the Rent Regulation for Housing issued pursuant to Emergency Price Control Act of 1942, as amended, the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the maximum rent date, or, if the accommodations were not rented on that date, prior to the first renting of the accommodations after that date, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, giving due consideration to general increases in costs of construction, if any, in the defense-rental area since the maximum rent date.

This paragraph (a) (9) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

(10) *Not rented for one or two full months during the year ending on August 31, 1943.* The housing accommodations were not rented for one or two full months but less than twelve weeks during the year ending on August 31, 1943 and the maximum rent established under § 825.44 for such accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations. The term "full month" means a period of consecutive days constituting a month.

(11) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(12) *Substantial hardship from increase in operating expenses.* The landlord is suffering a substantial hardship because his present net income for the property is less than his average annual net income for a prior base period due to an unavoidable increase in operating expenses. A petition for adjustment under this section must be filed on Form D–58 or D–58A, whichever is appropriate, provided by the Expediter, in accordance with instructions contained therein.

In proper cases increase in payroll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (12), the term:

(i) "Property" includes one or more structures operated as a single unit or enterprise.

(ii) "Present net income" means the amount determined by subtracting the operating expenses for the current year from the present annual income.

(iii) "Operating expenses" means all property taxes and other operating costs, including depreciation, but excluding interest, necessary to the operation and maintenance of the property properly chargeable and allocated to the current year, or base period, as the case may be.

(iv) "Current year" means: (a) the most recent calendar or fiscal year used by the landlord; or (b) any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition; *Provided, however,* That if an allowance is requested for increase in payroll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(v) "Present annual income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12, together with any other income earned from the operation of the property during the current year. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent. In any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rental during such year shall be considered the legal rent.

(vi) "Net income for the base period" means the amount determined by subtracting operating expenses for the base period from total income for the base period.

(vii) "Base period" means any period of two consecutive years prior to the current year but not beginning before January 1, 1939, which the Expediter finds to be representative of the property's normal operations: *Provided, however,* That where a representative period of two consecutive years is not available, the Expediter in his discretion may, for the purpose of this section, accept a representative period of not less than one year: *And provided further,* That where a previous adjustment was granted under this paragraph (a) (12) the base

period shall be the current year used in obtaining that adjustment, except that the total income shall be appropriately adjusted in accordance with the previous adjustment.

(viii) "Total income for the base period" means total rental and other income earned from the property and the full rental value of any accommodations in the property occupied in whole or in part rent free.

In making adjustments under this paragraph (a) (12), the Expediter shall take into consideration any adjustments in maximum rents ordered after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.
